UC SAN DIEGO QUOTES [GAME 5]

BRAD KREUTZKAMP, UCSD Head Coach

Opening statement

"I think the highlight of what we did was in 6-on-5. When you go 9-for-11 in 6-on-5 opportunities, it's not so bad. We've worked on that all year, and a big part of that was [Alexis Wieseler] who let that cannon fly, today, and did a good job of beating [Jillian] Yocum in the cage for UCI."

On how his team will prepare for the last game of the season

"We've been in this tournament a few times now, and when we come in, we know that there's three games regardless of whether you win or lose and we come in prepared to play all three games. Whoever we play tomorrow, whether it's ASU or Indiana, we'll be prepared. We'll want it just as much as we wanted that first game."

ALEXIS WIESELER, So.

On what she hopes to do in tomorrow's final game

"I think I'd like to improve my own play on defense and to communicate more with my teammates on how we'd like to work out specific defenses that we're trying to run. Otherwise, I have been really proud of how my team has been playing and I really love where we're at."
