# McCORKLE AQUATIC PAVILION

Considered one of the finest competition pools and diving wells in the nation, the 1,750-seat Bill and Mae McCorkle Aquatic Pavilion's new technology provides a venue for some of the fastest times and best diving in the country.

The facility, in the heart of campus and adjacent to three other world-class facilities – Ohio Stadium, Thompson Library and the Recreation and Physical Activity Center – has earned a reputation for fast water in its five years. In fact, that's what the Columbus Dispatch wrote about the facility in an in-depth article titled "Built for Speed."

The article stated that "it's not one thing that makes this pool fast, but a collection of things – the depth, number and width of lanes, deep gutters, and water inlets at the bottom of the pool – that reduce waves."

And the July 2007 issue of Aquatics International magazine stated this about McCorkle:

**"... a state-of-the-art competition pool loaded with the latest technology sets a university apart from the competition."**

Completed in the summer of 2005 and dedicated October 14, 2005, the McCorkle Aquatic Pavilion is the newest addition to Ohio State's top-notch athletics facilities. The Pavilion consists of the Mike Peppe Natatorium and the Ron O'Brien Diving Well. Holding nearly 1.56 million gallons of water in the entire facility, the Pavilion is part of Ohio State's new Recreation and Physical Activity Center (RPAC).

The McCorkle Aquatic Pavilion has already hosted numerous championship competitions. Here is a look at the championship slate to date:

# SWIMMING COACH BILL DORENKOTT

The future isn't now. But it is coming fast. And at some point when it's here, the Ohio State women's swimming team will be ready to embrace it. They will welcome it, they will enjoy it and they will shine in it because they will be prepared for their moment.

That's because the team, under third-year coach Bill Dorenkott, is in the building stages of the program he envisions. And that vision is of competitive athletes vying for Big Ten Conference titles, racing for NCAA crowns, and with intentions on much bigger prizes, such as the Olympic Games and World Championships.

"We're heading in the right direction," Dorenkott, who has won three Big Ten championships in his 13 seasons as a head coach in the Big Ten Conference, said. "It's about pursuing excellence on a daily basis."

"We have to understand where we are in the evolution of this program, though. We have to be patient and can't skip steps. I do believe wholeheartedly that our program is laying the foundation for future success. It is already starting to manifest itself on a daily basis."

That foundation is taking shape nicely. In Dorenkott's first season as Ohio State's head coach he took a team that hadn't had a Top 5 finish at the Big Ten championships in over a decade and coaxed an eighth-place finish that, although not satisfactory in the least bit for the coach, still represented an important step in the evolution of the program.

"The early steps in any journey are the least glamorous, but oftentimes the most memorable," the 1991 Cleveland State University graduate said. "The measure of

## THIRD YEAR - CLEVELAND STATE, 1991

the season will be the pride, passion and resolve that was re-established inside the McCorkle Aquatic Pavilion."

Last year the program took a giant leap in its development. The team held off two others to finish in fifth-place at the Big Ten championships. The Top 5 effort represents the highest finish for the team in 13 years, or since the 1997 team finished fifth. The 399 points was the most scored by Ohio State in 16 years.

"This was a terrific day," Dorenkott said at the time. "The team raced with a ton of heart today. It was awesome. I am most excited because we became a better team this weekend. The passion and the pride in representing Ohio State and wearing the Scarlet and Gray couldn't have been more evident. This is just another step for us building this program up to where we want it to be."

## HIS PRIORITIES ARE IN ORDER

Dorenkott recruits student-athletes who have vision and goals beyond just being a swimmer. In fact, he recruits on the philosophy that swimming is going to be the fourth-most important priority for his student athletes. He believes if his athletes take care of the first three priorities, the swimming part will take care of itself. Those priorities for his swimmers are:

1. "Be a great person."
2. "Remember who you are and where you came from, and understand that family is important."
3. "You are at Ohio State to get an education, and your degree can open doors for you a long time after you leave Ohio State."

Sage advice, from a family man who knows about family. At the end of each day he goes home to his wife Adrienne, who like Bill, swam at Cleveland State. The couple has four children – Jack, Matt, Ann and Will – with Jack, 12, the oldest.

### A CHAMPIONSHIP COACH

Although Dorenkott admits that winning championships aren't the ultimate goal – it's excellence, he says – he is a proven winner and a championship coach with three Big Ten championships – 2002, 2005 and 2006 – on his resume in 10 years as Penn State's women's coach. The Nittany Lions never finished lower than fourth at the women's Big Ten championships in 10 years under Dorenkott when, prior to his arrival, they had never finished higher than fourth. His women's teams also finished in the Top 20 at the NCAA championships in three of his last five years.

"While I've been a part of programs that have won championships, I've also been a part of programs that have had better meets even when they didn't win championships," Dorenkott explained. "And we've won championships when we didn't have a great meet. So the goal is excellence and the goal is for our student-athletes to be process-driven and process-oriented so they understand that success, whether it is team or individual success, is a by-product of the process."

