

SOUTHERN MISS

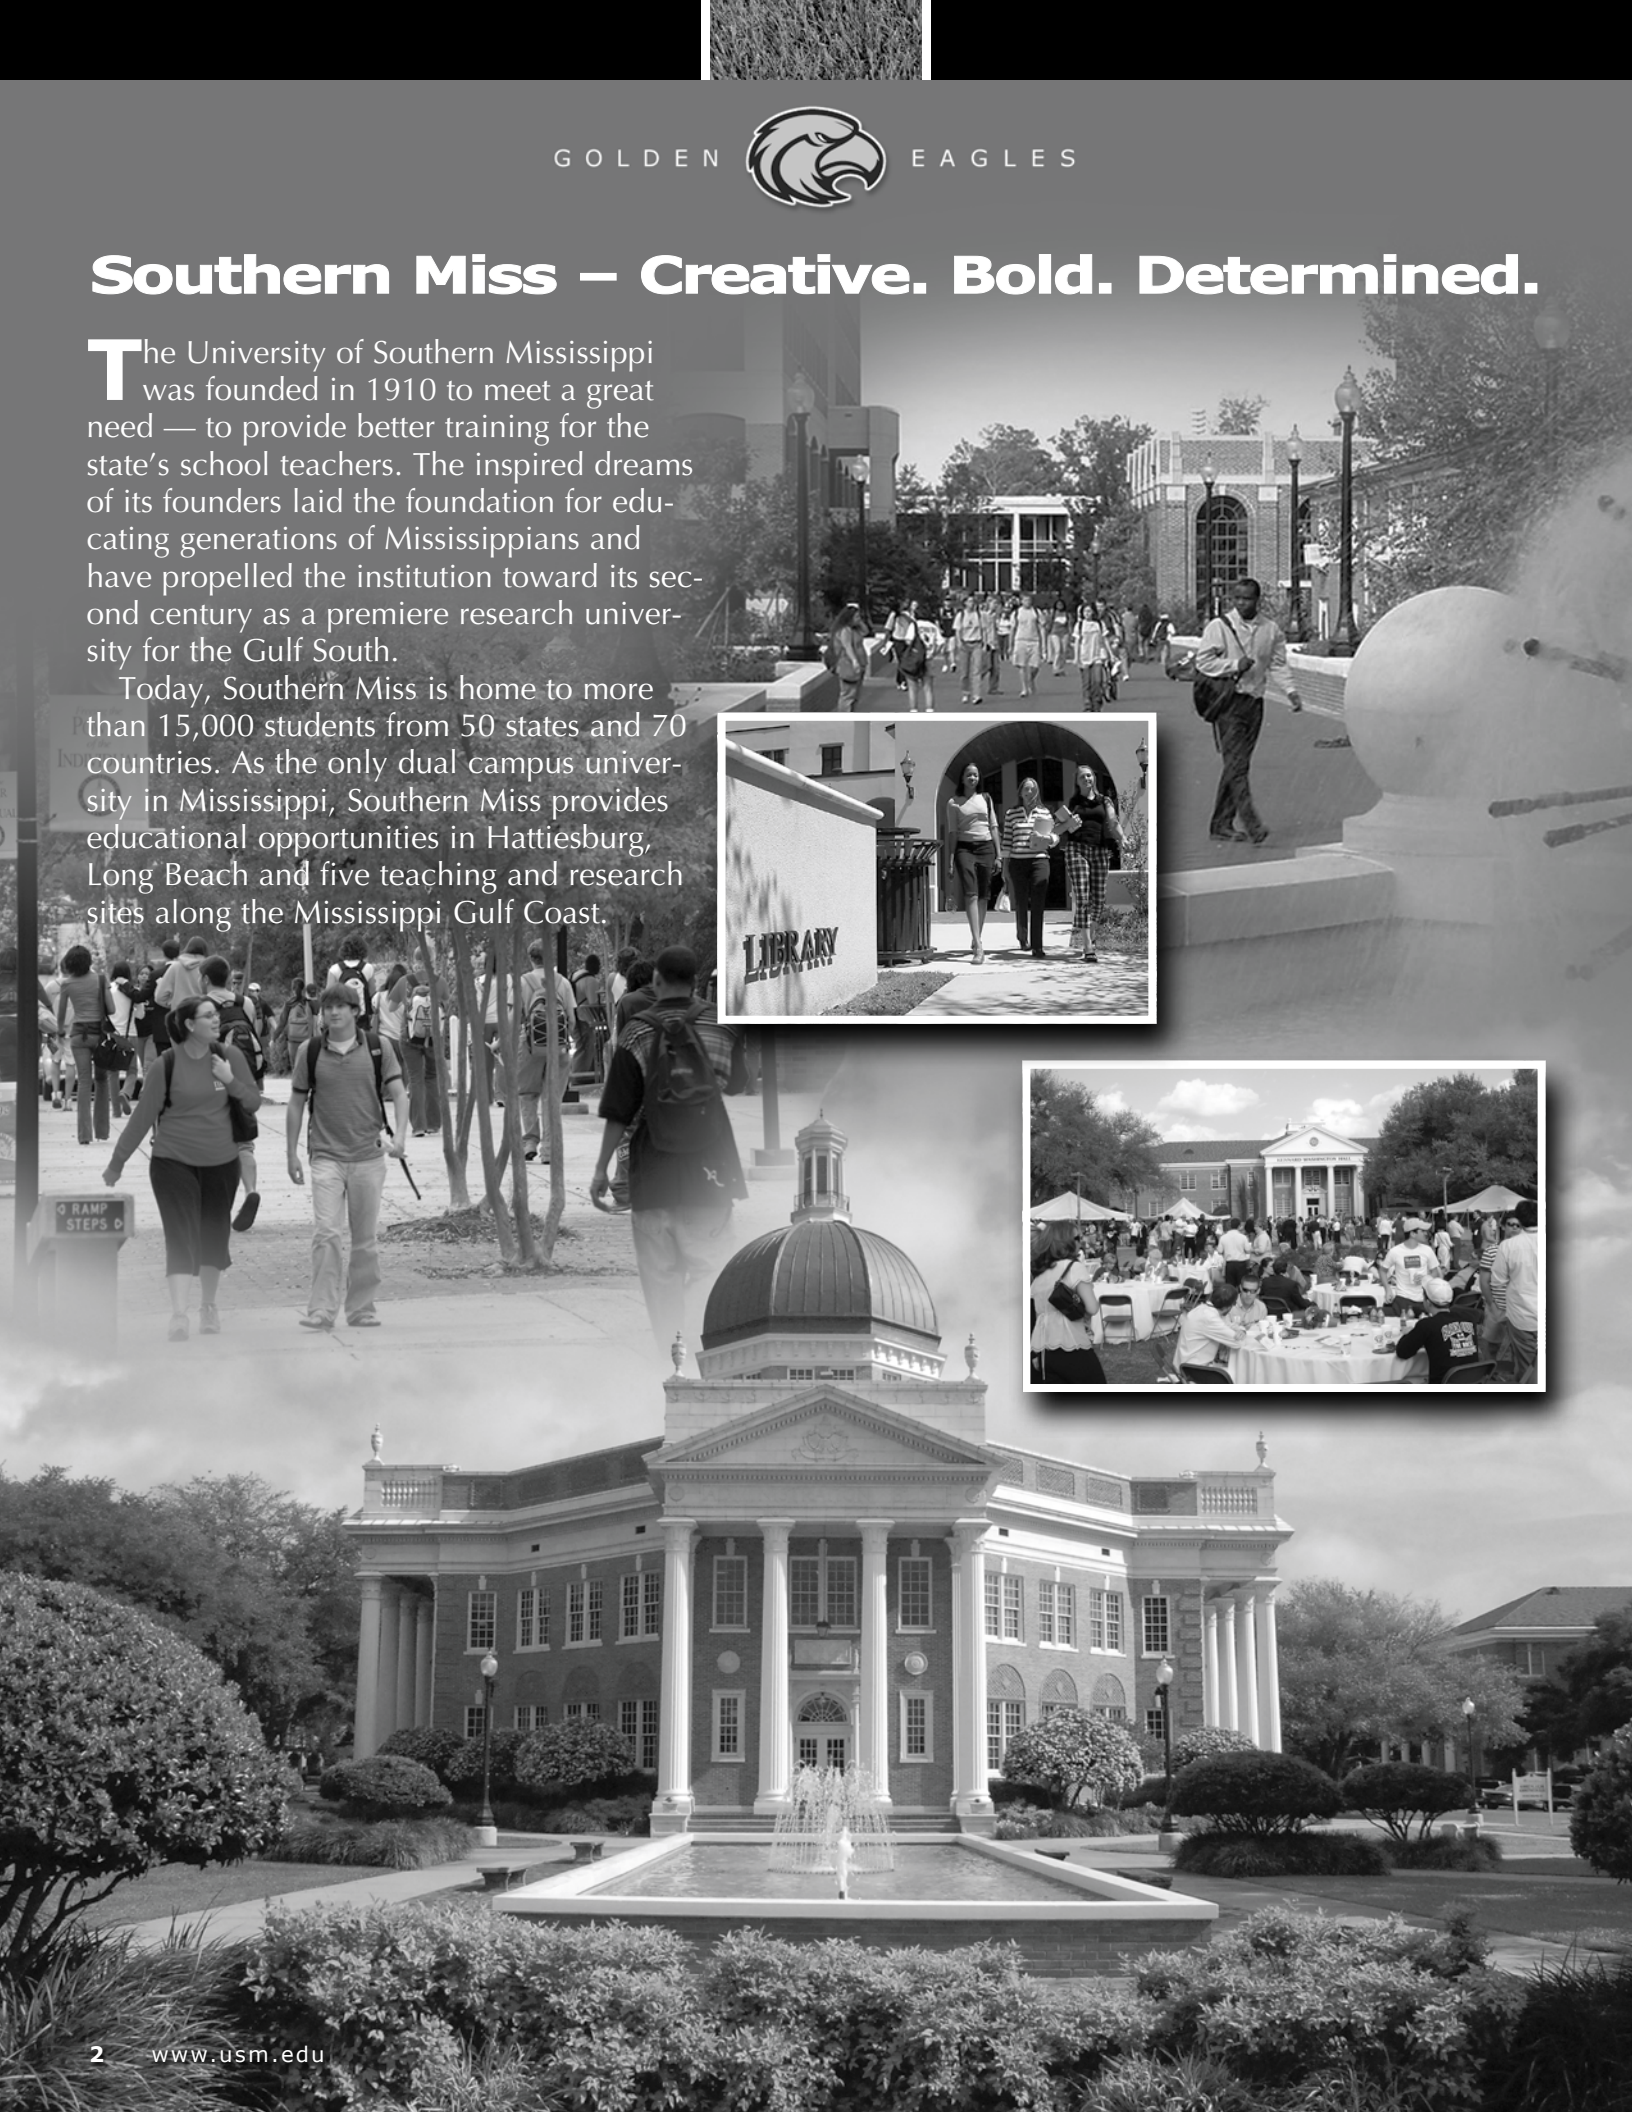

2008-09 Golf Media Guide

Southern Miss – Creative. Bold. Determined.

The University of Southern Mississippi was founded in 1910 to meet a great need — to provide better training for the state’s school teachers. The inspired dreams of its founders laid the foundation for educating generations of Mississippians and have propelled the institution toward its second century as a premiere research university for the Gulf South.

Today, Southern Miss is home to more than 15,000 students from 50 states and 70 countries. As the only dual campus university in Mississippi, Southern Miss provides educational opportunities in Hattiesburg, Long Beach and five teaching and research sites along the Mississippi Gulf Coast.

Southern Miss – Creative. Bold. Determined.

- Southern Miss is one of 25 universities in the United States that is nationally accredited in all four arts disciplines: theater, dance, art and music. The university hosts over 300 arts events every year.

- The School of Nursing provides the profession with the largest number of nursing graduates in the state, more than 5,500 since the school was established in 1967.

- As a Carnegie I research extensive university, Southern Miss faculty and staff maintain a high level of research activity that has resulted in a two-year average of \$100 million in external research funding for projects that have widespread applications from homeland security to math and science education.

- For more than 30 years, the British Studies Program at Southern Miss has offered students the opportunity for study, research and travel. It is the largest summer program for Americans in London and attracts students from across the country.

Southern Miss – Creative. Bold. Determined.

- Southern Miss is home to the nation's first Center for Spectator Sports Security Management, established in 2006. The center has received more than \$5.7 million in funding for research and development of institutional physical protection systems for college and university football stadiums, custom stadium emergency response simulation software and a pilot project to award certification for sports safety and security across the nation.

- The School of Polymers and High Performance Materials and the Center for Science and Mathematics Education both rank among the top 10 nationally in faculty productivity according to Academic Analytics.

- Research at the Marine Aquaculture Center at the Gulf Coast Research Laboratory in Ocean Springs, Miss., is focused on creating new technology to meet America's demand for seafood. As one of the university's innovation and commercialization clusters, marine aquaculture is supported by a \$10 million annual research base.

- The Trent Lott National Center for Entrepreneurship and Economic Development will be complete in 2009 and will be home to the Department of Economic and Workforce Development and its related programs.

- The University of Southern Mississippi Symphony Orchestra is the oldest orchestra in Mississippi and has performed in concert with many of the top classical artists in the world including Placido Domingo, Itzhak Perlman, Yo-Yo Ma and Sir James Galway.

Southern Miss – Creative. Bold. Determined.

- Ranked number one in Conference USA for football fans and game-day atmosphere by *Sporting News*, Southern Miss offers a fun-filled family weekend with food, friends and the exhilarating experience of watching the Golden Eagles take the field.

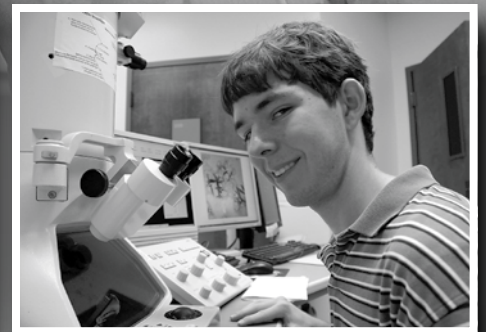

- The Honors College at Southern Miss is the sixth oldest honors college in the country and offers high-achieving students the opportunity to take on a challenging curriculum.

