UC SAN DIEGO QUOTES

BRAD KREUTZKAMP, UCSD Head Coach

Opening statement

"I was really proud of our team today. I thought we played a really up-tempo, tough, gritty game. I asked the girls to give us everything they had and they did. I was really happy with that effort."

On UCSD's 6-on-5 opportunities

"I was really happy with our 6-on-5 today. There's no question that UCLA's defense is one of their biggest strengths. We needed to go 6-on-5. I'm not sure what our stats were, but I was happy with our performance."

On what his team needs to do to get a win tomorrow

"I think if we give the same effort we gave today, we don't need to worry about anything. UCLA is a great team, and I think if we do the same things we did today, we'll be fine."

SARAH LIZOTTE, Sr.

On scoring three straight goals in the quarter

"When you score goals that quick, it's exciting. I think in the beginning, we didn't play very relaxed. That was our biggest challenge. You can't play tense. In the third quarter, we broke through a little bit and played more relaxed, and I think we kept that going through the third and the fourth quarters and that brought our tempo up."
