BIG EAST Comes To Florida

The 2008 BIG EAST Conference Baseball Championship will be held in Clearwater, Fla., at Bright House Networks Field May 20-24.

Bulls in National Spotlight

The National Collegiate Baseball Writers Association predicted the Bulls to be in the national spotlight again this year, as USF received votes in the Preseason NCBWA Top 35 Poll.

Top Three in the BIG EAST

The BIG EAST Conference coaches tabbed the Bulls the third-best team in the league in the 2008 preseason baseball poll.
Senior second baseman Dexter Butler represented USF on the preseason all-conference team.

Two *Rivals.com* Players

Dexter Butler and Shawn Sanford were selected to the *Rivals.Com* 2008 Preseason All-Conference Team. As a team, the Bulls were chosen to finish the season third in the BIG EAST.

Fabulous 40

USF received votes in *Collegiate Baseball Newspaper's* Fabulous 40 Preseason NCAA Division I poll, which placed the Bulls No. 44 in the country.

Sanford on Wallace Watch

Sophomore pitcher Shawn Sanford is on the Preseason Watch List for the 2008 Brooks Wallace Player of the Year Award. The Wallace Award is presented to the nation's top collegiate baseball player.

Ranked Recruits

The coaching staff was honored by *Collegiate Baseball Newspaper* with the 43rd-best baseball recruiting class in the country. Head coach Lelo Prado, along with assistants Lazer Collazo and Bryant Ward, added 28 newcomers to the 2008 USF squad, including 17 freshmen and 11 transfers.

In his second season at the University of South Florida, head coach Lelo Prado looks for the Bulls baseball team to make waves in the BIG EAST Conference as well as earning a berth into the postseason for the first time since 2002.

"There's no doubt that we have to compete for a conference championship and get back into the regional," said Prado. "Our pitching and defense are the keys. Our pitching is young, but if those guys get a little confidence behind them, I think they will be very good this year."

Prado and his coaching staff, including Lazer Collazo, Bryant Ward and Tino Martinez have added 24 newcomers – 10 transfers and 14 true freshmen – to the 11 retuning players, comprising a squad of 22 underclassmen and just five seniors.

"We're going to have some pretty good players but we are young, so we need some of those guys to come through for us," said Prado. "The key is the youth of the pitching staff and how fast they come along."

The Bulls' newcomers, whom Collegiate Baseball Newspaper tabbed as the 43rd-best recruiting class in the country, are a lineup that includes four players selected in the Major League Baseball Draft, two NJCAA National Champions, a pair of players from a California State Championship Final Four team, an FCCAA State Champion, high school prospects ranked by Baseball America and a high school all-American.

The 2008 Bulls have experience up the middle as the team returns 2007 third team All-BIG EAST second baseman Dexter Butler (.324, 44 RBI) and 2006 BIG EAST Rookie of the Year, shortstop Addison Maruszak (.329, 44 RBI, 13 doubles). Returning seniors Joey Angelberger (OF/1B) and Charles Cleveland (3B/1B), along with junior outfielder Mike Consolmagno will all be battling for starting roles this year.

The pitching staff looks forward to the return of junior right handed pitcher Daniel Thomas, who took a red-shirt year last season. Sophomore pitchers Shawn Sanford (3.10 ERA, 11 saves, 72.2 IP) and Matt Quevedo (4-3, 4.01 ERA, 71.0 IP) will add experience to the mound for the Bulls this year.

"I'm excited to see what we have got, and hopefully we have enough to win a BIG EAST championship and move on to the regional tournament," said Prado.

Pitchers

USF's pitchers bring a combination of experience as only six have thrown a pitch in a collegiate baseball game, including 2007 starters Daniel Thomas and Matt Quevedo, and Shawn Sanford, a closer who earned 11 saves before starting four games for USF in his rookie year.

"Our success is going to depend on the health of the staff, especially Thomas, Quevedo and Sanford," said Prado. "If they perform then it won't put so much pressure on the younger guys. If we can get the ball to Shawn Sanford in the ninth inning there's no question that he should be one of the best closers in the country this year. As along as we can give him the ball in the ninth, he should be pretty good. Then we have left handed pitchers (transfers) David Torcise and Teddy Kauffman, who can really help this program."

Torcise came to USF from Louisville in 2007, but had to sit out due to NCAA transfer rules. Kauffman is a transfer from Miami who was used as a situational reliever in 2007.

"The pitching staff is where the young bodies are," said Prado. "Once the lights go on, we'll see who steps up. We do have some great arms. Derek Stultz should be solid as well as Randy Fontanez, Kevin Quackenbush, Zach Pietrzyk, Stephen Hunt and Junior Carlin. We have plenty good arms and we just have to see who's going to produce at the right time."

Catchers

USF reloaded the catcher position this season, as all four guys behind the plate are newcomers to the team. A junior from NJCAA National Champion Chipola CC, Trey Manz leads the crop of catchers, trailed by sophomore Cory Johnson, who batted .375 for Liberty University last season.

"Trey played on a national championship team last year so he knows how to win," said Prado. "He didn't have a very good fall, but I think he's going to do real well in the spring. Cory can definitely help us there as a back up catcher."

Infielders

The Bulls return middle infielders Addison Maruszak (ss) and Dexter Butler (2b), but will look to newcomers to fill spots on the corners.

"Addison and Dexter are two key ingredients to our infield," said Prado. "They have been through it and know how to do it. If those guys have good years we should be good."

"We can also look to the young guys like Jonathan Koscso, who had a great fall, so we won't have to rely on them (Maruszak and Butler) so much. Cleveland is another guy that should help us a lot this year."

Koscso, senior Charles Cleveland and sophomore Victor Pina are battling for starts at third base while

junior college transfer Brandon Smith and freshman Todd Brazeal are fighting for first.

Koscso, who won the Perfect Game World Wood Bat Association National Championship with the U-17 All-American Prospects last summer, was a first team all-state player batting .525 with five home runs and 41 RBI at Jesuit in Tampa. Cleveland started 29 games for the Bulls last season, 22 of which were at the designated hitter spot. He produced five doubles in his 26 hits, driving in 20 runs. In 2007 Pina made five appearances for the Bulls, all at third base.

Smith attended Sacramento City College in 2007, where he helped the team to the Final Four of the California State Championships. Coming out of high school, Brazeal was ranked as the 112th-best prospect in the country by *Baseball America*.

"Brandon is going to be big for us. He is going to do a good job at first base and then Brazeal and Pina, when they get their chances, are going to do a good job," continued Prado. "I expect great careers out of those guys, especially Brazeal. I think he gets better and better every day. "

Outfielders

The outfield will be anchored by transfer Ryan Lockwood, who will be complimented with Chris Rey or Junior Carlin in left and Mike Consolmagno or Joey Angelberger in right.

Lockwood, a redshirt at Florida last year, played summer ball in the Cape Cod League in 2007 and was an all-state player for Jesuit High in Tampa his senior season.

"It starts in center field and having Lockwood there is a plus," said Prado. "He's one of the best guys I've had the luxury of coaching. He's going to be a leadoff guy with homerun potential. He knows how to play the game and he should bring a lot to the plate for this club."

One of only two returning outfielders, Consolmagno will contribute speed in right field and two years of USF experience. He has played in 91 games in two seasons, increasing his batting average more than .100 points from his freshman to his sophomore season.

Angelberger will be battling for a starting spot in right after batting .279 last season with seven doubles, two triples and three home runs.

Carlin, a freshman, and Rey, a junior, will vie for the nod in left field, both bringing a strong bat to the plate as well as good defense in the field. Carlin, an outfielder and LHP who was selected in the 29th round of the MLB draft by the Boston Red Sox, batted .375 for Riverview High with a .484 slugging percentage. Rey batted .403 at Miami Dade last season and was second on the team with 36 RBI in 158 at bats.

"Consolmagno had a great fall and I think he deserves a chance to play," said Prado. "He's done a good job. Rey, Carlin and Angelberger will fit in the other spots."

Designated Hitters

Prado has yet to determine a designated hitter, planning to use numerous guys at the position, but will look to Joey Angelberger, Todd Brazeal and Stephen Hunt early in the season.

"Designated hitter is going to be a toss up," he said. "It could be several guys like Angelberger, Brazeal, Brandon Smith or Eric Baumann. Whoever doesn't play a position is going to shoot for that DH spot. We'll play different guys all the time like we did last year, it will be a revolving door."

The Schedule

With the official start date of college baseball set at Feb. 22, the Bulls will play 56 regular season games in 89 days. The schedule spans 21 teams from nine conferences, with 44 games played in the state of Florida. The 2008 listing includes six teams (17 games) that competed in the 2007 NCAA Tournament and recorded 40-plus wins last season.

USF's 34-home game schedule includes five teams (10 games) that are ranked in national preseason Top 30 polls and a rigorous 15-game BIG EAST slate. The Bulls begin the season with 18 of their first 19 contests at home, and have a late-season run of seven-consecutive games at the newly-renovated Red McEwen Field.

USF will face off against the New York Yankees in an exhibition game at Legends Field in Tampa on Feb. 29. The NCAA-MLB matchup will be the Yankees' first spring training game of the year, and the Bulls' fifth game of the 2008 season.

Proposed New Stadium

Renderings of the proposed USF baseball stadium, planned to be built on the site of the current stadium, at the corner of Bull Run and Sycamore Street.

Red McEwen Field has been the home to USF baseball since the 1967 season. Playing their inaugural season (1966) at Al Lopez Field, the Bulls moved to their new home on the campus of the University of South Florida on March 4, 1967 with an 8-6 loss to Rollins College. A 7-3 victory over St. Andrew's on March 18, 1967 marked the first-ever victory at USF's new on-campus facility. Through the first 10 seasons the facility was known simply as the USF Baseball Field.

In 1976 New York Yankees George Steinbrenner donated lights for the facility and the current stands were also erected. The first night game at Red McEwen Field was Feb. 25, 1977 against the University of Tampa (an 8-7 victory).

The field was dedicated in honor of James M. "Red" McEwen on March 30, 1977, prior to a game against the University of Florida. McEwen, who died in the summer of 1976, was a Tampa sportsman and civic leader, active in the early efforts to establish USF in Hillsborough County in the 1950s.

The plaque at the facility honoring McEwen reads: This facility stands and serves as a living memorial to the sports contribution made to this community by James M. "Red" McEwen and the man himself a brilliant athlete, Red McEwen was a participant, coach, promoter and a major supporter of athletics in the state of Florida in general, in Tampa in particular.

The concessions stand and restrooms were added in 1982 while the press box was added a year later.

A new lighting system was installed in 1997 and during the spring of 2004, a new scoreboard/message board was installed in right field. Renovations in 2007 included an Astroturf halo around home plate, landscaping the entire facility, restrooms in dug-outs and new signage and banners. After moving the outfield fences prior to the 2008 season, the field's dimensions are 330 feet down the left and right field lines, 375' in the gaps and 400' to center.

In May 2004, the USF athletic family moved into a sparkling new $15 million facility that provides student-athletes with an outstanding environment for improving the mind and body with impressive space for academic counseling, sports medicine and strength and conditioning, in addition to a home for the athletic department staff. The facility is 104,000 square feet and brings the vast majority of the athletic department under one roof. With the exception of men's and women's basketball, volleyball and men's and women's golf, the remainder of the 13 athletic teams call the facility home.

Lelo Prado
Head Coach

University of Tampa, 1985
Second Season at USF
Career Record: 632-451-2 (19 seasons)

On June 16, 2006, Lelo Prado, a native of Cuba who grew up in Tampa before embarking on an ultra-successful college coaching career that includes back-to-back NCAA Division II National Championships in his hometown, returned to Tampa to become the fifth coach in the USF baseball program's history.

In his first season with the Bulls, Prado led the squad into the Final Four of the 2007 BIG EAST Conference Championship, completing his inaugural USF campaign with a 36-24 record and a 13-14 conference clip.

Prado earned his 600th career win just two games into his rookie year at USF, and now holds a 632-451-2 mark after 19 years as a collegiate head coach.

Four Bulls from his squad were selected in the 2007 Major League Baseball Draft, with picks coming in the 21st, 38th, 44th and 48th rounds.

In 2007 he coached three BIG EAST all-conference players as well as five College Baseball Foundation National Players of the Week and seven players who earned nine weekly league awards.

Prado led the team to a 9-0 start, which boosted the Bulls in to the national spotlight. At the end of February, College Baseball News ranked USF No. 30 in their national weekly poll and the Bulls received votes in the USA Today/ESPN and National Collegiate Baseball Writers Association polls.

Prado, 44, joined USF from the University of Louisville, where in 11 seasons he became that school's all-time winningest coach with 320 victories. In addition to his first year at USF, his 19 seasons as a head coach include seven at the University of Tampa and 11 at the University of Louisville. A proven winner, Prado has collected two Division II National Championships (1992, 1993), eight NCAA appearances and three Division II World Series appearances. At Louisville, he took the program to its first-ever NCAA appearance in 2002 and he was the 2002 Conference USA Coach of the Year, the same year he won USA Baseball Coach of the Year honors.

During his time at Louisville, Prado compiled more wins than any other coach in Cardinal history. He surpassed Dr. John Heldman Jr. (309) when he registered win No. 310 on May 7, 2006 (a 9-6 win over the No. 8-ranked Notre Dame Fighting Irish). The Cardinals closed the 2006 season with

a 12-game winning streak before falling in the championship game of the BIG EAST Conference Championship, posting a 31-29 record with a third-place regular season finish (17-10) in the team's initial year in the BIG EAST.

Prado guided the Cardinals to 11-consecutive conference tournament appearances, including 10-straight in Conference USA, as Louisville was one of three teams in the league that advanced to the C-USA Tournament in each of conference's first 10 seasons, joining Southern Miss and Tulane.

He was the only coach in Louisville baseball history to record more than two 30-win seasons, tallying seven (31 in '98, 37 in '99, 32 in '01, 39 in '02, 34 in '03, 32 in '05 and 31 in '06).

Under Prado, the team earned its first-ever postseason appearance in 2002, advancing to the NCAA Regional in Atlanta, Ga. Prado led UofL to a single-season record 39 wins in 2002, as well as an all-time best conference record of 21-9, placing second. During the 2002 season, Prado also guided the USA Baseball National Team as its head coach, the first coach in C-USA history to do so, leading the collegiate amateur squad to a 23-7 record, and a silver medal at the first-ever FISU World University Baseball Championships in Messina, Italy. The team also captured the gold medal at the Haarlem Baseball Week in Haarlem, The Netherlands, and defeated the Japanese Collegiate All-Stars three games to two, in the 31st annual USA/Japan Collegiate Championship Series.

