HEAD COACH ROBERT CUMMINGS

- Named the ninth head coach in Missouri S&T Soccer history in August 2018.
- Cummings had previous head coaching experience that includes a six-year stint at California State University, Monterey Bay and two years as the head coach at Saint Joseph's College, a former member of the Great Lakes Valley Conference, in the early 2000s.
- During his six seasons at Cal State Monterey Bay, Cummings guided the program to its first national rankings, as the Otters were ranked as high as 25th during the 2013 season and again two seasons later. The 2013 season was his most successful at the school, as CSUMB went 11-5-1 – including a record nine wins in the California Collegiate Athletic Association -- and improved its record by eight wins over the previous year that season.
- In his tenure, the Otters had players – 11 in all -- named to the All-CCAA team in each of the six seasons he served as head coach. His teams also performed well in the classroom as the squad has been the recipient of the United Soccer Coaches (then known as the National Soccer Coaches Association of America) team academic award and have had several players named to the CCAA's all-academic team.
- Prior to taking the position at CSUMB, Cummings served as the associate head coach at Midwestern State in Texas for four seasons. While he was at MSU, the Mustangs won four Lone Star Conference championships and advanced to the NCAA Division II semifinal round in 2007 and 2010.
- Midwestern State recorded a record of 69-9-7 during those four years, including a mark of 19-1-2 in 2010 where the loss came in the national semifinals. The Mustangs were ranked among the top five in the nation at the end of two of the four seasons and in 2008, MSU spent three weeks as the top-ranked team in Division II.
- Cummings began his head coaching career at Saint Joseph's (Ind.) in 2003, where he headed both the men's and women's programs, and guided the men's team to its first national ranking in school history during the 2003 season.
