

JAVELINA HIGHLIGHTS

TEXAS A&M-KINGSVILLE

VOLUME XXIII, NO. 57

KINGSVILLE, TEXAS 78363

JULY 5, 2023

1998 Football Celebrating 25th Anniversary This Fall

The Texas A&M-Kingsville 1998 football team will celebrate its 25th anniversary this fall.

The Javelinas had an 11-3 record, reached the NCAA Division II semifinal round, was the Lone Star Conference South Division champions and finished

No. 11 in the NCAA Division II national poll.

The Javelinas downed California-Davis, 54-21, in the first round of the playoffs, defeated Central Oklahoma, 24-21, in overtime in the quarterfinals and dropped a 49-34 decision to

eventual national champion Northwest Missouri in the semifinals.

The Javelinas had lost to Central Oklahoma, 38-9, in the regulation season before bouncing back for the win in the playoffs.

Offensive lineman Cliff Clemons and defensive back Cedric Johnson were Association Press Little All-America first team honorees.

Johnson was on the American Football Coaches Association, NCAA Division II and Football Gazette All-America first teams.

Defensive back Matt Hickl

was on the all-region academic team and the LSC Commissioner's Honor Roll.

C. Johnson was the LSC defensive back of the year and linebacker Kiah Johnson was the LSC freshman of the year.

Palmer made the region and conference al-academic rosters and the LSC Commissioner's Honor Roll.

Rose was also on the Commissioner's Honor Roll.

Tight end Randy Palmer was Successful Farming Magazine All-America first team.

All-region honorees were

(Continued on Page 3)

Delancy Named Academic All-America First Team

Texas A&M-Kingsville track and field athlete Danree Delancy has been named to the NCAA Division II All-America first team named by the College Sports Communicators.

He has maintained a 4.0 grade point average while working on his master's degree in biology.

Delancy, grad student from Bethel Town, Jamaica, had been All-America second team last year.

He is the only Lone Star Conference player on the first unit.

Delancy has been outstanding on the field and in the classroom.

He was an All-American after throwing the shot 56-9.50 at the NCAA Division II Championships.

He won the gold medal in the shot put at the Lone Star Conference Championships.

Delancy was named the LSC indoor track and field academic athlete of the year.

Slow pitch softball was one of the sports when the Javelina women's intercollegiate program was started in 1968. This will be the 55th anniversary of the establishment of the program. The current fast pitch softball intercollegiate program was started in 1997.

Danree Delancy

Javelina Hash

By Fred Nuesch, Coordinator of Athletic External Affairs

THIS FALL WILL be the 55th anniversary of the Javelina women's intercollegiate athletic program.

In the fall of 1968, several of the health and physical education instructors met and decided to start the program.

There were only a few sports in the beginning and there were few women's college programs with teams, making the scheduling difficult.

Del Mar, Laredo College, TCU, Texas-El Paso, and Temple Junior College were some of the schools with women's sports.

The Javelinas were members of the Texas Association of Intercollegiate Athletics for Women and the national Association of Intercollegiate Athletics for Women.

From the beginning, the Javelinas were successful.

Some of the uniforms in the first years were the solid white uniforms worn in physical education classes.

I can't remember all of the sports offered but I know there were basketball, badminton, volleyball and slow pitch softball. I think track and field came a few years after the start.

Betty Brewer was head of the women's programs and coached, as well as teaching in the health and physical education department.

The NCAA, NAIA and Lone Star Conference didn't offer championships for the women in 1968.

THIS COLUMN USUALLY covers the Javelinas, Lone Star Conference schools and NCAA Division II teams. But I found this interesting since it involves some of the schools that have aspired to being Division I.

The Division I council introduced legislative proposals that would change membership requirements for Football Bowl Subdivision (Division I) schools.

If adopted, all FBS schools would be required to provide 90 percent of the total number of allowable scholarships over a two-year rolling period across at least 16 sports, including football. Schools also would be required to offer at least 210 scholarships each year, amounting to no less than \$6 million in athletic scholarships offered.

For existing FBS members and for schools already transitioning to FBS membership, this would take effect Aug. 1, 2027.

Moving forward, for schools applying to transition to FBS beginning in 2024-25 and thereafter, the requirements would have to be met by the end of the two-year transition process.

The Council also introduced new legislation that would increase the fee to transition from FCS (Division I-AA in football) to FSC from \$5,000 to \$5 million. The change would be effective immediately for schools initiating the transition process from that point forward. The fee would be reassessed regularly.

This may make the schools thinking about moving from Division II to Division I and from Division I-AA in football to Division I to think twice.

THE MID-AMERICA Intercollegiate Athletics Association commissioner has said that the league's membership is committed

to an open football schedule with a divisional structure that will provide at least one non-conference game per year.

There are currently 11 football-playing schools in the MIAA but it is committed to expanding.

The commissioner says the membership is set for 14 total for the 2024-25 season with the addition of former Lone Star Conference member Arkansas-Fort Smith.

THE 2023 NCAA Division II men's basketball championship game between Nova Southeastern (Fla.) and West Liberty (W. Va.) on CBS-TV drew 998,000 viewers and the 2022 Division II football championship between Ferris (Mich.) State and Colorado Mines drew 151,000 viewers on ESPN U, placing them eighth and 18th most-watched championship games across all NCAA divisions.

THE NFL'S ATTEMPT to gain support in Mexico continues. A "Clasico Regio" featuring a game between Monterrey Tech and the University of Nuevo Leon, has been scheduled for Sept. 8 in NRG Stadium, home of the Houston Texans in Houston.