### THE PROCESS LEADS TO SUCCESS

Dorenkott has coached 27 different student-athletes to 32 Big Ten individual championships, including 18 women to 29 Big Ten titles. His final season of three coaching the Penn State men, he guided Pat Schirk to an NCAA championship in the men's 200 backstroke and to additional

All-America honors in the 100 backstroke. A total of 57 of his swimmers qualified for the U.S. Olympic Trials over the years. His student-athletes set 10 Big Ten records and four Big Ten championship records.

### GOOD GRADES, TOO

Just as in the pool, Dorenkott's athletes also experience success in the classroom. Two of his Penn State swimmers earned the prestigious NCAA postgraduate scholarship. # DIVING COACH VINCE PANZANO

## 33RD SEASON

before honor of having three different divers sweep the three diving events: Kellen Harkness won the three-meter springboard, Burkley Showe took first on the one-meter board and Wes Wieser won on the 10-meter platform. It was the first time a school has swept the three diving events since 1996 and the first time ever that the sweep was completed by three different athletes from the same school.

The 2007 Big Ten Coach of the Year award was Panzano's sixth on the men's side with the others coming in 1987-92-93-02-04. He has been named women's diving coach of the year three times, in 1993-96-00.

Panzano has twice been awarded the "Mike Peppe Award," as U.S. Diving's outstanding coach. Panzano also has been selected NCAA Diving Coach of the Year four times. In 1996, Panzano was inducted into Ohio State University's Athletics Hall of Fame.

Panzano has a rich coaching experience in diving on the international level. He has served as the Olympic coach on three separate occasions. He has served as coach for the Pan American Team, a World Championship and in World Cup competitions. He also has been actively involved in coaching Junior Olympic divers.

Aside from coaching, Panzano served as meet director for the 1976 Olympic Trials. He hosted the first-ever United States vs. China dual diving meet in 1980 at Ohio State and in 1981 he hosted the indoor U.S. Diving Championships, also held at Ohio State. He has served on the United

Mike Peppe. Ron O'Brien. Vince Panzano. The strong and respected Ohio State University diving program has had only three coaches in its remarkable history and it only seems right that all three are Ohio State graduates. Peppe started the program and coached 44 NCAA champions, including O'Brien, and 25 Olympians. O'Brien coached eight NCAA champions and eight Olympians before turning the program over to Panzano, who was one of O'Brien's divers between 1970-72. Panzano, who has coached 12 NCAA champions and eight Olympians, has been coach at Ohio State since 1977 and now, 33 years later, he is the dean of all Ohio State head coaches.

One of the most highly respected diving coaches, the three-time Olympic coach Panzano most recently guided Katie Bell to a U.S. Diving national championship on the 10-meter platform in August 2009 and in 2008 coached Chelsea Davis and Sean Moore to national championships on the 3-meter and 10-meter platform events, respectively, at the NCAA championship meets.

Panzano is a 1973 graduate of Ohio State. He began his coaching career at the University of Tennessee in 1973 and returned to his alma mater to succeed O'Brien in 1978.

In his 38 years as a Division I coach, Panzano has produced one world champion, one junior world champion, two Olympic medalists, 23 U.S. diving champions, 12 NCAA champions, 16 NCAA runners-up, 54 Big Ten champions and 86 All-Americans. Panzano also has coached Ohio State and McDonald's Diving to six national team titles. He has had divers on five of the last six Olympic Teams.

Panzano has been named Big Ten Diving Coach of the Year nine times throughout his career, including the 2007 season when his men's divers established a never-

### Coch Award of Excellence to Panzano

Panzano was honored with the Coach Award of Excellence from USA Diving in 2009 (along with co-recipient Jeff Huber, from Indiana) after his divers' performances at the AT&T National Diving Championships in August in Tallahassee, Fla.

Senior Katie Bell captured a national championship on platform - the 23rd USA Diving national champion for Panzano - and five other divers turned in top eight performances: Sean Moore captured a bronze medal after placing third on the 10-meter platform with Wes Wieser sixth; Ryan Jefferson was seventh on the three-meter; Bianca Alvarez was fifth on three-meter with Kristen Asman seventh.

Panzano is a four-time NCAA Diving Coach of the Year and he has twice been awarded USA Diving's "Mike Peppe Award" - named after the legendary Ohio State coach - as the national Coach of the Year. # ASSISTANT SWIMMING COACH STEFANIE WILLIAMS THIRD YEAR GEORGIA, '03

Four-time NCAA national champion and 24-time All-American swimmer Stefanie Williams is in her second year as an assistant coach with the Ohio State women's swimming team. She was head coach Bill Dorenkott's choice as his No. 1 assistant after he was named to his Ohio State position in June 2008.