- The Thad Cochran Center, a 237,000-square-foot addition to the R.C. Cook Student Union, is home to on-campus dining at the Fresh Food Company, the Barnes & Noble Bookstore and meeting rooms for both campus and community use.

- Students and faculty members logged 40,000 hours of volunteer service in the community over the past two years. The Corporation for National and Community Service named Southern Miss to the 2008 President's Higher Education Community Service Honor Roll for exemplary efforts and service to disadvantaged youth.

In just 100 short years, Southern Miss has grown from a local teaching college into a nationally-known institution of higher learning that educates thousands of students at multiple locations every year. With a proud heritage and promising future, Southern Miss is poised for its next century of commitment to scholarship, teaching and service.

The university will pay tribute to both past and future during a year-long centennial — *A Treasured Past and A Golden Future* — that will culminate on March 30, 2010, the 100th anniversary of its legislative founding.

Academic Success

Golden Eagle student-athletes understand that achieving a quality education is the most important thing in their collegiate life. However, with the demands of each athlete's athletic pursuits, balancing both is, at times, difficult to achieve. Thankfully, the Southern Miss Student Academic Enhancement Program (SAEP) helps its student-athletes attain and maintain that balance by providing quality academic support services. The mission of the SAEP is designed to give Golden Eagle athletes needed support to assure that academic success is realistic, not only during the athlete's playing days, but also after his or her eligibility has expired.

- The SAEP emphasizes making the academic career at the university one of production, by counseling student-athletes in a variety of areas, including course selection and degree plans.

- The SAEP also focuses on preparing the student-athlete for life beyond graduation.

- Aided with the help of tutors, the SAEP offers individualized tutoring in all courses and an academic center that includes a study hall and full access computer lab.

- In addition, the SAEP also monitors NCAA eligibility requirements for the student-athletes, ensuring participation in their respective sports.

- Golden Eagle student-athletes also are involved

in a variety of individual and group community service projects, along with life skills programs that further develop the overall person.

- The graduation rates of all student-athletes at Southern Miss are higher than those of non-athletes.

- Golden Eagle athletes are consistent members on the President's and Dean's Lists, as well as among the leaders in Conference USA scholars.

- During the 2007-08 academic year, Southern Miss had four student-athletes win ESPN Academic All-American. There were 19 student-athletes to make the Conference USA Commissioner's Academic Medal for a grade point average of 3.75 or better, while 111 made the Commissioner's Honor Roll.

- Seven different Southern Miss student-athletes captured C-USA All-Academic Team honors for their respective sports.

Athletic Training

Bumps, bruises, aches and pains are all common when playing a varsity sport, especially with practices, games, weight training and conditioning drills, which are all parts of a student-athlete's collegiate life. But thanks to the hard work and devotion of Southern Miss' certified athletic trainers and student athletic trainers, Golden Eagle athletes receive proper treatment and care to keep their performance at the highest level in order to remain on the field of competition. Southern Miss also has a quality group of physicians who meet the medical needs of the 16 athletic teams at the University. The physicians are mostly specialists who are skilled in the various types of injuries that can occur in athletic competition.

