**KENT MILLER****Head Coach**

Oregon State, 1984

Record at SLU: 163-153 (12th season)

Overall Record: 299-378 (24th season)

Kent Miller became the 10th head coach for Saint Louis volleyball on April 4, 2011. The 2021 season was the 11th in Miller's career with the Billikens.

In his 11 seasons, the Billikens have won 163 matches, including two seasons with over 20 wins. The Anchorage native and Oregon State graduate has coached at least one first-team conference honoree for seven consecutive seasons and an All-Rookie team representative in seven of the past 10 seasons.

SLU finished 18-12 in 2021, matching its highest win total since the 2016 season. The team posted an 11-5 record in A-10 play and was tabbed the No. 3 seed in the A-10 Championship. Maya Taylor and Jillian Mattingly earned a spot on the All-Conference first team and All-Academic team, while Delaney Rice and Kate Aupperle were selected to the All-Conference second team. Aupperle was also tagged the A-10 Rookie of the Year and earned a spot on the league's All-Rookie team.

Mattingly was named an AVCA All-Midwest Region Honorable Mention after leading the A-10 and ranking 24th in the NCAA with a .389 hitting percentage. That number broke Arlene Lampe's 1983 record for a single season by a Billiken.

Taylor wrapped up her Billiken career ranking first in attack attempts (5,024), third in kills (1,844), fourth in matches played (128), fifth in points (2,023.0) and seventh in kills per set (3.80). Following the season, Taylor signed a professional contract with UVC Holding Graz.

Prior to SLU, Miller helped Illinois reach two consecutive Sweet 16s and post a 50-15 record. He was the team's recruiting coordinator and helped Illinois sign two classes ranked in the top 10. Miller played a significant role in the Illini reaching a No. 3 national ranking, and he coached four AVCA All-Americans, one Academic All-American and six All-Big Ten selections.

Before Illinois, Miller recorded 136 wins in 12 years as head coach at Toledo. Inheriting a program that had posted only two winning seasons in 17 years, he rebuilt the Rockets into a contender in the Mid-American Conference. In 2001, Miller led Toledo to a 17-11 record and the school's first winning mark in the MAC at 10-8. The program experienced back-to-back winning seasons for the first time in 21 seasons in 2004 and 2005, and the team reached the MAC tournament semifinals both years. The 2005 squad registered 18 victories, the most wins for the Rockets since 1983.

A native of Anchorage, Alaska, Miller graduated from Oregon State in 1984 with a bachelor of science degree in engineering physics. He played on OSU's club team, competed for the USAV Columbia Empire Team in 1984 and 1985, and participated on the USA Volleyball Open Nationals squad in 1986.

Figure 1 consists of nine scatter plots arranged in a 3x3 grid. Each plot shows the relationship between the number of children in the household (x-axis) and the number of children in the neighborhood (y-axis). The plots are labeled with their respective correlation coefficients (r) in the bottom right corner. The regression lines are shown in each plot, indicating a positive correlation in all cases.

Plot	Correlation Coefficient (r)