Williams, who helped lead Georgia to three consecutive NCAA championships, is called "one of the greatest competitors ever at Georgia" by 2008 U.S. Olympic swim team coach Jack Bauerle, her college coach.

Williams still competes, too. Only not in the pool, but on the pool deck during practices. And at meets. And exhibitions. And for student-athletes on the recruiting trail.

"Our goal is to develop a championship culture of excellence within Ohio State swimming," said Dorenkott, "and bringing Stefanie Williams on board has had an immediate and significant impact on our program.

"Stefanie represents the best in NCAA athletics, having excelled as both a student-athlete and as a coach. She is a terrific ambassador for The Ohio State University and our sport."

Her coaching skills and team presence, along with that of Dorenkott, has already been impactful. Last year, in just their second season, the pair coached Ohio State to its highest finish - a Top 5 finish - at the Big Ten championships in 13 years.

Williams, a 2003 Georgia graduate with a degree in sports communications, came to Ohio State after serving three seasons as the assistant men's and women's swimming coach at the University of Missouri. She assisted head coach Brian Hoffer in all aspects of the program, from training the men and women sprinters and implementing dry-land training and season training plans to administering to travel and the budget, and assisting in all aspects of recruiting.

She also served as an assistant coach with the Mizzou Swim Team, a USA Swimming club team, for three years. Williams' first coaching position was at Bloomsburg University, where she was an assistant coach during the 2004 season.

A native of Bloomsburg, Pa., Williams was a dominant freestyle performer at Georgia. She held the Georgia school record in the 200-yard freestyle and she was a two-time Southeastern Conference champion in the event. She was NCAA runner-up in both the 100 and 200 freestyle events at the 2002 NCAA championships. In 2002 she became the first female at Georgia to be honored with the school's Sportsmanship of the Year Award.

In addition to earning 24 All-America honors, Williams swam on four national championship relay squads and was a team captain as a senior. Georgia not only won three NCAA titles (1999, 2000 and 2001), but it also won three SEC crowns and was both NCAA and SEC runner-up the years it didn't win the respective conference and national titles.

Williams, who was named to the SEC Academic Honor Roll two times, competed at both the 2000 and 2004 U.S. Olympic swimming trials. She has won three silver medals in international competition: at the 1999 Pan American Games, the 2001 World Championships and 2003 World University Games.

# DEPARTMENT OF ATHLETICS

The varsity program is respected as one of the most comprehensive in all of college athletics and is 36 sports strong – 16 for men, 17 for women and three coed. The department operates on a budget in excess of \$100 million. Each year, Ohio State teams claim numerous Big Ten championships, compete in NCAA tournaments and vie for national titles while producing countless individual conference and national champions, All-America performers and scholar-athletes.

Ohio State's Department of Athletics is under the direction of Eugene Smith. Just the eighth athletics director in Ohio State history, Smith has developed a vision that will keep the Buckeyes among the nation's elite in the 21st century.

Ohio State is recognized across the country as a leader in collegiate athletics. More than 1,000 student-athletes participated in 2009-10.

With rich tradition as a foundation and with state-of-the-art facilities, such as Bill Davis Stadium, Value City Arena at the Jerome Schottenstein Center, Jesse Owens Memorial Stadium, the Younkin Success Center and Ohio Stadium, the Buckeyes' outlook for the future appears even brighter than their glorious past.

### WHAT IS A BUCKEYE?

A small, shiny, dark brown nut with a light tan patch that comes from the official state tree of Ohio, the buckeye tree. According to folklore, the Buckeye resembles the eye of a deer and carrying one brings good luck. "Buckeyes" has been the official Ohio State nickname since 1950, but it had been in common use for many years before.

The first recorded use of the term Buckeye to refer to a resident of the area was in 1788, some 15 years before Ohio became a state. Col. Ebenezer Sproat, a 6-foot-4-inch man of large girth and swashbuckling mannerisms, led the legal delegation at the first court session of the Northwest Territory in Marietta. The Indians in attendance greeted him with shouts of "Hetuck, Hetuck" (the Indian word for buckeye), it is said because they were impressed by his stature and manner. He proudly carried the Buckeye nickname for the rest of his life and it gradually spread to his companions and other local settlers. By the 1830s, writers were commonly referring to locals as "Buckeyes."

# OHIO STATE TRADITIONS

## BUCKEYE LEAVES

A round white decal, about the size of a quarter, with a green depiction of a buckeye leaf is applied to Ohio State football helmets for big plays and consistency on the field. This tradition started in 1968 when football coach Woody Hayes and longtime trainer Ernie Biggs changed the look of the Ohio State uniforms. Many of the sports at Ohio State incorporate Buckeye Leaves into their equipment and uniforms.

## SCHOOL SONGS

Ohio State proudly boasts an alma mater (Carmen Ohio), two fight songs (Across the Field and Buckeye Battle Cry) and a state rock song (Hang on Sloopy).