- The program revolves around three major aspects – prevention of athletic injuries, treatment and rehabilitation of those injuries and recognition of injuries that require referral to appropriate medical personnel.
- The program is accredited nationally by the Commission on Accreditation of Allied Health Education Programs (CAAHEP) standards. In the program's

last review, the Southern Miss Athletic Training Program surpassed CAAHEP standards, allowing the program to continue with its certification.

- The direct involvement of the student athletic trainers helps make the program a success. The students are enrolled in an accredited five-semester curriculum in the athletic training program at the University and are the core foundation of the athletic training department.
- The athletic training program has seen a huge influx of students in recent years, and the program's numbers increase each year. Over the last 15 years, the athletic training programs' student staff has grown, from 25 students in 1989 to more than 40 in 2006.
- The athletic center also has resulted in more space for the athletic training program. The staff is now able to utilize a much larger athletic training room with state-of-the-art equipment able to handle the care for more than 300 athletes.
- The athletic training room is an open area where Todd McCall and his staff can view all the aspects of sports medicine.

There are 11 examination tables in the 4,000-square-foot room, 10 of which are housed in the main training room. The other table exists in a private examination room that team physicians utilize.

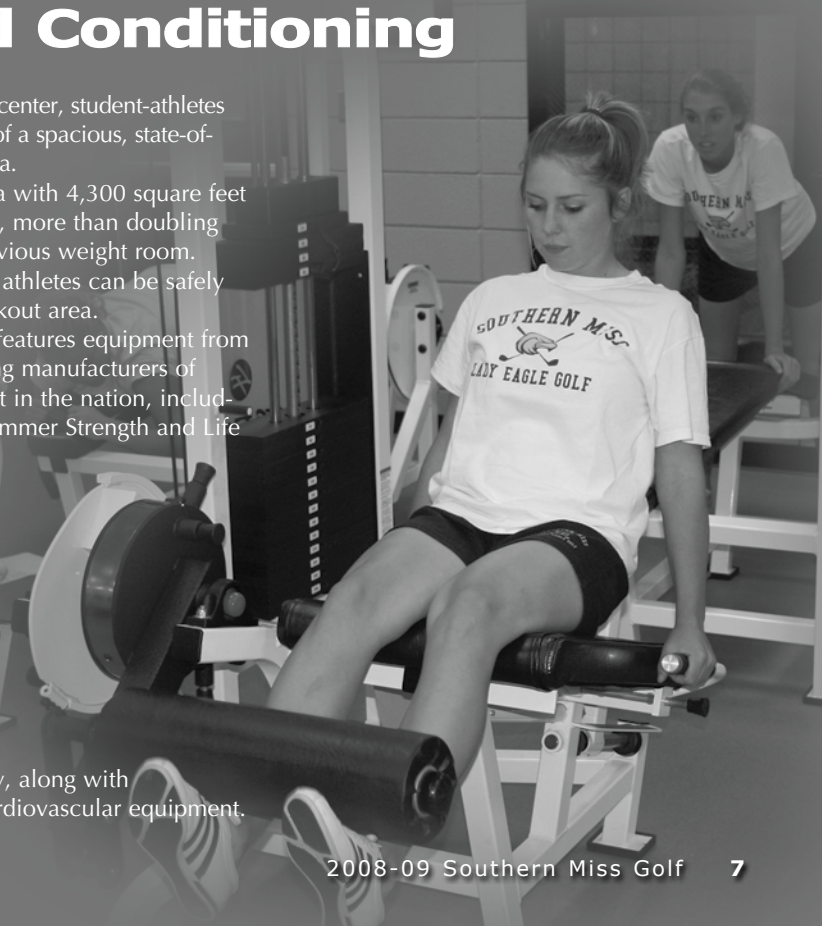

- The facility also houses a state-of-the-art hydrotherapeutic swimming pool, which provides athletes with water resistance to speed up the rehabilitation, while decreasing stress on the injured body parts.
- Along with the hydrotherapeutic pool, the facility also benefits student-athletes with an in-house X-ray unit, which helps reduce the time the athlete is off the field. Instead of waiting a few days to get an X-ray appointment, the athletes can have their injuries evaluated in a much shorter amount of time.
- On top of the benefits the student-athletes get from the facility, the athletic training staff and the athletic training students also benefit. The facility allows for a learning-lab environment that helps in the educational aspects of the program. The facility gives the athletic training staff more room for storage, which helps to maintain a better inventory of supplies used on a daily basis.

Strength and Conditioning

The Golden Eagle teams strive to play at its peak level each week during its season. To do that, much preparation, hard work and dedication is needed, to attain the high performance that is associated with Southern Miss teams each year. Physical preparation and conditioning is the foundation to that success. Each player understands that offseason work is the stepping stone to the next season, and without hard work, dedication and many hours of training, becoming a champion is impossible.

- The Southern Miss strength and conditioning program has two main goals – helping athletes to enhance their individual performance potential and aiding in the prevention of injuries through training.
- The athletes receive a specialized work-out that concentrates on improving their performance levels.
- Southern Miss athletes are committed to offseason workouts.
- The program has been enhanced with the recent addition of the strength and conditioning facility.

- Within the athletic center, student-athletes enjoy the benefits of a spacious, state-of-the-art workout area.
- Spacious floor area with 4,300 square feet of workable space, more than doubling the size of the previous weight room.
- A maximum of 48 athletes can be safely trained in the workout area.
- The workout area features equipment from some of the leading manufacturers of training equipment in the nation, including Power Lift, Hammer Strength and Life Fitness.
- There are 12 training platforms and 12 racks, as well as six "jammer" machines.
- There are also a number of workout machines that target each of the major muscle groups in the body, along with dumbbells and cardiovascular equipment.

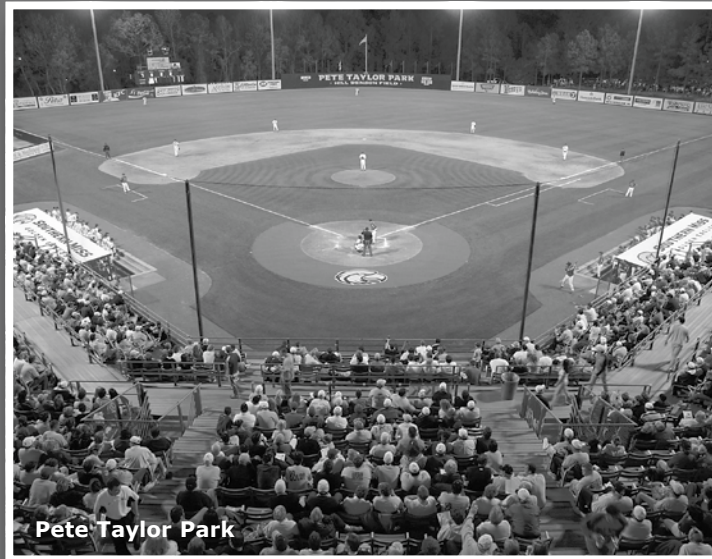

Athletics Facilities

The Southern Miss Department of Athletics unveiled a new vision a little more than five years ago. It's a vision unlike any other that Golden Eagle followers have seen in the history of the school. It's a vision that helps continue to move Southern Miss to the forefront of Conference USA and beyond. When the grand-scale expansion and improvements plan was laid out in April 2003 by Director of Athletics Richard Giannini, Southern Miss began to take its first steps in becoming one of the most competitive overall programs in the nation. The comprehensive facilities initiative seeks marked improvements in every sporting venue, further ensuring Southern Miss' place among the elite athletic programs in the nation.

- Reed Green Coliseum is the 8,095-seat on-campus venue for Southern Miss' men's and women's basketball programs. The facility, which was formally dedicated on Dec. 11, 1965, will celebrate its 43rd anniversary during the 2008-09 basketball season. A number of improvements have been made to the Coliseum in recent years, including the installation of a new heating and cooling system in the summer of 2004 and the installation of a new floor in the spring of 2006. Work on phase two of the renovation project - which will include changes and updates to the coaches' offices, player locker rooms and training areas - was completed in the summer of 2008.

Pete Taylor Park

- Pete Taylor Park/Hill Denson Field has been the home of Southern Miss baseball since 1985, and "The Pete" as it is nicknamed, has seated more than a million fans who have entered its gates. The stadium features bleacher seating for 2,000 fans and chair back seating for 1,678. The stadium also has new media facilities and an increasingly popular right field lounge area known as the "Right Field Roost," which has reserved parking for 40 vehicles and is equipped with barbecue grills. The waiting list for a spot in this area continues to grow. The construction of 12 private luxury suites and a new press box debuted during the 2008 season.

