**Kansas Head Coach Bill Self:**

*On the late comeback...*

"What a game. We told them before the game you might as well enjoy it because it is going to be a grind, and you know we missed so many layups early, I think we missed 7 layups in the first half is what our staff counted. Instead of being up eight or 10, we were up three. We were fortunate they didn't shoot it well from behind the arc at all. We actually did a good job at that. We couldn't guard Sherfield and we couldn't guard Milos. Those two guys were the two best players in the game for them. They were so competitive. We were so bad. We are up three at halftime and Jalen [Wilson] had how many, 3 or 4, Gradey [Dick] had 3, Kevin [McCullar Jr.] maybe had 4 or something like that. Zach gave us 10 points which was great, but KJ [Adams Jr.] once again, KJ gets 22 on 13 shots and just played lights out. We made every play down the stretch even when we didn't score or it was a layup or something that didn't just go in. We just made every play down the stretch. It was an unbelievable win."