In 2000, he was one of three assistant coaches on the under-22 USA National Team, which posted an all-time best 27-3-1 record and featured college stars like Mark Teixeira, Mark Prior, Xavier Nady and fellow C-USA member Jake Gautreau. Prado served on the USA Baseball selection committee from 1995-1998 and helped select the `96 Olympic bronze medal winning squad.

During his 11 years at Louisville, Prado saw 20 players (Matt Berger, Danny Haas, James McAuley, Jorge Maduro, Mike Davis, Brian Bentley, Sean Green, Chad Petty, Justin Woodrow, Bill Gatti Jr., Key Voshell, Adam Haley, Grant Williams, Josh Bolen, Carlos Fernandez, Ron Braun, Mark Jurich, Scott Barber, J.T. LaFountain and Brian Halford) make the pro ranks.

Before he was hired at Louisville in June of 1995, Prado spent seven seasons as the head coach at the University of Tampa. In his seven seasons at Tampa, Prado compiled a 278-124-1 record, the winningest record in UT's history, averaging nearly 40 wins per season. His .691 winning percentage ranks among the top 10 in Division II history. In addition to the two national championships, his teams also reached the College World

Series in 1990, finishing third, and were an NCAA South Region finalist in each of his other four seasons as head coach (1989, 1991, 1994 and 1995).

He was named the ABCA National Coach of the Year in 1992 and 1993, and he was the South Region Coach of the Year in 1990, 1992 and 1993. He also won conference coach of the year in 1989, 1990 and 1995 and was inducted into the Sunshine State Conference Hall of Fame in 1995. His No. 1 jersey is retired at Tampa.

Prado coached 17 first or second team All-America selections at Tampa, including national player of the year Sam Militello in 1990, two Academic All-Americans, 43 All-South Region picks and 32 All-Sunshine State Conference Selections.

During his tenure at Tampa, seven Spartans were drafted by major league clubs, nine of whom played pro ball and four have reached the major leagues, including Tino Martinez (Yankees), Jeff Carter (Chicago White Sox), Ozzie Timmons (Chicago Cubs) and Militello (Yankees).

Prado served as Assistant Director of Athletics at Tampa, focusing on fundraising and community support coordination. Prado has also worked with the Nicaraguan National Baseball Team.

After playing two seasons at Hillsborough Community College, he completed his college career at Tampa in 1985, where he earned a bachelor's degree in adult fitness.

He was an assistant coach at Hillsborough one year (1985) before accepting a similar position at Tampa, where he worked as an assistant for three seasons (1986-88) prior to his advancement as the Spartans' head coach. His first coaching experience was leading the District VI All-Stars to the 1982 Big League World Series.

As a sophomore in high school, Prado was the catcher on Tampa Catholic's state championship team in 1979. During his senior campaign in 1981, he batted .504 on his way to All-Hillsborough County honors.

Prado and his wife, Pam, have three sons, Jason, Tyler and Zach.

What They Say About Coach Prado

"Lelo is highly respected in the game of baseball. He was one of the big reasons why Louisville made it all the way to the College World Series in 2007. Virtually all of the players on that team were recruited by him and his superb coaching staff when he was the head coach with the Cardinals. In time, I expect South Florida to be a powerhouse in NCAA Division I baseball due to his recruiting skills, coaching ability and the insight he has in hiring great assistant coaches."

Lou Pavlovich
Editor, Collegiate Baseball Newspaper

"We have had the pleasure of playing against Lelo at both Louisville and USF. Lelo-coached teams are always fundamentally sound and are very well prepared. You know when you are playing his teams. They are going to play hard and you are in for a competitive game."

Fred Hill
Head Baseball Coach, Rutgers

"I know Lelo will bring the same energy and leadership in his hometown as he exhibited in his 10 years developing our baseball program at the University of Louisville. From a personal standpoint, I watched with great pride the development of my son (former U of L All-American Mark Jurich, currently in the Atlanta Braves minor league organization) as a player under his guidance. Lelo is not only a great asset for USF, but for the BIG EAST Conference as a whole."

Lazer Collazo
Assistant Coach

University of Miami, 1988
Second Season at USF
Pitching Coach

Lazaro "Lazer" Collazo enters his second season as the Bulls' pitching coach, bringing a championship pedigree to USF, having guided teams to 12 appearances in the College World Series, while claiming three College National Championships.

The Miami native, who has as impressive a resume as any collegiate pitching coach, oversees the Bulls' pitching staff and assists with camps and recruiting.

"Lazer is one of the best pitching coaches I have ever been around," said head coach Lelo Prado. "He gets the most out of his pitchers. He recruits a lot in this area and his ties down in Miami really help us. I really feel that he is one of the best pitching coaches in America."

Throughout the 2007 season, four of Collazo's pitchers were ranked in the top 50 in national statistical categories, including wins, saves and strikeouts per nine innings. Two of Collazo's palyers were selected in the 2007 Major League Draft, one of which was Danny Otero, who was the Minor League Baseball Short-Season Relief Pitcher of the Year and a post-season All-Star.

Collazo joined USF's staff in July of 2006, following a year at the University of Louisville where he oversaw the Cardinal pitching staff and assisted with strength and conditioning, camps and team defense. Under Collazo, Louisville compiled a 4.87 team ERA, while holding opposing hitters to a .273 batting average (fourth-best in the BIG EAST). In just their first season in the BIG EAST, the Cardinals advanced to the championship game of the BIG EAST Tournament.

Prior to joining the Cardinal staff, Collazo spent one season as head coach at Gulliver Prep High School in Miami, guiding it to the school's first-ever state championship in 2004.

He has been a member of three NCAA College World Series Championship teams with the University of Miami, posting a 2.79 ERA in limited action for the 1985 team as a reliever and working as the pitching coach for the '99 and '01 national champs.

With the Hurricanes for 18 years, he tutored the likes of Danny Graves, Jay Tessmer, Brian Walker, Tom Farmer, Robbie Morrison, Michael Neu, Luke DeBold, David Gil and J.D. Arteaga.

Collazo served as the pitching coach for the 1993 USA Baseball National Team, helping the team to a 30-16 record. The pitching staff compiled a 3.04 ERA and captured a silver medal at the Intercontinental Cup Tournament in Spain and a bronze medal at the World University Games in Buffalo, N.Y.

He was a graduate assistant coach with the Hurricanes for the five seasons (1986-90), following his graduation at UM. He was then named an assistant coach under Ron Fraser in 1990 and 1991. In 1992 he was the pitching coach for Florida State, where he helped the Seminoles reach the College World Series with a 49-21 record and a team ERA of 3.02.

Baltimore Oriole Hall of Famer Jim Palmer hired Collazo as a private pitching instructor in 1991 during Palmer's comeback attempt.

In 1987 he became the youngest coach to ever win a National Baseball Congress Tournament, guiding the Miami Lazers to a 32-3 record and 16th-place finish out of 41 teams in his first stint as a head coach.

Collazo, who holds a bachelor's degree in psychology from Miami, enjoys spending time with his wife Maria.

In his second season at USF, One of the nation's bright, young coaching minds, Bryant Ward will continue to add a wealth of knowledge and experience to the Bulls' coaching staff.

A native of Greenville, N.C., Ward was instrumental in the recruitment of USF's 2008 baseball class, which was tabbed as the No. 43 squad in the country by *Collegiate Baseball Newspaper.*

Ward, who head coach Lelo Prado says is one of the best up-and-coming young coaches in the country, came to USF from Cal State Fullerton in the fall of 2006.

While on staff at Cal State Fullerton, the Titans compiled a record of 96-33 during Ward's two seasons, hosting a Super Regional in 2005 and advancing to Omaha in 2006. This past season, the Titans finished the year with a 50-15 record, making the team's 14th trip to Omaha. The Titans finished the '06 season hitting .313 with 43 home runs, while ranking in the top five in each of the year's final polls. In his first season with the Big West Conference power, Ward helped guide the Titans to a 46-18 record and an appearance in the Super Regionals held at the Cal State Fullerton baseball field.

"As sad as we were to see Bryant go, we are elated at the opportunity he has in front of him at USF," said Cal State Fullerton head coach George Horton. "In my opinion they have acquired one of the brilliant young baseball minds in the country and will soon find out how valuable he will be to their program, just as we found out what he meant to ours over the past two seasons."

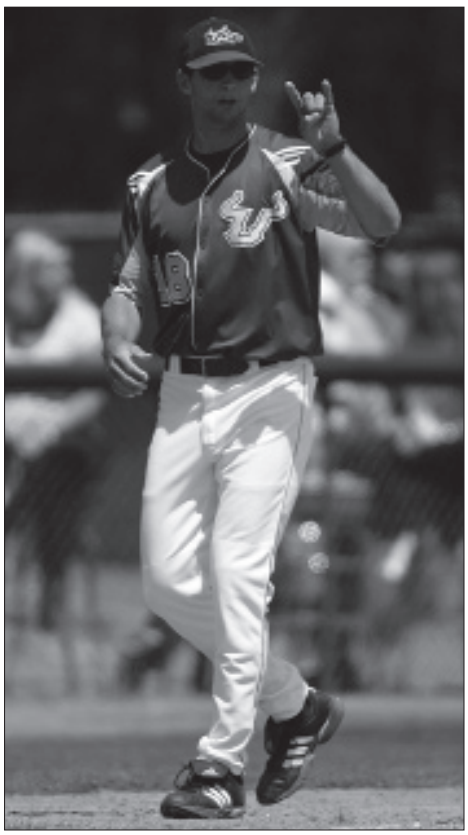
Before joining the Cal State Fullerton Staff, Ward served as an assistant coach at Pitt (N.C.) Community College from 2003-04. He assisted in all defensive and offensive instruction and development, as well as recruiting.

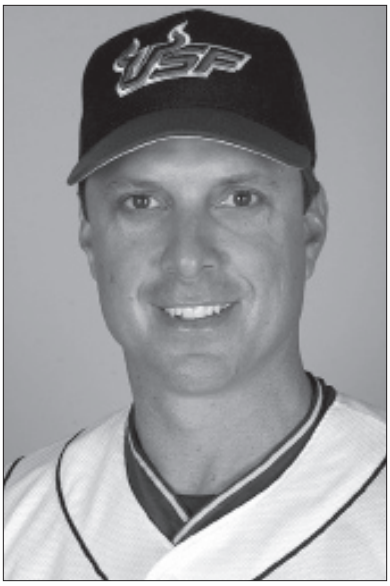
Ward was a standout infielder for the East Carolina Pirates from 1998-02, playing for the late Keith LeClair. Serving as team captain during his senior season, Bryant helped guide the Pirates to a 182-67 record and four-consecutive NCAA Tournament appearances. He finished his ECU career ranked fifth in games played (194), seventh in at-bats (687) and third in doubles (50). During his freshman campaign (1999), Ward and the Pirates posted a 46-16 overall record and became the first Colonial Athletic Association team to earn a No. 1 seed at an NCAA Regional.

As a sophomore (2000), Ward once again helped lead East Carolina to a top seed in the NCAA Regionals and captured their second-consecutive CAA crown. In 2001, Ward earned first team All-CAA, second team All-East Region and NCAA All-Wilson Regional honors, while leading the Pirates in batting average (.368) and doubles (22). ECU went 47-13, earning the school's first-ever national seed (No. 7) and finishing just two games shy of reaching the College World Series.

As a senior (2002), Ward guided East Carolina to a 43-20-1 record as a team captain. The Pirates earned a No. 24 national ranking and secured its first-ever Conference USA Tournament title and its fourth-straight NCAA post-season appearance.

Ward resides in Tampa.





Tino Martinez

Volunteer Assistant Coach

University of Tampa, 1988
Second Season at USF
Hitting Coach

Former New York Yankee and Tampa Bay Devil Ray Tino Martinez, who played at Tampa while Prado was an assistant coach there, will be a volunteer assistant coach for the Bulls again this season.

He has been a champion at every level, both on and off the field.

After leading Tampa Catholic and Jefferson High Schools to state championships in the mid-1980s, Martinez was drafted in the third round by the Boston Red Sox in 1985. Opting instead for college, he spent three years playing for the University of Tampa Spartans, where he was a three-time All-American, an Academic All-American and a fixture in the Spartan record books. Martinez still holds Spartan records for career home runs (54), career batting average (.399), career slugging percentage (.736), single season batting average (.452) and single season slugging percentage (.957).

In 1988, Martinez led the 1988 United States baseball team to the gold medal in the Summer Olympics in Seoul, South Korea. He was named MVP of the World Amateur Championships in Parma, Italy, hitting .413 with four home runs and 18 RBI and was named first baseman on The Sporting News College All-America team. That year, he also was a finalist for the Golden Spikes Award, presented to the country's best amateur player.

The Seattle Mariners drafted Martinez in the first round (14th overall) of the 1988 Major League Baseball draft. After a slew of Triple-A All-star and MVP honors, he made his first appearance in the majors in 1990, beginning a career that would span 16 years and lead him from the Mariners to the New York Yankees, St. Louis Cardinals, Tampa Bay Devil Rays, and back to the Yankees.

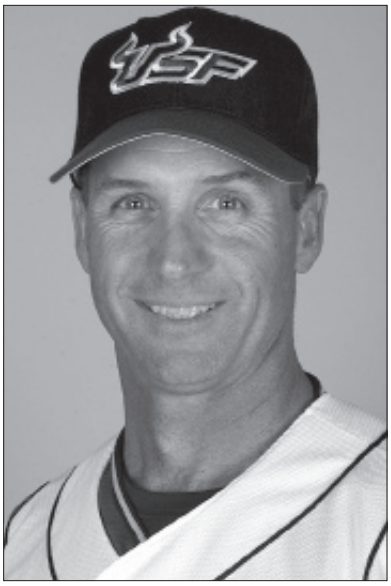
As one of MLB's most feared hitters, Martinez made his living driving in runs, developing a reputation as a hitter who was most dangerous with runners in scoring position. Martinez's clutch hitting, sure hands and quiet leadership in the locker room made him one of the cornerstones of the greatest baseball dynasties of the century, a team that brought home four World Series victories in 1996, 1998, 1999 and 2000.

