#### **ASHLEY JOHNSTON SAYS**

"I'm really proud of our team and the work they're putting in. We intentionally scheduled a really competitive matchup [last weekend] to be prepared to compete at the highest of levels and against the toughest of opponents. Friday night is no different - Missouri is a really strong team. They've been on the rise for a few years now and have really made their mark as national contenders. It's going to be a big night and we cannot wait to be back in front of our fans."

# LUISA BLANCO ON HER FINAL CRIMSON TIDE HOME OPENER

"This program is absolutely everything to me and more. Never did I think that I would come in here with a group of strangers from around the country and walk away with a sisterhood. This program is just so special. It's my last 'first' home meet and it's a top-five matchup! This is a prime example of how competitive the SEC really is, so it should be a really good matchup between us and Missouri."

# FRESHMAN CHLOE LACOURSIERE ON HER 9.9 COLLEGIATE DEBUT ON UNEVEN BARS

"That was a moment that I will never forget. Starting off as leadoff, I knew how important of a role that is and how it sets the energy for the rest of the lineup. When I stuck that dismount, it was just a moment of 'yes, I did this'. I didn't even care about my score in the moment because I knew I had just helped set the rest of my team up for an opportunity for a great rest of the lineup."
