CHAD CRADOCK

HEAD COACH | 10TH SEASON
UMBC | 1997

When **Chad Cradock** took over at the helm of the UMBC swimming and diving teams in 2001, becoming only the second head coach in the program's 17-year history, he took over a program that was already one of UMBC's most successful in the school's Division I era.

As he enters his 10th season at UMBC, Cradock has raised the teams' stature even higher, earning nine consecutive men's conference titles and four women's crowns.

In UMBC's final two seasons in the Northeast Conference, Cradock led both the men's and women's teams to two league titles, and the men also won their fifth and sixth consecutive ECAC crowns. In 2002, Cradock coached UMBC's first NCAA qualifier in 13 years, Lindsey Prather. When UMBC joined the America East Conference in 2003, Cradock guided the Retrievers through a seamless transition, as both teams finished with school-best 12-1 records, and the men's squad dominated at the league championships, scoring a then-record 901 points to take the title, while the women placed second.

In 2004-05, the men finished 10-0, becoming UMBC's first-ever undefeated team, and captured another conference title by repeating as America East champions and breaking their own league record for points with 920.

The 2005-06 campaign proved to be record-breaking for the women's team, which posted a 9-1 dual meet mark, winning the first eight meets of the season, and shattered 11 school records. The Retrievers took seven gold medals and finished second at the America East Championships, just 54 points behind two-time conference titlist New Hampshire, a huge improvement from a year earlier when UMBC was a distant third, 252 points behind the Wildcats. And though the men were just 6-4 in dual meets, they captured their ninth straight conference crown and third in the America East.

Then in 2007, Cradock made history as his women's squad became the first women's team from UMBC to claim an America East title in any sport, while the men once again displayed their dominance, capturing their fourth straight America East championship.

In addition, Cradock earned his 100th career victory in the 2006-07 season, when the Retrievers defeated Binghamton on Nov. 4, and his success has not gone unnoticed. He and his staff have been awarded numerous honors over the last eight years, including 2001-02 Northeast Conference Women's Coach of the Year, ECAC Men's Coach of the Year in 2001-02 and 2002-03 and America East Men's Coaching Staff of the Year in 2003-04 and 2004-05.

In 2007-08, the men once again dominated at the America East Championships, winning with a score of 929, a new record for most points. Although the women lost the second-most dual meets in Cradock's career, they outpaced second-place Boston University by 56 points on their way to a second consecutive America East crown.

In 2008-09, the men came from behind to catch Boston University and win an unprecedented sixth consecutive America East championship. Despite a 4-7 dual meet record, the women finished second at the conference meet.

Last season marked the first year the Retriever men were not picked to win the America East, but they scored just 2.5 points less than their own conference record on their way to a 13th consecutive crown. The women, who were picked to finish well behind Boston U., finished just 84 points back in second, the fifth straight year they have finished second or higher.

Now entering his 10th season, Cradock holds an incredible 146-44-1 men's and

women's combined record, good for a .767 winning percentage. Cradock has been a part of 18 of 19 UMBC's league titles, as he served as an assistant coach for three seasons from 1997-2000.

A native of Barrie, Ontario, Cradock earned a bachelor's degree in psychology from UMBC in 1997 and was a four-year letter-winner for the Retriever swimming and diving program.

"I really enjoyed my experience as an athlete at UMBC," said Cradock, the recipient of UMBC's Matt Skalsky Outstanding Scholar-Athlete award as a senior. "The friends that I made here are friends that I'll have for a lifetime, and the whole school experience was a tremendous run for me. Being from Canada, it was a dream-come-true to swim at UMBC, since I always wanted to go to the States to compete. To be successful on top of it all was even more amazing."

While at UMBC, Cradock swam at the U.S. Open and was fifth in the 400-meter freestyle at the Canadian Olympic Trials in 1996. A mid-free and distance swimmer, he capped his senior season of 1997 by earning ECAC Swimmer of the Meet honors after winning the 200-, 500- and 1,650-yard freestyle events and breaking pool records in the 200 and 500 free to lead the Retrievers to a second-place finish. The previous season, he won both the 500 free and the mile at ECAC's.

Following his graduation, Cradock guided the UMBC Masters team to the 1998 YMCA short course national championship. Before arriving to coach the Masters team, Cradock was the assistant director at Camp Chikopi in Magnetawan, Ontario, where he coached alongside Olympic coaches. Cradock has also served as head coach of the Retriever Aquatic Club since 2000.

Cradock, who was inducted into the UMBC Athletic Hall of Fame in 2004, currently resides in Odenton, Md., with his wife Christie, their 7-year-old daughter Amanda and 4-year-old son Geoffrey, and their dog Riley.

COACHES

2010-11 UMBC SD

CHRIS GIBEAU

ASSISTANT COACH | 10TH SEASON
UMBC

Chris Gibeau returns for his seventh season and 10th overall as assistant coach at UMBC and senior coach of the Retriever Aquatic Club (RAC). In his past five years, Gibeau has coached swimmers who have achieved National Age Group Top 16 consideration, as well as Junior National, US Open and Senior National qualifiers and multiple NCAA "B" qualifying standards. In 2008, Gibeau's swimmers qualified and competed at the USA Swimming Olympic Trials held in Omaha NE.

Prior to his return to UMBC, Gibeau served a six year stint with the Monocacy Aquatic Club including two years as head age group coach and four as the team's head coach. While with MAC, several swimmers on his achieved NAG Top 16 consideration, and a number qualified for Junior Nationals and the U.S. Open as well. Under his guidance, MAC placed third in the inaugural Maryland Swimming LSC Championships in March 2003. In addition, Gibeau helped the MAC double in size during his tenure.

"Its good to be back at UMBC," Gibeau said upon his return in 2004. "This is where my coaching career began, and it is nice to return to where I have spent so many years." Gibeau swam for UMBC from 1989-93.

Before his time with MAC, Gibeau spent three years as an assistant coach at UMBC and as age group coach with the Retriever Aquatic Club, where he helped lay the foundation for the future success of the men's and women's swimming programs.

Gibeau spent nine years as a member of the Maryland Swimming Board of Directors, holding multiple positions during that time. He was selected as a Maryland Swimming All-Star Coach by his peers six years in a row, and served as Head All-Star Coach for the team that competed in Buffalo, N.Y. in the summer of 2004

An American Swim Coaches Association (ASCA) Level 4 achievement Lifetime Member, Gibeau currently resides in Baltimore, Md.

PETAR TRIFONOV

DIVING COACH | 2ND SEASON
NATIONAL SPORTS ACADEMY (BULGARIA)
1995

Petar Trifonov joined the Retrievers as the head diving coach in the summer of 2009. Trifonov has had a decorated diving career, winning more than 50 national championships in his native Bulgaria and culminating in an appearance in the 1992 Summer Olympics in Barcelona, Spain.

After he finished his competitive career, Trifonov became a recognized judge and coach. He judged the USA Diving National Championships from 2001-05, and was a judge at the 2008 FINA Junior Diving World Championships.

Trifonov's coaching career includes stints at the College of William and Mary and American University, and he was the head coach of the Montgomery Dive Club team in Rockville, Md., for eight years.

In addition to coaching at UMBC, Trifonov will be the head coach of the Retriever Dive Club, which will be geared for youth divers in the Baltimore area.

MIKE STAMBAUGH

ASSISTANT COACH | 1ST SEASON
UMBC

Mike Stambaugh was named assistant director of aquatics and assistant coach for the UMBC swimming and diving program in April 2010. He will also serve as the head age group coach for the Retriever Aquatic Club.

Stambaugh is an accomplished coach at the club and secondary levels with multiple swimmers achieving Junior National, US Open, and USS National qualifying times, as well as numerous All-State and All-American honors, Pennsylvania State champions, District III champions and Berks League Titles.

The Reading, Pa native's coaching experience includes a seven-year stint with Muhlenberg Swimming Association and Muhlenberg School District, including five years as the head age group coach, four years as the assistant head coach of Albright Aquatic Club and five as the assistant at Schuylkill Valley High School. In addition, he was also the head women's water polo coach for Muhlenberg High School for two years.

