UTC football set a program record in overall grade-point-average in four of the last eight semesters and a team record 42 Mocs were on the A.D. Honor Roll during the 2017 spring semester.

The Chattanooga Mocs provide an excellent Student Support Services department for all student-athletes. UTC recently allocated even more resources to this unit and now have five full-time staff members dedicated to assisting UTC student-athletes.

Through the use of advisors, tutors, study halls and many other programs, Student Support Services is on hand to help each student-athlete reach his or her ultimate goal of earning a college degree.

Goals of Mocs Athletics Student Support Services

- To support each student athlete's effort to receive a quality education.
- To encourage and facilitate the goals for each student-athlete's career path.
- To ensure that the academic integrity of UTC is maintained.
- To comply with all rules and regulations of UTC, the Southern Conference and the NCAA.
- To help ensure the continuing athletic eligibility during a student-athlete's years at UTC.

A new computer lab for student-athletes opened on the second floor of McKenzie Arena in August of 2013. This new area is nearly five times bigger than the student-athletes' previous lab.

* Prior to 2009, the Mocs never had more than four football student-athletes on the Academic All-SoCon team in any given year. UTC shattered that mark with 10 on the 2009 squad and 50 over the last nine years. Academic All-SoCon honors are given to student-athletes in their second year at the institution who have at least a 3.3 cumulative g.p.a. and competed in at least 50% of their team's contests. Seven Mocs made the ADA FCS Academic All-Star team since 2009. For a full historical list of academic honors at UTC, see page 132.

In 1997, the Mocs football program said goodbye to historic Chamberlain Field and ushered in a new era for both the University and the City of Chattanooga. On Oct. 18, 1997, Chattanooga opened its new home, Finley Stadium Davenport Field, as an overflow crowd of 22,642 watched UTC defeat Tennessee State 28-7. The 20,668-seat facility is the best of its kind among Division I-FCS Subdivision stadiums and is the crown jewel for the city's Southside revitalization project.

The \$28.5 million project needed financial support to become a reality. Donations from the private sector ranged anywhere from ten dollars to \$1 million. In fact, nearly 40 percent of the project came from private donations. The City of Chattanooga and Hamilton County contributed \$13 million, the State of Tennessee gave \$3.5 million and the University donated \$2.9 million.

Ground breaking on the site that was once the Rock Tenn plant was held March 7, 1996. Seven months later, the Stadium Corporation named the facility Finley Stadium Davenport Field.

The late W. Max Finley, former Chairman of the Rock Tenn Corporation, dedicated his life to public service and was an active supporter of the University of Tennessee system. He received both the University of Chattanooga Distinguished Alumni Award and the Outstanding Service Award of the UTC Alumni Council. He was also inducted into the University's Hall of Fame.

The playing field is named in honor of the late Gordon Lee Davenport, the President and CEO of the Krystal Company from 1975-85. Davenport served as Chairman of the Stadium Corporation and Campaign and worked tirelessly in the planning and development of the facility. Davenport, a longtime friend of UTC athletics and Mocs football, received the UTC Alumni Council Outstanding Service Award and is a member of the University's Hall of Fame.

A new artificial turf surface, a state-of-the-art plastic grass, was installed in the spring of 2015 by AstroTurf.

The Stadium Corporation left nothing out of its masterpiece. The facility, designed by Derthick, Henley & Wilkerson and built by C&I Specialty, both of Chattanooga, contains 32 luxury sky boxes and 1,566 preferred seats with chairbacks. The \$350,000 scoreboard includes a video board, and the Stadium Club can hold 250 for pregame or postgame functions. The press box can hold 60 media workers, has three radio booths and a television broadcast booth. Identical home and visitors locker rooms contain a separate athletic training area and coaches' locker room, as well as an extensive player locker area.

Besides serving as the home of Mocs Football, Finley Stadium Davenport Field hosted the NCAA FCS National Championship from 1997 to 2009. It is also host to international and high school soccer, including the U.S. Women's National Team, high school football, national lacrosse tournaments, concerts, the Chattanooga FC and other community festivals.