- The Southern Miss Softball Complex has been the home of Lady Eagle Softball

since the spring of 2002. Bleacher seating for more than 500 is currently available, as well as concession and restroom facilities. An indoor hitting facility was installed in January 2005 and additional batting cages are located behind the first base dugout. Future plans include a permanent grandstand with bench-back seating that will span from dugout to dugout. Other projected additions include a fully-equipped press box.

- The Southern Miss Track and Field and Soccer Complex is the home of the Golden Eagle track and field and soccer programs. The complex, which consists of a track, soccer field, press box and storage facilities, has bleacher seating for approximately 850. The complex also is equipped with a state-of-the-art Daktronics scoreboard.

- The Rogers, Thames and Welch Baseball Center at Pete Taylor Park, is a 6,000 square-foot facility, adjacent to the first-base side of the park, provides state-of-the-art facilities, including a team locker room, training room, players' lounge, an area for equipment storage and distribution, a laundry area, as well as coaches' offices and dressing areas for coaches and umpires. There also is a large lobby area at the entrance of the building, displaying the history and tradition of the baseball program.

Canebrake Golf Course and Practice Facility

Canebrake, the home of Southern Miss golf, is a challenging, spectacular and memorable par-71 course designed by the legendary Jerry Pate. The private club attracts members throughout the region as well as golfers from all over the nation. The course's unique design, undulating fairways and changes in elevation make it a popular destination for golfers looking for a challenge.

The greens are quick and true. So bring your short game and you'll quickly understand why Canebrake is the No. 3 ranked golf course in Mississippi.

The course is built around a 250-acre lake and has a more elevation than any course in the region, requiring golfers to strategize each shot.

The course also boasts:

- Dual driving range that is considered the best in the area 6,7000 square feet of Floradwarf greens
- Putting and chipping greens
- Two practice bunkers
- Four lakes (measuring a combined 22 acres)
- 56 bunkers
- 130 acres of 419 Bermuda, Zoysia and Centipede grasses
- 20 acres of indigenous Broom Sedge, Indian Grass, Switch Grass, Love Grass, Little Blue Stem and wild flowers.

In the near future, the Golden Eagles will be building a facility that will house locker rooms, coaches offices and meeting rooms to house both the women's and men's teams. Although Canebrake is aesthetically pleasing - it requires patience, well thought out shots and carefully planned execution.

Hattiesburg Country Club Golf Course

Hattiesburg, Mississippi

Hattiesburg Today

Positioned at the fork of the Leaf and Bouie Rivers - the heart of south Mississippi's rolling piney woods - Hattiesburg, Mississippi, provides a unique blend of affordability and high standard of living for nearly 50,000 residents.

Hattiesburg is the educational, retail and medical center for more than a quarter of a million people who live throughout the southeast Mississippi region and is also the home of the University of Southern Mississippi, William Carey College, and Camp Shelby.

Hattiesburg is known as the "Hub City" because it is located at the intersections of Interstate 59 and U.S. Highways 49, 98 and 11. Hattiesburg is centrally located less than 100 miles from the state capital of Jackson as well as the Gulf Coast, New Orleans and Mobile.

This growing micropolitan area that includes Hattiesburg, Forrest and Lamar Counties, was designated a Metropolitan Statistical Area in 1994 with a combined population of more than 100,000 residents.

Livability

During the last several years, Hattiesburg has been recognized nationally for its livability including the following areas:

- Healthcare
- Most Popular Destinations
- Retirement Communities
- Business Relocation

Continued economic expansion during the past few years has made Hattiesburg one of the most dynamic and fastest growing areas in the Southeast.

With its economic beginnings in the timber industry of the late 1800s, to the mobilization of the military in 1915 and World War II at Camp Shelby, to the prosperous growth of the 1990s, Hattiesburg stands ready to move into the 21st century as a progressive, economically healthy community that nurtures a quality of life second to none.

Our City's History

Hattiesburg was founded in 1882 by Captain William H. Hardy, pioneer lumberman and civil engineer. Early settlers to the area were of Scottish, Irish, and English descent who came from Georgia and the Carolinas, attracted by the vast acreage of virgin pine timberlands. This was an area of rich promise at a time when renewed development of the South was getting under way.

The City of Hattiesburg was incorporated in 1884 with a population of

approximately 400. Originally called Twin Forks and later Gordonville, Hardy gave the city its final name of Hattiesburg, in honor of his wife Hattie.

Also in 1884, the railroad, known as the Southern Railway System, was built from Meridian through Hattiesburg to New Orleans. The commercial value of the great virgin timber stands was quickly recognized and, for a time, timberland was available for as little as 50 cents to \$1.50 an acre. Mills sprang up; naval store plants came on the heels of the timber industry, and turpentine stills became as numerous as the sawmills.

The completion of the Gulf and Ship Island Railroad from Gulfport to Jackson, now part of the Illinois Central System, ran through Hattiesburg and ushered in the real lumber boom in 1897. Though it was 20 years in the building, the railroad more than fulfilled its promise. It gave the state a deep water harbor, more than doubled the population of towns along its route, built the City of Gulfport and made Hattiesburg a railroad center.

After World War I, Hattiesburg found a new way of life became necessary. The people of the region were able to adjust themselves and proved willing find new and diverse ways of making a living bringing with them further population booms.

Coaching Staff

Julie Gallup
Women's Head Coach

Ninth Year
University of Miami, 1995

Julie Gallup is in her ninth season as the Head Coach of the Southern Miss

women's golf program. Last season, she led the Lady Eagles to a seventh-place finish in the Conference USA Championship, while leading the team to six Top Ten finishes in ten tournaments.

Gallup came to Southern Miss from East Tennessee State, where she was the head coach for the 1999-2000 seasons. While at ETSU, the team improved its average by over a dozen shots and finished in the top eight in every tournament.

Prior to coaching at East Tennessee State, Gallup served as a golf instructor at numerous golf schools along the eastern seaboard, including the Bill Skelley Golf School in Florida. Gallup has three years of playing experience on different tours in the country, including the LPGA Tour in 1997.

Gallup graduated from the University of Miami in 1995 with a bachelor's degree in business management. While attending school, she was a two-time All-American

selection, ranking as high as third in the nation at one point in her collegiate career. As an amateur player, Gallup was ranked as high as sixth in the nation. She started her success early while she was attending high school, where she won the Women's Western Open, the PGA Junior Championship, the USF&G Junior Championship and was ranked third in the nation by Golfweek Magazine. Gallup hopes to increase the competitiveness and success of the golf program at Southern Miss.

She is married to Greg Gallup, a native of Texas, and the couple has three children, Cameron, Gabrielle and Brodie.

Marella Canepa
Graduate Assistant Coach

First Year
Southern Miss, 2001

Former Southern Miss golfer Marella Canepa enters her first season as a graduate assistant coach with the women's golf team, joining her former Head Coach Julie Gallup.

Canepa was a member of the Southern Miss golf team from 1998-2001. In her four years, she became the only Southern Miss women's golfer to twice be named All-Conference USA.

She was a three-time individual runner-up, while helping the Lady Eagles to four team titles.

Since graduating in 2001, Canepa was a Marketing Analyst for Repso YPF from 2002-06, and then a Marketing Manager for Clear Channel Outdoor until 2008, both in her hometown of Lima, Peru.

Canepa is married to Victor F. Baracco of Lima, Peru.

2008-09 Women's Golf Outlook

Head Coach Julie Gallup will lead the Southern Miss women's golf team into the 2008-2009 season with a strong combination of both youth and experience. The team will return two seniors, three juniors, three sophomores and three newcomers.

The Lady Eagles led after the first round of the Conference USA Championships last season before finishing in seventh place. This year's squad looks to make its way into the upper echelon of teams in C-USA. The team also finished first in the Lady Eagle Invitational (4/7-8) and fifth in the Baja Invitational (2/11-12). Their victory in the Lady Eagle Invite was their first since winning the same tournament in 2003.

