St. Cloud State Traditions:

History of the Nickname

The Husky Nickname: St. Cloud State's nickname has gone through several changes over the years. Early nicknames included "Normals," "Teachers," "Bear Cats," "Peds," and "Flying Clouds."

There are several theories about how the nickname "Huskies" began to be used. One says that it is a result of a student contest. Another suggests that the name originated with the football team. There was a story in the February 4, 1938, edition of the College Chronicle which referred to the "football huskies." Since huskies was not capitalized in the story, the author could have been referring to the team's size, and this possibly led to the nickname.

Another theory is that the nickname originated within the football team. "I think it occurred during Coach Kasch's days as football coach (1935-42)," said John Weisman, former SCSU Dean of Men and former coach. "The team just started calling themselves the "Huskies."

Why the name was chosen or who exactly selected it remains unclear. The name could have been intended to mean "burly, robust or large," "one that is husky," or "a heavily coated working dog of the arctic region."

Perhaps the nickname was meant to encompass all three meanings. Regardless of its origin, the Husky nickname continues to represent SCSU as a symbol and image of strength.

The St. Cloud State Rouser

Oh, here we are, the gang and all,
to cheer our team to victory.
SCSU has heard the call,
We're here to show our loyalty, RAH! RAH!
Come on team fight, We'll win this game,
and to our colors we'll be true.
We'll sing our song, both loud and long,
to victory – S.C.S.U.

The St. Cloud State Hymn

Sing to thee our Alma Mater, High on oak-crowned banks, Emblem of our search for knowledge, Symbol of our youthful ranks, Filled with fires of true ambition, Let us ever be; Loyal to thy fine tradition, Hail St. Cloud, to thee.

By the river's flowing water, By its islands fair, may the loyal sons and daughters, thy enduring friendship share. May they with sincere ambition, through the years e'er be; Loyal to thy fine tradition, Hail St. Cloud, to thee.

WE ARE ST. CLOUD STATE...

St. Cloud State University enrolls over 15,400 students and is located about an hour northwest of Minneapolis, along the oak-crowned west bank of the Mississippi River.

The 100-acre campus is between downtown St. Cloud and the Beaver Islands, a group of more than 30 islands that form a natural maze for a two-mile stretch of the river.

St. Cloud State's undergraduate programs hold nearly every available national accreditation. Students choose from more than 200 majors, minors and pre-professional programs, including regional rarities such as meteorology and geographic information systems.

The School of Graduate Studies offers more than 60 programs, including doctoral degrees in Higher Education Administration and Educational Administration and Leadership, as well as a Master of Business Administration from the acclaimed Herberger Business School.

Master's degrees in regulatory affairs and services, applied clinical research and medical technology quality tap a growing demand for professionals who can lead medical device companies through Food and Drug Administration (FDA) and international regulatory processes. Minnesota is home to more than 480 FDA-approved medical device manufacturers. Minnesota companies registered nearly 2,220 medical device patents between 2005 and 2009, second among the states.

The University's accomplishments, awards, accolades and extraordinary faculty and alumni are catalogued in the Distinctions website.

Founded in 1869 as a state normal school, St. Cloud State has evolved into a comprehensive university with all the institutions that make college life exciting: events and activities, art galleries, theatre, about 250 clubs and organizations, NCAA athletics, club sports,

intramurals, indoor recreation opportunities and outdoor pursuits. The campus nerve center is our library.

THE GRANITE CITY . . .

The city of St. Cloud, home to St. Cloud State University, is located in the heart Minnesota's scenic Central Lakes Region along the wooded banks of the Mississippi and Sauk Rivers - 65 miles northwest of the Minneapolis-St. Paul metropolitan area.

St. Cloud serves as the commercial and business hub for over 160,000 people and three counties. The area is at the center of one of Minnesota's fastest growing metropolitan area.

Incorporated in 1856, St. Cloud served as a stop on the famed Red River Trail. The city's location on the Mississippi River, helped St. Cloud grow as a center for the lumber industry. Another local resource closely identified with the region is granite. The first granite in the area was quarried in 1869, and the industry rapidly helped St. Cloud gain the nickname "Granite City."

In addition to a strong economic environment, St. Cloud offers very ample and diverse opportunities in education, recreation and the arts. Some of those highlights include nearby access to top-notch fishing, camping and hunting; renowned international gardens (across the river from campus); a lively downtown retail and entertainment district and great shopping at the region's largest mall - Crossroads Center and along the city's Division Street.

The St. Cloud metropolitan area is comprised of the three counties of Stearns, Benton and Sherburne, and is the political, cultural, commercial, and manufacturing center for all of central Minnesota. Access to St. Cloud is easy, with the city served daily by bus (Greyhound) and train (Amtrak). The St. Cloud Airport offers service for private planes, while a bus link to the Northstar commuter rail in nearby Big Lake began regular daily service in 2010.

THE CITIES . . .

SCSU students also benefit from the University's location, which is approximately one hour northwest of the Twin Cities (an easy drive from campus). One of the nation's great metropolitan areas, Minneapolis-St. Paul offers a bounty of cultural and entertainment opportunities. The Cities are home to world-class museums, theaters, restaurants and one of the largest shopping malls in the world (Mall of America). Sports fans are also in heaven as Minneapolis-St. Paul is home to the Twins (MLB), The Wild (NHL), Timberwolves (NBA), Lynx (WNBA) and Vikings (NFL).

ST. CLOUD STATE FACILITIES

FIRST CLASS PROGRAMS...FIRST CLASS FACILITIES

St. Cloud State University's tradition of excellence in athletics is mirrored by the many outstanding athletic facilities that are featured on the SCSU campus. The majority of SCSU's home sporting events take place at the following locations on campus: Halenbeck Hall, Husky Stadium, Selke Field, Dick Putz Field, and the National Hockey Center.