Stambaugh formerly held UMBC records in the 50 and 100 free, 100 and 200 back and a part in all five relays. His 50 time of 20.47 is still second all-time in school history. Before coming to Baltimore, he was a three-time high school All-State and All-American swimmer in the 50 free, 100 free and 100 back.

Stambaugh was nominated as a member of the Pennsylvania Berks County Swimming Hall of Fame in 2002 and has served on the Hall of Fame committee for the last four years.

Stambaugh and his wife, Rochelle, have three daughters, Jada, 8, Hanna, 7, and Lexi, 3.

SAM WILLIAMS
FACILITIES & OPERATIONS

LAUREN NICHOLSON
ACADEMIC ADVISOR

The year after the UMBC men's swimming and diving team won its sixth straight America East title in February 2009, something new happened for the first time since the streak began: UMBC was not picked to repeat as champions in 2010.

But the Retrievers took it in stride, breaking five school records en route to winning the 2010 league crown with 926.5 points, just 2.5 shy of their own conference record.

UMBC returns all but two swimmers from the championship team, and with eight newcomers all looking to make their mark, the Retrievers appear ready to challenge for their eighth straight America East title and 14th straight conference crown overall.

"We ended the year on such a high note last year, swimming and diving as well as we could have imagined," said head coach **Chad Cradock**. "We brought in some great young talent this year, and the competition to make the championship squad will be higher than ever. The intense training should benefit us at the end of the season."

SPRINT FREE

The Retrievers return their top three sprinters from a year ago, including senior **Eric Jones**, junior **Jason Mattingly** and sophomore **Steve Gallagher**. What Cradock likes the most about each of them is their ability to help out the team in more areas than just sprints.

"We have a diverse group of sprinters," the coach said. "In addition to the 50 and 100, Eric helped us out in the 200 free, Jason is strong in the sprint back, while Steve can be big for us in the sprint breast, so it really adds to the depth of our team."

Joining the trio in the sprint free is freshman **Evan Carey**, who can also help out in the mid-distance and sprint back events.

"Evan is an untapped talent and I'm excited to watch him progress in our program," Cradock said.

MID-DISTANCE FREE

Jones will look to defend his gold medal in the 200 free at the conference meet and will be joined in the middle distance ranks by a very talented group of returners and newcomers. Junior **Mark Garbowski**, sophomore **Herol Marjak**, senior **Keilan Freeman** and junior **Ben Wolbert** all scored in the 200 at the 2010 America East Championship, while Garbowski swam UMBC's fastest 500 free a year ago and finished sixth in the conference.

"We have a really strong mid-distance core returning, but we're looking for them to step up and develop even more this year," Cradock said.

The group will be reinforced by two international newcomers - sophomore transfer **Pierre De Waal** from South Africa and freshman **Johan Rohtla** from Estonia - who should immediately contend for a spot in the finals in both the 200 and 500 free. Joining them to add even more depth are junior **Evan Danz** and freshmen **Kevin Stang**, **Reed Neuendorf** and **Brian Keane**.

Also in the 500, senior **Mat Carson** and sophomore **Alex Moothart**, who finished seventh and ninth at last year's AEC's, will provide support along with juniors **Tim Deklau** and **Andrew Reid** and sophomores **Patrick Bryan** and **Dylan Kent**, who Cradock thinks may have a big year.

"(Bryan and Kent) have gotten adjusted to our training regiment, and they look ready to really take off this year," he said.

DISTANCE FREE

The distance group looks much like it did a year ago, with Moothart, who finished fourth in the mile at the conference meet, and Carson leading the pack, which will also include Bryan, Deklau, Kent and Reid. Cradock will also look to Garbowski, who finished seventh in the mile after not competing in a distance event since the season-opening meet against Bucknell.

"Mark really came through for us last year at the conference meet after not doing a whole lot of distance training," Cradock said.

BUTTERFLY

One of the greatest butterflyers in school history, senior **Brad Reitz** will attempt to become the fifth America East male swimmer to win an event four years in a row when he competes in the 200 fly at this year's conference meet. The school record-holder in the 200, Reitz will also look to reclaim the 100 fly, which he won as a freshman but has finished second the

past two seasons.

The Retrievers lose Zach Vonder Haar, who finished sixth in the 100 fly, to graduation, but sophomore **Sandy Haibel** and Wolbert, who finished fourth and seventh, respectively, both return, as do senior **Mitchell Donovan** and sophomores **Rico Bado** and **Preston Donovan** for both fly events.

Moothart, Stang and sophomore **Mike McGee** will add depth in the 200 fly, while De Waal also joins the ranks after finishing fifth in the 200 fly at the 2010 Horizon League Championships for Cleveland State.

"This was one of our strongest strokes last year, and we look forward to continued success in the butterfly this season," Cradock said. "Brad has been training really well, but with Pierre here, the competitiveness in practice every day is high, and that should breed even more success."

BACKSTROKE

The backstroke was one of UMBC's better strokes a year ago, the Retrievers have three returners from the 100 final at the 2010 conference meet in junior **Nour Saad**, Haibel and Mattingly, but have to replace the graduated Vonder Haar, who finished second. Saad also made the final in the 200 and will be joined by Carson and Freeman, who finished fifth and ninth, respectively, at last year's championships.

The backstrokers will be joined by Rohtla, who represented Estonia at the 2010 European Championships, in both events, as well as Carey in the 100.

"We have some very talented swimmers in the backstroke, and we're looking for this to become some of our stronger events," Cradock said.

BREASTSTROKE

The Retrievers have one of the biggest holes to fill in the breaststroke with the loss of **Matt Mattingly**, who graduated after claiming gold in the 100 and silver in the 200 and breaking the school record in both events at last season's AEC's.

UMBC will turn to junior **John Mendenhall**, who finished third in the 200 and fourth in the 100 a year ago, and senior **Phillip Novotny**, who made the finals of both events to help fill the gap.

"Losing Matt was a big loss," Cradock said, "but we're looking for John and Phillip to take a true leadership role this year."

Adding depth in the breaststroke events will be senior **Kregg Deery** and freshmen **Patrick Husson** and **Jesse Lohrer**. In addition, Gallagher will compete in the 100, while senior **Dan Weston-Dawkes** will help out in the 200.

INDIVIDUAL MEDLEY

Another strong area, Carson returns after setting the second-fastest time in the 400 IM and earning silver at the 2010 conference meet. Joining him are Weston-Dawkes, Mendenhall, Freeman and Novotny, who all scored in the 400.

In the 200, the school record holder Reitz returns, but the Retrievers will have to replace Matt Mattingly, who won the event at the 2010 AEC's. Weston-Dawkes and Marjak will look to fill the void, along with Deery, Lohrer McGee, and Reid.

DIVING

The impact of first-year diving coach **Petar Trifinov** was felt immediately at last year's conference meet, as freshman **Andrew Eckhoff** claimed silver in the 3-meter and fourth in the 1-meter. With another year under his belt, Eckhoff will set his sights on two podiums and possibly a gold at this year's championship.

He will be joined by junior **Joe Cabahug**, sophomore **Enrique Labourdeth** and freshman **Tim Perkins**.

"We have a good core of divers and we're looking forward to seeing them continue to flourish," Cradock said.

The Retrievers kick off the 2010-11 scoring meet schedule against Rider on Oct. 16. UMBC seeks its fifth consecutive George Mason Patriot Invitational crown Nov. 19-21, and the 2011 America East Championship will be held at the Germantown Indoor Swim Center in Boyds, Md., Feb. 17-20.

The UMBC women's swimming and diving team placed second at the 2010 America East Championships, but came close to reclaiming the title, finishing just 84 points behind champion Boston University.

To regain the crown, the Retrievers will have to replace seven graduates, including three school record holders. To counter-act the outgoing class, head coach **Chad Cradock** has brought in seven newcomers with diverse swimming backgrounds.

"We lost a lot of key contributors last year," the coach said, "but we have a great incoming class who will help us in different places and events. We're going to rely heavily on them, so they have to adapt to our training regime quickly."

SPRINT FREESTYLE

The Retrievers lose Sam Maccherola, a former school record holder in the 100-yard freestyle, to graduation, but return junior **Abbey McKenney**, who broke the UMBC record in the 50 and 100 free and claimed gold in the 100 free at the 2010 conference meet.

