BOBCAT SOFTBALL STADIUM

In the summer of 2018, Bobcat Softball Stadium underwent massive renovations to the playing surface, dugouts and videoboard. The natural grass surface was removed and replaced with state-of-the-art Field Turf Classic HD 2'. Both home and visitor dugouts were expanded and a restroom was added to the visiting dugout. The videoboard was swapped with one from Bobcat Stadium (football), renovated in the same year.

Construction on the multi-million dollar home of Texas State softball began on Tuesday, September 30, 2008 and finished with a sell-out home crowd of 1,353 as the Bobcats beat then No. 19 Texas A&M by a score of 3-2 on February 18, 2009.

The softball stadium houses seating for 1,000 patrons, including 267 premium chair backs largely covered by a cantilever roof. General admission seats feature improved bench back metal bleachers placed directly behind the visiting and home team dugouts. The stadium has two luxury suites with up to 12 seats each.

The press box includes individual broadcast booths with wireless internet capabilities and an expanded workspace for media outlets. Fans entering the stadium are greeted with a ticket services center, modern restrooms and expanded team merchandise sales area. An open plaza with grassy knolls and picnic areas for public use are located between the softball stadium and baseball stadium to provide a fan-friendly atmosphere.

Renovations extend to the field with transformation of both home and visitor dugouts into recessed areas for both teams complete with a restroom available in the home dugout. Covered batting cages, updated netting and backstop add to the enhanced facility.

Since the Bobcat Softball Stadium opened in 2009, Texas State has a 261-131 overall record at home.

BOBCAT SOFTBALL STADIUM ATTENDANCE RECORDS

NO.	ATT.	DATE	OPPONENT	RESULT