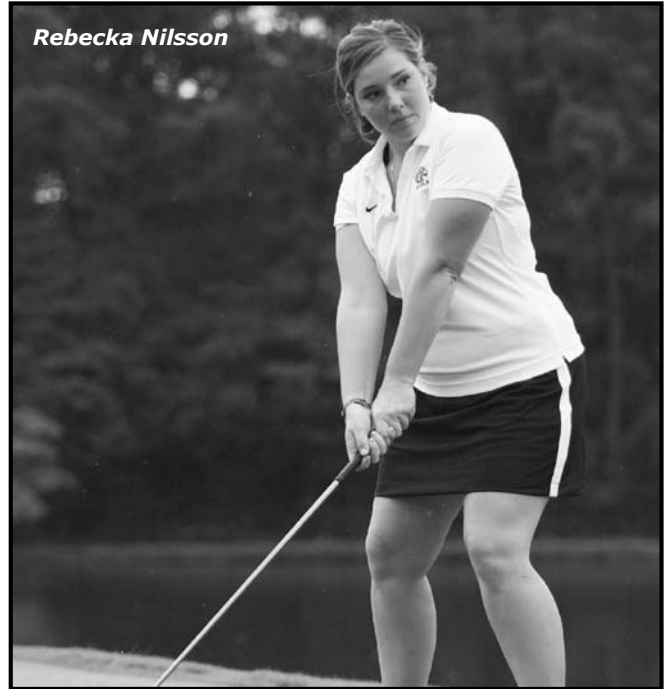

Kate Burns (Leesburg, Va.) and Heather Golden (Biloxi, Miss.) enter the season as the only two seniors on the team. Burns appeared in five tournaments last season, with a season low of 79. Her season low came in the second round of the Baja Invitational (2/11-12), where she tied for 20th-place. Golden participated in eight tournaments, recording season high tie for 13th-in the Baja Invitational (2/12-13). Her season low of 76 came in the first round of that tournament as well as the first round

of the USA Lady Jaguar Invitational (3/3-4).

The Lady Eagles will return three solid junior players including Samantha Holt (Pensacola, Fla.), Rebecka Nilsson (Laholm, Sweden) and Clara Viladomiu (Barcelona, Spain). Holt was one of only two players to participate in nine tournaments. Her season low of 71 came in the first round of the Lady Eagle Invitational (4/7-8), which also marked her highest finish of seventh place. Nilsson participated in eight tournaments last season. Her season low round of 71 gave her a tie for 9th place at the Napa River Grill Cardinal Cup (9/17-18). Viladomiu saw action in six tournaments with a season low of 72 in the first round of the Conference USA Championship (4/14-16) giving her a tied finish for 32nd.

Three sophomores will also return for the Lady Eagles, including Virginia Espejo (Madrid, Spain), redshirt-sophomore Ashley Joubert (Ponchatoula, La.) and Jennifer Judge (Moss Point, Miss.). Espejo was the first Lady Eagle since 2001 to earn Third Team All-Conference honors. She is also one of the two players to participate in nine tournaments, earning a season-high finish of second-place in the USA Lady Jaguar Invitational (3/3-4). Her season low of 73 also came in the first round of that tournament, contributing to a season average of 77.9. Joubert saw action in two tournaments last season. She recorded a season low of 78 in the second round of the Lady Eagle

Rebecka Nilsson

Invitational (4/7-8) giving her a tie for 35th place. Judge played in seven tournaments, earning a season-high finish of ninth in the Lady Eagle Invitational. Her season low of 75 came in the third round of the Qdoba Invitational, where she tied for 40th.

The Lady Eagles will welcome three newcomers to the team this season, freshman Kellie Grantham (Terry, Miss.), freshman Joyce Martinez (La Porte, Texas), and junior transfer Amy Roberts (Toronto, Ontario, Canada) from Ball State.

The team will face a challenging season this year with eleven tournaments on the schedule. The season opens with the Jacksonville State Invitational in Gadsden, Ala. The team will then make trips to Cincinnati, Marshall, Nicholls State and UAB. Southern Miss opens the spring portion of its schedule when it co-hosts the Baja Invitational along with Northern Illinois. The Lady Eagles will continue on to South Alabama and James Madison before hosting the Lady Eagle Classic at home. Returning to the road, the Lady Eagles will finish the season at Ole Miss before heading to the Conference USA Championships in Tulsa, Okla.

Southern Miss' solid mix of returning players and newcomers provide for a strong foundation as the Lady Eagles hope to contend for the 2008-2009 Conference USA Championship.

Clara Viladomiu

Coaching Staff

Jerry Weeks
Men's Head Coach

Third Year
University of Alabama, 1974

Jerry Weeks begins his third season as the men's golf coach at Southern Miss. Last year, Weeks led the Golden Eagles to a second-place finish at the Conference USA Championship, as well as eight top ten finishes in 11 tournaments.

Weeks, a quarter century member of the

PGA of America, has played in the Deposit Guaranty Golf Classic five times, the Club's Professionals Championship, a 10-time member of the Mississippi Cup and participated in the Gulf States Section Match Play Championship event.

A two-time winner of the Horton Smith Award for the Gulf States PGA section, Weeks also garnered the Professional of the Year by the Mississippi PGA in 1984 and for the Southeast Region presented by Golf Industry Magazine in 1991.

Additionally, Weeks was nominated in 1990 as one of the "Best 100 Golf Operations in the United States" by Golf Shop Operations Magazine and was a previous winner of the Gulf State's Section "Merchandise of the Year" for private clubs.

Weeks was selected as submitting one of the "Top Ten Golf Tips of All Time" by *Golf Magazine* and served as a past panelist for *Golf Digest* course rating along with being a rules official for numerous tournaments for the Gulf States PGA. He also had eight of his former assistants go on to become head golf professionals

throughout the United States.

During his time at the Hattiesburg Country Club, Weeks has been responsible for the day-to-day golf operations as well as working with the course superintendent relating to the course conditioning and daily setup. His duties also included working with the formation and control of the annual budgets in addition to managing his time with various committees regarding tournaments and corporate outings. He also assisted with the instruction program at the Country Club.

Some tournaments hosted by Hattiesburg Country Club during Weeks' time there included the PGA Tour stop the Magnolia Classic, later named the Deposit Guaranty Classic from 1982-93, the Mississippi State Amateur three times, the Mississippi State Open twice, the PGA Sectional once, and in 1997 the Southern Region Club Pro Championship – one of four sites in America in 1997. HCC also played host to the 2002 Conference USA women's golf championship.

Weeks and his wife, Jackie, have one son, John, and one daughter, Rachel.

Jim Garren
Graduate Assistant Coach

First Year
Kennesaw State, 2008

Jim Garren enters his first season as a graduate assistant coach with the men's golf team.

Garren was a member of the Wallace State Junior College men's golf team in 2003. While at Wallace State, he helped lead them to a third place ranking in the NSCAA D1.

Garren then transferred to Kennesaw State, where he earned his degree in Sports Management in 2008.

The Cartersville, Ga. native was a three-time Georgia High School State Champion at Cartersville High School. He was also a two-time qualifier for the Atlanta Open, and also earned alternate status through qualifying for the 2005 U.S. Open.

Born May 14, 1984, Garren is the son of Jimmy and Teresa Garren.

2008-09 Men's Golf Outlook

After a stellar 2007-2008 year, the Southern Miss men's golf program hopes to continue their rise to prominence within the national and regional areas.

For third year golf coach Jerry Weeks, last year's second place finish in the Conference USA tournament was another step in the right direction for the program, and for the second year in a row, Weeks and his players finished at the highest level ever in the C-USA tournament.

Weeks hopes that the experience gained last year by many underclassmen will help the team in taking the next step, to win the conference tournament and qualify for regional competition.

"We have high expectations for their playing year. I feel like we can be very competitive, and the players who played last year are now a year older. That means a lot in the game of golf. I expect great things this year," said Weeks.

The roster, like last year, features only one senior in Rocky Cleland. The Hattiesburg, Miss. native had a top 5 finish and three other top 20 finishes last year. Cleland finished 2nd at last year's Adam's Cup of Newport tournament. He was also tied for 11th at the Middle Tennessee Aldila Intercollegiate tournament last season.

Weeks expects great things from him lone senior.

"Rocky is probably the hardest worker we have this year. He has a great build for a golfer and takes his physical workouts very seriously," said Weeks. "He shows good course presence and is a tremendous competitor. He hates to lose."

The team will also be extremely competitive from within this season. The roster features one senior in Cleland (Hattiesburg, Miss.) and one newcomer, John Gregory Joseph (Valdosta, Ga.). Four juniors return including Alex Park (Ithaca, N.Y.), Tyler Sparks (Belmont, Miss.), Wes Carter (Hoover, Ala.), and redshirt junior Paul Apyan (Chattanooga, Tenn.).

"The young guys are pushing the older guys who know that if they slip up, they will likely lose their spot for that particular tournament. Everybody is really working hard to try and preserve their spot or earn a spot. That makes everyone better and more prepared," said Weeks, who likes the competition amongst his players.

The team will travel to Ruston, La. to play in the Squire Creek Invitational,

Paul Apyan

after which will be the Sam H. Hall Intercollegiate that the Golden Eagles host in Hattiesburg at the Hattiesburg Country Club.

In the spring, Southern Miss travels to New Orleans, La., for the Mardi Gras Invitational hosted by New Orleans. Then, they will head to Orlando, Fla., for the Rio Pinar Intercollegiate at the Rio Pinar Country Club. A loaded schedule continues when the Golden Eagles go to Pinehurst, N.C., for the Pinehurst Intercollegiate.