## BUCKEYE BATTLE CRY

In old Ohio there's a team that's known thru-out the land; Eleven warriors, brave and bold, whose fame will ever stand. And when the ball goes over, our cheers will reach the sky, Ohio field will hear again The Buckeye Battle Cry –

Drive! Drive on down the field, Men of the scarlet and gray; Don't let them thru that line, We have to win this game today, Come on, Ohio! Smash through to victory. We cheer you as you go: Our honor defend We will fight to the end for O-hi-o.

## ACROSS THE FIELD

Fight the team across the field, show them Ohio's here Set the earth reverberating with a mighty cheer Rah! Rah! Rah! Hit them hard and see how they fall; Never let that team get the ball, Hail! Hail! the gang's all here, So let's win that old conference now.

## SCRIPT OHIO

The signature formation of the Ohio State University Marching Band performed before, during halftime or after home football games is Script Ohio.

Each time the formation drill is performed, a different fourth- or fifth-year sousaphone player has the privilege of standing as the dot in the "i" of "Ohio."

At exactly 16 measures from the end of "Le Regiment," the drum major struts out toward the top of the "i," with a senior sousaphone player high-stepping a couple of paces behind. As the crowd's cheering crescendos, the drum major stops and dramatically points to the spot where the sousaphone player then assumes the post of honor, doffs his or her hat and bows deeply to both sides of the stadium.

Woody Hayes, Bob Hope and Jack Nicklaus are among the select few non-band members who have had the honor of dotting the "i."

First performed at the OSU-Pittsburgh football game Oct. 10, 1936, Script Ohio was named one of Athlon Sports' 10 Greatest Football Traditions in 1999.

## BRUTUS BUCKEYE

One of the more visible symbols of Ohio State athletics is Brutus Buckeye, the school's mascot. In 1965, an art student designed and introduced the first Brutus, while the name was chosen in a contest. The mascot began as a hardened paper mache affair that looked like a bowling ball with legs. In 1975, a radical new Brutus was designed with a prune-like head and a man's body. That attempt was booed off the field and was re-worked, giving way to a mascot comparable to the beloved present-day Brutus.

The original choices for Ohio State's mascot included a ram, an elk, a moose and the leading candidate, a male deer. Due to the skittish nature of deer, the idea of a mascot was tabled until January 1941 when "Chris," a German police dog owned by an assistant cheerleader, made an appearance at a basketball game. The dog's career was short-lived and OSU remained without an official mascot until the 1960s.

**SCARLET AND GRAY**

Ohio State's official school colors since 1878, scarlet and gray were chosen by a group of three students in a lecture room in University Hall because "it was a pleasing combination ... and had not been adopted by any other college," noted selection committee member Alice Townshend Wing.

**TBDBITL**

"The Best Damn Band in the Land" is the 225-member, all-brass Ohio State University Marching Band that formed in 1879 as a military band. Also known as "The Pride of the Buckeyes," the band perhaps is best known for the incomparable Script Ohio. Another band tradition of note is the "skull session," a warmup concert/pep rally in St. John Arena, open to the public before every home football game that allows the band to play and "think through" the show one last time. More than 10,000 fans regularly attend each skull session.

**CHEERLEADERS**

Buckeye cheerleaders are a constant source of support at all athletics events. The squad took second at the 2001 College Cheerleading National Championship, its highest finish since winning the 1993 title, and has placed first in the northeast region in 19 of the last 21 years. The squad was 15th at the 2008 national championships. The cheerleaders make appearances all over the state of Ohio throughout the year.

**CARMEN OHIO**

Oh! Come let's sing Ohio's praise, And songs to Alma Mater raise;  
 While our hearts rebounding thrill, With joy which death alone can still.  
 Summer's heat or Winter's cold. The seasons pass, the years will roll;  
 Time and change will surely show, How firm thy friendship O-HI-O.

# ASSOCIATE VICE PRESIDENT/DIRECTOR OF ATHLETICS GENE SMITH

Gene Smith is in his sixth year as director of athletics at The Ohio State University. He was named to his current position on March 5, 2005. On March 17, 2008, Gordon Gee, president of The Ohio State University, promoted Smith to university assistant vice president/director of athletics and he has since been named associate vice president/director of athletics.

Smith is the eighth person to hold the athletics director position at Ohio State and the first African-American to do so. He previously served as director of athletics at Arizona State, Iowa State, and Eastern Michigan Universities, and is entering his 26th year in the role.

At Ohio State, the 54-year old Smith oversees one of the nation's largest and most successful college athletic programs. The Buckeyes have 36 fully-funded varsity sports and more than 1,000 student-athletes. The department of athletics is completely self supporting and receives no university funds, tax dollars or student fees. In fiscal year 2009-10, the department transferred nearly \$29 million in assessments to the university, including nearly \$14 million in grant-in-aid reimbursement. Smith was named 2010 Sports Business Journal Athletic Director of the Year for the past year.