Major League Baseball All-Star Tino Martinez with the Home Run Derby Trophy, which he won in 1997 in his second year with the New York Yankees.

From 1995 to 1999, Martinez logged 587 RBI, the most in the American League and second in Major League Baseball. He received MLB All-Star honors in 1995 and 1997 and Silver Slugger in 1997, while winning the Home Run Derby in 1997 and finishing second in MVP voting. That same year, with a total of 44 home runs, Martinez became the first Yankee to hit more than 40 home runs since Reggie Jackson in 1980, joining Babe Ruth, Lou Gehrig, Mickey Mantle, Joe DiMaggio and Roger Maris. In 1998, he became only the 17th man in the history of baseball to hit a grand slam in a World Series game.

In 2000, Martinez hit an astounding .364 in the postseason, his 24-for-66 falling one hit shy of the all-time record and powering the Yankees to a World Series victory over the Mets. In 2001, he launched one of the greatest hits in World Series history, a bottom-of-the-ninth, two-out, two-run homer that tied the game and paved the way for a 10th-inning win. The bat used to hit that dramatic home run is enshrined in the Major League Baseball Hall of Fame.

Martinez retired from professional baseball following the 2005 season after returning to the Yankees for a final year. He left the game with 339 home runs, 1271 RBI and a .995 career fielding percentage in 2023 games played. He became an anchor on ESPN's Baseball Tonight beginning with the 2006 season, and in June 2006, agreed to join the University of South Florida Bulls coaching staff as a volunteer assistant.



Greg Parris

Director of Baseball Operations

USF, 1986

Seventh Season at USF

Greg Parris enters his seventh season on the University of South Florida staff, first joining the program in 2002 as the administrative assistant. He was a volunteer assistant and is now the Director of Baseball Operations.

Prior to joining USF, Parris put together a 14-year record of 234-138 in the prep ranks. He was 208-69 in 10 seasons at Brandon High School. Parris led Brandon to six conference titles, four district championships, a pair of regional trophies as well as a trip to the state title game in 1995.

He was named the Florida Athletic Coaches Association District Coach of the Year in 1995 and 1996 and the Class 6A Coach of the Year in 1996 when Brandon enjoyed an undefeated regular-season. Forty of his players earned college scholarships and 16 were drafted professionally.

Parris earned his bachelor's degree in physical education from USF in 1986 and his master's degree in educational leadership from Nova Southeastern in 1994.

Parris and his wife, Lisa, reside in Brandon with their daughter, Savannah (9) and son, Easton (2).

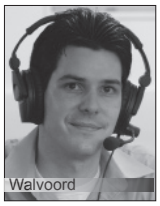
Listen To The Bulls



Bulls fans can catch all USF baseball games on 1010 AM Sports and most will be broadcast through the USF Press Pass at www.GoUSFBulls.com. Live video and audio streaming will be available on the USF Press Pass for all games played at Red McEwen Field as well as most of the Bulls' road contests. The play-by-play and color duties will be shared among Jim Louk, Garrett Walvoord and Austin Bush.

Watch The Bulls on Catch 47

Eight of the Bulls' baseball games can be seen on Catch 47, the official cable network of USF athletics, with Joe Girvan calling the play-by-play. The games scheduled to be on Catch 47 are:

Thursday, Feb. 28	Oklahoma State	7 p.m.
Friday, March 14	Seton Hall	7 p.m.
Friday, March 28	Georgetown	7 p.m.
Saturday, March 29	Georgetown	7 p.m.
Friday, April 11	Louisville	7 p.m.
Friday, April 25	Villanova	7 p.m.
Thursday, May 15	Notre Dame	7 p.m.
Friday, May 16	Notre Dame	7 p.m.

The 2008 USF baseball media guide is designed to assist members of the media in its coverage of the Bulls baseball program. Additional information, including press releases and photographs, may be obtained by contacting the USF Sports Information Office at (813) 974-4087. Please take a moment to review the following policies and services that are intended to assist you in your coverage of USF baseball this season.

Media Credentials

All requests for press, broadcast and photo credentials for USF home baseball games should be directed to Amy Woodruff, Assistant Sports Information Director, via e-mail (woodruff@admin.usf.edu), phone (work: 813-974-4087 or cell: 813-410-1194) or fax (813-974-5328). All requests should be made at least one week prior to the event.

As a general rule, working space is allocated on the following basis: (1) daily newspapers/beat writers and wire-service writers covering for next-day publications; (2) radio and television personnel for broadcast origination; (3) newspaper and television photographers. A television deck is located on the west end of the press box.

Media Will Call

A media pass list will be left at the box office of the Red McEwen Field.

Media Parking

Parking for all USF home baseball games is located in the Visitor Parking Lot west of the USF Athletics Building and north of the Sun Dome. Parking is free two hours prior to the start of the games on weekdays and all day during the weekend.

Media Services

The Red McEwen press box is located at the top of the grandstands. Three phone lines are located in the press box - the press box phone number (813-974-3604) and one phone line for visiting SID and one for radio (if needed).

Postgame Interviews

Head Coach Lelo Prado and requested players will be available for postgame interviews following a brief cool-down period. All interviews will be conducted on the field.

Player Interviews

All media requests for interviews with USF baseball players should be directed to Assistant SID Amy Woodruff (office: 813-974-4087), preferably 24 hours in advance. The best time for in-season interviews, either in person or on the phone, is prior to or following practice. Most USF practices begin at 3 p.m. and end at approximately 6 p.m. However, please check with the Sports Information Office to confirm practice times. Please contact the Sports Information Office if you plan to attend practice. Practice is open to the media to film and photograph. Practices are held at Red McEwen Field. Interviews conducted following practice should be held to a brief Q & A session. With advanced notice, interviews with players can be arranged for other hours. Calling players at home or on cell phones without permission from SID Amy Woodruff will not be tolerated. The players' dorms, training room and weight room are also off limits. On game days, players are unavailable until after the game.

While on the road, Prado, his staff and players are accessible for interviews but all interviews should be arranged through Woodruff.

We Are USF

When referring to the University, please be aware of the following policy regarding usage.

First references to the school and its intercollegiate athletics program should always be the "University of South Florida."

The only secondary references used should be "USF" or "Bulls." Please refrain from using "South Florida, S. Florida, South Fla." or any other similar combination.

Head Coach Lelo Prado Interviews

All interviews with Head Coach Lelo Prado should be arranged through SID Amy Woodruff. The best time to interview Prado is in the morning. Coach Prado is also available for a brief Q&A following practice.

Tickets

Contact the USF Ticket Office at 1-800-GoBulls to order tickets. For all games, adult tickets are $5, children and senior tickets are $3 and groups of 10-or-more are $2.

BIG EAST Baseball Championship Returns to Clearwater, Fla., in 2008 & 2009

The BIG EAST Conference has announced that Bright House Networks Field in Clearwater, Fla., has been chosen as the site of the 2008 and 2009 BIG EAST Conference Baseball Championships.

It's a familiar site for BIG EAST fans, as Bright House Networks Field previously hosted the 2006 BIG EAST Championship.

"We're thrilled about the opportunity to return to Clearwater and Bright House Networks Field," said BIG EAST Commissioner Michael Tranghese. "It gives our student-athletes a chance to play in a first-class facility and it provides a wonderful atmosphere for our fans."

Regarded as one of the top minor league playing facilities in the nation, Bright House Networks Field serves as the spring training site for the Philadelphia Phillies, and it has housed the Phillies' Florida State League affiliate Clearwater Threshers since the facility opened in 2004.

"This facility really has everything we look for when we evaluate possible championship sites," said BIG EAST Associate Commissioner for Olympic Sports Jim Siedliski. "Its location is ideal from a weather standpoint and it has all of the amenities and details that will allow us to run a top-of-the-line event."

"The Phillies organization is extremely excited to host the BIG EAST Championships again here at Bright House Networks Field for 2008 and 2009," said John Timberlake, the Phillies' Director of Florida Operations. "We had a wonderful experience working with the BIG EAST Conference in 2006 and we really look forward to hosting another first-class championship with the fine institutions that represent the BIG EAST."

The stadium's seating capacity is 8,500, which includes 7,000 fixed seats. The outfield dimensions measure 329 feet down the leftfield line, 408 feet to center, and 330 down the right field line. The $25 million facility features a 360-degree main concourse, grass berm seating, group picnic areas, a children's play area and a state-of-the-art video scoreboard.

The Phillies will work with the area's convention and visitors bureau, Visit St. Pete/Clearwater, to promote the beautiful destination of Clearwater and the rest of Pinellas County.

"When you combine a top-notch sporting event like the BIG EAST Championships with a world-class destination like St. Pete/Clearwater, the result is sure to wow everyone who attends," said Visit St. Pete/Clearwater Director of Sports Kevin Smith. "And the fact that we were selected as the host destination for the next two years is a real honor," he added.

The 2008 BIG EAST Conference Baseball Championship will be played May 20-24, with the top eight teams in the regular season standings qualifying. The 2009 conference tournament will take place May 19-23. The winner of the BIG EAST Championship receives the conference's automatic bid to the NCAA Championship.

The championship game of the 2008 BIG EAST tournament is scheduled to be televised on ESPNU May 24. Fans may also visit www.BIGEASTBaseball.com to access the latest information about the championship, including ticket information, tournament brackets and a complete history of the event

In 2007-08, the BIG EAST will be in its third academic year as a 16-member conference. While many outside the league were curious and sometimes skeptical of the long-term prospects of the largest Division I-A conference, the student-athletes concentrated on their tasks at hand and continued the league's proud tradition of success.

BIG EAST teams earned plenty of recognition at the highest levels in 2006-07. In basketball, the Georgetown men's team and the Rutgers women's team each advanced to their respective Final Fours with Rutgers playing in the national championship game.

The 2006 football season was the BIG EAST's best ever. Louisville, West Virginia and Rutgers all finished in the top 12 in the final national polls. The BIG EAST posted a 5-0 bowl record and won the ESPN Bowl Challenge Cup.

On the diamond, the Louisville baseball team played its way to the College World Series. In softball, DePaul also participated in the College World Series. The Notre Dame women's soccer team advanced to the NCAA title game and the Connecticut field hockey team made it to the Final Four.

The BIG EAST took the men's and women's M.A.C. Hermann Trophy, the top individual award in soccer. The winners were Joseph Lapira and Kerri Hanks, both of Notre Dame.

The goals of the BIG EAST have never changed. The league aims and expects to compete at the highest level and does so with integrity and sportsmanship.

The BIG EAST became the nation's largest Division I-A group in 2005-06 when five new members began competing. The new schools were: University of Cincinnati, DePaul University, University of Louisville, Marquette University and the University of South Florida.

BIG EAST institutions reside in nine of the nation's top 34 largest media markets, including New York, Chicago, Philadelphia, Washington, D.C., Tampa, Pittsburgh, Hartford, Milwaukee and Cincinnati. With its newest members, BIG EAST markets will contain almost one fourth of all television households in the U.S.

Since opening its doors in 1979, the league has won 25 national championships in six different sports and 124 student-athletes have won individual national titles.

The BIG EAST has always been able to boast that some of its best students are also some of its best athletes. More than 350 student-athletes have earned academic all-America honors. Last year in football, Brian Leonard of Rutgers won the Draddy Award, known as the academic Heisman. In addition, Rhema Fuller of Connecticut and Jay Henry of West Virginia were named national scholar-athlete award winners by the National Football Foundation.

Louisville field hockey standout Jessica Javelet, the 2006 BIG EAST Offensive Player of the Year, was named first team academic all-America. The Louisville team was recognized by the National Field Hockey Coaches Association for the highest team GPA in the nation for a second straight year.

The BIG EAST has continued its basketball success in the 21st century. In 2003-04, Connecticut became the first school in NCAA history to win the men's and women's NCAA titles in the same season. In '02-03, the BIG EAST became the first conference in NCAA history to win the men's and women's titles in the same year when the Syracuse men and the Connecticut women took home the NCAA crowns. In men's basketball, BIG EAST squads have won three of the last nine NCAA championships. BIG EAST women's teams have taken five of the last eight NCAA titles.

Proactive movement has been a signature strategy for the conference that was born in 1979. The BIG EAST continually turns challenges into opportunities to become stronger.

In the spring of 2001, the BIG EAST added women's lacrosse and rowing to its growing list of sports. The first women's golf championship was held in the spring of 2003.

The BIG EAST became a reality on May 31, 1979, following a meeting of athletic directors from Providence College, St. John's, Georgetown and Syracuse Universities. Seton Hall, Connecticut and Boston College completed the original seven school alliance.

While the membership has both increased and changed, the focus of the BIG EAST has not wavered. The conference reflects a tradition of broad based programs, led by administrators and coaches who place a constant emphasis on academic integrity. Its student athletes own significantly high graduation rates and their record of scholastic achievement notably show a balance between intercollegiate athletics and academics.

Any successful organization needs outstanding leadership. Michael Tranghese, the league's first full-time employee, and for 11 years the associate to Dave Gavitt, became Commissioner in 1990. In his first year, he administered the formation of The BIG EAST Football Conference.

The league has long been considered a leader in innovative concepts in promotion and publicity, particularly regarding television. Those efforts have resulted in unparalleled visibility for BIG EAST student athletes. The conference has enjoyed longstanding relationships with CBS, ESPN, Inc. and ABC.

While BIG EAST basketball games are regular sellouts at campus and major public arenas, including the annual men's BIG EAST Championship in Madison Square Garden, attendance figures also are significant in soccer, women's basketball and baseball games.

More than 550 BIG EAST student-athletes have earned all America recognition and dozens have won individual NCAA national championships. The BIG EAST has been well represented in U.S. or foreign national and Olympic teams. Several athletes earned gold medals in each of the last five summer Olympiads.

The BIG EAST has its headquarters in Providence where the conference administers to more than 5,500 athletes in 23 sports.

2007 REVIEW

2007 University of South Florida Bulls

Under the direction of first-season coach Lelo Prado, the Bulls jumped out to an early 9-1 record to start the 2007 campaign, which was the best start for USF since 1986. During that streak, Prado earned his 600th-career win (and second as a Bull), including 278 victories at the University of Tampa and 320 wins at Louisville. USF clinched a berth into the BIG EAST Championship held in late May, ending the year with a 34-26 overall mark, with a 13-14 clip in the conference.