"Abbey has done everything she can to become an even better swimmer," Cradock said. "She trained extremely well over the summer, including competing at Nationals in August."

McKenney will be joined by senior **Erin Wohlers** and junior **Ashley Miller**, both of whom scored in the 50 and 100 free last year, senior **Danielle Cruz**, who has the fifth-fastest 50 time in school history, and junior **Ashley Sippel**, who claims the sixth-fastest 100 time.

"Our sprinters have grown so much that we're excited to see how they perform this year," the coach said.

Three freshmen, **Kali Dean**, **Klara Pavelkova** and **Erika Ronning**, can provide depth in the sprints.

MID-DISTANCE FREESTYLE

UMBC will look to fill the void left by Sam Maccherola, who finished first and second in the 200 and 500 free, respectively, at last year's AEC's. Returning is McKenney, who finished third in the 200, and senior **Rebecca Godwin**, who claimed bronze in the 500.

Other key returners will be senior **Sarah Ryan**, who scored in the 200, and sophomore **Amy Fay**, who scored in both the 200 and 500.

Newcomers who will look to step in and make an immediate impact will be sophomore transfer **Claire Barron** and freshmen **Sarah Delvaux**, **Patty Hallberg**, **Talor Tadena**, **Dean** and **Ronning**.

"Our newcomers have are very diverse and can swim many different strokes and events," Cradock said.

Juniors **Pink Kinanti** and **Sippel** and sophomores **Anna Plunkett** and **Katie Powlen** will also add depth.

DISTANCE FREESTYLE

The Retrievers' leading distance swimmer, Godwin, returns for her senior campaign after earning bronze in the 1,650 free at last year's conference meet in the second-fastest time in school history, but she will be pushed every day in practice by Delvaux, who claimed silver in the 800-meter freestyle at the 2009 Belgian Senior Championships.

They will be joined by Powlen and Fay, who posted the sixth and seventh-fastest mile times in school history in their final swims of the year, and Kinanti and Hallberg.

"With the addition of Sarah to what Rebecca has already accomplished and how Amy and Katie swam at the end of the season, it raises our distance group to a new level," the coach said.

BUTTERFLY

One of the strongest strokes a year ago, UMBC saw Jennifer Esposito, the school record holder in both the 100 and 200 fly, and Lindsay Sherman, a four-time medalist in the 200, finish their collegiate careers, but saw two Retrievers rise up to claim the top spots.

Ryan became just the third Retriever to break the 56-second mark in the 100 fly, claiming bronze at the AEC's in addition to finishing sixth in the 200, while sophomore **Tara Morrisette** finished fourth in the 200 in the sixth-fastest time in school history on her way to being named the Most Outstanding Rookie at the conference meet.

"Tara was exceptional at the conference meet and Sarah so hard throughout the year and it paid off at the end of the year," Cradock said.

In addition to Morrisette and Ryan, senior **Gaby Johnston** and juniors **Kathryn Moorby** and **Kelsey Fitzpatrick** will have an impact in the 100, sophomore **Jennifer Kotonias** qualified for the finals in the 200 and Kinanti and Plunkett will see time in both events. Tadena will add depth to the stroke.

BACKSTROKE

All four of UMBC's backstrokers from the championship squad, senior **Julie Cantwell** and juniors **Laura Tilman**, Fitzpatrick and Moorby, all return along with a trio of newcomers who could make an impact in the team.

Pavelkova comes to Baltimore after finishing seventh in the 50-meter back and ninth in the 100-meter back at the 2010 Czech Republic Winter Championships, while Dean and Hallberg will also look to make headlines.

"Our freshmen, especially Pavelkova, should end up being a real asset to our team," the coach said.

Sophomore **Elise Blaschke** will also add depth after posting the sixth-fastest time in the 100 back at the Maryland Invite.

BREASTSTROKE

Another area where graduation hit hard was the breaststroke, where school record holder Tina Cantwell and four-time medalist in the breaststroke Tereza Kaplanova have moved on. Johnston will look to fill the void, while sophomore transfer Barron, who scored in the breast events at the 2010 Sunbelt Conference Championships for New Orleans, will also look to make her mark.

"Claire brings a massive amount of potential and should be able to help fill Tina's shoes," Cradock said.

Julie Cantwell, Godwin and Blaschke will help provide a solid core, while Tadena should also become a force for the Retrievers in the breast events.

INDIVIDUAL MEDLEY

A year ago, Cradock said that the IM events could become one of the stronger areas for UMBC and he was certainly right. Morrisette claimed bronze in both the 200 and 400 IM, including a school record-breaking time in the 400, while Kotonias scored in both events.

"Tara and Jennifer were outstanding last year, and they have been tremendous in training so far, so we're looking for even success this year," the coach said.

In addition to the sophomore duo, Cantwell and Godwin made the finals of the 200 and 400, respectively. Add in Cruz in the 200 and newcomers Hallberg and Tadena and the IM area could once again be one of UMBC's strengths.

DIVING

The Retrievers return all four divers from last year, including senior **Amanda Shinholser** and sophomores **Jacquelyn Menchaca**, **Victoria Monetta** and **Carson Taylor**. Cradock is looking for them to improve day-by-day and will do so through Shinholser's leadership.

"Amanda has been very loyal to the program," the coach said. "She works as hard as she possibly can and pushes the others to strive to be the best they can be."

The Retrievers kick off the 2010-11 scoring meet schedule against Rider on Oct. 16. UMBC seeks its third George Mason Patriot Invitational crown in four years Nov. 19-21, and the 2011 America East Championship will be held at the Germantown Indoor Swim Center in Bojds, Md. Feb. 17-20.

WELCOME TO UMBC

UMBC is a place that values excellence and achievement. We are an exciting campus with a bold vision and entrepreneurial spirit. It is an amazing story that we have come so far so fast, in 43 years.

UMBC

UMBC's rapid development as a major research university is reflected in its classification in recent years as a Carnegie Research Extensive University. Only 151 (4%) of the nation's 3,500 colleges and universities have been included in this category.

For the second year in a row, *U.S. News & World Report America's Best Colleges Guide* named UMBC #1 in up-and-coming national universities, a list that includes Clemson University, Drexel University, Arizona State University, the University of California San Diego and Rice University. UMBC also is on a list of the top national universities "where the faculty has an unusual commitment to undergraduate teaching," a list that includes such schools as Princeton, Brown, Yale and Stanford universities.

The Princeton Review recently identified the campus as one of the nation's "Best Value" colleges and universities and ranked us second on its "Most Diverse Student Population List."

STUDENT ACHIEVEMENTS

- Two graduating seniors and an alumna were awarded 2010-11 Fulbright grants. In addition, two juniors were recipients of Barry M. Goldwater scholarships for the 2010-2011 academic year.
- Class of 2008 graduates received three of 100 Gates Cambridge Scholarships awarded worldwide for graduate study at Cambridge University.
- The Meyerhoff Scholarship Program is among the nation's leading producers of minority graduates in science and engineering who go on to earn their Ph.D. or M.D./Ph.D.
- Theatre students rank 3rd nationally in invitations to perform at the Kennedy Center American College Theatre Festival.
- The Biodiesel Club won the top prize in the MTV "Dream It, Do It Challenge," an international competition for the best environmental sustainability idea.
- The Chess team holds the national record for the most wins in the Pan American Intercollegiate Chess Championship, also known as the "World Series of College Chess."
- The Ethics Bowl team received first place at the 2008 Baltimore Area Ethics Bowl, marking the team's third win in two years.
- The Society of Automotive Engineers Mini Baja team is the number one team in the U.S., and regularly takes first place at competitions for cost-effectiveness.
- The Cyberwarfare team finished fourth at the Mid-Atlantic regional competition. Students involved in this competition tackle and solve concerted attacks launched by a team of cyber-professionals.

