NOTE: All times should be FAT, NOT hand times!

Simply achieving the above standards does not guarantee an individual an athletic scholarship or a roster spot. There are many variables that have to be considered, including academics, scholarship availability and the current needs of the team. Scholarships can range in value from 1% - 100%. The NCAA places maximums on scholarship, for women it is 18.0 and men 12.6. Competition for scholarships includes NCAA-eligible graduating high school seniors, junior college graduates, transfers, international students and current members of the Trojan team.