Upon arriving at Ohio State, Smith quickly established himself as a respected and thoughtful leader, both within the university and the community. In the spring of 2007, he unveiled a five-year strategic plan, reflecting the department's goals and values. The strategic planning process, inclusive of the entire department, emphasized the development of the total student-athlete.

Under Smith's leadership, The Ohio State Department of Athletics was honored in the spring of 2008 with the Diversity in Athletics Award in the category of Overall Excellence in Diversity. Smith accepted the honor at the 43rd annual National Association of College Directors of Athletics Convention in Dallas.

Shortly after Ohio State was honored as a department for its dedication to diversity, Smith was individually recognized for his contribution to the sport of football.

The National Football Foundation & College Hall of Fame, announced in June of 2008 the recipients of the NFF's 2008 Major Awards. Smith was honored officially Dec. 9, 2008 in New York with the John L Toner Award. Presented annually, the Toner Award is given to a director of athletics who has demonstrated superior administrative abilities and shown outstanding dedication to college athletics and particularly college football.

Smith is on the Governing Board of Trustees of the Lincoln Theatre Association. He was named to the position by the Franklin County (Ohio) Board of Commissioners. The three-year appointment was effective March 10, 2009.

Nationally, Smith is involved with USA Basketball as a member of the Finance & Audit Committee. That appointment was made March 25, 2009. The Finance & Audit Committee is responsible for making recommendations to the Board regarding the organization's financial investments, reviewing independent auditors for USA Basketball and, if necessary, oversight, implementation and compliance with the USA Basketball Code of Ethics.

Smith has an exemplary record of national leadership and service.

In 2007, he served as president of the Division 1-A Athletic Directors Association. He is entering his fourth year on the prestigious NCAA Men's Basketball Committee and will serve as chair of the committee for the 2010-11 academic year. Smith was recently named to the newly created Basketball Academic Enhancement Group, a 27-member panel charged with developing strategies to enhance academic performance and graduation rates in Division I men's basketball.

Smith is past president of the National Association of Collegiate Directors of Athletics (NACDA) and was that organization's first African-American president. He also has served on the NCAA Management Council, the NCAA Committee on Infractions, the NCAA Executive Committee, the NCAA Football Rules Committee, the President's Commission Liaison Committee, the NCAA Baseball Academic Enhancement Task Force, and the National Football Foundation Honors Court, among others.

In recognition of his service, Smith was named by Black Enterprise Magazine as one of the "50 Most Powerful African American in College Sports." In 2007, he was named to NACDA's inaugural "Legends Class," and was also named Athletic Administrator of the Year by the Black Coaches Association (BCA). In 2002-03, he received NACDA's AD of the Year honors for the Division 1-A West Region.

Smith grew up in Cleveland, Ohio, and attended the University of Notre Dame on a football scholarship. He played four years of football as a defensive end for the Irish and was a member of the 1973 Associated Press national championship team. Smith received his bachelor's degree in business administration from Notre Dame in 1977. Following graduation, he joined the Notre Dame coaching staff under Dan Devine and remained in that capacity until 1981. The 1977 Notre Dame team captured the undisputed national championship.

Smith left Notre Dame following the 1981 season to accept a marketing position with IBM. He returned to college athletics in April of 1983 as assistant athletics director at Eastern Michigan University. In 1985, he was appointed as interim director of athletics at Eastern, a position he held until 1986 when he became the director on a full-time basis.

In 1993, Smith was named director of athletics at Iowa State University. He moved to Arizona State as director of athletics in 2000.

As a former college athlete and coach, Smith is passionate about the well being of student-athletes. "We want to create an environment for our student-athletes to be successful academically, athletically and socially," he says. "The student-athlete experience provides teachable moments that prepare young women and men for success in life."

Smith is active in the Columbus community and is a member of the board of the YMCA of Central Ohio. He also is active with the Bell Center for African American males on Ohio State's campus.

Smith and his wife, Sheila, have four children: Matt, Nicole, Lindsey and Summer, and two grandchildren: Marshall and Steele. Sheila, a 1976 Canadian Olympian in basketball, holds a doctorate in higher education administration and is an associate vice president for development at Ohio State.

# BIG LIFE. BIG STAGE. BIG TEN.

## **JAMES E. DELANY** Big Ten Conference Commissioner

Only the Big Ten's fifth commissioner since its founding in 1896, James E. Delany enters his 21st year in that role. He has led the Big Ten through significant periods of change and growth that have helped the conference maintain its preeminent position as one of the nation's leaders in providing quality athletic and academic experiences for young people.

### **STUDENT-ATHLETE OPPORTUNITIES**

- Big Ten universities provide approximately \$100 million in direct financial aid to more than 8,500 men and women student-athletes who compete for 25 championships, 12 for men and 13 for women.
- Conference institutions sponsor broad-based athletic programs with more than 270 teams. Other than the Ivy League, the Big Ten has the most broad-based athletic programs in the United States.