Traveling is cut down at the end of the season when the team heads to Mobile, Ala., for the Mobile Bay Intercollegiate at Magnolia Grove. Finally, Weeks and his team returns home to Mississippi to partici-

pate in the Bank of America Intercollegiate in Madison, Miss., at the Reunion Country Club. The regular season concludes with the Conference USA Championship, which will return the Golden Eagles to Orlando, Fla., and will be played at Red Tail Golf Club.

Weeks understands what needs to be done in order to keep moving his team forward and to become a regional and national player.

"I think we need to preserve the crucial strokes, especially when we get into an unpleasant situation. Knowing that one stroke saved per player is 12 strokes saved per round over the length of the tournament is also very important. Hopefully someone will step up and really perform."

Women's Profiles

Kate Burns

5-5, Senior
Loudon County HS
Leesburg, Va.

Has matured as a player after a year at the collegiate level ... Is very athletic and teachable ... The lone lefthanded player on the squad ... **2007-08 (Jr.):** Saw action in five tournaments ... Shot a season-low round of 79 in the second round of the Baja Invitational (2/11-13) ... Best finish came at the Baja Invitational, as she finished with a three-round total of 242 to tie for 20th-place ... Earned a tie for 28th at the Lady Eagle Invitational (4/7-8) ... **2005-06 (Fr.):** Saw action in all six spring tournaments after not seeing any tournament action in the fall ... Shot a season-low round of 80 twice, coming in the opening two rounds of the UNC Wilmington Lady Seahawk Invitational (3/27-28) ... Top finish came at the Baja Invitational where she tied for 34th with a 54-hole total of 262 ... Captured 43rd-place (4/10-11) in the Lady Eagle Invitational ... **Prep:** Played under the direction of John Laycock at Loudon County High School ... Was named All Metropolitan All-Extra and Honorable Mention in golf by the Washington Post ... Earned eight varsity letters in her high school career ... **Personal:** Daughter of Kevin and Judy Burns ... Born March 9, 1987 ... Majoring in business administration.

The President

Dr. Martha D. Saunders
President

After completing her first year as president of The University of Southern Mississippi, Martha Dunagin Saunders is poised to lead the university toward its centennial with an even more determined sense of purpose and commitment to scholarship, teaching and service.

"I wake up every day with an overpowering sense of urgency to make a positive difference at Southern Miss," said Saunders, named the university's ninth and first woman president in 2007.

Under her leadership, the university launched a planning initiative last fall that engaged a cross-section of students, faculty, staff, alumni and community leaders in dialogues to identify the strengths of the university and the aspirations of its people. Participants identified four areas of strategic focus as keys to creating the university's desired future.

Saunders aims to focus on enhancing the national visibility of Southern Miss, strengthening relationships with the community, creating a healthy campus by embracing the tenets of sustainability and enhancing academic success through top-flight educational experiences.

"Success lies in the ability to translate vision into action," says Saunders, who intends to outline specifics in these areas and develop a planning document with help from a 23-member Strategic Planning Committee.

Other initiatives begun during the past year include

- An enrollment management planning process that goes beyond admissions and recruiting to strategically focus and manage the university's enrollment is underway.

- Planning for the new Cross Creek campus on the Mississippi Gulf Coast has begun. The IHL selected the location, and Saunders is leading the charge to thoughtfully plan and develop the campus to serve the higher educational needs of Gulf Coast residents;

- A Centennial committee is planning events for the university's 100th anniversary celebration that will be observed from 2010 to 2012.

Throughout her 30-year career in higher education, Dr. Saunders has taught thousands of students. Her philosophy of education follows three simple guiding principles: know your students, connect them to bigger things and set a good example.

A native of Hattiesburg, Miss., and a Southern Miss alum, Saunders tells students that much of what she remembers from being a student herself at the university is still true today – the family atmosphere, educational excellence and freedom to be yourself.

Saunders challenges the students to "ride all the rides" – do everything that's available to you as a student; and that "it doesn't count unless you finish, so plan to graduate!"

Dr. Saunders came to Southern Miss from Wisconsin-Whitewater, where she served as chancellor. During her tenure, she brought the campus together with a

widely inclusive strategic planning process; hosted a successful Higher Learning Commission re-accreditation review; and finalized plans for major building projects totaling \$110 million, including a new University Center and a new building for the College of Business and Economics.

Prior to her appointment at Wisconsin-Whitewater, she was vice president for academic affairs at Columbus State University in Columbus, Ga., where she was on the leadership team for a successful \$100 million capital campaign, and developed several initiatives to increase student enrollment and to recruit and retain outstanding faculty and staff.

She previously held the position of dean of the College of Arts and Sciences at the University of West Florida, where she was director of the University Honors Program.

Dr. Saunders' training and experience in the field of communication led to numerous publications on crisis communication and public relations; widely anthologized published speeches; and the Public Relations Society of America's highest national award for the "Just 2 It!" public safety communication campaign.

"Build trust, build a team and build a campus" is the mantra Dr. Saunders brings to her presidency. "Trust-building is very important, and team-building is right on its heels," she states.

Director of Athletics

Richard Giannini

Director of Athletics/Chairman and Chief Executive Officer of the Southern Miss Athletic Foundation

Since Richard Giannini was named Director of Athletics in 1999, his vision, leadership and unwavering work ethic has transformed the face and landscape of Southern Miss athletics that will have lasting effects for years to come.

In fact, to see the impact he has made on Golden Eagle Athletics, one need only look at all the improvements that have been made during his tenure, especially in the areas of academics, facilities, athletic achievement and increased revenue.

A tireless and innovative administrator, Giannini brought outstanding intercollegiate athletic experience to Hattiesburg, including five years as director of athletics at one of Southern Miss' longtime interstate rivals, Louisiana-Monroe.

While working for the NCAA in the mid-1970s, Giannini's responsibilities included serving as executive producer of the ABC Football Highlight Shows, as well as NCAA Tournament basketball games not aired by NBC. He also arranged and produced the first national telecast of the College Baseball World Series for HBO, and produced numerous conference football highlight films. He was also director of licensing for the NCAA.

He served as assistant sports information director at Florida (his alma mater) from 1966 to 1970, was sports information director at Duke from 1970 to 1973, became assistant athletics director at Duke in 1974, and, after working for the NCAA in 1976 and 1977, returned to Florida as senior associate athletics director to oversee external affairs.

He left Florida in 1986 to enter the private sector, taking over as CEO and co-owner of Raycom Management Group in Charlotte, N.C., a subsidiary of Raycom Sports, where he developed numerous sporting events, including the Blockbuster Bowl, the most successful first-year bowl in NCAA history.

Giannini's successes have not gone unnoticed. He was inducted into the University of Florida's College of Health and Human Performance Hall of Fame in March of 2004 and the Saint Leo University Athletics Hall of Fame in February of 2005. The Golden Eagle athletics director was a track athlete, competing in the weight events, at Furman; and graduated from the University of Florida in 1966.

He serves on several Conference USA committees, was chairman of the C-USA football athletic director's committee in 2001-02 and currently serves as the chairman of the Football Committee and also is on the Scheduling, Finance and Strategic Planning Committees. Giannini recently completed a term on the NCAA Football Issues Committee and is in the fourth year of a four-year term as a member of the NCAA Championships Cabinet. He also is in the fourth year on the NCAA postseason football licensing committee, which governs all bowl games, and currently serves as its chairman. He also represents C-USA Athletics Directors at BCS meetings.

Giannini and his wife, Gayle, are parents of four daughters—Ansley Stone, Brittney Bobash, Carlyn Linker, and DeLancey, and grandparents of Tori, Parker, Sara, Kelsey, Ryleigh, and Kyle.

During Giannini's Tenure

- The Graduation Rates and Academic Progress Rates of USM student-athletes have been recognized as one of the best in the nation. Last year, the NCAA graduation success rate for all athletes was 83 percent, football was 81 percent and men's basketball 82 percent. The APR rate continues to improve with each of the University's 16 athletic programs and baseball was public recognized by the NCAA as having a Top 10 percent ranking in APR among Division I programs.

- The football team was honored by the American Football Coaches Association (AFCA) for having a graduation rate of 90 percent or better in 2006. The program also has been honored for four of the past six years for having a graduation rate of 70 percent or better.

- Southern Miss has had 14 *ESPN The Magazine* Academic All-Americans, 17 Conference USA Scholar Athletes of the Year, 192 Conference USA Academic Medalists (3.75 GPA or higher) and 694 Commissioner's Honor Roll (3.0 or better), including 111 for the 2007-08 year.