**FOOTBALL LOCKER ROOM**

UTC Chancellor Dr. Steven Angle announced the progression of the Mocs' new athletics facility on March 24, 2018. According to the Chancellor, a financial plan is now in place to make the construction of the 70,000 square foot addition and renovation to McKenzie Arena a reality. The new addition will be named the Wolford Family Athletics Center in memory of James "Bucky" Wolford.

Progress towards the completion of the Wolford Family Athletics Center has been made possible through the generosity of many key people involved with the project. Lead donors include Charles and Bernita Cofield, Diane and Bucky Wolford, Hamico Foundation, the UC Foundation and John Murphy and Renee Hagerud.

Included are some renderings of what this facility may look like, including the locker room, strength & conditioning area and meeting room.

WHAT'S A MOC?

THE EVOLUTION OF THE MASCOT

THE ANSWER

For more than a decade, this question has puzzled many fans and observers of Chattanooga Athletics.

The UTC Athletics Department changed logos in 1997, moving away from Native American imagery to a package of logos using railroad images, the nickname "Mocs," and the Scrappy mascot. The new package emphasized UTC's connection to Chattanooga and the city's railroad heritage and incorporated the Tennessee state bird.

The term "Moc" is short for "Mockingbird." Mockingbirds are fiercely territorial creatures which protect their homes with courage, determination and skill. Those attributes reflect the intellect, spirit and character of UTC student-athletes and alumni. A Moc is a champion on the playing surface, in the classroom and, most importantly, in life.

Introduced in 2008, the new-look Scrappy has a sharper and more modern feel, mirroring the growth and image of UTC Athletics.

SCRAPPY

Named after legendary football coach A.C. "Scrappy" Moore, Scrappy, the Chattanooga mascot, is a fixture for the Mocs. A re-design in 2008 puts Scrappy in the image of the State Bird of Tennessee, a mockingbird. The mockingbird is known as a fierce protector of its nest and environment. It is sometimes seen swooping down on a dog, cat or predator that may be venturing too close to the bird's protected territory. Once described by "Late Night" host Jimmy Fallon as "a sledgehammer wielding mockingbird with a heart of Blue & Gold," Scrappy symbolizes that competitive passion.

WHY MOCs?

Faced with politically sensitive issues and in need of a stronger core identity to help establish a strong brand as Chattanooga's Team, the athletics department embarked on a comprehensive identity program in 1996. A new direction for the athletics identity was determined, moving away from the politically incorrect Native American Indian imagery.

Several identities have been used in the past. With the old nickname "Moccasins," a snake was used in the 1920s and an Indian was used until the year of major change in 1996. A moccasin shoe was even used in the 1980s.

In 1996, it was decided to adopt the State Bird of Tennessee, the Mockingbird, as the core of the new identity, while incorporating the strong regional imagery of Chattanooga's vast railroad history. The mascot "Scrappy" was born and a new emphasis was placed on the athletics department's role in the region.

The committee also recognized the need for the word "Chattanooga" to have a great emphasis in the logo. The nickname "Moccasins" was shortened to simply "Mocs." Thus established, Chattanooga could rebuild its athletics programs and initiatives around this new identity.

And rebuild it did. Quickly establishing the identity program in February 1997, combined with tremendous success in the NCAA Men's Basketball Tournament, UTC had positioned itself to reach for the next level.

From 1997 to 2007, the primary logo was the mascot, Scrappy, riding a train. The secondary logo featured the front of a train with the word Mocs built into the logo. This logo was affectionately called the "Cowcatcher logo," referring to the front lower grill of the train that helped push objects from the train tracks. The cowcatcher logo is no longer in use.

In August 2007, officials at Chattanooga updated the school's marks. A new C logo, the "Power C" as it has become known to fans and alums, was created as the primary mark and is emblazoned on the side of the football team's helmets. The secondary marks were updated with a more modern look, and a new font, unique to the school, is now used on the text areas of the logos and marks.

In September 2008, Scrappy was re-branded to better match the image of a mockingbird and reflect the rich tradition of our state, our city and our University. New marks of the head as well as a full body were released. The program has also been taking special efforts to stay true to its color palette—which includes navy blue and old gold.

The "Power C" logo is the primary mark of Chattanooga Mocs Athletics.