The game has been set by the Texans and NFL Mexico.

The Texans are one of nine NFL teams granted access to market in Mexico.

The NFL has also stated that every NFL team must play an international game at least once every eight seasons.

The Javelinas have been pioneers in international play.

As early as 1937, the Javelina football team has played teams from Mexico, and in Mexico.

The Javelinas have played Monterrey Tech several times, the latest being in 2013 in the Lone Star Conference Football Festival in Cowboys Stadium in Arlington.

The Javelinas have played games in Austria, Canada, France and Germany.

There may not be another college or NFL team that has had international games in four countries.

When the Javelinas played in Europe in 1976, they, along with Henderson (Ark.) State, became the first U.S. football teams to play there.

The Javelina games have been in the Olympic Stadium in Berlin, Germany, where Jesse Owens had his great Olympic performances, and in Olympic stadiums in Vienna, Austria, and Paris, France.

LONE STAR CONFERENCE notes:

...Oklahoma Christian will transition women's bowling from club status to an intercollegiate sport beginning this fall.

...Former Eastern New Mexico basketball and volleyball player Jennifer Goble-Poyer has been selected for induction into the New Mexico Sports Hall of Fame as a part of the 2023 class.

She is the first Eastern athlete to be selected for induction.

NCAA DIVISION II notes:

1998 Football Celebrating Anniversary

(Continued from Page 1)

Clemens, offensive lineman Roberto Garza, running back John Humphrey, Johnson and offensive lineman Richard Rose.

On the All-LSC first team were quarterback Terrance Bennett, offensive lineman Jeff Chase, Clemens, Garza, Johnson, offensive lineman Nick O'Brien and defensive lineman Lane Tobola.

Palmer and Tobola were elected team captains.

Ron Harms was head coach of the team and assistant coaches were Chris Ballard, Richard Cundiff, Joe Harms and Don Pittman.

Graduate and student assistant coaches were George Coleman, Keithen DeGrate, Lee Hays, James Jefferson, David Montano, Ronnie Perez, Mike Spheeris, Jason Taylor and Matt Witter.

... West Georgia has added two new members to its football coaching staff.

Tremaine Tyler-Frazier will coach the defensive backs and Michael Summers will coach the wide receivers.

Frazier has coached at Tuskegee (Ala.) and Coastal Carolina. He was a four-year letterman at the University of South Carolina. Summer has been a high school coach.

He played at Georgia Tech.

The Javelinas will host West Georgia Sept. 9 in the home opener.

Javelina trainer Willie Gibson, left, and football players St. Leger, center, and Kent Allee tour Vienna, Austria, when the team was in the city for an exhibition game in 1976. The Javelinas also had exhibition games in Germany and France on the three-week tour. The Javelinas and their opponent, Henderson (Ark.) State, were the first American college football teams to play in Europe.

Page 4

Jayden Estelle wears his Javelina gold among the gray and black worn by the University of North Texas players in Denton. Jayden is the son of former Javelina head men's basketball coach Johnny Estelle, now an assistant men's coach at the University of North Texas. Once a Javelina, always a Javelina!

Two Former Javelina Athletes Receive Javelina Alumni Association Honors

Two former Texas A&I and Texas A&M-Kingsville athletes have been named honorees by the Javelina Alumni Association. They will be recognized at homecoming this fall.

Retired U.S. Col. Henry Hodge is a 2023 Distinguished Alumni honoree and Santia Deck is a Rising Star honoree.

Hodge, a graduate in 1968, was a basketball player for the Javelinas in the late 1960s.

A Kingsville native, he was commissioned an armor second lieutenant in the U.S. Army and was in the military 30 years.

He served in numerous leadership positions. He was Deputy Director of Equal Opportunity for the Department of Defense, Chief of Staff at the U.S. Army Armor Center in Fort Knox, was selected by the Army Chief of Staff to be a representative to the Royal College of Defense Studies in England and Chief of the Joint Doctrine Division where he developed doctrine for the chairman of the Joint Chiefs of Staff on issues of significance to U.S. national security.

He has received the Legion of Merit, Bronze Star Medal, Defense Meritorious Service Medal, four Meritorious Service Medals, two Army Commendation Medals, Army Achievement Medal, Office of the Secretary of Defense Identification Badge, Army Staff Identification Badge and Senior Parachutist Badge.

After retirement from the Army, he worked with the Department of Defense Commission as a military advisor from 1998-2000 and from 2000-2010, he went with Northrop Grumman as a contractor with supporting the Department of Defense, Health Affairs, Force Health Protection and Readiness Program.

Deck was a member of the Javelina track and field team in 2011-14.

She is a professional female football player and social media influencer with more than 700,000 engaged followers.

She has become the highest paid woman to play professional

football with a multi-million dollar deal with the Women's Football League Association.

Deck, from Alpharetta, Ga., is a published author, a fitness model, TV personality, social media consultant, public speaker and a TV host.

She also maintains a fitness trainer certification and offers a variety of services to celebrity clients and her online supporters.

Most recently, Deck became a successful CEO with the creation of TRONUS, a footwear brand that was launched in 2020.

The Distinguished Alumni

Award is presented to alumni who have demonstrated long-time and successful commitment to their careers and communities and have brought special honor to the university because of their accomplishments.

The Rising Star Award recognizes graduates of the university who have experienced professional success and who are within 15 years of their graduate from TAMUK.

The honorees will be recognized at a ceremony during homecoming week Oct. 13-14. A dinner and program honoring the individuals will be open to the public.

Santia Deck

Henry Hodge