- Established the Southern Miss Athletic Foundation and has spearheaded efforts to raise more than \$60 million in property, cash and endowments with the addition of pledges and suite leases totaling near \$100 million raised in the last nine years, including the development of the Circle of Champions program, which currently has over

120 members, who each committed \$100,000.

- Introduced and implemented a new athletic department logo in 2003, which has tripled the amount of licensing revenue for the department.

- Increased the amount of endowed scholarships to over 85, worth a total of \$3.8 million, and raised the athletic giving from \$750,000 to an excess of \$5 million annually through the Athletic Foundation.

- Orchestrated and renegotiated a multi-media rights agreement with ISP Sports, a national Sports Marketing Firm, which guarantees the University a sizeable rights fee and has reduced its expenses by almost \$250,000.

- Since 1999, he has overseen over \$60 million worth of new athletic facilities or renovations to current ones.

- He is currently overseeing a \$50 million facility upgrade, which includes renovation and expansion projects at M. M. Roberts Stadium and Reed Green Coliseum. A new state-of-the-art high definition scoreboard was added to Roberts Stadium for the 2007 season.

- A new baseball press box and 12 luxury suites were completed at Pete Taylor Park in 2008.

- The Athletic Center, an \$11 million edifice which replaced an aging Fairchild Fieldhouse, was erected and has been in use since 2002.

- The Rogers, Thames and Welch Baseball Center at Pete Taylor Park was completed in 2002.

- A new women's softball facility has been in use for the past seven seasons. Additions and improvements will begin on December of 2008.

- Construction on a new \$4.2 tennis complex began in June of 2008.

- A new artificial turf system, Momentum Turf by SportExe, was installed on Carlisle-Faulkner Field in Roberts Stadium in 2004.

- A new lighting system was installed at Roberts Stadium to meet the lighting requirements so the football games can be televised.

- The Golden Eagles have been the only Conference USA program to have won championships in the sports of football (1996, 1997, 1999 and 2003), men's basketball (2001) and baseball (2003).

- The football team won the Conference USA championship in 1999 and 2003 and has participated in a postseason bowl game in every year but one during his tenure at Southern Miss. Various players have earned 44 All-American honors.

- The baseball team has enjoyed the best six-year period in the program's history, making six-straight appearances in the NCAA Tournament and hosting the 2003 Hattiesburg Regional. Various players have earned 27 All-American honors.

- The softball team participated in three NCAA Tournaments and advanced to the 2000 Women's College World Series, finishing fourth in the nation.

Senior Administrative Staff

Scott Carr

Deputy Director of Athletics/External Affairs

Responsibilities: Carr oversees the external affairs of the athletics department, as well as serving as the sport administrator for baseball. He has direct supervision of the marketing and promotions department, ticket operations, media relations, broadcasting, community relations and the athletic department's licensing program. He works closely with the Eagle Club, assisting Associate Director of Athletics/Executive Director Dick Vogel in the continued development of the department's annual giving efforts. Carr also serves as the department's liaison with corporate sales (ISP) and the Hattiesburg community.

Joined Southern Miss Staff: 2001

Record at Southern Miss: Deputy Director of Athletics, External Affairs (2006-present); Associate Director of Athletics, External Affairs (2003-06); Assistant Director of Athletics for External Affairs (2002); Assistant Director of Athletics, Facilities and Event Management (2001-2002)

Prior to Southern Miss: Served in various capacities with the FedEx Orange Bowl (1997-2001); Graduate Assistant Equipment Manager at Florida (1995-97)

Education: Florida, 1997 (master's); Florida, 1995 (bachelor's)

Jason Gray

Senior Associate Director of Athletics/Compliance and Student Services

Responsibilities: Gray supervises all services as they relate to the student-athlete, including the Student Academic Enhancement Program, Life Skills, Strength and Conditioning, and Sports Medicine. In addition, he oversees C-USA and NCAA

Compliance, life skills programs, student-athlete financial aid, the NCAA certification process, eligibility, NCAA special assistance funds, and the department's graduate assistants. In addition, he serves as administrator of the spirit squads.

Joined Southern Miss Staff: 2007

Record at Southern Miss: Senior Associate Director of Athletics, Compliance and Student Services (2007-present)

Prior to Southern Miss: Assistant Athletic Director for Compliance at Rice (2000-07); Assistant Director of Compliance at Baylor (1998-2000); Compliance Intern at Louisiana State (1997-98); Compliance

Graduate Assistant at West Virginia (1996-97)

Education: West Virginia, 1997 (master's); Southern Miss, 1996 (bachelor's)

Diane Stark

Senior Associate Director of Athletics/Internal Affairs

Responsibilities: Stark serves as the department's chief operating officer and chief financial officer. She has direct oversight and provides leadership in the areas of budget and finance, policies and procedures, facilities, event management, personnel and human resources, athletic equipment and property accounting, sports video, oversees athletic department secretaries, athletic camps and risk management.

Joined Southern Miss Staff: 2006

Record at Southern Miss: Senior Associate Director of Athletics, Internal Affairs (2006-present)

Prior to Southern Miss: Owner of Frames Etc., Etc. (2003-06); Associate Registrar at Louisiana-Monroe (2001-03); Associate Director of Athletics at Louisiana-Monroe (1994-01); Director of Marketing, Media and Public Relations at GNI Sports, Inc. (1991-94); Director of Scheduling and Commercial Traffic at Creative Sports Marketing (1989-91); Assistant to the Executive Director at the FedEx Orange Bowl (1987-89); Assistant to the Commissioner at the Metro Athletic Conference (1983-87); Assistant to Track and Baseball Coaches and University Fundraising Groups (1970-83).

Education: Nebraska, 1983 (bachelor's)

Sonya Varnell

Senior Associate Director of Athletics/Olympic Sports/Senior Woman Administrator

Responsibilities: Varnell provides oversight of 13 of the department's 16 intercollegiate sport programs, which includes complete management of the sport, including business and finance, facility development and fundraising. She also directs and monitors the department's gender and minority equity plans, as well as coordinates fund raising efforts for the women's sport programs. Her other areas of responsibility include coordinating the department's performance evaluations and monitoring the hiring practice of the athletics department and provide diversity training workshops for the athletics staff.

Joined Southern Miss Staff: 1999

Record at Southern Miss: Senior Associate Director of Athletics (2005-present) and Senior Woman Administrator (1999-present); Associate Director of Athletics, Olympic Sports (1999-2005)

Prior to Southern Miss: Business Manager for Varnell Construction (1998-99); Alexander von Humboldt Foundation Bundeskanzler Scholar (1997-98); Coordinator of Multicultural Programs for Athletics at Nebraska (1993-97); Compliance and Academic Affairs Assistant for the Southeastern Conference (1991-93); Graduate Assistant Track and Field Coach at Ole Miss (1989-1991)

Playing Experience: Four year track and field letterwinner at Ole Miss (1986-89); SEC All-Academic Team (1988)

Education: Ole Miss, 1991 (master's); Ole Miss, 1989 (bachelor's)

Dr. Dennis Phillips

Faculty Athletics Representative

Responsibilities: Provides input to the athletics department in relation to budgetary matters, policy and governance and compliance, also serves as the voice of the faculty on all matters relating to intercollegiate athletics.

Joined Southern Miss Athletics: 2003

Joined University: 1992

Record at Southern Miss: Graduate Coordinator of the School of Human Performance and Recreation (1999-present); Tenured Associate Professor, School of Human Performance and Recreation (1992-present)

Prior to Southern Miss: Coordination of Solicitation for the Volleyball Hall of Fame (1990-91); Assistant Director of Athletics at Springfield College (1987-90); Basketball Administrator at Southwest Baptist University (1978-87); Tenured Assistant Professor of Health, Physical Education at Southwest Baptist University (1978-87); Admission Counselor, Director of Intramurals and Physical Education teacher at Mount Marty College (1976-78); Physical Education and History teacher (1973-75).

Education: Springfield College, 1990 (doctorate); Whitworth College, 1976 (master's); Pacific Lutheran, 1973 (bachelor's)

Athletic Foundation

The mission of The University of Southern Mississippi Eagle Club is to provide deserving student-athletes a means to obtain a quality education while exhibiting their athletic talents. The Eagle Club provides its members the opportunity to contribute to the success of the University, both on and off the field of competition.

Eagle Club members know they have done their part to enhance the lives of students and to advance the interests of The University of Southern Mississippi. More than 300 students in 16 different sports receive some type of benefit from athletic scholarships at Southern Miss.

In order to give these individuals a chance to realize their dreams, the scholarships must be funded. The current cost for these scholarships totals \$3.6 million annually. Loyal alumni, parents, faculty, staff, students and friends of the University join the membership of the Eagle Club in an effort to offset these costs.