FACULTY RESEARCH AND SCHOLARSHIP

- UMBC ranks 2nd nationally in NASA university research grants and cooperative agreements.
- The Center for History Education has received seven \$1 million grants from the US. Department of Education's Teaching American History Grant Program to invigorate the teaching of history in Maryland elementary, middle and high schools.
- UMBC faculty rank 3rd nationally in *Science Watch* for citations of geoscience research.
- The National Endowment for the Humanities has awarded a \$400,000 grant to UMBC to help fund a Center for Art, Design and Visual Culture project "For All the World to See: Visual Culture and the Struggle for Civil Rights," a traveling exhibition curated by Maurice Berger, research professor.
- President Freeman A. Hrabowski, III, has been named one of "The 10 Best College Presidents" in the U.S. by *Time Magazine*.
- Faculty hold top 10 rankings for information systems and public policy research in the most recent Faculty Scholarly Productivity Index.
- Arts and humanities faculty rank 13th among public universities in prestigious scholarly awards per capita, including Fulbright, Guggenheim and Mellon awards.
- The science and engineering faculty attract large numbers of NSF awards recognizing the most promising young researchers.
- The campus has one of only two Howard Hughes Medical Institute Investigatorships at a public university in Maryland.
- Princeton University and UMBC's photonics center are partners in one of just 15 NSF-supported Engineering Research Centers.

STAFF DISTINCTION

- Five of the six University System of Maryland 2008 Staff Awards recognized UMBC employees for service to students, contribution to the institution and public service.
- Six of Maryland's Top 100 Women in 2010 are alumni and two in 2009 are senior leaders at UMBC.

WORKFORCE AND ECONOMIC DEVELOPMENT

- UMBC has the highest percentage of science-and-technology bachelor's degree recipients (45%) among public and private institutions in Maryland, with the exception of the Naval Academy.
- The campus ranks 1st nationally in public policy Ph.D.s awarded and is among the top three research universities in information technology degrees awarded.
- The campus has substantially increased the number of female faculty in sciences and engineering and the number of underrepresented minorities completing STEM Ph.D. degrees.
- The University's research and technology park, bwtech@UMBC, has attracted more than 50 companies and 1,250 jobs. Of more than 100 companies launched at bwtech@UMBC's incubator, 80% are still in business and 85% of those remain in Maryland.

THIS IS UMBC ATHLETICS

In 2010-11, UMBC Athletics will celebrate its 25th anniversary of competing in NCAA Division I athletics. Since that first fall of 1986, the growth of Retriever Athletics has been remarkable—from the quadrupling of staff size to the creation and/or renovation of all athletic facilities. Alma maters and fight songs have been penned and performed, spirit groups created and flourished, attendance records smashed, and yes, championships celebrated. Thirteen of UMBC's varsity programs have won conference titles and 10 have competed in NCAA Championship competition. Coincidentally, UMBC will celebrate its 25th Division I season by welcoming a new logo—one which displays the characteristics of pride and determination. The current group of 400 student-athletes and the thousands of alumni that came before them maintain those traits on the athletic fields, in the classrooms and our communities and well beyond.

In 2009-10...

- The men's soccer team, picked to finish in last place in America East, opened the season as the only 9-0-0 team in the country and earned spots in all four national polls. Pete Caringi's team won a pair of league tournament road matches before falling in the championship game at Stony Brook. The Retrievers also led the America East Conference in total attendance. Junior Levi Houapeu, the America East Midfielder of the Year, led the nation in scoring, but was closely followed by teammate Andrew Bulls, the conference's Striker of the Year, who finished second.
- Lacrosse alumni Brendan Mundorf and Drew Westervelt were named to the 23-member United States national lacrosse team, which competed in Manchester, England and captured a gold medal in the 2010 FIL World Championships. Westervelt and Mundorf were two of six Retrievers competing in Major League Lacrosse, and 2010 graduate Peet Poillon earned MLL All-Star recognition. Four former UMBC basketball standouts competed professionally in 2009-10. Veteran Andrew Feeley ('05) played in Slovenia and France, Mike Housman ('07) and Ray Barbosa ('09) competed for their second seasons in Japan and Puerto Rico respectively, while Darryl Proctor ('09) dominated the competition in Denmark. In soccer, UMBC's Giuliano Celenza and Billy Nelson continued to excel for the MISL's Baltimore Blast, while former baseball standout Zach Clark is in his fifth season in the Baltimore Orioles' farm system.
- The men's swimming and diving teams repeated as conference champions. Picked below host Boston University, the men defeated the Terriers and the rest of their conference foes and have now won all seven America East titles and 13 consecutive league crowns.
- The UMBC women's basketball team was recognized on the Women's Basketball Coaches Association (WBCA) Academic Top 25 Team Honor Roll for posting the third-highest grade-point average in the nation among NCAA Division I squads during the 2009-10 academic year. The America East Conference recognized all 11 women's basketball student-athletes on the league's winter/spring academic honor roll for earning a GPA of 3.0 or better during the spring semester, with seven team members garnering commissioner's honor roll status for a GPA of 3.5 or higher.
- Of the 78 student-athletes that earned degrees in May, 14 graduated with honors, including nine Cum Laude, three Magna Cum Laude and two Summa Cum Laude. A total of 30 were recognized on the America East Academic Honor Roll over the last year, with 24 earning Commissioner's Honor Roll status for earning a 3.5 GPA or higher during their competition season. In addition, 26 Retriever student-athletes graduated in December 2009, bringing the total for the 2009-10 academic year to 104.

For the first time in school history, three student-athletes were named as CoSIDA Academic All-Americans. Swimmer Keilan Freeman, tennis standout Alice Chen and track and field's Dominic Devaud became the 17th, 18th and 19th Academic All-Americans at the Division I level for UMBC.

The women's lacrosse team returned to the America East Tournament for the first time since 2006 and knocked off top-seeded and host Albany in the semifinals. Kelly Berger's first squad nearly pulled another upset, but fell, 11-10, to six-time champion Boston University in the title game. The Retrievers finished the season at 11-7.

COMMUNITY OUTREACH

The UMBC Athletics Community Outreach Program has been nationally recognized for its excellence. The men's lacrosse team's efforts with the "Ride With Pride" program earned them the 2000 Volunteer of the Year award by the Maryland Recreation and Parks Association. UMBC's role in "Ride With Pride" has been the subject of features aired by WMAR-TV and Fox Sports News over the past several years. Fox Sports News also featured a group of UMBC's student-athletes that worked with Habitat for Humanity in New Orleans in the spring of 2006 and The NCAA News spotlighted UMBC in its February Center Piece. In addition, the women's lacrosse team won the IWLCA 2008 Division I Team Community Awareness Award, which recognizes an entire team that has contributed significantly in its community.

The UMBC Athletics Community Outreach Program is dedicated to promoting a positive relationship between our student-athletes and communities surrounding the university. The program was developed in 1993 with the intention of encouraging young people to value and appreciate education through athletics. During the 2009-10 school year, UMBC athletes performed a total of more than 2,700 hours of community service through programs based in the Baltimore area, raised over \$20,000 for various charities and reached out to about 20,000 local youth.

BUILDING ACADEMIC EXCELLENCE THROUGH TEAM WORK

UMBC student-athletes and coaches travel to schools and organizations in the area to present a one-hour presentation to young students. Through these presentations and mini-clinics, teams emphasize the importance of doing well in school, setting goals and leading a safe and healthy lifestyle.

- Make A Difference mentoring program pairs a UMBC student-athlete with an elementary school student on a one-on-one basis to promote academic and personal growth. In 2009-10, we had 40 mentors at two local elementary schools who each volunteer twice a week.
- Ride With Pride: UMBC student-athletes assist trainers in horseback-riding lessons for children with disabilities. Horseback riding is very therapeutic for the participants, and the interaction with our athletes is very beneficial. There were 45 UMBC volunteers this year.
- Men's lacrosse participates in the Great Prostate Cancer Challenge every year.
- Women's lacrosse and women's basketball participate in the Susan G. Komen Race for the Cure every year to benefit breast cancer awareness and research. 45 girls raised over \$1,500 this year.
- Midday Madness: local elementary and middle school students visit campus for the day. They get a guided tour of campus and watch the women's basketball game at noon. This year there were 1,200 visiting students from 13 local schools.
- Women's basketball participates in the WBCA PinkZone, which raises money for the Kay Yow Cancer Fund to support breast cancer awareness and research. This year's PinkZone game raised over \$500.
- Our teams go on school visits where they talk to elementary school and middle school students about the importance of education and physical fitness.
- Women's basketball volunteered at My Sisters Place Women's Center and helped with meal preparation and distribution.
- Women's lacrosse volunteered at the MD Food Bank.
- UMBC Athletics held a toy drive for the Children's Home of Catonsville orphanage and was able to collect toys for over 85 kids.
- Held the second Relay for Life at UMBC. 45 teams and 311 participants from a variety of groups on campus raised over \$13,000 for the American Cancer Society.

