ABOUT THE CLASS OF 2021

Associate head coach Sara Reichenbach explains what stands out about each of the six newest members of the Black Bears.

On **Ali Beltz**: "Ali encompasses the full package. She can score, she has size, she has speed, she has relentless effort and is an amazing teammate."

"She has all the tools to excel at this level and combined with her attitude her ceiling is limitless. We are excited to help develop such a talented player and we look forward to being around her daily."

On **Ally Johnson**: "Ally has speed, strength, grit, can shoot and battles. She has a pure love for the game and for executing what is required to have success. She will be a great addition and we are excited to work with such a passionate and determined player."

"It's nice to know you are bringing a player in that will have an impact on the ice, but knowing for sure that her impact will be just as much off-ice is always exciting as a staff."

On **Liga Miljone**: "Liga is a dynamic player that is a blast to watch. She has speed and skill and battles. Although, she is smaller in size she packs a punch, with her strength and competitiveness level she does not shy away from anything or anyone."

"She will challenge her teammates in practice and push the pace. It will be exciting to see her in practice each and help her grow her game."

On **Nicole Pateman**: "Nicole will certainly be a physical presence on the ice for us next season. She has size, but also the speed to go with it. When she starts going up ice it is hard to stop her."

"Her ability to skate with the puck and make great passes will add a great amount to our style of play. We are excited to work with her and take her game to a new level."

On **Ida Press**: "Ida is the kind of player that relaxes everyone around her with her calm and confident demeanor. She is smooth skater, patient with the puck, has great vision and has a great shot."

"Her ability to make plays under pressure, which will help her have success here as teams tend pressure us a lot. We are looking forward to continuing her development her game here."

On **Celine Tedenby**: "Celine is a player that will add a lot of skill and offense to our line-up. She created many opportunities in the offense zone and has a great shot. She has the speed and skill needed to have success at our level. We are excited to welcome her to Orono in the fall."

COACHES & STAFF

RICHARD REICHENBACH

HEAD COACH

- Eighth season at UMaine
- Hamilton '06
- Promoted to Head Coach in 2013-14 season

Richard Reichenbach enters his sixth full season as the head coach of the Black Bears in 2018-19 and eighth overall at Maine.

Beginning in the 2010-11 season, Reichenbach served as an assistant coach and recruiting coordinator for the Black Bears before taking over as co-head coach during the 2013-14 season.

In 2017-18, Reichenbach led the Black Bears to 19-14-5 wins overall for the most single-season wins in program history. With an 11-9-4 Hockey East record, the team earned its first playoff appearance in program history. The Black Bears went on to capture their first playoff game and series win against Boston University in February 2018.

The success of the 2017-18 Maine squad earned Reichenbach the 2018 Women's Hockey East Coach of the Year as well as the New England Hockey Writers Division I Coach of the Year.

In the 2015-16 season, Reichenbach helped Meghan Treacy finish her career with the second most games played as a Maine goalie (99) and the second most career saves (2,848), along with playing 33 games in the single season, a new Maine record. Reichenbach also coached Audra Richards to finish fifth overall in Maine history for career goals (45) and a new record for games played as a Black Bear (132).

Also in the 2015-16 season, Reichenbach's Black Bears ranked fourth in the conference in goals allowed, fourth in the conference in penalty-kill percentage, and fourth in conference in defensive goals per game.

Reichenbach came to UMaine in 2010 from Cortland State, where he was responsible for recruiting and organizing team travel, practices and video breakdown. He also worked primarily with the defensemen.

Reichenbach, a native of Baldwinsville, New York, is a 2006 graduate of Hamilton College in Clinton, New York. He played hockey and lacrosse for the Continentals for four years and was coached by legendary coach Phil Grady while playing hockey at Hamilton. He captained the team his senior season.

Following graduation, he played a year of professional hockey with the Richmond Renegades of the SPHL. He then worked as a hockey specialist and Bluestreak Sports Training in Stamford, Connecticut where he trained numerous elite athletes who played in the NHL, Olympics, Division I and III hockey.

Reichenbach earned his master's degree in sports management from Cortland State.

SARA REICHENBACH

ASSISTANT COACH

- Sixth season at UMaine
- St. Lawrence '04

Sara Reichenbach is in her seventh year as an assistant coach at Maine for the 2018-19 season. Her first stint at Maine was as an assistant coach from 2007-08 to 2008-09 when she served as the recruiting coordinator and assisted in all coaching responsibilities, including player development and on-ice systems.