National Recognition

USF earned a No. 30 ranking in the *Collegiate Baseball Newspaper* poll on Feb. 26, and received votes in the National Collegiate Baseball Writers Association poll twice (Feb. 19, Feb. 26) and in the USA Today/ESPN poll once (April 2).

National Players of the Week

Otero

Throughout the season, five players were selected to the College Baseball Foundation National Honor Roll Player of the Week list, including Dexter Butler, Walter Diaz, Danny Otero, Braulio Pardo and Ty Taborelli.

1200 All-Time Wins For USF Baseball

USF beat Notre Dame 9-1 on March 25 for the Bulls' 1,200th all-time victory. In the 42nd year of the program, USF was 1200-943-4 overall at the time and now, following the 2007 season, boasts an all-time record of 1217-962-4.

Among The Elite

USF was ranked in the Top 50 in seven national statistics categories, five individually and two as a team, as announced by the NCAA throughout the year.

Sanford

On April 11, freshman Shawn Sanford was USF's highest-ranked individual, as he was fifth in the country in saves. He ended the season 23rd in the category.

Mid-season, two Bulls were in the top 30 in victories, including seniors Chris Delaney (11th) and Danny Otero (29th), but both ended the year 60th with nine wins apiece.

With 81 strikeouts in 24 appearances, senior pitcher Yuri Higgins was 46th in the country in strikeouts per nine innings with 9.6.

BIG EAST Conference Awards

Three Bulls were selected to the BIG EAST All-Conference Team this year, as Danny Otero was selected to the second team and juniors Walter Diaz (ss) and Dexter Butler (2b) were on the third squad.

Seven Bulls were honored with weekly awards by the BIG EAST, earning accolades as either player of the week or honor roll recipients. Senior Danny Otero produced back-to-back pitcher of the week awards and junior Walter Diaz earned two honor roll awards. Junior Dexter Butler recorded a player of the week nod, while senior Ty Taborelli, junior Brandin Daniel, sophomore Braulio Pardo and freshman Shawn Sanford each earned honor roll recognition.

Diaz Posts 24-Game Hitting Streak

Diaz

Junior shortstop Walter Diaz posted a 24-game hitting streak from March 13 through April 24, passing the Bulls' longest hitting streak posted in the past nine years, which was Johnny Raburn's 20 consecutive-hit games in 1999 and 2000. Diaz was 40-for-98 (.408) throughout those 24 games with 18 RBI and 24 runs scored. He registered three doubles, a triple and a home run while drawing 21 walks, one of which was intentional. Diaz also had eight stolen bases in that time.

Watching the Bulls

Two USF Bulls were in the hunt for three postseason awards as junior Walter Diaz was listed on the watch list for both the Dick Howser Trophy and the Brooks Wallace Award while freshman right hander Shawn Sanford was up for the NCBWA Stopper of the Year Award.

Pitchers Go The Distance

The Bulls' pitching staff recorded eight complete games in 2007, led by senior right hander Danny Otero's five. Freshman righty Matt Quevedo added two while senior Chris Delaney chipped in one.

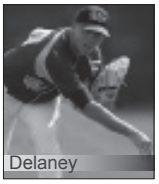
Setting Records

Maruszak

The 2007 Bulls set three school records, two of which were single-game performances and one was a season-best. Junior Walter Diaz tied the single-game hit record with a 5-for-6 outing in February, then the Bulls took six bruises for bases in May, setting the school's single-game hit by pitch record. In April USF cracked the school's season record for hit by a pitch, and amassed 99 plunks by the end of the year. Addison Maruszak led the team with 18.

Delaney Perfect 8-0 Through Nine Games

In his ninth start, senior right handed pitcher Chris Delaney (8-0) earned his eighth win of the season as USF beat Villanova 5-4 in the first game of the April 14 double header in Pennsylvania.



Delaney

Sanford Notches 11 Ks

Freshman right handed pitcher Shawn Sanford recorded 11 strikeouts in the Bulls' 8-2 victory over Seton Hall on May 12. The 11 Ks were a season-high for the Bulls.

USF vs. Florida - Feb. 27

Take Me Out To The Ball Game

On Feb. 27, the Bulls played the Florida Gators in front of a crowd of 2,426 fans, which was the highest attendance recorded at Red McEwen Field in at least the past eight years. (Attendance prior to the 1999 season is unknown)

Higgins Tosses 10 Ks Twice

Higgins

Right handed senior Yuri Higgins threw 10 strikeouts in a game twice last season. Against Notre Dame, 58 of his 92 pitches on March 24 were strikes. The Tampa native ended the year 5-4 with four saves and 81 strikeouts in 76.0 innings.

You, You and You Are Out

In the fourth inning of the third game against Pitt (March 18), USF turned a triple play after Addison Maruszak fielded a ball hit to third base, doubled up the runners at second and first, then first baseman Brandin Daniel threw to catcher Brad Karns, who tagged out the third player, completing the triple-play.

2007 USF Seniors

Farewell To Five Seniors

The Bulls honored five seniors prior to the final home game on May 19. USF bid farewell to (L-R) Danny Otero, Nick Cardieri, Yuri Higgins, Ty Taborelli and Chris Delaney (not pictured).

Herbert "Beefy" Wright

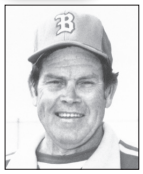
Nine Years (1966-74)
131-127-2 (.508)

USF's first baseball coach, Herbert "Beefy" Wright came to USF in 1964 to teach physical education after coaching basketball and baseball at Broward Junior College in Ft. Lauderdale ... Led the Brahmans the first nine years of the program's existence beginning with the 1966 season ... Resigned in January, 1974 to become the Dean of Boys at Tampa's Greco Junior High School but he did coach the Brahmans through the 1974 season ... Compiled an overall record of 131-127-2 through nine seasons with his best mark a 23-16 slate in 1973.

Jack Butterfield

Two Years (1975-76)
61-24-1 (.715)

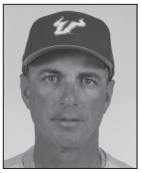
USF's second baseball coach, Jack Butterfield directed the USF program to a 29-12 mark in 1975 and to a 32-12-1 record in 1976 ... The victory totals each season were school records at the time ... His Bull teams had an overall record of 61-24-1 ... Butterfield arrived at USF following 18 seasons as head coach at the University of Maine where he posted a 235-165 record ... He was named national collegiate coach of the year in 1964 when he led Maine to a third place finish at the College World Series ... Joined the New York Yankee organization in February, 1976 while continuing to coach the Bulls ... A year later he became the Yankees' director of player development and scouting and then assumed a vice president's title just months later ... Died suddenly at the age of 50 in an automobile accident in Paramus, N.J.



Robin Roberts

Nine Years (1977-85)
262-240-2 (.521)

One of baseball's greatest pitchers, Hall of Famer Robin Roberts became USF's head coach in November of 1976 ... He was 262-240-2 in a nine-year span that began with the 1977 season and ended with the 1985 campaign ... Roberts was selected Sun Belt Coach of the Year four times — in 1978, 1980, 1981 and 1982 ... The former Philadelphia Philly directed USF to its first NCAA Tournament appearance in 1982 ... A native of Springfield, Ill., he attended Michigan State University on a basketball scholarship ... He won 286 games in a Major League career that spanned 19 seasons including 14 with Philadelphia ... The seven-time All-Star was the starting pitcher in five All-Star games ... Won 20 or more games in six-straight seasons from 1950 through 1955 while leading the National League in starts in each of those years ... Also led the National League in wins in four straight seasons, complete games and innings pitched in five consecutive and in strikeouts in two straight years ... Roberts resides in Tampa with his wife Mary Ann.



Eddie Cardieri

21 Years (1986-2006)
731-546 (.572)

USF's all-time winningest coach, Eddie Cardieri was the Bulls' skipper for 60 percent of the games the team has played since the sport was instituted in 1966 (1,277-of-2128 total games) ... He compiled a 731-546 record during his 21 years at the helm, picking up win No. 700 on April 27, 2005 ... Cardieri owns the school record for wins in a season (52 in 1986), games coached (1,277), NCAA Tournament appearances (nine) and highest ranking (No. 1 in 1989) ... Cardieri's USF career began Jan. 4, 1983, when he was named Roberts' top assistant ... When Roberts, the former Philadelphia Phillie and Hall of Fame pitcher, retired following the 1985 season, Cardieri was promoted to head coach on June 24 ... He twice earned Coach of the Year in the Sun Belt (1986, 1990) and Metro Conferences (1993, 1995) and once in Conference USA (1996) ... He guided USF to nine NCAA Tournament appearances (1986, 1989, 1990, 1993, 1995, 1996, 1997, 2001, 2002) ... The Bulls won five regular-season championships and four conference tournament crowns ... He was also named the Conference USA Student-Athlete Advisory Committee (SAAC) Coaches Choice Award winner in 2003 ... Cardieri resides in Tampa with his wife Kim.

Note: The Sun Belt did not play a regular-season league schedule in its first three seasons. After two seasons, 1981 and 1982, USF participated in the three-team Sun Belt South Division and in the four-team Sun Belt West Division from 1983 through 1991. In the 1992 through 1995 Metro seasons, the league did not utilize a divisional format.

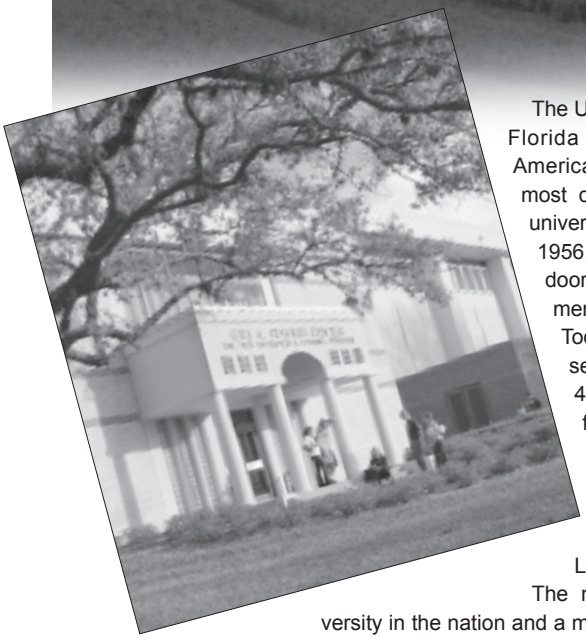
THE UNIVERSITY



The University of South Florida is among America's largest and most dynamic research universities. Founded in 1956, USF opened its doors with an enrollment of nearly 2,000. Today, the University serves more than 44,000 students at four campuses located in Tampa, St. Petersburg, Sarasota-Manatee and Lakeland.

The ninth largest university in the nation and a member of the BIG EAST Athletic Conference, USF has achieved distinction in all areas of academics, sports, research and funding. The University offers 217 degree programs at the undergraduate, graduate, specialty and doctoral levels, including the doctor of medicine.

USF's student body is as diverse as its academic program profile. More than 30 percent of the University's students are African American, Black, Asian American, Hispanic or Native American, and USF is home to scholars from every state in the U.S. and more than 125 countries across the globe. Almost 60 percent of students are women. USF students are taught by highly regarded faculty who came to USF from many of the world's leading universities and research institutions.

Top Research University

The Carnegie Foundation for the Advancement of Teaching has placed USF in its highest classification level, which is "Research University with Very High Research Activity." Of the 4,321 colleges and universities classified, USF is one of only 63 public universities in the highest tier. Inclusion at this level affirms USF's position among the top research universities in the nation. USF was awarded more than $310 million in research contracts and grants in 2006.

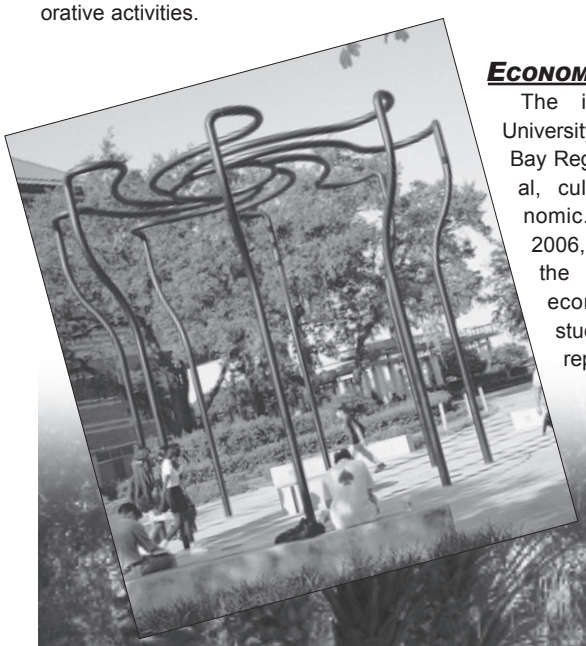
USF is one of 76 universities in the nation designated by The Carnegie Foundation for the Advancement of Teaching as being most engaged with their communities and one of only ten public research universities across the country designated as "very high research" and "community-engaged." USF is the only Florida university - public or private - to receive this classification.

At the center of the Tampa Bay region's medical, biotechnology and bioscience research, USF has become a major player in the highly competitive research arena. USF's internationally renowned researchers are making radical breakthrough in marine science, medicine, engineering and social research. Work in counter-terrorism and

biological defense, optical sensors, immunology, Alzheimer's and other neurological disorders, aging studies, laser technology and alternative fuels has gained national and international recognition.

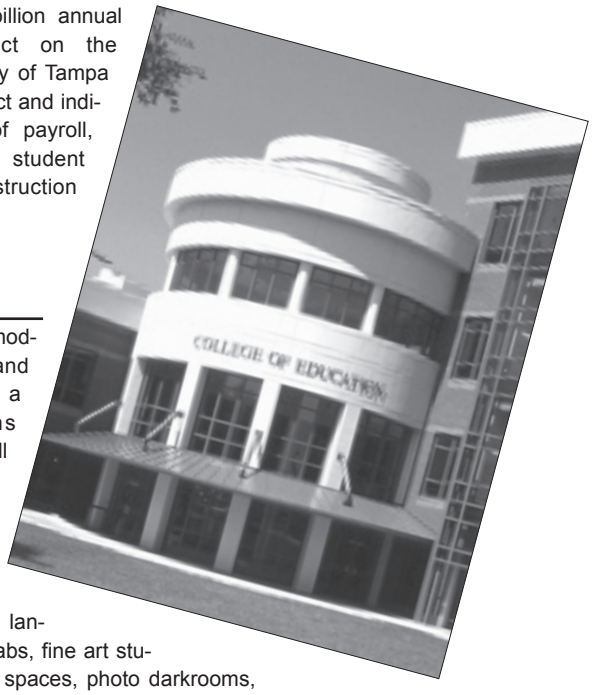
The University is a leader in establishing public/private partnerships for the mutual exchange of resources and talent for research and development. As one of the major anchors in the creation and development of the 21-county Florida High Technology Corridor that runs from the Atlantic coast to the Gulf of Mexico along Interstate 4, USF attracts hundreds of high-tech businesses and creates thousands of jobs in the heart of central Florida.