This, in turn, allows the Department of Athletics to disburse its income to other needed areas, which further enhances the success of Southern Miss as a whole.

The Eagle Club has been contributing to this effort for over 20 years. During that time, athletic scholarship recipients have gone on to greatness in professional sports and in medicine, law, education, business, the arts, sciences and the humanities. Without the support of the Eagle Club members, the education of more than 4,000 students over the last two decades would not have been possible.

The Eagle Club has already raised in excess of \$2.0 million in 2008, and continues to strive to meet its scholarship requirement of almost \$4 million. With Conference USA getting stronger each year, the Eagle Club wants to give the Golden Eagles every opportunity to be successful on the field of competition.

Athletics is an efficient avenue in which

to bring national attention to the University, and the Eagle Club is part of that effort at Southern Miss. All Eagle Club members know 100 percent of their donation is going to assist a deserving student-athlete. They also know that giving to the University offers a sense of gratification, knowing that they helped move Southern Miss in a positive direction.

During the last 10 years, athletic giving has grown tremendously. Total giving has jumped from \$750,000 to an excess of \$5 million annually. While Eagle Club giving has more than doubled, the overall endowments have grown as well, as the Eagle Club currently has over 85 endowments, valuing close to \$3.8 million.

The Eagle Club is an integral part of the Southern Miss Department of Athletics. The staff is headed by Richard Giannini, Director of Athletics and Chairman and Chief Executive Officer of the Southern Miss Athletic Foundation. He is assisted by Dick Vogel, Associate Director of Athletics and Executive Director of the Eagle Club, who oversees all of the daily operations and fund raising. Vogel is in his 11th year on the

Eagle Club staff, serving as a field representative the first three years and then Associate Director for a year, before becoming the Executive Director in the fall of 2000.

Former Southern Miss All-American quarterback Reggie Collier serves as the Coordinator of Athletic Development and Community Relations, while Christi Holloway is the Chief Financial Officer for the Southern Miss Athletic Foundation. John Miller, Associate Director of Athletics for Major Gifts, Vickey DeLancey, office manager, and Emily Dykes, office secretary, handle all the day-to-day administrative functions. Additionally, graduate assistants Lyndsey Castleman and Jessica Duemig help with the daily operation of the Eagle Club.

Conference USA

Team C-USA: Dedicated to Excellence

Welcome to Conference USA, home to 12 nationally prominent, tradition-rich members in East Carolina, Houston, Marshall, Memphis, Rice, SMU, Southern Miss, Tulane, Tulsa, UAB, UCF and UTEP. This combination enhances men's and women's programs that are steeped in athletic success and academic prowess. Together, we are committed to excellence, integrity and leadership in athletics, academics and in our communities. Dedication to excellence is a common thread for C-USA and the guiding initiative for the league's promising future.

All C-USA institutions sponsor Division I-A football, along with several other men's and women's athletic programs, many of which compete regularly for NCAA Championships. C-USA sponsors competition in 19 sports - nine for men (baseball, basketball, cross country, football, golf, soccer, tennis and indoor and outdoor track and field) and 10 for women (basketball, cross country, golf, softball, soccer, swimming and diving, tennis, indoor and outdoor track and field and volleyball).

The league sponsors numerous academic awards, including the Commissioner's Honor Roll and the Commissioner's Academic Medal, indicative of outstanding achievement in the classroom. C-USA annually awards six postgraduate scholarships, along with the Sport Academic Award, Scholar Athletes of the Year and the Institutional Academic Excellence Award.

Success on the Playing Field

Conference USA performers have achieved great success in competition, placing the league among the top conferences in the nation.

Football

- Rated among the top seven conferences in the nation
- 44 teams have earned bowl bids
- Member of the Bowl Championship Series
- Bowl tie-ins with the AutoZone Liberty Bowl, GMAC Bowl, Bell Helicopter Armed Forces Bowl, Papajohns.com Bowl, R+L Carriers New Orleans .. Bowl, Sheraton Hawai'i Bowl and Texas Bowl.

Men's Basketball

- Consistently rated as one of the top basketball leagues in the country
- 75 postseason teams (42 NCAA and 33 NIT)
- Three Final Four teams
- Seven Elite Eight NCAA Tournament teams
- One NIT Champion and four NIT semifinalists

Women's Basketball

- 42 NCAA Tournament appearances
- 29 WNIT appearances
- One team in the NCAA Sweet 16
- Two WNIT semifinalists

Baseball

- 39 NCAA appearances
- Four College World Series appearances in 2007, 2006, 2005 and 2001
- Nine Super Regional appearances
- Has produced at least four NCAA teams in each of the last six seasons

In addition, 29 volleyball teams, 43 men's and women's soccer teams and 21 softball teams have earned NCAA Tournament bids. C-USA has sent three men's soccer teams to the NCAA College Cup, five softball teams to the Women's College World Series and three volleyball teams to the Sweet 16. The league has also had three national champions in NCAA track and field competition, one national champion in diving and numerous NCAA individual and team competitors in cross country, golf, swimming, tennis and track and field. Overall, Conference USA teams and individuals have made more than 500 NCAA appearances.

Success Off the Field

C-USA institutions are among the nation's best in academic performance among student-athletes, bolstered by the fact that student-athletes at league schools have a higher graduation rate than the general student population. Among C-USA's 5,000 student-athletes, there are champions off the playing field as well. In 12 years, 105 student-athletes earned national ESPN The Magazine Academic All-America honors, while 338 were named

All-District. In addition, more than 13,000 student-athletes have been named to the Commissioner's Honor Roll or received the Commissioner's Academic Medal, indicative of outstanding achievement in the classroom.

C-USA on TV

C-USA institutions are among the nation's best in aC-USA enjoys significant television exposure through its partnerships with ESPN Inc. and CBS College Sports Television Networks (formerly CSTV). The league entered into long-term agreements with both ESPN and CBS College Sports, which, combined, provides C-USA with significant national and regional exposure for football, men's and women's basketball, and all other conference sports. Additionally, the CBS College Sports agreement includes video-on-demand, Internet, broadband, national over-the-air and satellite radio, and wireless distribution as well as corporate marketing rights, and website production through CSTV.com, part of CBS College Sports. The agreement with ESPN extends the conference's current regular season football package to include the broadcast of the conference's Football Championship Game. It also encompasses distribution of men's basketball and women's basketball on ESPN/ESPN2 and both tournament championship games.

C-USA in the Community

The conference's footprint is concentrated with 12 members in nine states and a combined area population of nearly 17 million. More than 1.1 million living alumni represent C-USA schools across the nation. With a renewed commitment to community involvement, the conference has begun development of several initiatives to maintain strong ties in C-USA cities, as well as with fans and alumni across the country. C-USA schools also place a priority on giving back to their communities through volunteer service with local and national organizations.

Governance

Along with the ACC, Big East, Big Ten, Big 12, Pac-10 and SEC, Conference USA is one of the seven conferences having significant representation in the NCAA governance structure. The Presidents of the

member institutions serve as the league's Board of Directors. R. Gerald Turner of SMU currently serves as chair of the Board.

A Proud History; A Promising Future

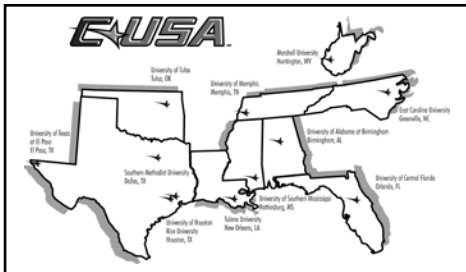

Conference USA was formed in 1995 and quickly emerged as one of the nation's top conferences. The conference unveiled its name, logo and commissioner on April 24, 1995 in Chicago. The league's charter members included Charlotte, Cincinnati, DePaul, Houston, Louisville, Marquette, Memphis, Saint Louis, Southern Miss, Tulane, UAB and USF. Eleven of the institutions began athletic participation in 1995, while Houston joined competition in the fall of 1996.

The league's headquarters were established in Chicago and after nine years, relocated to the current office in Irving, Texas. Britton Banowsky was named Commissioner in October 2002, succeeding Mike Slive, the league's first commissioner.

C-USA added East Carolina (September, 1996) and the United States Military Academy (March, 1997) as football members. ECU began league competition in 1997; Army in 1998 and UAB began football play in 1999. The league added TCU and ECU (1999) for all sports and they began competition in 2001. USF started C-USA football in 2003.

After celebrating its 10th Anniversary during the 2004-05 season, C-USA began a new chapter in 2005-06 when its current membership came together to form the new look of the league.

Since its formation, C-USA has established a strong foundation, an identity and a history that reflects the league's national presence. Twelve years of remarkable history has reinforced the league's position in collegiate athletics, setting the course for the next decade and beyond.
