MEDIA POLICIES

All media requests for interviews with St. John's soccer players and coaches should be directed to the Athletic Communications office 24 hours in advance.

The best time for in-season interviews, either in person or on the phone, is prior to or following practice. Interviews conducted prior to or following practice should be held to a brief Q&A session. With advanced notice, interviews with players can be arranged for other hours.

Calling players at home or on mobile phones without permission from the St. John's Athletic Communications office will not be allowed. Residence halls, training rooms and weight rooms are off limits to the media.

The St. John's locker room is closed to the media following the game. The team is allowed the customary 10-minute cooling off period and time with the coaching staff to meet with the team after each game. The St. John's Athletic Communications staff will secure coach and student-athletes for postgame interviews that will be held on the field.

The only pregame interviews allowed on game days will be for St. John's radio, and local or national television productions. No game day interviews will be granted unless specifically requested for televised games.

Credential Requests

Credential requests must be made by sports editors or sports directors on official letterhead no later than five days prior to an event. They should be sent to the Athletic Communications Office, Room 157 Caronesseca Arena, St. John's University, 8000 Utopia Parkway, Queens, NY 11439. They also may be faxed to 718-969-8468 or emailed to stjcommunications@stjohns.edu.

Credentials are not transferable and are subject to immediate revocation if transferred to non-working members of a media outlet.

St. John's University and the NCAA prohibit the issuance of credentials to representatives of an organization that regularly publishes gambling information, such as "tout sheets" or "tip sheets."

Web sites that sponsor "message boards" or "chat rooms" where people are allowed to post anonymous information or rumors are ineligible for credentials or access to media functions. If a news-gathering medium has an online site that sponsors these anonymous forums, they may continue to request credentials under their traditional medium, but will not be granted additional passes or access for online staff.
