UC IRVINE AT SAN DIEGO POSTGAME QUOTES

JENNY CRAIG PAVILION // SAN DIEGO, CALIF.

DECEMBER 20, 2020

UC IRVINE HEAD COACH TAMARA INOUE

On playing back-to-back games this weekend:

"We scheduled this weekend to get prepared and see what it's going to be like during conference. They were good games to get against two good teams so there's a lot to learn from this weekend."

On the team's third quarter struggles:

"We just quit and didn't do anything we talked about at halftime. We allowed them to continue to go after us. There were just a lot of heads down. I know we have some players out after yesterday, but it's everyone's opportunity to step up and come out to play. I was a little disappointed in that and in our effort because normally our effort is really good."

On the effect of yesterday's win on the team's mentality:

"After yesterday's win we should have been more confident than we were today. I'm not sure how that didn't translate. We just have to be better and be focused. I know they're tired and we ask a lot from some of them to play heavy minutes, but that's how it's going to be all season."
