At the Sunshine State Conference, we celebrate the ability to come together as student-athletes, coaches, administrators, and fans to participate in college athletics. Although we may represent different institutions, we come together and unite by the power of sports. Having our athletics community come from all over the world allows us to recognize their backgrounds and differences, making college athletics the true essence of diversity, inclusion, and belonging. We stand together as ONE TEAM and are committed to seeing each other as equals, supporting and treating each other with dignity and respect. We are stronger by empowering, listening, and uniting as ONE to be the change we want to see in the world. We are the SSC. We are the Conference of National Champions.