UMBC LIFE

UMBC is not the school your parents remember. The central core of academic buildings is still bristling with academic energy, but is now accompanied by a host of new facilities, including the seven-story Albin O. Kuhn Library, the Engineering and Computer Science Building, the Physics Building, techcenter@UMBC on a satellite South Campus, and the high-tech bwtech@UMBC Research and Technology Park. Sweeping changes have occurred in the campus' social scene, highlighted by the University Commons. The \$36 million structure opened in January 2003.

The hub for UMBC student life is the University Commons, with a food court, restaurant, bank, bookstore, performance space, high-speed wireless internet access and game room that features eight pool tables, video games, pinball and air hockey, as well as a number of flat-screen TVs, making it a popular spot to hang out.

UMBC students know that a high-quality education is essential to realizing their dreams. Whether in fine arts, science, social sciences, engineering or humanities, they set the mark high, work hard and make the most of their college experience to advance themselves toward top graduate programs and careers. Just as UMBC students are active participants in their education, they don't sit on the sidelines when it comes to campus life. Intercollegiate Division-I sports is an outlet for many students; others participate in club or intramural sports. There are more than 180 student groups on campus, expressing the extraordinary cultural diversity of the UMBC student body.

UMBC's Shriver Center serves as a national model of how colleges and universities can have a direct and positive impact on communities across the country. The Center places 1,000 UMBC students each year in internships and co-op positions throughout Maryland and the U.S., as well as in dozens of international settings.

UMBC ADMINISTRATION

DR. FREEMAN A. HRABOWSKI, III PRESIDENT

Freeman A. Hrabowski, III, has served as President of UMBC since May 1992. He joined the university in 1987, serving first as Vice Provost, then as Executive Vice President.

Born in 1950 in Birmingham, Ala., Dr. Hrabowski graduated at 19 from Hampton Institute with highest honors in mathematics, and he received his M.A. (mathematics) and Ph.D. (higher education administration/statistics) from the University of Illinois at Urbana-Champaign at age 24.

Dr. Hrabowski serves as a consultant to the National Science Foundation, the National Institutes of Health, the National Academy of Sciences, the U.S. Department of Education and universities and school systems nationally. He is a member of numerous boards, including the American Association of Colleges & Universities, the Baltimore Community Foundation, the Baltimore Equitable Society, the Casey Family Grants Program, Center Stage, Constellation Energy Group, the Education Commission of the States, the Maryland Business Roundtable for Education, McCormick & Company, Inc., the Mercantile Safe Deposit & Trust Company, the Merrick & France Foundations, the Maryland High-Technology Council, the University of Maryland Medical System and the Washington/Baltimore Regional 2012 Coalition (Olympic Regional Committee).

Examples of recent awards include election to the American Academy of Arts & Sciences (effective October 2001), being named 1999 Marylander of the Year by the editors of The Baltimore Sun and receiving the BETA Award (Baltimore's Extraordinary Technology Advocate), The Henry A. Rosenberg, Sr. Distinguished Citizen Award (Boy Scouts of America, Baltimore Council), The Andrew White Medal (Loyola College of Maryland), The Hatikvah Award (The Jewish National Fund), The Educator Achievement Award (NSF), The Outstanding Science Educator (Eli Lilly & Company), The Golden Torch Academic Visionary Award (National Society of Black Engineers), the Reginald H. Jones Distinguished Service Award (National Action Council for Minorities in Engineering) and The U.S. Presidential Award for Excellence in Science, Mathematics and Engineering Mentoring (awarded to Dr. Hrabowski's university in recognition of the nationally acclaimed multi-million-dollar Meyerhoff Scholars Program for gifted African-American undergraduates in science and engineering).

Dr. Hrabowski also was instrumental in the formation of the Governor's Academy for Mathematics, Science and Technology. His research and publications focus on science and math education, with a special emphasis on issues involving minority participation. He is co-author of the book, *Beating the Odds*, which focuses on parenting and high-achieving African-American males in science, published by Oxford University Press in 1998; he co-authored a second book, *Overcoming the Odds*, on successful African-American young women in science, published by Oxford University Press in early 2002. Also a child-leader in the Civil Rights Movement, Dr. Hrabowski was prominently featured in Spike Lee's 1997 documentary, *Four Little Girls*, on the racially motivated bombing in 1963 of Birmingham's Sixteenth Street Baptist Church.

DR. CHARLES BROWN DIRECTOR OF ATHLETICS

UMBC Director of Athletics Dr. Charles Brown has signed a three-year contract extension, which will run through the 2010-11 academic year. The Brooklyn, N.Y., native will begin his 21st year at UMBC this September and is the longest-tenured AD in the state of Maryland. He has transformed UMBC Athletics from a struggling Division-I program to one which has fared quite well regionally and nationally for the past decade.

UMBC President Dr. Freeman Hrabowski said, "From NCAA tournament appearances to national academic awards, UMBC's student-athletes excel on the playing field and in the classroom. We are delighted that Dr. Brown will continue building UMBC's athletic programs, which are such an exciting part of our campus community."

Dr. Brown has championed UMBC Athletics' enhanced profile by positioning the Retrievers within appropriate levels of competition. One of his first tasks was to move UMBC into a Division-I conference, which he completed in 1988-89, his first year with the university, as the Retrievers joined the East Coast Conference. UMBC won the league's President's Cup in its second conference season, but the league folded shortly thereafter. Dr. Brown was able to move UMBC into the Big South Conference the following year (1992) and successfully positioned UMBC into a much better geographic fit when the Retrievers joined the Northeast Conference in 1998. He also helped to initiate the ECAC (Men's) Lacrosse League in 1999, and most recently, Dr. Brown engineered UMBC Athletics' move to a strong and improving mid-major conference, the America East Conference, in 2003.

Over the past decade, Retriever teams have won 48 league championships and made 30 appearances in NCAA Championship competition. In all five years of league play in the NEC, UMBC was awarded the Commissioner's Cup, symbolic of the conference's top overall program. In 2002, UMBC produced its first national champion, as Cleopatra Borel won the shot put at the NCAA Indoor Track and Field Championships.

UMBC has adjusted well to life in the America East Conference with a third-place finish in the conference's Commissioner's Cup race in 2007-08. The athletic department just experienced its most celebrated year-long period in school history with the school's first-ever men's and women's

basketball conference titles and NCAA Tournament appearances, sweeps in back-to-back years in the America East men's and women's swimming and diving championships, a conference title and NCAA appearance by men's tennis and an NCAA Tournament win over Maryland and a third straight national tournament appearance by the men's lacrosse team.

The program finished the 2006-07 year ranked 140th (top half) among all NCAA Division-I programs in the United States Sports Academy's Director's Cup. The University of Maryland, College Park (40) and the United States Naval Academy (72) were the only other institutions in the state that finished the year higher than the Retrievers.

UMBC's student-athletes have excelled in the classroom as well as the playing fields. In the last 11 years, 31 student-athletes have earned Academic All-America status, and more than 54 percent of Retriever student-athletes are earning 3.0 or higher grade-point averages. Moreover, UMBC's student-athletes graduate at a rate which is more than 10 percent higher than the university rate and the Retrievers' NCAA Academic Progress Rate (APR) and Graduation Success Rate (GSR) are also considerably above the national averages.

Dr. Brown has increased the full-time faculty and staff of the athletic department from 23 full-time employees at his arrival to 63 currently. There were only 13 full-time coaches (nine head, four assistant) upon Dr. Brown's arrival; now there are 32 (14 head, 18 assistant) to ensure the Retrievers' success on and off the playing fields. New positions were created in Marketing and Promotions, Fund Raising, Facilities and Operations, Business Administration, Community Outreach, Strength and Conditioning, Athletic Communications, Sports Medicine and Academic Services. He also initiated the UMBC Dance Team, the Down and Dirty Dawg Band and the newly reinstated cheerleading squad.