The University's master-planned Research and Development Park, on the Tampa campus, links USF facilities to high-tech research firms, devoting 1.2 million square feet of space to offices, research and development activities. A hotel on the property has 1,400 square feet of conference and meeting facilities, opening new opportunities for conferences and collaborative activities.



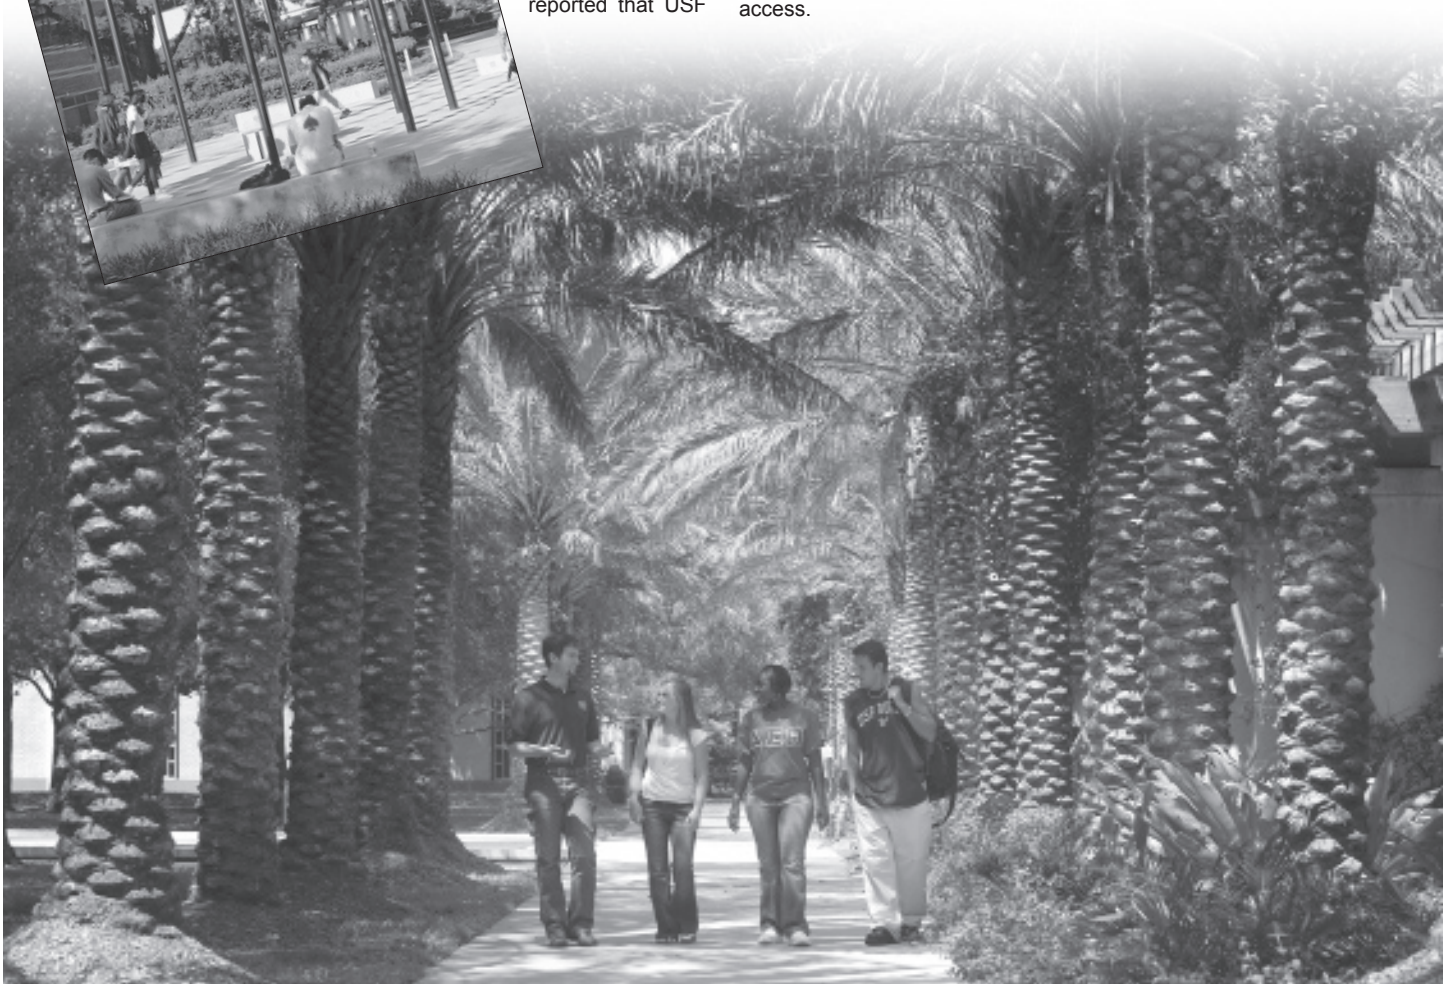
Economic Impact

The impact of the University on the Tampa Bay Region is intellectual, cultural and economic. In January 2006, USF released the findings of an economic impact study. The results reported that USF makes a $3.2 billion annual economic impact on the regional economy of Tampa Bay through direct and indirect spending of payroll, student tuition, student expenses, construction and research.



Top-Notch Facilities

USF boasts modern science and engineering labs, a communications building with a full range of broadcast facilities, on-campus public television and radio stations, foreign language listening labs, fine art studios and display spaces, photo darkrooms, education teaching labs, and even an on-campus elementary school. Hundreds of computers are available seven days a week in 12 labs conveniently located on all four campuses with free Internet access.



Tampa Bay serves as a vacation getaway to 18 million people per year, but to us it's home. And what a great place it is. We revel in the kiss of the sun, the caress of the breeze and the sparkle of the turquoise water all around us. Sometimes at the end of a long winter weekend, we call our friends, who are buried under a blanket of snow, and tell them how we spent our day: Playing golf in short sleeves, enjoying our boat, hosting a picnic in the park. At times the temptation to rub it in wears down even the best of us.

However, the Tampa Bay area offers much more than just nice weather. Over two million residents would agree it's a great place to work, to recreate, to grow a business, to raise a family and to live.

Ideally located on the coast of Florida's beautiful Gulf of Mexico, the Tampa Bay region provides easy access to Gulf beaches and surrounding cities. The area's central location also provides access to other Florida treasures, perfect for day trips including Orlando, Daytona and Miami.

The Bay Area is a vibrant multi-cultural community. It's such a hotbed of diversity that the U.S. Census Bureau named the area one of the five most diverse, integrated urban areas in the country. This diverse mix of homes and cultures add to the area's high quality of life. Newcomers will find stately charm among the older neighborhoods of Hyde Park or innovative planning and amenities in the northern communities of Carrolwood and New Tampa. East of the county, the country flavor of Plant City; to the west and south, the beauty of the Pinellas County and Sarasota/Bradenton beaches.

Just east of downtown Tampa, Ybor City, one of only three Florida National Historic Districts, mixes the past with the present. The area, which was famous for its flourishing cigar industry during the late 19th and early 20th centuries, is now famous for its rich culture and exciting nightlife. Centro Ybor, a former cigar factory itself, is now a popular spot for shopping and dining. Ybor City also offers art studios and Spanish-Cuban ethnic restaurants with a true taste of the local cuisine. But the fun doesn't stop when the sun goes down. At night, Ybor City comes alive with nightclubs showcasing the blues, jazz and rock. For those who enjoy somewhat quieter nights, Centro Ybor, at the heart of the city, offers a more family type atmosphere with shops, restaurants and a movie theater. No matter how you like to spend your evenings, Ybor City won't disappoint you.

And if you've never thought about Tampa Bay as a place where the arts flourish, think again. Our museums draw acclaim from visitors and critics alike. We enjoy a renowned symphony orchestra, an exciting theater scene and cultural performances in state of the art venues. Those venues - including the University of South Florida's own Sun Dome - also play host to most every national touring musical act. Weekends are never dull here. In addition to cultural events, the area offers theme parks such as Busch Gardens and Adventure Island, professional sports, boating, year-round golf and a destination where families can escape to marvel at Florida's natural majesty.

Yes, the sun does shine on us an average of 240 days a year, but that's only part of the picture. Just take a more in depth look at the many items that make Tampa Bay an ideal place to call home.

Sports & Recreation

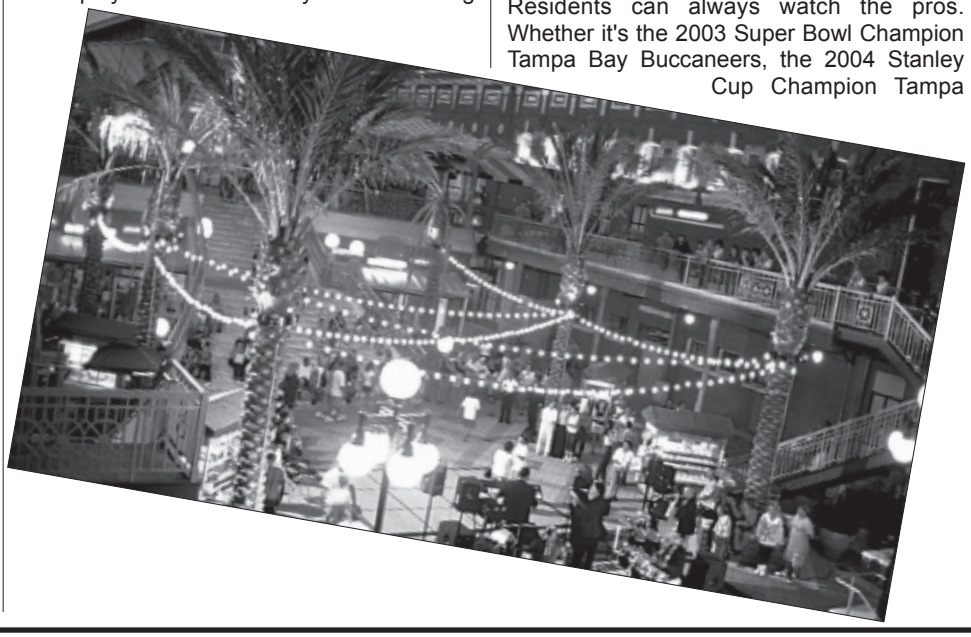
Baseball, football, basketball, tennis, golf, hockey…. whatever sport you're looking for, we've got it. For spectators and participants alike, Tampa Bay's mild climate and first-rate facilities allow its residents and visitors to enjoy any number of sporting activities virtually year-round.

Spoiled by an annual average of 240 days of sunshine and a mean temperature that even in January hovers around 60 degrees, Tampa residents pursue recreation and fitness opportunities with great enthusiasm. They go fishing, play tennis, jog, rollerblade, ride bicycles…. the list is endless. There are countless ways to get exercise, but shoveling snow isn't one of them.

The Tampa Bay area offers beautiful parks and recreation facilities that allow visitors and residents to enjoy any outdoor activity they choose from a scenic canoe ride down the charming Hillsborough River to a family football or softball game at any one of the area's neighborhood parks.

For those who just like to sit back and watch the excitement, the historic Tampa Bay Downs is a perfect place to spend the day. Visitors can enjoy a day of thoroughbred racing and try their luck by wagering on their favorite horses.

Residents can always watch the pros. Whether it's the 2003 Super Bowl Champion Tampa Bay Buccaneers, the 2004 Stanley Cup Champion Tampa



Bay Lightning or the Tampa Bay Devil Rays of Major League Baseball, Tampa Bay fans can enjoy professional sports year-round. Other pro teams include the five-time Arena Bowl Champion Tampa Bay Storm and an abundance of Major League Baseball teams in Spring Training, including the New York Yankees, just a long home run away from Raymond James Stadium.

The facilities for these franchises are as first class as the many fans that attend the various events. So much so, Tampa Bay is among only a handful of cities nationally to attract a Super Bowl, Final Four and NHL All-Star-Game.

Tampa Bay hosted its third Super Bowl in 2001 and will host its fourth in 2009 at Raymond James Stadium. The University of South Florida is serving as the host institution for the 2008 NCAA Men's Basketball First and Second Rounds, the 2008 NCAA Women's Basketball Final Four and the 2009 NCAA Women's Volleyball Championship. The Tampa Bay Lightning's home - the St. Pete Times Forum - welcomed the ACC Men's Basketball Tournament in 2007 and will host the 2009 SEC Men's Basketball Tournament and the 2012 NCAA Frozen Four.

Tourism

Welcoming visitors has always been a mainstay of Tampa business. Annually, more than 18 million people come to Tampa/Hillsborough County to take vacations or attend conventions. Keeping this in mind, the hospitality community devotes much effort to continuously offering new things to see and do.

Tampa's newest addition came in 2004 with the opening of the Ford Amphitheater, where visitors can experience some of the nation's hottest touring performers and concerts.

Attractions & Events

With so many people visiting the Bay Area each year, you better believe there are plenty of things to see and do. Newcomers, as well as long time residents, sometimes find it difficult to keep up with the ever-growing list of sights and attractions. The Tampa Bay area is packed with excitement, offering visitors educational, entertaining and cultural attractions.

Some attractions - like Busch Gardens and the Florida Aquarium - are consistently expanding to give people even more reasons to keep coming back. Thrill seekers will enjoy the newest addition at Busch Gardens - SheiKra - America's only dive coaster and one of only three such coasters in the world. SheiKra is 200 feet up, 90 degrees straight down and already a legend. Others, such as the Florida Aquarium, the Museum of Science and Industry and Lowry Park Zoo, have recently completed expansion projects worth millions of dollars.