The native of Aylmer, Quebec spent three years as the assistant coach at Dartmouth College, working with the forwards, planning trips and events, video breakdown for team and opponents, and assisted in recruiting efforts.

Reichenbach returned to Maine as a volunteer assistant coach for the 2012-13 season before returning full-time for the 2013-14 season, when she acted as the co-head coach.

Prior to Maine, Reichenbach was a volunteer assistant at Mercyhurst and earned her masters in Organizational Leadership.

Before her coaching start at the NCAA level, Reichenbach coached one season at the North American Hockey Academy in Stowe, Vermont, where she helped mentor and develop young players to get them ready for the college level.

Her USA playing career began at Hebron Academy in Maine, playing two seasons for the 'Jacks where she would take on captain responsibilities for both years. She also led Hebron to the New England Prep School Athletic Conference Championship in 1999.

Following her prep school career, she played four years at St. Lawrence University and helped lead the Saints to four ECAC Hockey Tournaments, two NCAA Frozen Fours and was a four-time member of the ECAC Hockey All-Academic Squad. Reichenbach (then Simard) graduated from St. Lawrence in 2004 with a Bachelors Degree in Science.

Following her playing career at St. Lawrence University, Simard played one year of professional hockey with Lugano and earned a tryout with the Swiss National Team during her stint in Lugano, Switzerland.

EMILY BRUNS

ASSISTANT COACH

- First season at UMaine
- Columbia College '15

Bruns, who was hired in the summer of 2018, came to Orono after having been a part of the Chicago Blackhawks fan development team from 2015-2017. Bruns was an active part of her community in Chicago, including the head coach of G.O.A.L. (Get Out and Learn), which introduced street hockey fundamentals across over 80 schools. She also assisted in many events put on by the Blackhawks, including training camps and events held by the team.

Having earned her bachelor's in Management and a minor in photography from Columbia College in 2015, she has since coached for multiple levels of hockey in the Chicago area. Most recently, she was the assistant coach of the Edina Hockey Association – Girls U15 team. She is the granddaughter of UMaine Sports Hall of Famer Grant Standbrook.

TREY FLESCH

ASSISTANT COACH

- First season at UMaine
- Lindenwood '16, '18

Flesch came to Orono in 2018 after serving as a graduate assistant coach for the Lindenwood University men's hockey team. While at Lindenwood, he helped the ACHA D1 level school in all aspects including recruiting, practice planning, game day operations, along with travel.

Earning both his master's and bachelor's degree from Lindenwood, Flesch graduated with a bachelor's degree in educational studies with minors in coaching and social studies in 2016 and acquired a master's in K-12 autism and spectrum disorders in 2018. As a goaltender, Flesch, led the Lions to a national championship in 2016 and has helped Lindenwood to the postseason every season as a player and coach.

TIM CONSER

DIRECTOR OF HOCKEY OPERATIONS

- Second season at UMaine
- Arizona State '17

Conser joined the Black Bears staff in August 2017. He previously served as a hockey operations intern with the NHL's Arizona Coyotes. While working for the Coyotes, he clipped game film for players to review after games, recorded data for analytical purposes and helped clip film of potential NHL draft prospects.

Conser graduated from Arizona State University in 2017 with a bachelor's degree in Business and Applied Business Data Analytics and was also a member of the club hockey team.

TEAM HISTORY

1998-99 team photo, the second year in DI

Maine women's ice hockey is celebrating its 21st season as a program. Rising from club to Division I in the fall of 1998, the Black Bears have always competed at the highest levels of women's hockey. The program was first affiliated with ECAC Hockey until 2001-02, when they switched to the newly formed Women's Hockey East where they remain today.

In the first season of the program, Maine put up an impressive 12-6-2 overall record. The Black Bears most recent season was the best in program history, with a 19-14-5 overall record and an 11-9-4 Hockey East record. The team earned its first playoff appearance in program history. The Black Bears went on to capture their first playoff game and series win against Boston University in February 2018.

President Joan Ferrini-Mundy

Dr. Joan Ferrini-Mundy is the president of the University of Maine and the University of Maine at Machias. Prior to joining the UMaine and UMM communities July 1, 2018, she was the chief operating officer (COO) of the National Science Foundation (NSF).