Dramatic increases in the department's entrepreneurial efforts have been implemented to support UMBC's student-athletes. UMBC Athletics received \$5,403 in gifts in the first year of Dr. Brown's tenure. In contrast, over the last several years, UMBC Athletics has brought in an average of \$1.25 million per year via fundraising, corporate sponsorships and other entrepreneurial efforts.

Starting from scratch in the 1990s, Dr. Brown developed a club sport program which has evolved into a 25-sport, 750-student program today.

In the area of community service, UMBC student-athletes currently donate more than 1,000 hours of time per year to mentor local elementary and middle school students, and coaches make hundreds of appearances in the community throughout the year. The program was recognized by The NCAA News as one of the finest in the country. Most recently, the Retrievers teamed with Enterprise Rent-A-Car to raise funds to purchase a MyTobii eye-controlled communication system for the use of United Cerebral Palsy of Central Maryland program participants.

Dr. Brown has improved the visibility of UMBC in many ways. In the spring of 1995, he made a bold move as he brought the first and second rounds of the NCAA Men's Basketball Championships to the Baltimore Arena. Sellout crowds put Baltimore in the national spotlight for one glorious March week. In the spring of 1998, UMBC hosted the Women's Lacrosse National Championships at UMBC Stadium, drawing record crowds and kudos from the national media. Dr. Brown also led the successful bid to bring the Men's Lacrosse National Championships to M&T Bank Stadium in 2003, 2004 and 2007, where all existing attendance records were shattered. Under Dr. Brown's leadership, UMBC now hosts five state high school championships in boys' and girls' soccer, boys' and girls' lacrosse and girls' basketball.

He has spearheaded the university's rapid enhancement of athletic and recreational facilities during his tenure. Lights were added to UMBC Stadium in 1992, and the region's finest outdoor aquatic complex was unveiled in the summer of 1996. Just a few months later, UMBC added a national-class track and field complex and replaced its main stadium field with an all-weather artificial surface. In the fall of 1999, the department moved into the Retriever Activities Center, which doubled the size of its existing indoor facility and provided all students with the top of the line in recreational facilities. Baseball's Alumni Field was improved during Dr. Brown's tenure with the addition of permanent seating and was later renamed The Baseball Factory Field at UMBC in a dedication ceremony following the addition of lights to the field in 2005. UMBC Soccer Stadium was constructed in 1999 and a new Bermuda grass surface - the only one of its kind in the conference - was dedicated in 2006. Chairback seating and a video display scoreboard were added to the arena in 2000. Lights were added to the tennis complex in 2005 and the courts were resurfaced and outfitted with Retriever wind screens. Field turf was added to the stadium in 2005 and a new \$5 million stadium locker room complex was completed in the spring of 2008.

Dr. Brown's impact has been felt beyond The Loop, as well. He has served two terms as president of the Maryland Association of Collegiate Directors of Athletics and served a term on the NCAA Division-I Championships/Competition Cabinet, where he influenced other directors to increase student-athlete participation in NCAA Championship competition. Dr. Brown is also currently on the board of the Howard County tennis patrons.

He is the fourth person to hold the position of athletic director on a permanent basis in the 41-year history of UMBC. W. Richard Mentzer served from 1966-68, followed by E. Richard Watts, Jr., who directed the program from 1968-1985. Rick Hartzell led UMBC into Division I athletics in the fall of 1985, prior to Dr. Brown's arrival in June of 1989.

Currently residing in Ellicott City, Md., with his wife, Linda, Dr. Brown, received his bachelor of science degree from Long Island University in 1967 and earned a master of science from Brooklyn College in 1969 and a Doctorate in Physical Education from Springfield College in 1980. The couple has two daughters, Melissa, an attorney, and Michelle, an elementary school teacher, and the Browns have four grandchildren.

UMBC ATHLETICS STAFF

DR. ELLIOT HIRSHMAN

PROVOST AND SENIOR V.P. FOR ACADEMIC AFFAIRS

Elliot Hirshman joined UMBC as Provost and Senior Vice President for Academic Affairs on July 1, 2008. He also holds the rank of full professor in the Department of Psychology.

As Provost and Senior Vice President for Academic Affairs, Dr. Hirshman is responsible for the delivery of the academic program, including instruction, research, and academic support services; enrollment management, including admissions and financial aid; and the intercollegiate athletics program.

Prior to UMBC, Dr. Hirshman served as Chief Research Officer at George Washington University, in Washington, D.C. Previously, he chaired the Departments of Psychology at George Washington (2002-05) and the University of Colorado at Denver (2000-02). He began his academic career at the University of North Carolina, Chapel Hill (1989-2000), where he served as assistant, associate, and ultimately full Professor of Psychology.

Dr. Hirshman has a strong interdisciplinary background, having earned his undergraduate degree summa cum laude in economics and mathematics from Yale and his Ph.D. in cognitive psychology at UCLA.

KATHY ZERRLAUT

*SENIOR ASSOCIATE ATHLETIC DIRECTOR
SENIOR WOMEN'S ADMINISTRATOR*

Kathy Zerlaut has enjoyed a wonderful tenure at UMBC. She arrived in 1974, and coached more than 850 games in 24 years in the sports of lacrosse and volleyball. For more than a decade, she has served as UMBC's Senior Women's Administrator and its compliance officer. She has received a pair of prestigious appointments--to the NCAA Management Council and to the chair of the 2004 NCAA Women's Lacrosse Championships Committee. She oversees the Student Support Service program and handles day-to-day operations of several women's varsity teams. Zerlaut was a 2006 inductee to the UMBC Athletics Hall of Fame.

DR. MARVIN MANDELL

NCAA FACULTY REPRESENTATIVE

Marv Mandell is a Professor of Policy Sciences and UMBC's FAR for the past six years. Last summer, Dr. Mandell was selected to head the America East Conference's group of faculty athletic representatives. Marvin Mandell (Public Policy) will assume the presidency of the National Association of Schools of Public Affairs and Administration (NASPAA) at their 2008 Annual Conference this month. He received his Ph.D. from Northwestern University, and has also taught at Syracuse and Johns Hopkins.

TOM MAIER

*ASSOCIATE ATHLETIC DIRECTOR
MARKETING & PROMOTIONS*

Tom Maier has been a member of UMBC's administrative team since 1986. He heads up UMBC's marketing and promotional efforts and also oversees the community service and event ticketing programs. The 1974 Wisconsin graduate had previously supervised UMBC's Physical Education program.

STEVE LEVY

*ASSOCIATE ATHLETIC DIRECTOR
ATHLETIC COMMUNICATIONS*

Steve Levy enters his 25th year at his alma mater, after earning a B.A. degree in Interdisciplinary Studies in 1985. He has recently been promoted to Associate Director, and will lead UMBC's efforts in expanding web-based programs, pursue additional avenues for media, and coordinate all departmental personnel searches. He is an active member of the College Sports Information Directors of America (CoSIDA) and has performed in public relations capacities for the Baltimore Orioles and Baltimore Ravens.

GARY WOHLSTETTER

Senior ASSOCIATE ATHLETIC DIRECTOR

Gary Wohlstetter is a veteran of the UMBC staff. He arrived in 1989 after directing the recreation program at Hunter (N.Y.) College. After 15 years of supervising the Physical Education, Rec Sports, Intramurals and Club Sports programs, the Brooklyn, N.Y., native and '85 graduate of Hunter now works primarily in our Athletics division. He is responsible for entrepreneurial efforts, construction, long-term planning, day-to-day and game-day operations and facilities upkeep and programming.