### **TOP ACADEMIC INSTITUTIONS**

- Big Ten universities are members of the nation's only conference whose constituency is entirely composed of institutions that are members of the AAU, a prestigious association of major academic and research institutions in the United States and Canada.

### **MORE TELEVISION EXPOSURE**

- The Big Ten's media agreements with CBS Sports, ABC/ESPN, the Big Ten Network and CBS College Sports Network provide the conference with its greatest television exposure ever.
- In 2006, the Big Ten created the first national conference-owned television network devoted to the athletic and academic programs of a single conference. The Big Ten Network launched on Aug. 30, 2007, and became the first new network in cable or satellite television history to reach 30 million homes in its first 30 days. The Big Ten Network is now available to more than 70 million homes nationally through agreements with more than 250 cable/satellite affiliates and appears in 23 of the top 25 national media markets.
- Since the current media agreements began in 2007-08, every home football and men's basketball game has been produced while women's basketball has received more coverage than any other conference.
- The Big Ten's new media agreements have resulted in the broadcast of more than 500 events nationally and regionally on an annual basis, compared to 300 events in the final year of the previous agreements.

### **NATION'S BEST FANS**

- Big Ten fans are some of the nation's most supportive, with more than 8.7 million patrons attending conference home contests during the 2008-09 seasons for football, men's and women's basketball and volleyball alone.
- Over the last 31 seasons, the conference has ranked either No. 1 or No. 2 nationally in football, men's basketball and wrestling attendance. For the past 17 seasons, women's basketball has been ranked either No. 1 or No. 2 nationally in attendance.
- Big Ten institutions have more than 4.2 million living alumni and over 300,000 undergraduate students attending their universities.

The Big Ten Conference is a union of 11 world-class academic institutions who share a common mission of research, graduate, professional and undergraduate teaching and public service. The conference's 100-plus years of history, strong tradition of competitive intercollegiate athletic programs, vast and passionate alumni base, and consistent leadership in innovations position the Big Ten and its entire community firmly on the Big Stage.

The Big Ten has sustained a comprehensive set of shared practices and policies that enforce the priority of academics and emphasize the values of integrity, fairness and competitiveness in all aspects of its student-athletes' lives, with the ultimate goal of ensuring that each individual has the opportunity to live a Big Life.

### **SUCCESSFUL PROGRAMS**

- During the 2008-09 season, the Big Ten claimed five team national championships, including titles for Iowa wrestling, Penn State fencing and women's volleyball, Northwestern lacrosse and Wisconsin women's ice hockey. In addition, Big Ten teams finished as the national runners-up in men's basketball and men's gymnastics.
- Big Ten teams have claimed at least three national titles in nine of the last 10 seasons (1999-2000 through 2008-09). Over the last decade, the Big Ten has produced team national crowns in the sports of basketball, cross country, fencing, field hockey, football, golf, gymnastics, ice hockey, lacrosse, soccer, softball, synchronized swimming, tennis, track and field, volleyball and wrestling.

### **LEADERSHIP IN GENDER EQUITY**

- Since 1992, the Big Ten has shown a strong commitment to increasing opportunities for women in sports and exposure of women's athletics by establishing a multi-phased gender equity program. In that time, the Big Ten has created in excess of 2,000 new opportunities for women student-athletes and established 28 new women's teams, while expanding the number of women's championships to 13 by adding field hockey, soccer and rowing.
- As part of the gender equity action plan, the Big Ten was the first conference to voluntarily adopt male/female participation goals for student-athletes in 1992. The Big Ten initiated a five-year plan for conference members to commit to a 60 percent/40 percent male-to-female student-athlete participation ratio. This was achieved as a conference by 1997 and 2000 was the first year that all institutions individually met this goal. As part of its commitment to gender equity, the Council of Presidents/Chancellors annually monitors this policy. During the 2007-08 year, all institutions were in compliance and the conference averaged a 52/48 male-to-female participation ratio.

### **BUILDING THE FUTURE**

- In 1989, the Big Ten created a community outreach program—SCORE (Success Comes Out of Reading Everyday), which partners the conference with two Chicago elementary schools to improve reading performances. What began with one school, two grade levels and five classrooms has grown in its 20th year to include grades kindergarten through eighth, encompassing all classes and students at Melody School and Louis Armstrong School.
- Following the national tragedy on Sept. 11, 2001, the Big Ten, through its intercollegiate athletic department revenues, pledged a \$1 million scholarship contribution to assist the families of those affected by the terrorist attacks. The conference's donation is called the "Big Ten 9-11 Scholarship Fund", and the \$1 million contribution will be drawn from conference reserves which are generated as a result of football and men's basketball participation in NCAA, bowl and regular-season television opportunities.
- The Big Ten has established numerous community programs surrounding the Big Ten Men's and Women's Basketball Tournaments, including the Wayne Duke Postgraduate Award Scholarship, the Big Ten Career Fair, the Hoops Day 5K and a partnership with the Pink Ribbon Connection, a local breast cancer organization.