As COO beginning in June 2017, Ferrini-Mundy was responsible for the day-to-day oversight of several operations offices that report to the NSF Office of the Director. She represented NSF on the President's Management Council and co-chaired the National Science and Technology Council's Federal Coordination in Science, Technology, Engineering and Mathematics (STEM) Education Task Force.

Ferrini-Mundy served as an ex officio member of President Bush's National Mathematics Advisory Panel and co-chaired its Instructional Practices Task Group. From 2011–16 Ferrini-Mundy led the NSF Directorate for Education and Human Resources (EHR), overseeing an \$850 million budget for competitive grants for the improvement of U.S. STEM education.

She joined NSF in 2007 as the inaugural director for the Division of Research on Learning in Formal and Informal Settings in EHR, while a faculty member at Michigan State University (MSU) under the Intergovernmental Personnel Act.

Ferrini-Mundy was a member of the faculty of MSU from 1999–2010, where she served as Associate Dean for Science and Mathematics Education in the College of Natural Science, Director of the Division of Science and Mathematics Education, and as a professor of mathematics in the College of Natural Science and a professor of teacher education in the College of Education.

After receiving her Ph.D. in mathematics education from the University of New Hampshire (UNH) Department of Mathematics in 1980, Ferrini-Mundy spent two years as a postdoctoral associate there, and one year in the Department of Mathematics at Mount Holyoke College, where she co-founded the SummerMath for Teachers program. She returned to UNH in 1983 as an assistant professor of mathematics, rising to the rank of full professor in 1994.

Ferrini-Mundy is an author or co-author of more than 100 publications and reports and has received numerous awards and recognitions. Among those are the Distinguished Executive Presidential Rank Award for the U.S. Senior Executive Service, election as a Fellow of the American Mathematical Society and the American Association for the Advancement of Science, selection as a University Distinguished Professor at MSU, the UNH Excellence in Public Service Award, and the UNH Distinguished Teaching Award.

University of Maine

Director of Athletics Ken Ralph

Ken Ralph serves as the Director of Athletics at the University of Maine. Before joining the UMaine community on Sept. 1, 2018, Ralph was the Director of Athletics at Colorado College.

Ralph, a native of Salem, New Hampshire, spent 11 years as the Director of Athletics at Colorado College. At CC, he oversaw a department of 51 professionals and a \$10 million budget.

During the 2017–18 season, CC teams experienced significant success. The volleyball team earned its first-ever national No. 1 ranking, the men's lacrosse team reached its sixth straight NCAA tournament, and the women's lacrosse program reached the NCAA Tournament Round of 16 for the second straight year.

Prior to Colorado College, Ralph served as the Director of Athletics at Rensselaer Polytechnic Institute (RPI) from 2002–07. There, Ralph helmed a department with 23 sports, more than 600 varsity athletes and Division I hockey teams in the ECAC Hockey Conference. Prior to moving into administration full-time, Ralph coached swimming at the college level for 12 seasons.

Ralph has earned a reputation as a leader in the areas of concept, design and fundraising for athletic facilities. Among his projects are the newly announced \$39 million Robson Arena project, and the \$27 million refurbishment and expansion of the El Pomar Sports Center, both at Colorado College, and the initial design, planning and fundraising for the \$92 million East Campus Athletic Village at RPI.

During his tenure, Colorado College has received a dozen gifts of at least \$1 million each in support of athletics, with a top gift of \$9 million for the Robson Arena project. Beyond capital projects, Colorado College has seen sponsorship dollars rise to record levels.

Ralph earned his undergraduate degree in political science at the University of Alaska-Anchorage, where he was recognized as an All-American in swimming in 1989 and 1990. He earned a master's degree in sports management studies from California University of Pennsylvania.

We Are UMaine

We are the University of Maine, home to more than 11,000 students from across the U.S. and more than 70 countries. We've been around for 153 years and are the flagship university in the state of Maine. Here is some of what we are known for:

- Research: UMaine is ranked as a top research university by the National Science Foundation; we have 16 Research Centers and Institutes
- Commitment to Natural Resources: As both a land grant and sea grant institution, we work with the government and other partners on research, education and conservation

Learning and Living at UMaine

World-class academics to set you up for career success.