UMBC COACHES

Baseball Head Coach:..... John Jancuska
 Assistants:..... Bob Mumma, Tim O'Brien
 Men's Basketball Head Coach: Randy Monroe
 Assistants:..... Aki Thomas, Nate Stewart, John Zito
 Women's Basketball Head Coach: Phil Stern
 Assistants:..... Billi Godsey, Cheri Eleazer, Abby Gordon
 Volleyball Head Coach: Ian Blanchard
 Assistant: Sarah Warner
 M/W Cross Country Head Coach:..... Matt Gittermann
 M/W Track & Field Head Coach: David Bobb
 Assistant: Andrew Torge
 Men's/Women's Tennis Head Coach: Rob Hubbard
 Assistant: Oliver Steil
 Men's Lacrosse Head Coach: Don Zimmerman
 Assistants:..... Pat Tracy, Andy Gallagher
 Swimming & Diving Head Coach: Chad Cradock
 Assistant: Chris Gibeau, Mike Stambaugh
 Diving Coaches: Petar Trifonov
 Softball Head Coach: Joe French
 Assistant: Jill Dorsch
 Women's Lacrosse Head Coach: Kelly Berger

Assistants:..... Tony Giro, Amy Appelt
 Men's Soccer Head Coach: Pete Caringi
 Assistants:..... Anthony Adams, Sam DeBone
 Women's Soccer Head Coach: Alyssa Radu
 Assistant: Kerry Smith

FACULTY & STAFF

Athletics & Recreation Specialist: Josh Azer
 Dance Coach:..... Susan Barker
 Pep Band Conductor:..... Matthew Basch
 Asst. Dir./Athletic Communications: Jessica Bernheim
 Administrative Assistant/Payroll:..... Candy Cangialosi
 Strength & Conditioning Coach Fred Cantor
 Athletic Equipment Manager: Ian Carman
 Asst. AD/Rec. Programs/Phys. Ed.: Mike D'Archangelo
 Assistant Trainer: Michelle Daniels
 Rec Equipment Mgr.: Open
 Community Outreach: Kelly Fahey
 Asst. Dir./Athletic Communications: Tom Fenstermaker
 Asst. Dir. of Marketing/Promotions: Kristen Fitzpatrick
 Groundskeeper: Amy Fleming
 Graduate Assistant Trainer Andrew Geers
 Assistant AD/Fundraising: Kevin Gibbons-O'Neill

Administrative Assistant: Carla Graham
 Academic Advisor Areyal Hall
 Director, Student Support Services Jessica Hammond
 RAC Building Manager Josh Lightfoot
 Director's Executive Assistant: Debee Mathews
 Assistant AD/Business and Finance: Mike Morgan
 Coordinator of Rec. Programs/Physical Education/
 Summer Day Camp Director Jeff Moore
 Assistant Trainer: Meaghan Murphy
 Academic Advisor: Lauren Nicholson
 Compliance Intern: Jerron Pearson
 Groundskeeper: Gary Pease
 Office Clerk Devona Peck
 Academic Advisor: Joe Rehder
 Grad Intern Strength/Cond. Coach: Jamie Reisinger
 Director of Cheerleading Talmesha Richards
 Account Associate: Sheila Schubert
 Assistant Trainer: Katie Seilus
 Coordinator of Club Sports Tiffani Tsui
 Facilities Assistant Ashlea Underwood
 Assistant AD/Operations: Sam Williams

RETRIEVER FACILITIES

The Retriever Activities Center, a \$5.6 million addition to the former UMBC Fieldhouse, was completed in the fall of 1999. The "RAC" has a large multi-purpose gymnasium, a weight room, fitness studio, cardio balcony, locker rooms, the Matt Skalsky Student-Athlete Lounge, administrative offices and a beautiful new lobby with ticket booths and a pro shop.

Moreover, the RAC has a new academic center, containing dozens of PC's with ethernet connections for student-athletes to study in individual or group settings. There is also a new training room, which is more than two times the size of the former facility. The RAC Arena has brand new men's and women's basketball and swimming and diving locker room complexes and a media center at the west end. The RAC also contains an office complex, with a board room and dining facility for UMBC's administrative staff and coaches.

Originally opened in 1973, the newly named RAC Arena seats 4,024 for athletic events, and has also hosted concerts for such artists as Stain'd, Good Charlotte, Bush and N.E.R.D. over the last several years. The arena had chairback seats installed on the lower concourse and two state-of-the-art scoreboards were also added. One scoreboard has graphics display capabilities for showing highlights of the game and other promotional activities. The arena floor is surrounded by a 1/10-mile running track and also houses the UMBC Athletic Hall of Fame.

In the spring of 2004, UMBC Athletics began renovations to the Retriever Activities Center in its continuous effort to bring top-notch facilities to its student-athletes. The \$2.4 million construction plan was set out to provide newly renovated varsity locker rooms for the men's and women's basketball and swimming and diving teams, along with a new state of the art media center, sports medicine training room, Student-Athlete Academic Center and outdoor Tennis Complex.

The RAC Arena has hosted many prominent sporting events over the years, including an international volleyball match between the USA and Peru, numerous collegiate conference championships and the Maryland Public Secondary Schools Association Championships in girls' basketball.

RETRIEVER FACILITIES

The Baseball Factory Field at UMBC (capacity 1,000), located within the Stadium Complex, has permanent seating and a press box behind home plate. Recently lights and a new warning track surrounding the field were added, along with refurbishments to the dugouts and infield. Night spring games have become popular among students and the local community.

The softball diamond (capacity 500), just beyond the Baseball Factory Field's right field fence, also features a press box and bleacher seats.

A new six-court tennis facility was completed in April of 2005. The enclosed center features lights and additional spectator seating. Two additional courts are to be added shortly.

UMBC has one of the finest aquatic complexes in the Mid-Atlantic region. The indoor pool (UMBC Natatorium) was added to the RAC in 1977. Adjacent to the Natatorium is an outdoor pool complex added in 1996. In 2005 UMBC hosted the America East Conference Swimming and Diving Championships, as the Retrievers' men's team captured its eighth straight league title.

UMBC Soccer Stadium, situated adjacent to UMBC Stadium, was constructed in 1998. It currently has a seating capacity of 1,500 and features a press box and scoreboard. The new Bermuda grass surface installed in the spring of 2006 is believed to be the only one of its kind among America East Conference schools.

In Spring 2005, UMBC Stadium's Deso-Turf surface was replaced by Sportexe's Momentum 51 synthetic turf at a cost of more than \$800,000. Momentum 51 synthetic turf is an infill system, consisting of 70 percent ground rubber and 30 percent kiln-dried sand. Other facilities which have utilized this product include the Baltimore Ravens' M&T Bank Stadium, the University of Southern Mississippi's M.M. Roberts Stadium, and the University of California's Memorial Stadium. UMBC hosted its first game on the new turf on national television (ESPNU).

UMBC Stadium was built in 1976 with a seating capacity of 4,500. Lights were added in 1992, and in 1996 a world-class track and field complex was added. The Jim Pfrogner Press Box (named for UMBC's long-time track and field coach) was refurbished in 2000, and it features two roof-top broadcast booths and wireless internet capabilities. The stadium is recently received a new \$5 million locker room complex, which was completed in Spring 2008. The new complex houses all of UMBC's outdoor teams.

SUPPORTING THE RETRIEVERS

When fans come to see the Retrievers play, they witness the excitement of Division I athletics. What they may not see is all the work that is done behind the scenes so that the student-athletes can achieve their highest potential, both on the field and in the classroom.

THE SPORTS MEDICINE DEPARTMENT

UMBC's Sports Medicine Department strives to provide comprehensive athletic training services to approximately 425 UMBC student-athletes. A staff of five certified athletic trainers oversees the medical care for all of the student-athletes competing in UMBC's 19 varsity sports. The services include recognition, treatment, rehabilitation, education and prevention of injuries occurring during participation in athletic activities. Each athletic trainer supervises Retriever student-athletes during practices and home events as well as road competitions. In the winter of 2005, UMBC introduced the newly designed and built Sports Medicine Services Center. Increasing the size of the previous center nearly three-fold, the new capabilities of the Sports Medicine training room allows student-athletes to rehabilitate with greater ease.

MEET OUR TEAM CHIROPRACTOR

Dr. Alan K. Sokoloff is a graduate of UMBC and Palmer College of Chiropractic and has been UMBC's Chiropractor since 1991.

Dr. Sokoloff:

Founder of the Yalich Clinic of Glen Burnie 1987

Team Chiropractor for the Baltimore Ravens

Post Graduate Diplomat Degree in Sports Medicine

MCA Chiropractor of the year 2001-02

1998 Goodwill Games & 1999 USA Olympic Team DC for Pan Am Games

MEET OUR PHYSICIANS

Union Memorial Sports Medicine /MedStar Health

Medical Team Physician : Dr. Andrew Tucker has served as UMBC's team physician for 14 years. He is also the head team physician for the Baltimore Ravens, caring for players and organization members from football injuries to general medical health. Dr. Tucker's practice focuses on acute and chronic musculoskeletal injuries and conditions in active people of all ages, as well as medical problems and issues that are unique to sports and exercise.