Big Ten Network President Mark Silverman (from left), Fox National Cable Sports Networks President Bob Thompson, Chicago Mayor Richard M. Daley, Big Ten Commissioner James E. Delany and Illinois Department of Commerce and Economic Opportunity Director Jack Lavin announce official Big Ten Network headquarters location at the historic Montgomery Ward building in Chicago.

# NCAA COMPLIANCE REGULATIONS

The Ohio State University Athletics Compliance Office is committed to a comprehensive compliance program that educates everyone about the importance of adhering to NCAA, Big Ten, and institutional rules. We strive to create a “compliance conscience” within the university and throughout the community.

The commitment to compliance ensures institutional control over the department of athletics and furthers the mission of The Ohio State University. The existence of a successful compliance program depends on the willingness of coaches, administrators, staff, student-athletes and boosters to be cognizant of NCAA, Big Ten and institutional rules.

## WHAT IS COMPLIANCE?

At Ohio State, the athletics compliance office works within the department of athletics and the university to ensure Ohio State’s compliance with all applicable rules. In doing so, the compliance office is charged with the following tasks:

- Educating administrators, coaches, staff, prospects, student-athletes and boosters about NCAA, Big Ten and institutional rules;
- Developing monitoring systems to ensure compliance with these rules. These systems are designed to monitor rules pertaining to recruiting, academic eligibility, financial aid, awards, extra benefits, ethical conduct, amateurism, agents, employment, occasional meals and the playing and practice seasons for each sport; and
- Investigating and reporting violations of NCAA, Big Ten and institutional rules to the appropriate governing authority.

## ARE YOU A BOOSTER?

You are a booster if you are or ever have:

- Been a member of a booster organization that supports Ohio State athletics;
- Made any financial contributions to any area of Ohio State;
- Made any annual or lifetime membership commitment to a booster organization;
- Been involved with the recruitment of a prospect;
- Provided benefits to an enrolled student-athlete or their relatives or friends;
- Been involved in promoting Ohio State’s athletic program;
- Provided or helped to arrange employment for student-athletes;
- Participated in a group loosely associated with the athletics department (e.g., “Friends Of” group);
- Been a season ticket holder.

**ONCE A BOOSTER ...  
 ALWAYS A BOOSTER.**

According to the NCAA, once an individual has been identified as a booster, he or she retains this identity forever.

If you do not meet the definition of a booster, you can still be classified as a booster if you provide benefits to prospects, student-athletes, their relatives or friends and any of the following statements are true.

- The relationship between the athlete (or parents of the athlete) and the individual providing the benefits developed as a result of the athlete's participation in athletics or their reputation as an athlete;
- The relationship began only after the athlete became a prospect;
- The relationship began only after the athlete had achieved notoriety because of his or her athletic ability or reputation; or
- The pattern of giving increased after the athlete attained notoriety as a skilled athlete.

**WHAT IS AN EXTRA BENEFIT?**

A recruiting inducement or extra benefit is any special arrangement by an Ohio State University employee or booster to provide a prospect, a student-athlete or their relatives or friends a benefit not expressly authorized by the NCAA. Examples of impermissible extra benefits include but are not limited to:

- cash or any type of gifts;
- loans or cosigning of loans;
- vehicle or the use of a vehicle;
- payment for or arrangement of transportation costs;
- free or reduced cost goods or services;
- free or reduced cost housing;
- concert or sporting event tickets; or
- any item not expressly permitted under NCAA rules

**WHAT ARE THE CONSEQUENCES?**

Ohio State is responsible for the actions of its boosters. If a booster provides an impermissible benefit to a prospect, a student-athlete, or their relatives or friends, Ohio State may be subject to penalties, even if the student-athlete has completed his or her eligibility. The prospect or student-athlete who accepts an impermissible benefit jeopardizes his or her eligibility for intercollegiate competition. A booster who provides an impermissible benefit may be disassociated from the university's athletics program. Disassociation results in a loss of all benefits or privileges offered by the department of athletics and may involve other penalties as appropriate.

**GOT QUESTIONS?  
 ASK COMPLIANCE.**

The provided information is a brief overview of compliance and rules pertaining to boosters and their interactions with prospective and current student-athletes. It is not an exhaustive discussion. If you have any questions about any NCAA, Big Ten or institutional rules, please contact the Athletic Compliance Office at (614) 292-2681 or via email at [compliance@buckeyes.ath.ohio-state.edu](mailto:compliance@buckeyes.ath.ohio-state.edu).