As it is already, the number of places to go and things to do is nearly overwhelming. The list is only partially complete with Busch Gardens, Adventure Island, The Florida Aquarium, Lowry Park Zoo, Museum of Science and Industry (MOSI), Yacht StarShip dining cruises, an abundance of beaches, the Henry B. Plant Museum, the Tampa Museum of Art, Tampa Bay Performing Arts Center and Ybor City.

Arts & Culture

The arts are a vital component of the Tampa Bay community. Newcomers quickly realize that in this region the arts thrive. From its theater groups, orchestras, world-class performance halls, museums, galleries and much more, Tampa Bay's cultural horizons are diverse and stimulating.

Venues such as the Tampa Bay History Museum, Ybor City State Museum, MOSI, and the Florida International Museum and Salvador Dali Museum in nearby St. Petersburg are attracting praise from critics around the country.

Downtown Tampa offers a variety of commercial art galleries that showcase museum quality exhibitions ranging from cutting edge contemporary art to decorative sculptural and glass works.

The Tampa Theatre, with its unique baroque style architecture and brand new marquee, shows a variety of independent and foreign films, as well as classic film shows.

If great music is what you want, then Coachman Park in nearby Clearwater is where you'll want to be. The park plays host to numerous musical venues year-round. From country to rock, R&B, reggae and the annual Jazz Fest, Coachman Park has something for everyone.

Catch a Broadway play, listen as contemporary poets compete for applause or browse among the displays of one of Tampa Bay's many sidewalk art festivals.

All this and so much more adds up to an electric combination, making Tampa Bay one of the most happening spots in the nation. Whether you enjoy quiet days and invigorating nights - or vice versa - Tampa Bay's got just what you're looking for.

George Selvie, a consensus first-team All-American had a career year starting at defensive end for the Bulls in 2007. He led the team in sacks (14.5) and led the country in tackles for loss (31.5). Selvie was named the winner of the 2007 Bill Willis Trophy by the Touchdown Club of Columbus given annually to the top defensive lineman in college football. He was also USF first finalist for the Bronco Nagurski Trophy (top college defensive player) and Ted Hendricks Trophy (top college defensive end).

The University of South Florida Department of Athletics sponsors 17 sports that compete at the NCAA Division I level, including baseball, football, women's sailing, softball, volleyball and women's and men's basketball, golf, tennis, track and field, cross country and soccer. The Bulls joined the BIG EAST Conference in 2005.

Forward Jessica Dickson became the first USF woman selected in the WNBA Draft when in 2007, the Sacramento Monarchs took the Ocala, Fla., native with the 21st nod overall and the eighth pick in the second round. Dickson ended her four-year career as the schools all-time leading scorer - male or female - with 2,402 career points.

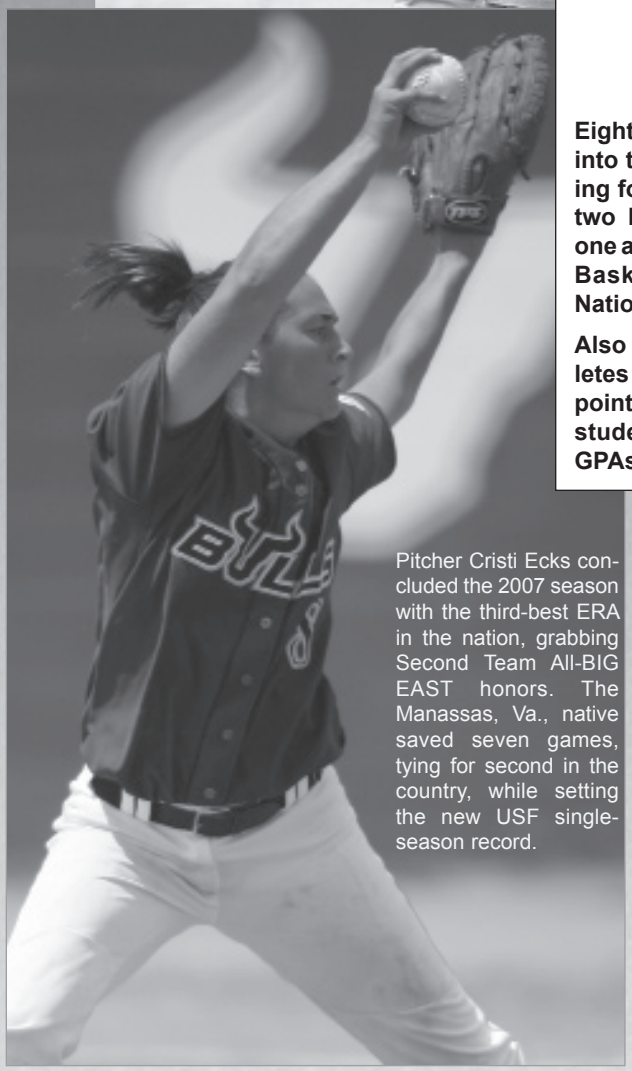
With a dramatic 4-3 win over No. 1 seed Notre Dame, (No. 2 nationally), the University of South Florida women's tennis team rallied to take four singles matches after dropping the early doubles point and claimed the first ever BIG EAST Championship for USF in any sport, on April 22, 2007.

University of South Florida right handed pitcher Danny Otero was selected in the 21st round of the 2007 Major League Baseball First-Year Player Draft. Otero, who was one of four Bulls to be chosen in the draft, was picked 644th overall by the San Francisco Giants in the 21st round.

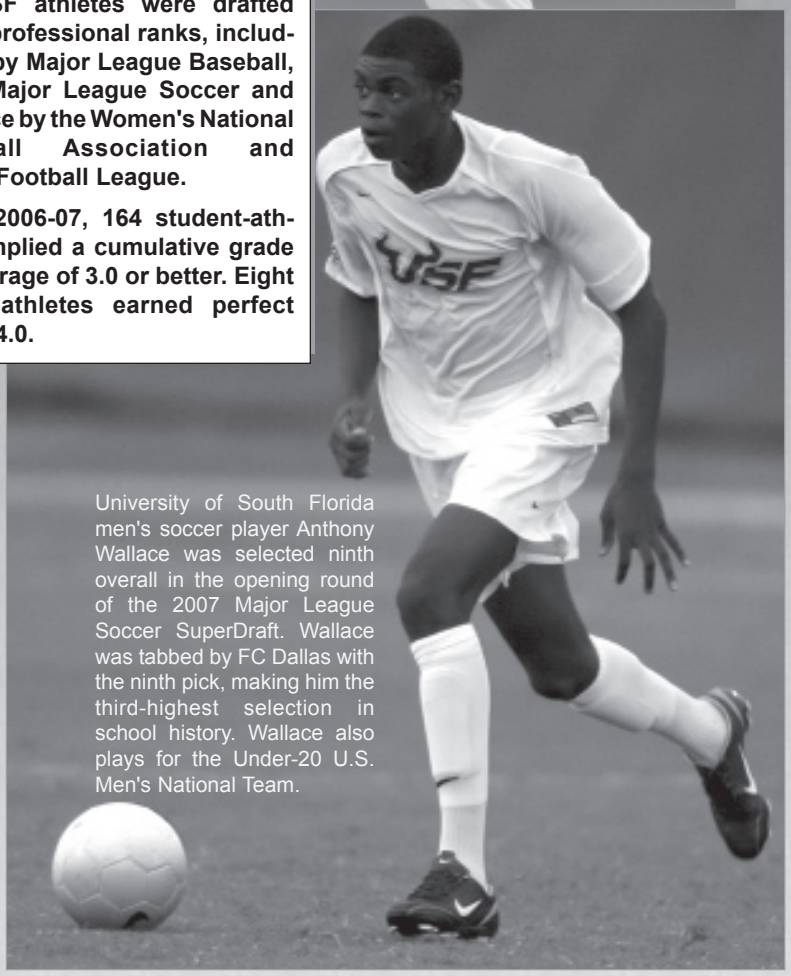
As a junior, Christina Jones placed fourth at the 2007 BIG EAST Golf Championships, leading the Bulls to a third-place finish in the April event. In March the Jensen Beach, Fla., native took home medalist honors at the Ryder Florida College Championship, helping USF to the only team victory of the season.

Eight USF athletes were drafted into the professional ranks, including four by Major League Baseball, two by Major League Soccer and one apiece by the Women's National Basketball Association and National Football League.

Also in 2006-07, 164 student-athletes complied a cumulative grade point average of 3.0 or better. Eight student athletes earned perfect GPAs of 4.0.



Pitcher Cristi Ecks concluded the 2007 season with the third-best ERA in the nation, grabbing Second Team All-BIG EAST honors. The Manassas, Va., native saved seven games, tying for second in the country, while setting the new USF single-season record.



University of South Florida men's soccer player Anthony Wallace was selected ninth overall in the opening round of the 2007 Major League Soccer SuperDraft. Wallace was tabbed by FC Dallas with the ninth pick, making him the third-highest selection in school history. Wallace also plays for the Under-20 U.S. Men's National Team.

Judy Genshaft, Ph.D.

University President

Judy Genshaft was appointed president of the University of South Florida in July 2000.

During Dr. Genshaft's presidency, USF has been nationally recognized as a top-tier national research university, and it is on track to be among the top public research universities in the nation. With campuses in Tampa, St. Petersburg, Sarasota-Manatee and Lakeland, USF serves more than 44,000 students in more than 200 degree programs on the undergraduate, masters, specialist and doctoral levels, including the doctor of medicine. USF has 12,000 employees and a budget of more than $1.6 billion annually.

President Genshaft led the development and implementation of a five-year strategic plan that focuses USF resources on strategic priorities. She has also developed a more focused plan to move USF into the top tier of public research universities. The plan strengthens USF's faculty and program quality, student selectivity and achievement, research quality and productivity, and private support.

As the leader of a metropolitan research university, President Genshaft has established herself as a leader for economic development, especially related to high-technology and bioscience. President Genshaft has focused on partnering university research-which under her leadership topped $310 million last year-with corporate and entrepreneurial partners. She launched the university's high-tech business incubator and Research Park which is a hub for bioscience research and entrepreneurship. Last year she successfully led the efforts to recruit SRI International to affiliate with the University's College of Marine Science and its Center for Ocean Technology, bringing a major economic engine to the St. Petersburg area.

Education

- Bachelor of Arts, Social Work and Psychology, University of Wisconsin, 1969
- Master of Arts, School of Psychology, Kent State University, 1973
- Ph.D., Counseling Psychology, Kent State University, 1975

President Genshaft is active on a national level, serving on the American Council on Education (ACE) and the BIG EAST Executive Board, as well as the current Chair of the Tampa Bay Partnership, Vice Chair of the Greater Tampa Chamber of Commerce, a member of the Florida High-Tech Corridor, the Florida Council of 100 and the NCAA .

Prior to joining USF, President Genshaft served as provost and vice president for academic affairs at the University at Albany, State University of New York. She also held various positions during a 16-year tenure at The Ohio State University. She holds a bachelor's degree in social work and psychology from the University of Wisconsin at Madison, a master's degree in school counseling from Kent State University, and a doctorate in counseling psychology from Kent State.

President Genshaft with Rocky and husband Steve

Dr. Suresh Khator

Faculty Representative

While the 2007-08 academic and athletic year at the University of South Florida will mark Dr. Suresh Khator's second as Faculty Representative for the Bulls, he has been, for many years, a valuable member of the staff at USF.

Khator arrived on campus as an assistant professor in 1983 and has continued to further his career at the University. He was promoted to professor of Industrial & Management Systems Engineering in 1993 and is currently serving as the Director of Engineering Computing.

In his current capacity, he is responsible for planning and supervision of computing in the College of Engineering. The computing facilities in the College consist of five open-access and teaching labs with more than 180 computers. He has held his current position since June of 1998.

Career highlights at USF also include serving as the Interim Associate Dean (Academics) of the College of Engineering (1994-95) and the Director of Undergraduate Program of the Department of Industrial & Management Systems Engineering (1983-86 and 1990-92).

Dr. Khator has always been heavily involved in campus activities, serving as Faculty Senate Vice President from 1999-2001. He has also served on numerous committees during his tenure at USF.

Dr. Khator earned his bachelor's degree in mechanical engineering (with distinction) from Jiwaji University in Gwalior, India, in 1969. He went on to claim a master's of technology in production and industrial engineering (with distinction) in 1971 before receiving his doctorate of philosophy in industrial engineering from Purdue in 1975.

An already distinguished career includes a long and impressive list of appointments, publications, presentations and grants.

Dr. Khator's connection with USF doesn't stop with his accomplishments. His wife, Dr. Renu Khator, was appointed Provost and Senior Vice President at the University in 2004.

Doug Woolard

Director of Athletics

In just three years at the University of South Florida, Doug Woolard has inspired and led a number of initiatives that have allowed the Bulls' program to make a successful transition into the prestigious BIG EAST Conference.

Although USF had already accepted a bid to join the BIG EAST when Woolard assumed command in May 2004, his tireless work to set a strong foundation at the outset has not gone unnoticed.

The BIG EAST places the Bulls in an elite neighborhood of programs, but Woolard set a goal upon his hiring to make USF the best program in the conference. To do that, he has stressed the importance of a strong partnership between staff, student-athletes and community.

Since May 2004, Woolard has led a successful effort to earmark a new "athletics footprint" on campus that will allow the program to initiate efforts to build new facilities in a core area on campus. As fundraising allows, Woolard will lead the staff in improving facilities for baseball, basketball, softball, soccer and tennis.

Already, USF has added nearly $2 million in video scoreboards to the Sun Dome, USF's basketball arena, and Woolard has a progressive plan to re-fit the entire seating configuration in the arena.

Woolard has also been proactive in retaining successful coaches, having negotiated new contracts with Jim Leavitt (football), Ken Eriksen (softball) and Jose Fernandez (women's basketball). Leavitt remains the only football coach USF has ever had and he led the program to a bowl game in 2005, only the ninth season of competition, and to a bowl championship in its 10th season in 2006. Eriksen has annually led his softball program into postseason competition and was an assistant coach for the 2004 USA Olympic Team. Fernandez has led the women's basketball program to postseason play in each of the past four years - the only such appearances in the program's history.

Always looking to keep USF in the forefront of athletics nationally, Woolard has taken an aggressive approach in hiring searches that have led to the addition of Stan Heath (men's basketball), Lelo Prado (baseball) and Denise Schilte-Brown (women's soccer), three coaches that have led their previous programs to NCAA Tournaments.