HISTORIC SELKE FIELD: Selke Field is the home to Husky softball, which placed third in the nation in 2004. The softball diamond is located in the southeast corner of the Selke Field athletic complex. Bleachers and two dugouts complete the playing area. In addition, the SCSU baseball team has a practice field at Selke, and SCSU students use the facility for intramural soccer and touch football.

HUSKY STADIUM: The newest addition to the SCSU facilities list is Husky Stadium, which opened in September 2004. This multi-purpose facility offers seating for 4,198 spectators and is the home to SCSU football and soccer. The field overlooks the scenic Mississippi River and features a state-of-the-art synthetic playing surface along with lights for night play. In the winter months, the field is covered with an inflatable bubble that provides an outstanding practice space for many of the SCSU athletic teams and SCSU's recreation sports programs. Other features of the facility include a press box, President's Suite, concession stands, ticket booths and bathroom facilities.

The stadium is connected to Halenbeck Hall by a new student recreation facility that features a massive fitness center, climbing walls, classrooms, dance studios, snack bar, office space and storage locations.

HALENBECK HALL: Halenbeck Hall was completed and dedicated in 1965. The main gymnasium of Halenbeck Hall has a seating capacity of 6,451. Volleyball, men's and women's basketball, wrestling, and swimming all compete in the main area of Halenbeck. In the summer of 2001, a new wooden floor, arena seating and scoreboard were installed, which makes Halenbeck one of the best courts in the NSIC. The Halenbeck Aquatics Center has seating capacity for 500 spectators. Its features include a six-lane pool and a diving well with one and three meter boards.

HALL OF FAME: Halenbeck Hall is home to the SCSU Athletic Hall of Fame, which was completed in the spring of 1996. The Hall of Fame is located in the south lobby of the main gymnasium and houses the Hall of Fame plaques, as well as trophy cases for each of the Huskies' sports. The building also houses several classrooms, a complete computer lab and offices for the coaches and athletic administrative staff.

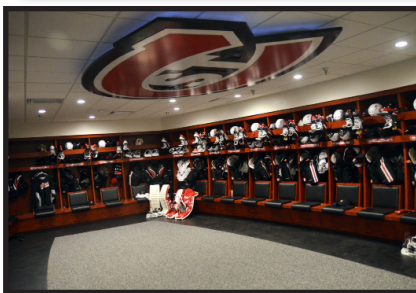

HALENBECK HALL SOUTH: Halenbeck Hall South was completed in 1980. It provides SCSU with an indoor training facility for track, soccer, baseball, softball, and tennis. The major feature of Halenbeck South is an activity center and multiple purpose area bordered by a running track. A new surface was installed in the Halenbeck South Fieldhouse during the summer of 2006. The facility also houses six regulation size racquetball courts, a wrestling practice room, intramural offices, climbing wall and a human performance laboratory. To the east of Halenbeck and Halenbeck South are outdoor tennis courts.

NORDIC SKI: SCSU's nordic ski team practices at nearby Riverside Park and Greystone Trails, which is located directly across the Mississippi River from the SCSU campus. The Mississippi River also provides many recreation opportunities for the outdoor sports enthusiast, including fishing, canoeing and hiking.

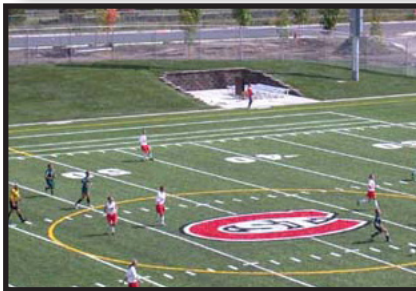

THE HERB BROOKS NATIONAL HOCKEY CENTER:

The Herb Brooks National Hockey Center is home to Husky hockey and opened its doors in December of 1989. Its features include two Olympic size sheets of ice measuring 200' by 100'. The main rink has a seating capacity for 5,159 fans. The arena underwent major renovation recently and is now highlighted by a stunning atrium entrance on the southside of the building, a new concourse level with concession areas, pro shop and the classy Husky Den club room. The project also added in 14 new suites on the southside of the building along with enhancements to the SCSU locker rooms and athletic training operations. The renovations have added new player lounges, shower facilities, changing areas and custom built lockers to the Huskies' home facilities.

THE MAC: Baseball is played at the St. Cloud Municipal Athletic Complex, located at the west end of St. Cloud. The complex features two of the finest baseball fields in the state - Dick Putz Field and Joe Faber Field.

WEIGHT TRAINING: St. Cloud State athletes have access to two weight training rooms. Athletes can train in the well-equipped, spacious, free weight rooms in Halenbeck and the Brooks Center.

ATHLETIC TRAINING: St. Cloud State athletes have access to two athletic training rooms. Athletes can get treatment in the well-equipped, spacious, training rooms in Halenbeck and the Brooks Center.

GIVING BACK TO ST. CLOUD

HUSKY WRESTLING PROVIDES A HELPING HAND IN THE COMMUNITY AND ON CAMPUS

The St. Cloud State University wrestling program and the entire St. Cloud State University Athletic Department annually provides many hours of volunteer service for the St. Cloud area and the campus community.

Over the years, the St. Cloud State teams have participated in reading programs for local youths, providing a helping hand at the University's annual move-in day for students moving into the campus dormitories, Mississippi River clean-up, Make-A-Wish fundraisers, food drives and help with local emergency relief.

These are just a few examples of the many ways that St. Cloud State University Athletics give back to the community that surrounds and supports that in St. Cloud and on the campus at St. Cloud State University.