- Learn from premier professors — leading researchers, scholars and experts in their fields.
- Study in state-of-the-art labs with the latest technology and resources.
- Be in a classroom where your voice is heard — with a 16:1 student-to-faculty ratio.
- Participate in cutting-edge research as an undergraduate.
- Study abroad, choosing from 700 programs on six continents and still graduate in four years.
- Become one of our 109,000 alumni — leaders in industry, business, government, the sciences, social services, the arts, athletics and more.

UMaine Overview

The University of Maine was established in Orono in 1865 under the provisions of the Morrill Act. As Maine's land grant and sea grant institution with a statewide mission of teaching, research and community engagement, the university extends the resources of its learning community to address the educational, economic, cultural and social needs of Maine.

UMaine provides a high-quality, affordable education that utilizes practices grounded in how people best learn. The university conducts research and scholarship that are critically evaluated within the disciplines, and often lead to national and international recognition. In its economic development initiatives and outreach, UMaine is connected to and supportive of the people and the enterprises of the state. As part of the UMaine experience, students are involved in real-world enterprises that inform their academic work and provide growth opportunities.

The university has seven Signature Areas of Excellence in education and research — forestry and the environment, marine sciences, STEM education, climate change, advanced materials for infrastructure and energy, College of Engineering and Honors College. UMaine's Emerging Areas of Excellence focus on the Graduate School of Biomedical Science and Engineering, Northeastern Americas humanities, data science and engineering, sustainability solutions and technologies, aging research and finance education.

UMaine is one of the nation's major public institutions of higher education, and the state's center for research and graduate education. Maine's flagship university enrolls more than 11,000 undergraduate and graduate students from across the U.S. and more than 70 countries. The University of Maine offers 35 doctoral degrees, 85 master's degrees, and more than 90 undergraduate majors and academic programs. The research and scholarship of UMaine faculty members and graduate students greatly enrich the undergraduate

experience. As a research university, UMaine offers undergraduates opportunities to be active participants in research, working with the university's world-class scholars.

The university has the state's largest mix of nationally and internationally recognized faculty, researchers and scholars, representing some of the most respected minds in their fields. Among the state's public universities, UMaine awards 40 percent of all four-year degrees, 44 percent of all master's degrees, and 92 percent of Maine's Ph.D.s and Ed.D.s. This past year, more than 1,900 students graduated from UMaine, joining approximately 109,000 alumni.

The University of Maine has the Maine Business School and five colleges — College of Engineering; College of Natural Sciences, Forestry, and Agriculture; College of Education and Human Development; and College of Liberal Arts and Sciences. UMaine's Honors College offers one of the oldest honors programs in the country.

The university's commitment to lifelong learning goes beyond its academic degree programs to include its statewide outreach through University of Maine Cooperative Extension and other public service programs and departments, its involvement in public schools, and its accessibility through continuing education opportunities.

The University of Maine conducts nationally and internationally recognized research, and is in partnership with the private and public sectors to stimulate and support the state's economic growth and development. The university makes an impact on Maine's quality of life through basic and applied research in venues from the Gulf of Maine and Maine's forestlands to the high-tech laboratories. The university also is the home of Maine's largest library and the Emera Astronomy Center, with the state's largest and most technologically advanced planetarium, and the second largest research observatory.

Black Bear Points of Pride

- UMaine has won two NCAA Division I National Championships in men's ice hockey in addition to 18 NCAA appearances and 11 Frozen Four appearances.
- Alfond Arena recognized as the college hockey rink with the "Best Atmosphere" by the Wall Street Journal (2011).

Speed, strength and conditioning

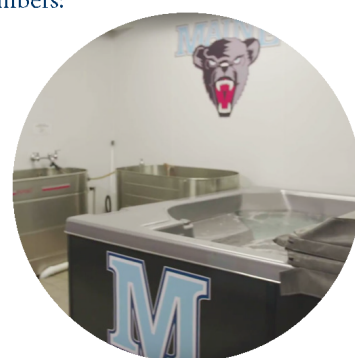

UMaine Speed, Strength and Conditioning is a performance-based program focused on achieving success in athletic events and maintaining an injury-free environment. Our philosophy includes developing a mentally and physically challenging training environment that will allow athletes to maximize their ability; increasing performance in athletic events; decreasing the risk of injury through the teaching of progressive strength and power development exercises; and identifying and correcting dysfunctional movement patterns. The fundamentals of an athlete are lower-body strength; lower-body power; core strength; ability to accelerate and decelerate; mobility; and balanced upper body (posterior/anterior).