Orthopaedic Team Physician: Dr. W. Hugh Baugher has served as UMBC's team physician for 26 years. He previously provided team physician services to the Baltimore Orioles, Baltimore Thunder and various national amateur and NCAA events. Dr. Baugher specializes in the shoulder, hand, wrist, knee, sports medicine and arthroscopy.

UMBC STRENGTH AND CONDITIONING

UMBC Strength and Conditioning provides student-athletes the latest and newest approaches to safe and successful training of their bodies. The newly renovated 3,000-square foot Michael S. Knapp Varsity Weight Room is solely dedicated to UMBC's student-athletes, and a major fundraising campaign is underway to refurbish the complex.

SUPPORTING THE RETRIEVERS

ACSA

The Academic Center for Student-Athletes (ACSA) is not only a place for student-athletes to study, it also serves as the liaison to several departments on campus. ACSA assists students with registration, financial aid and career development. It is located on the second floor of the RAC and is furnished with 15 computers, individual study carrels, tutoring space and a comprehensive resource area. Each year, UMBC Athletics sets new standards for academic excellence and the support of the ACSA has been critical to its success.

ATHLETIC COMMUNICATIONS

The Office of Athletic Communications is responsible for all of the publicity needs of the athletic department. Services such as publications, statistics, electronic media productions, website maintenance and game management are provided by the Athletic Communications staff. The staff hopes that media opportunities for UMBC's student-athletes are a valuable part of their athletic and educational experience.

MARKETING AND PROMOTIONS

The Office of Marketing and Promotions implements marketing and promotions programs that will increase awareness, interest and enthusiasm for UMBC sports. The department markets to UMBC students, faculty and staff, as well as youth groups, organizations and the communities surrounding the campus. The Office of Marketing and Promotions advocates a positive game atmosphere and encourages new and old UMBC traditions.

Giving to Retriever Athletics

UMBC has a proud tradition of successful student-athletes and is currently experiencing tremendous growth. UMBC fields 19 intercollegiate athletic teams competing at the Division-I level in the America East Conference and 26 club sports teams. At the heart of our athletic program are the more than 1,100 student-athletes representing the university on our athletic fields and in the classroom. In order for these young men and women to continue to succeed, we must increase our external support and department resources. The need for support has never been greater, largely due to the success the Retrievers have recently experienced.

With limited funding through university and state resources, the UMBC Athletic Department relies on the generosity of individuals to secure the financial backing necessary for our student-athletes to achieve the highest standards of athletic competitiveness and academic achievement. Gifts made to UMBC Athletics are managed in accordance with the University of Maryland Foundation's official policies and procedures and approved Athletic Department guidelines and are utilized to expand scholarship opportunities for student-athletes, maintain and improve physical facilities, provide academic support programming and enable UMBC to compete in the America East Conference.

Today's student-athletes face more challenges than ever. Along with the high demands of their sports - practice, training, travel, community involvement and competition - it is our student-athletes' greatest responsibility and commitment to achieve academic success. In the last five years, 20 student-athletes have earned Academic All-America status. Over the previous two semesters, more than 47% of UMBC student-athletes have earned 3.0 grade-point averages or higher. The involvement and financial support of alumni, families and fans will enable our student-athletes to build upon these standards.

Benefits of giving to UMBC Athletics can include the following:

- Ensuring the continued academic and athletic success of our student-athletes and our athletics program.
- Contributing to the educational opportunities of future employees and leaders of our community.
- Building relationships within the community through your association with UMBC Athletics.
- Improving the experience of UMBC student-athletes.
- Tax deductions.
- Philanthropic recognition.

Go Retrievers!

To support UMBC Athletics, please contact Kevin Gibbons-O'Neill, Assistant Director of Athletics, at (410) 455-1532. On behalf of our coaches and student-athletes, we thank you in advance for demonstrating your commitment to academic and athletic excellence by giving to UMBC Athletics.

UMBC ALUMNI

Rick Moreland (pictured with Michael Jordan) currently is the Vice President for Washington Sports and Entertainment Incorporated. Moreland, a 1983 graduate, established the school record for most points in a season with 610 and ranks second all-time with 1,728 career points in UMBC men's basketball history.

Former student-athletes continue to support their programs and the athletic department by donating their time and resources through participating in workshops, serving on university committees or just coming back to support the black and gold. Athletic alumni return in great numbers at UMBC's annual Homecoming, buoyed by the competitive juices generated by various alumni games. Of course, another popular alumni event is the biennial UMBC Athletic Hall of Fame Dinner, which will next take place in February 2010.

UMBC HOMECOMING

Following the tradition of the men's lacrosse team, many sports now host annual preseason functions to introduce the current team and reconnect with the alumni. Retriever alumni are encouraged to bookmark the UMBC Athletics website at www.umbcretrievers.com and the UMBC Alumni Community website Retriever Net (<http://retrievernet.umbc.edu>) to stay in step with the Dawgs!

Cleopatra Borel, Interdisciplinary Studies '02, a three-time UMBC track and field NCAA All-American in the shot put and UMBC's first-ever Division-I NCAA champion, competed in the 2004 and 2008 Olympics. Borel reached the finals in her event in Athens and placed 10th in the world in the competition.

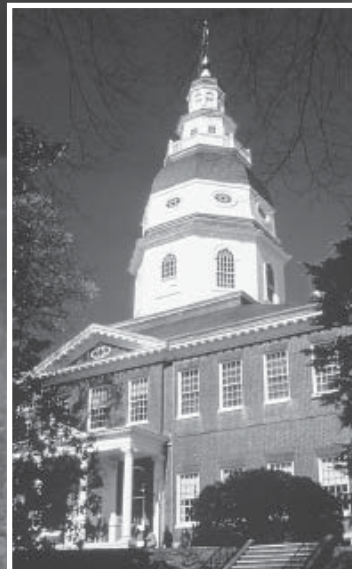

Former major league pitchers Wayne Franklin and Jay Witasick pitched collegiately at UMBC, and a host of other Retrievers have played professional baseball, including Zach Clark, who is currently pitching in the Baltimore Orioles' minor league system. Five ex-Retrievers won Major Indoor Soccer League titles with the Baltimore Blast, and Matt Watson is expected to compete in the MLS or professionally in Europe by next season. A solid contingent of UMBC lacrosse players star in Major League Lacrosse, including recent standouts Drew Westervelt, Brendan Mundorf and Terry Kimener, who was selected in the first round of the 2008 draft by the Chicago Machine.

Annapolis, Baltimore, Washington, D.C.

Maryland's capitol, Annapolis is an 18-century seaport town that sits on the Chesapeake Bay and is home to the US Naval Academy, a common opponent of the Retrievers. Pictured below is the Maryland State House.

UMBC's 500-acre campus is situated just 10 minutes south of Baltimore, Md., and 45 minutes from Annapolis, Md., and Washington D.C., giving the campus great proximity to all the local cultural and historic scenes. UMBC is adjacent to the finest bike trails in Maryland, an hour from the mountains and two hours from the eastern shore. There are many places on and off campus worth exploring, and although UMBC resides in the suburbs, students are always close to the action.

Baltimore's Fort McHenry has played an active role in our nation's history. Now a National Monument and the nation's only Historic Shrine, Fort McHenry is most notably known for its protection of Baltimore during the War of 1812. It was at this location that Francis Scott Key, who watched from a vessel held by British troops in the Chesapeake Bay during a bombardment on the fort, was inspired to write our nation's national anthem, "The Star Spangled Banner."

Baltimore's Inner Harbor is a hot spot for many college students and is home to Oriole Park at Camden Yards, M&T Bank Stadium and the First Mariner Arena, offering year-round sports entertainment.

Annapolis, Baltimore and Washington, D.C., provide countless internship and networking opportunities for both students and alumni. More than 80 percent of UMBC's graduates choose to live in the Baltimore-Washington area after graduation for its promising job market and diverse culture and entertainment.