Expanded television and radio coverage for USF programs has also been a key initiative for Woolard. In 2005, he helped complete an agreement that allows for the most electronic media exposure in school history. In addition to USF's football and men's basketball programs upgrading to more powerful stations, every USF women's basketball game is now being aired on the radio for the first time ever. Opportunities will also exist for USF's baseball and softball programs, in addition to volleyball. There is also more television exposure through re-broadcast opportunities for all of USF's athletic teams on Bright House Networks in Tampa Bay.

In 2004 - his first year at USF and the Bulls' final season in Conference USA - Woolard helped build momentum heading into the program's initiation into the BIG EAST. The women's track, golf and softball teams earned NCAA bids and the women's basketball team had its finest season ever and played in a second-straight postseason tournament. Men's basketball built strong momentum at the end of the year with upset wins over Charlotte, Houston and Cincinnati en route to the semifinals of the Conference USA Tournament.

All of this has not been achieved without continued emphasis on academics. Woolard has taken a personal involvement in building resources that will allow USF to maintain its early success in the NCAA's new APR (Academic Progress Rate) rankings. Woolard has hired Dr. Amy Haworth to oversee the Academic Services area and her professional background provides USF student-athletes with a wealth of support. Additionally, Woolard has hired the first-ever full-time Champs/Life Skills Director at USF.

Woolard's contributions extend to the community, where he has worked hard to build on existing relationships while opening the door for new ones as well.

Woolard's leadership role is one he is fit to assume and one in which he has experience.

In October 1994, he assumed leadership of the Saint Louis University Department of Athletics as its Director and guided the program through a historic period that included the school's inclusion as a founding member of Conference USA, and more recently its acceptance of membership in the Atlantic 10 Conference.

While overseeing a department that was progressive in its competitive success, Woolard also proved to be a large asset in a community that like Tampa Bay, presents the challenge of finding a niche with professional football, baseball and hockey in the market.

The Saint Louis men's basketball team consistently ranked among the top 30 in the nation in annual attendance during Woolard's decade at the helm. Three times, the program was among the nation's top 10, peaking with an average attendance of 17,708. Further, the men's soccer program at Saint Louis is consistently in the nation's top 10 in attendance by averaging over 2,800 fans a game in a stadium that was constructed for the men and women's teams under Woolard's watch.

Further enhancing the community partnership, Woolard remained committed to bringing all Billiken athletic events back on campus. In addition to constructing a new soccer stadium, Saint Louis added a new softball facility and nine new tennis courts on campus. Planning and fundraising are now underway to construct a $70 million on-campus multi-purpose facility where Saint Louis can play its men and women's basketball games

While maintaining an outstanding department at Saint Louis, Woolard has also become a prominent figure on national committees. Presently he is a member of the NCAA Sports Wagering Task Force, which has been charged with recommending strategies to counteract sports wagering by student-athletes. He is a past chair of the Conference USA directors of athletics committee and he also served as the league's representative on the NCAA Academic/ Eligibility/ Compliance (AEC) Cabinet, where he chaired the amateurism and agents subcommittee. Woolard has also served as C-USA's alternate to the NCAA Management Council, the most powerful committee in the NCAA governance structure.

Prior to joining Saint Louis, Woolard worked for the nationally respected Jim Livengood at Washington State University. Under Livengood, who is now the Director of Athletics at Arizona and a past chair of the NCAA Men's Basketball Committee, Woolard was the associate director for external operations from 1989-94, after one year (1988-89) as an assistant director of athletics.

While at Washington State, Woolard was a key member of the senior management staff that oversaw a successful football program, and he played a prominent role in the entire department's relationship with the community.

Woolard and his wife, Cherrie, have two children, Chris and Amy.

Barbara Sparks-McGlinchy

Associate Director of Athletics and Senior Woman Administrator

A member of the University of South Florida Athletic Department family since March 1982, Barbara Sparks-McGlinchy was elevated to senior associate athletic director in 1998.

Coinciding with Sparks-McGlinchy's increasing responsibilities within the athletic department, there has been a rapid growth period within the overall athletic program.

During her tenure, USF has added women's cross country, men's and women's track and field, women's soccer, football and women's sailing.

At the same time, USF moved first from the Sun Belt Conference (1976-1991) into the Metro Conference in 1991. Following four seasons in the Metro Conference, USF became a member of Conference USA in 1995 and transitioned into the BIG EAST in 2005. Along with that transition came a steady increase in USF's competitive demands, and the Bulls have responded impressively.

USF's volleyball team won back-to-back Conference USA Championships in 1997 and 1998 and has made four NCAA appearances in the past nine years, while the women's tennis team won the 1997 and 2000 Conference USA titles and had been to four-straight NCAA Championships from 1997-2000. Meanwhile, the softball team has reached the NCAA Championships eight of the last 11 seasons, including an appearance in the Super Regional in 2006. The men's soccer team has made six trips to the NCAA's since Sparks-McGlinchy's arrival at USF, most recently a second round berth in 2005 and its most successful run with an Elite 8 appearance in 1997. The men's tennis and women's golf teams have also been regulars in postseason NCAA competition.

In her current role, Sparks-McGlinchy has administrative supervision of five athletic teams at USF, including men's baseball and soccer, and women's sailing, softball and volleyball. Sparks-McGlinchy also serves as USF's senior woman administrator and has oversight responsibility for Title IX compliance. She was an integral part of the team that planned, designed and oversaw construction of the Athletics Training Facility and she is the Athletic Department's liaison to the USF Board of Trustees Academics and Campus Environment workgroup.

Selected to the National Collegiate Athletic Association's Business and Finance Cabinet in 1997, Sparks-McGlinchy was also a member of that cabinet's marketing committee. She represented USF on the State Council on Equity in Athletics for over 15 years and served as chair of the Finance Committee for the Council. Additionally, she was the chair of the Conference USA Senior Woman Administrators for 1999-2000.

Currently Sparks-McGlinchy serves on the BIG EAST Conference Championships and Competitions Committee and is a member of the conference's Men's Soccer Committee.

Sparks-McGlinchy serves on the Board of Directors of the Police Athletic League (PAL) of Tampa. She is the past president of the Temple Terrace Chamber of Commerce and is the president of the St. Vincent de Paul Conference at Corpus Christi Catholic Church.

Sparks-McGlinchy has a bachelor's degree in business management and a master's degree in guidance and counselor education, both from USF. She and her husband John reside in Temple Terrace. They have three grown children: Shawn, John and April.

Academic Enrichment Center

The USF Academic Enrichment Center opened in June of 2004 and has seen continued use from USF student-athletes, taking advantage of the outstanding Academic Enrichment Program provided to meet the needs and goals of our diverse student-athlete population. The center includes a computer lab, a large study lounge, individual tutor rooms, a distance learning lab and eight staff offices. Student-athletes have accessibility to the Academic Enrichment Center and the excellent staff throughout the entire year.

Academic Enrichment Program

The Academic Enrichment Program at the University of South Florida is designed to be a full-service program with the goal of providing the support and services necessary to enhance the total development of the USF student-athlete. The program is focused on the unique needs and demands of student-athletes at USF and fosters the cultivation of skills that allow for the development of potential in the classroom, on the field and for the future.

The Academic Enrichment Program provides a variety of support mechanisms for all student-athletes by way of specific events and activities designed to promote academic success, athletic success, community service, career development and personal development. The theories and tenants mirror those promoted through the NCAA CHAMPS/LifeSkills model, but are designed specifically for the identified needs and challenges specific to our student-athlete body.

Because we are committed to academic success and to providing the appropriate level of support for all our student-athletes, the academic component of our Enrichment Program is considered most vital. Focus is placed on identifying and meeting the needs and challenges faced by our student-athletes through providing assistance programs, workshops, tutoring and mentoring made available throughout the academic year. Emphasis is placed on encouraging student-athletes to take responsibility for their academic careers and for being productive and successful members of the USF academic community.

All first-year students are afforded the opportunity to participate in the EXCEL program designed to assist all newcomers with the transition to the university and to help students adjust to the rigor of the USF academic program. Components of the program include weekly meetings with an EXCEL counselor, objective-based study hall, tutoring and ongoing academic advising.

In addition to the emphasis on the classroom and academic success, the Academic Enrichment Program provides support and programming in the areas of career development, community service, personal development and leadership. The athletic success of our student-athletes is supported through our coaching staffs as well as the various support staffs provided for them, including the strength and conditioning staff, athletic training staff, sports information staff, facilities staff and the equipment room staff. In addition, programming in the areas of nutrition, performance enhancement, leadership development, sports agents and gambling, ethical behavior, sportsmanship and amateurism are provided throughout the academic year.

Dr. Amy Haworth
Associate A.D. for Academics

Allison Bacigalupi
Academic Advisor for Baseball

Allison Bacigalupi began working for Athletics Academic Enrichment Services as a graduate assistant in May 2007, and is now serving as the Academic Advisor for the baseball team for the spring semester. Bacigalupi's career at USF started in Campus Recreation, where she was the graduate assistant for intramural sports in 2006-07, before transitioning to athletics. Bacigalupi earned her bachelor's degree in business economics from Rutgers in 2006 and will complete her master's degree in education from USF in May 2008.

Career Development

A major focus for the program is to provide programming and services designed to prepare student-athletes for careers beyond the field and court. Networking opportunities, career placement services, workshops in resume writing, cover letter composition and interview skills provide student-athletes with the vital resources to prepare them for this phase of their development.

Community Service

The Academic Enrichment Program serves to coordinate all of the efforts by our student-athletes and coaches as well as the SAAC organization in the area of community service. Organized, coordinated efforts in community service afford student-athletes safe, constructive and manageable opportunities to work within the greater Tampa area in providing services to hospitals, youth organizations and reading programs in local elementary schools. Service learning is an important component of the Academic Enrichment Program.

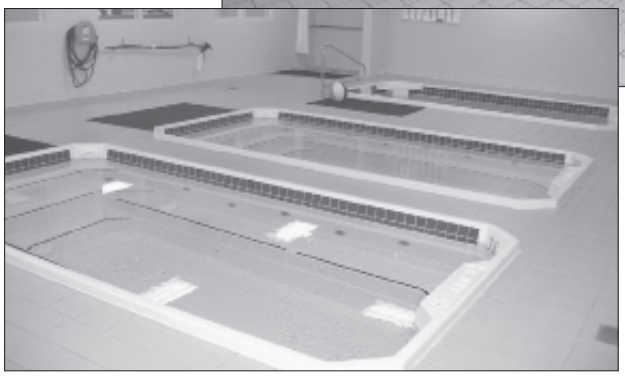
Personal Development

The personal development component of the program encompasses a wide variety of areas including leadership development and decision making, financial planning and money management, gender violence prevention, personal health, disordered eating and other topic areas requested by student-athletes, coaches or administrators. Focus is also placed on assisting student-athletes with the transition process going from varsity athlete to a career off of the field.

The health of every student-athlete at the University of South Florida is the primary concern of the USF Sports Medicine Staff, a group that covers every facet of the health care spectrum.

Under the guidance of Assistant Athletic Director and Head Football Athletic Trainer Steve Walz, Associate Athletic Trainer Keith Abrams, and Assistant Athletic Trainers' Donna Jordan and Jen Ross, the USF Sports Medicine staff offers comprehensive health care with special emphasis placed on injury prevention methods. The Sports Medicine staff offers daily service to every student-athlete.

The Sports Medicine Staff is comprised of eight graduate assistant certified athletic trainers who complement Walz, Keith Abrams, Jennifer Ross and Donna Jordan.



Steve Walz
M.A., ATC, LAT

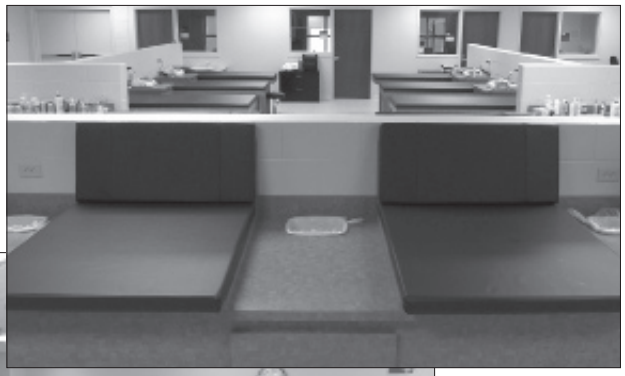
Steve Walz has been with USF Sports Medicine in several different capacities since 1992. He returned to USF most recently in 2000 after working as the sports medicine director at Shawnee Mission Medical Center in Kansas City, Kan. Walz was the first-ever football athletic trainer for USF from 1996-98.

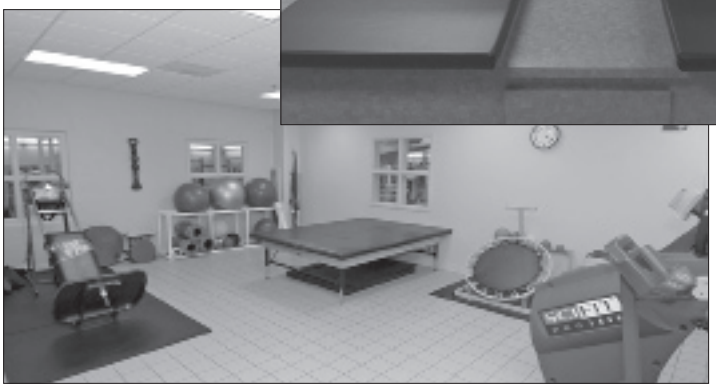
Walz oversees all aspects of the sports medicine program while serving as the primary athletic trainer for USF football.

A 1992 graduate from the University of Missouri, Walz also holds a master's degree from USF, which he obtained in 1994 when he was the men's basketball athletic trainer for two seasons. Following the 1993-94 basketball season, he accepted a position with the Florida Orthopedic Institute, where USF student-athletes received care and underwent injury rehabilitation. During his stint at FOI, Walz also served as head athletic trainer for the Tampa Bay Storm of the Arena Football League during their 1996 World Championship season.

Walz was a two-time elected official for the Athletic Trainers Association of Florida Executive Board as the West Coast Representative and currently serves as the secretary/treasurer for the BIG EAST Sports Medicine Society. Walz was honored as the Outstanding USF Staff Member in 2005 and the Athletic Trainer of the Year for the State of Florida for 2006. He also serves as an adjunct professor in the Athletic Training Education program, having taught a variety of courses.

Walz and his wife, Shelley, have a five-year-old son, Henry.