# MIKE PEPPE

## Swimming and Diving Coach – 1931-63

Mike Peppe was the first swimming and diving coach at Ohio State and served in that capacity from 1931 until he retired from the position in 1963. During his 33 years as coach of the Scarlet and Gray, Peppe and Ohio State won 33 major championships: 12 Big Ten, 11 NCAA and 10 NAAU titles. In dual meets, Peppe won 173 and lost 37. Twelve different seasons, his teams were undefeated.

During his years at Ohio State, Peppe-coached swimmers and divers won 312 individual and relay championships, five Olympic gold medals and had 24 Olympic team berths. Twice (in 1947 and 1956) Peppe's Ohio State divers swept the boards 1, 2, 3, 4 in the NCAA diving finals.

The Buckeye coach also contributed to the United States National Teams as the diving coach of the 1948 Olympic Games in London and the 1952 Olympic Games in Helsinki. Peppe also was the head coach of the US team at the first official Pan American Games in 1951 at Buenos Aires.

No swimming and diving coach had a better record in the 1950's than Peppe. In the four Olympic Games following World War II until Peppe retired, Ohio State contributed 19 of the 92 members to the U.S. Olympic team. Five of the 25 members that made up the 1952 team were Buckeyes.

Peppe graduated from Ohio State in 1927 and earned a Master's Degree from Columbia in 1928. He became known around the world as the coach of more Olympic divers than any other man. During one period, 20 divers who studied under Peppe, won 96 of 125 available national titles.

# RON O'BRIEN

## Diving Coach – 1963-78

At Ohio State, Ron O'Brien did it all. As a six-time letterman in gymnastics and diving he achieved NCAA (1-meter in 1959) and AAU (3-meter in 1961) national championships under Coach Mike Peppe. He was also part of a top professional water show act and accomplished all of

this while earning his bachelor's degree in 1959, his master's degree in 1961 and his Ph.D. in 1967.

O'Brien went on to become a top college, club, national and international diving coach, winning a total of 87 national team championships at Minnesota (1962-63), Ohio State (1963-78), Mission Viejo, California (1978-85), Mission Bay, Florida (1985-1990), and Fort Lauderdale (1991-96).

In his 34 years of coaching, his divers finished in first place 196 times, in second place 113 times and third place 106 times in Olympic, world, national, NCAA and Big Ten Conference competitions. O'Brien was a six-time coach at the World Championships, a four-time coach at the Pan American Games and a seven-time World Cup coach. O'Brien was an eight-time U.S. Olympic Diving Coach (seven times head coach) from 1968-1996. His divers captured five gold, three silver and four bronze medals in Olympic competition. In the 1982 World Championships his divers swept all four gold medals and in 1986 his divers won all twelve individual U.S. national titles. He has coached everyone from beginners to the famed Greg Louganis.

O'Brien has won numerous coaching awards, including the Mike Peppe Award (which honors U.S.A. Diving's most Outstanding Senior Diving Coach each year) 14 times during his career. He has been inducted into the Ohio State Athletics, The International Swimming and Pennsylvania Sports Halls of Fame. He retired from active coaching in 1996 after having coached more champions than any coach in history.

SILVER MEDALIST KELLY MCKORMICK

NCAA CHAMP MIKE FINNENAN

# 2009-10 SEASON IN REVIEW

Ohio State started the final day of the 2010 Big Ten Swimming and Diving championships in fifth-place and with coach Bill Dorenkott knowing it would be extremely difficult to hold off Wisconsin and Penn State on the final day for the school's first Top 5 finish in 13 years.

Well, the Buckeyes did it! Sparked by an avalanche of strong swims, every swimmer embracing her role and building upon every swim, Ohio State increased its slim margins over both schools heading into Saturday to finish in fifth place with 399.5 points. Wisconsin was sixth with 384.5 points and Penn State was seventh with 333 points.

The Top 5 championships effort by Ohio State represents the highest finish for the team in 13 years, or since the 1997 team finished fifth. The 399 points was the most scored by Ohio State in 16 years. The 1994 team scored 440 points and finished third.

"This was a terrific day," Ohio State coach Bill Dorenkott said. "The team raced with a ton of heart today. It was awesome. I am most excited because we became a better team this weekend. The passion and the pride in representing Ohio State and wearing the Scarlet and Gray couldn't have been more evident. This is just another step for us building this program up to where we want it to be."

The team sent five student-athletes - swimmers Megan Alexander, Sam Cheverton and Shannon Draves, and divers Chelsea Davis and Bianca Alvarez - to the NCAA championships. The Buckeyes were 22nd at NAAs with Davis taking seventh on the 1-meter springboard to earn All-America honors and Alvarez picking up honorable mention accolades on both the 1- and 3-meter boards with ninth-place finishes on each, respectively.

NCAA Results for the swimmers: Alexander - 27th in 100 breaststroke; 28th in 200 breaststroke; Cheverton - 17th in 500 free in school record 4:42.64; 18th in 200 free and 25th in 200 backstroke; Draves - 26th in 100 butterfly in school record 53.54; 23rd in 200 fly.
