## ACADEMICS & ATHLETICS

We provide two full days of activities that take you through all SUU has to offer.

Beginning at 9am on Friday your camp begins with academic presentations, financial aide information, campus tours, and lunch. We then transition to the soccer side with training sessions and a game to round out the day.

Saturday is a day of performance beginning with an athletic combine assessment at 9 am. Following the assessment we have a lunch break, then training, small-sided games and a full field scrimmage.

Stay that evening for a game versus the semi-professional WPSL team, Salt Lake United.
