## WHY GOLDEN HURRICANE?

Enter the name Howard Acher as the Tulsa head coach in 1922. When he took over the position, Acher saw great potential in his team and wanted to publicize it by creating a new identity with a new nickname. Sports writers and others had called the school by any number of names from the Presbyterians to the Orange and Black, to the Kendallites.

After an opening day win against a strong Texas Christian University team in 1922, Acher put his mind to work. The press had claimed that the Kendall football team blew through its opponents like a tornado. So, it figured that Tornadoes, would be the nickname with "golden" added to identify the color of the uniforms. However, it was later found that Georgia Tech had claimed that name, so from tornado it was evolved meteorologically to a hurricane. Thus the squad voted, and the name "Golden Hurricane" became the new team moniker with the gold added because of the jersey color.

TU lived up to its nickname as the Golden Hurricane blew through the Texas A&M defense in the next game with pass after pass from quarterback Rex Thomas. TU won its first game as the Golden Hurricane by a score of 13-10.