The USF Sports Medicine Department is privileged to be affiliated with the very best physicians in the Tampa Bay area. USF student-athletes benefit from the close proximity, both in relationship and geography, with USF Health. Drs. David Leffers and Eric Coris serve as the primary team physicians and are assisted by Larry Collins and Dave Kotun, physician assistants. Seth Gasser, Adam Morse, Scott Welsh, John Small and Jeff Stone also serve as orthopedic team physicians. Michelle Pescascio and Arnold Ramirez serve as family practice team physicians.

The University of South Florida Sports Medicine Department is housed in both the Sun Dome and in the brand new Intercollegiate Athletic Facility. This new facility of over 5,200 square feet is equipped with the latest tools and technology. The department also works closely with the USF Athletic Training Education Program and provides clinical experiences for athletic training students.

Corey Tremble
Athletic Trainer
for Baseball

Corey Tremble enters his second year with the University of South Florida Sports Medicine Department as a graduate assistant, serving as the athletic trainer for the baseball team.

The New Jersey native has had the opportunity of working baseball at both the collegiate and professional levels. He came to USF from the Detroit Tigers minor league system where he interned for the 2005 and 2006 seasons. He spent the 2005 season assisting the Minor League Athletic Training Coordinator with the rehabilitations of both major league and minor league players and the 2006 season with the Single A Lakeland Tigers.

While in undergrad at Florida Southern College, Tremble served the baseball team as a junior athletic training student for the 2004 season. Tremble is a certified athletic trainer, licensed athletic trainer and a certified strength and conditioning specialist. He earned a bachelors of science in athletic training from the Florida Southern College in April of 2005 and is currently seeking a masters of arts degree in exercise science. Tremble resides in Tampa.

Strength and Conditioning

It is the mission of the USF strength and conditioning program to maximize the genetic potential in every component of athleticism and decrease the potential for injury in a manner that is safe and intense for each student-athlete.

In this regard, yearlong strength and conditioning programs at USF are designed specific to each student-athlete. Each program is tailored to be sport and position-specific by assessing the muscular and metabolic demands of the respective sport. Programs are evaluated and monitored continuously and adjusted as necessary to reach optimal gains.

With the new intercollegiate athletic facility that opened in June of 2004, USF's student-athletes have a state-of-the-art, 10,900 square-foot strength room to meet its conditioning needs. The spacious facility has been designed to provide student-athletes with everything it needs to succeed, including Mondo Sport impact flooring, Power Lift combo racks, Iron Grip custom urethane plates and dumbbells, Useaka bumper plates and bars, cardio equipment, mirrors and a state-of- the-art stereo system.

Specific to soccer, each player is trained to maximize on-field performance. Strength and power training, speed development, lateral speed and agility, anaerobic conditioning and flexibility are all considered when designing a player's program. The strength and conditioning staff also strives to educate the student-athletes on nutrition, dietary supplements and related issues.

Ron McKeefery
Strength and
Conditioning Coach

The strength and conditioning program is administered by USF Associate Director of Athletics Barry Clements and operated day-to-day by Assistant Athletic Director Ron McKeefery, who manages a staff of four additional strength coaches. Together they are responsible for designing and implementing strength and conditioning programs for the student-athletes.

McKeefery is in his eighth season at USF. A former all-conference defensive back at Ottawa University in Ottawa, Kan., he earned bachelor's degrees in biology and physical education in 1997, while also being named a two-time Academic All-American. In addition, he earned his master's degree in adult education from the University of South Florida in 2004.

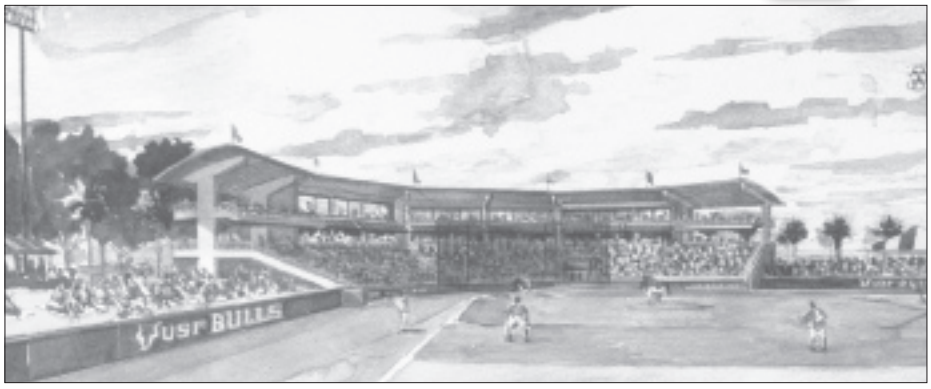
After one year as coach at Ottawa, he made the switch to strength and conditioning, working first as an intern with the Kansas City Royals. He then worked as a part-time assistant for two years with the Tampa Bay Buccaneers before becoming the head strength coach for the Berlin Thunder in NFL Europe.

McKeefery joined the USF program prior to the 2000 football season. He is certified by both the National Strength & Conditioning Association (NSCA) and the Collegiate Strength & Conditioning Coaches Association (CSCCA).

In addition to McKeefery, Aaron Quarberg, Kaz Kazadi, Aaron Komarek and Beth Byron complete the strength and condition staff. Their primary responsibilities are working with the Olympic sports programs.

Aaron Komarek
Strength and
Conditioning Coach
for Baseball

Aaron Komarek enters his second year as assistant strength and conditioning coach at USF. He is responsible for the design and implementation of all aspects of performance training and injury prevention for men's basketball, women's basketball, baseball and women's tennis. Prior to joining USF, Coach Komarek worked in the private sector as the Vice President and Director of Athletics and Sports Performance at a $12 million professional athlete training center and health club. Before entering the private sector, Coach Komarek spent the last 11 years in the coaching profession. Coach Komarek served on Tony Dungy's staff with the Tampa Bay Buccaneers as assistant strength and conditioning coach from 1996-1999 and rejoined the strength staff in 2001. During 1999-2001 Coach Komarek served as the head strength and conditioning coach for the St. Louis Blues of the NHL. Coach Komarek also served as a part-time assistant with the Minnesota Vikings from 1994-1996. Coach Komarek began his coaching career at Anoka High School in Anoka, Minn., in 1993-1995. Over the years, Coach Komarek has trained professional and elite-level athletes from all major sports and has trained premier clients in Hollywood and government. Coach Komarek graduated with honors form the University of Minnesota with a B.S. in kinesiology. He later earned his M.S. in health, physical education and recreation from Emporia State University in Emporia, Kan.



Proposed Baseball Field

Indeed there is every reason to believe that Bulls baseball can and will challenge the best in the nation. While no program aims for anything short of the College World Series, the University of South Florida has all of the natural assets to help it speed to the top.

USF baseball has all of the natural assets to be successful: location in one of the best recruiting territories in the nation, a home at one of America's largest universities and a strong coaching staff with championship experience. The only missing piece is a baseball stadium that meets the expectations of today's players and fans. USF's facility, built in the 1960s, is slated for total renovation, as part of the university's plan to build a new athletics district on the southeast quadrant of campus. Funding to construct a new stadium, estimated to cost approximately $8 million, will be accomplished through a combination of philanthropic investment, business partnerships and broad-based fan support. Together we will provide the winning run that launches USF baseball on its journey toward Omaha.

Given the history of Tampa's connection to baseball, the talent in the region and the excitement of the new coaching staff, there is every reason to expect that the USF baseball program will become a contender at the national level, and one of USF's most accomplished programs. The proposed stadium for USF reflects that vision.

> "We fully expect to build this baseball program into one that not only rises to the top of the BIG EAST Conference, but also challenges the best in the nation. We have a great university here, are located in a region rich with baseball talent and tradition, and have assembled a staff with championship experience. We're setting our sights on Omaha and will accept nothing less."
>
> ***Head Coach Lelo Prado***

To be built on the site of the current baseball stadium, at the corner of Bull Run and Sycamore Street in the Bulls Athletics District, the new home of the Bulls will feature:

- 2000 chair-back seats with the capacity to expand to 4,000 for tournaments or special events
- Berm seating along the first and third base lines for those who prefer a more casual experience
- Two hospitality suites, two party decks and tented areas that allow fans to enjoy the experience of the game to its fullest.
- A press box, with separate booths for television, radio and Internet broadcasts
- A clubhouse with locker rooms, offices, a player lounge and meeting rooms, the day-to-day home for USF baseball. Currently the team is housed in the Athletic Training Center; moving to the new facility will be more efficient for the team and give them a larger space from which to operate, as well as free up much needed space for an expanding Bulls athletics program.

The Bulls stadium will feature a salute to Tampa's rich baseball history, including a tribute to the legends of Tampa baseball, those who grew up playing in city parks and schools, and who impacted the game through their accomplishments on a national stage.

BULLS CLUB™

The Bulls Club is a community of alumni and friends who are investing in the future of USF Athletics by making gifts to help underwrite scholarships, recruiting costs, equipment, travel, and the recruitment and retention of coaches and staff, among others. Our goal is nothing less than to help position the Bulls to compete for championships, and to support the educational pursuits of USF student athletes. Today, the Bulls Club is larger and stronger than ever, and its members continue to be the backbone of this program's incredible growth.

As investors in one of the fastest growing intercollegiate athletic programs in the country, our donors are recognized for their critical role in advancing USF Athletics and receive special consideration for priority seating and parking at USF competitions, invitations to special events, and a host of other benefits.

We invite alumni, students, and friends of USF to join us and participate in the adventure of building an emerging power among the nation's best athletics programs. For more information about our programs, and how you can participate, please visit www.BullsClub.com.

Canned Food Drive

In November the USF Student-Athlete Advisory Committee organized a Thanksgiving Canned Food Drive that donated 705 pounds of canned food to the Metropolitan Ministries.

The friendly competition among the athletic teams at USF was highlighted by the 459 lbs. of food that the baseball team donated toward the triumphant event.

On Wednesday, Nov. 21 some Bulls handed out the canned items, while also organizing goods that were being donated for the food drive at Metropolitan Ministries on North Florida Ave. in Tampa.

Metropolitan Ministries assists an estimated 20,000 homeless in Hillsborough County and approximately 9,000 of them are young children. They provide daycare and kindergarten, have a school that goes up to the fifth grade, medical services and try to provide anything that could improve the kids' quality of life.

Stampede of Service

In January more than 60 USF student-athletes met at the Tampa campus' MLK Plaza to participate in the 2008 Stampede of Service.

In its third year as the only campus-wide service initiative, USF student-athletes set out to beautify the Tampa community with more than 2,000 of their fellow USF students.

After being bussed to their service site on Fowler Ave., student-athletes spent the morning and part of their afternoon cleaning and painting in and around the new community center, as well as lending a hand in yard work and other related tasks.

Based on Dr. Martin Luther King's quote, "Everyone can be great because everyone can serve," the Stampede of Service was created in January 2006 to truly celebrate the King Holiday.

The Center for Civic Engagement and Volunteerism and Student Government worked together with a committee of students and community organizations including Parks & Recreation, the University Area Community Development Corporation and numerous nonprofit organizations, to plan the event, which was centered on East Tampa, a community identified by Mayor Iorio and President Genshaft as a focus.

More than 900 students from a variety of student organizations, USF Athletes, Student Government and many individuals joined together in 2006 to volunteer side by side with the community in East Tampa in local parks and neighborhoods. SOS continued in 2007 with 1300 students participating in service at 40 sites in the community.

The SOS serves more than 60 organizations in the Tampa Bay community, volunteering with senior citizens, the environment, youth, homelessness, poverty and women's issues.

Foster Angel Tree Program

Student-athletes from all 17 of the USF sport programs donated approximately 200 gifts to the Foster Angel Tree Program, which provides holiday gifts to foster children in Hillsborough County.

USF's Student-Athlete Advisory Committee (SAAC) partnered with the USF Center for Civic Engagement and Volunteerism to donate all sizes of gifts, which included three bikes, Guitar Hero and I-Pods.

The Foster Angel Tree Program tries to provide three gifts per foster child. For the USF program, children wrote a list of items they want for Christmas, then the tags were hung on Christmas trees placed throughout the Department of Athletics Building. Donors took tags from the trees, purchased and wrapped the gifts, then returned the presents with the original tag attached. The SAAC then gathered the gifts and helped deliver them.

The Foster Angel Tree Program was created in 1988 by Melvin MacNeel, a foster parent who found himself responsible for the care of 17 children just two days before Christmas. He did not have the means to get gifts for all of the children. After his experience, he created the Foster Angel Tree Program because he did not want any child to be left out during the holidays.

USF Baseball Academy

In the spring, the Bulls host the USF Baseball Academy, a three-month camp that is designed for players from ages eight to 12 years old. The academy that focuses on all aspects of the game, including pitching, catching, fielding, hitting and baserunning.

Players get both individual and team instruction, as the staff focuses the defensive work on pop up priority, bunt defense, first and third defense, cut offs and relays, and looks and picks.

In 2008 the academy is being held Thursdays from 6:30-9 p.m. and Saturdays from 10 a.m. – noon at Red McEwen Field, on the campus of the University of South Florida.

For more information about the 2009 USF Baseball Academy, call USF assistant coach Lazer Collazo at 813-974-2507.

USF Baseball Camps

Throughout the year, the USF baseball staff will host various camps to assist young players with the development of their game. Check out the USF website at www.GoUSFBulls.com for more information about the following upcoming baseball camps:

Hitting Camp

All aspects of hitting will be discussed, including mental situational batting, and an evaluation by the USF coaching staff will be conducted.

Christmas Camp

For the 2007 Christmas Camp, the USF baseball coaching staff was joined by both national and local baseball coaches from the collegiate and high school ranks, offering instruction on pitching, defense and hitting. Intrasquad games were played throughout the camp as well.

Pitcher-Catcher Camp

Pitching coach Lazer Collazo assists young pitchers and catcher with technique, fundamentals, strategy and drills.

Summer Camps

The purpose of the summer camps are to give each player the best possible instruction and evaluation from our coaching staff. We keep an 8:1 camper to coach ratio. Along with baseball skills, the staff will also discuss drugs and alcohol awareness, academics and recruiting procedures. When available, qualified guest speakers will also make appearances. A certified athletic trainer from our training staff will be present during all of our camps.

Camps are divided into two groups, one for players ages 7-12 and another for athletes ages 13-senior year in high school.
