SMITH FIELD FACTS AND HISTORY

Originally built in 2002 with a grass surface, Smith Field is the home to Marian soccer, field hockey, lacrosse, and flag football. The first major renovation of Smith Field came in 2019 when the grass surface was replaced with synthetic turf to better handle the additions of men's and women's lacrosse. Smith Field features a customizable scoreboard, full-service concession stand, men's and women's restrooms, team rooms, and lights to allow for night games. The second floor of Smith Field features a state-of-the-art press box and meeting room. Marian University shares both facilities at the Smith Field complex with St. Mary's Springs Academy, a local high school. Smith Field is one of the more colorful facilities at Marian thanks to so many different sports participating on its turf. The white lines are for field hockey, yellow for soccer, blue for men's lacrosse, and red for women's lacrosse.

In the event of inclement weather, please return to your vehicle or you may seek shelter at Lenz Field House across the street.
