Yvette Healy enters her fifteenth season at the helm of the program with the highest winning percentage of any UW coach in the program's 29-year history with a .587 (411-289-1) winning percentage.

In 2024, despite being the No. 11 seed to the Big Ten Tournament, the Badgers advanced all the way to the semifinals before falling to the 2024 Big Ten Tournament champions, Michigan, 4-6. Wisconsin's path to No. 2 seeded Michigan, were victories over No. 6 Ohio State (5-1), and No. 3 Rutgers (7-4).

The Badgers finished 21-31 (8-15) in 2024, with freshman Hilary Blomberg earning All-Big Ten First Team honors, and Ava Kuszak earning All-Big Ten Second team honors. Both also earned NFCA Great Lakes All-Region honors as well.

Of the nine times that Wisconsin has made the NCAA tournament, Healy has led the softball program to six NCAA appearances. The last time Wisconsin made it to the dance was in 2022 where the Badgers went 30-21 (12-11). In 2022, the Badgers finished eighth in the Big Ten, but were awarded an at-large bid to the Gainesville Regional.

Under her tutelage, Chloe Miller became the program's first-ever NFCA All-American, the first USA Softball Collegiate Player of the Year finalist, and the second-ever NFCA Player of the Week and NPF Draft pick (No. 11, Akron).

Shortly after Miller, in 2019 Kayla Konwent also earned NFCA All-American honors, and was a unanimous First Team All-American, and is the program's only First Team All-American. Konwent earned All-American honors again, earning Third Team honors in 2023.

Prior to Wisconsin, Healy took over as head coach at Loyola (Chicago) in July of 2004 after spending two seasons as an assistant at her alma mater, DePaul. While with the Blue Demons, Healy coached five All-Americans as the team won the Conference USA title in 2003 and 2004 to make the NCAA tournament.

Healy graduated cum laude and earned her bachelor's degree in marketing and communications

from DePaul in 1999 and her master's in secondary education and English from DePaul in 2007. She and her husband Shawn have been married since 2006. They currently reside in Madison with their two daughters, Grace and Maeve.

GOODMAN SOFTBALL COMPLEX

GOODMAN QUICK FACTS

- Name: GOODMAN DIAMOND
- Named after the Goodman brothers -- Robert and Irwin -- who were longtime area softball players, businessmen and UW donors.
- Capacity: 1,600
- Surface: Hilltopper Infield Mix
- Opened: 1999
- Largest Crowd: 4,532 (North Carolina, 9/4/95)

GOODMAN SOFTBALL COMPLEX

Located on beautiful Lake Mendota, the Irwin A. and Robert D. Goodman Softball Complex offers the University of Wisconsin softball program state-of-the-art amenities. From the indoor practice facility to the newly resurfaced playing field, the Badgers are happy to call Goodman Softball Complex home.

■ The complex, located at 2415 University Bay Dr., is an extensive redesign of the previous softball field. Groundbreaking took place on June 25, 1998, and the Badgers opened the facility with a 9-1 victory over Loyola on March 30, 1999. The field and grandstands -- with a capacity of approximately 1,600 -- are positioned just north of Nielsen Tennis Stadium and share the parking areas in that proximity. Spectators have the view overlooking University Bay and Picnic Point. The facility meets the requirements of the Americans with Disabilities Act.

■ The Goodman brothers, longtime area softball players, businessmen and UW donors, provided the lead gift of $500,000. Named for the Madison jewelers, the original renovation project cost more than $1.2 million and has been affectionately dubbed, "Goodman Diamond."

■ 2002 marked the first year under the lights for the Badgers. The lighting system was made possible by Bob Goodman, one of the original donors who made the field possible.

■ In 2011, the Irwin A. and Robert D. Goodman family foundation pledged $1.8 million to initiate the Goodman Softball Training Center project, which was a positive start toward the total project cost of $3 million.

■ The diamond received a complete resurfacing during the summer of 2012 with a new infield and outfield surface being installed. The infield was resurfaced with Hilltopper Infield Mix, natural soil enhanced with polymer that provides excellent drainage and coverage, while the outfield was leveled and tiled.

■ In 2013 the Goodman Softball Training Center was completed. In the 16,500 square foot indoor facility the Badgers have access to a regulation sized infield, batting cages, team conference room and lounge. In addition, the team locker room and athletic training areas underwent extensive renovations.

■ Enhancements were made to Goodman Diamond for the 2017 season thanks to a $600,000 gift from the Goodman family foundation, highlighted by the addition of a high-definition video board to elevate the game day atmosphere for the Wisconsin Softball team by providing fans with highlight videos. Fans are further immersed in the game with the addition of player headshots and various stat displays.

■ The Dave McClain Athletic Facility serves as the year-round home for a number of University of Wisconsin teams, including softball. The facility, renovated in 2013, offers a climate-controlled indoor training space, locker rooms, sports medicine center and strength and conditioning facilities. Opened in 1988 at a cost of $9.5 million, the McClain Center has undergone an extensive renovation as part of the $86 million Student-Athlete Performance Center project undertaken by UW Athletics to provide first-class facilities for the Badgers.

■ The centerpiece of the McClain Center is a 76,000-square foot main floor that features a 90-yard practice field utilized by a variety of UW athletic programs. The practice area was re-surfaced in 2013 with the installation of the most advanced playing surface offered by FieldTurf.

WHY WISCONSIN
I chose UW Madison because of the welcoming, family atmosphere that I felt the minute that I stepped on campus. I felt not only supported by the coaches and faculty athletically, but also in my pursuit to earn an engineering degree. UW gives me the opportunity to not only excel on the field, but in the classroom as well.

WHY WISCONSIN
I grew up in a small town in Illinois and knew that University of Wisconsin was where I wanted to be after my first visit to campus. It is close to home, but has a big city energy with small town pride. I really enjoyed spending time with the Badger softball team and coaches and experiencing the team atmosphere. I am very excited to spend the next four years where female athletes are supported and promoted.

WHY WISCONSIN

Over the last several years, I have met many people who have attended Wisconsin or are big Badger fans. Every one of them talks about how much they love the school and have such a sense of pride and ownership of being a Badger. I wanted to have that same sense of connection and pride and be part of such rich traditions. Ever since my family and I drove into campus the very first time, I knew Wisconsin was exactly where I wanted to go. After my official visit for softball, I was so impressed not only with the facilities and the outstanding academics, but there was so much more. The Forward 360 Program gives students athletes every chance to succeed not only while they attend Wisconsin, but after. Every player I met felt fully supported academically and as an athlete. And again, there was that sense of pride and ownership of being a Badger, and they were truly happy to be a part of something so special.

WHY WISCONSIN
Wisconsin has always been my home and the sense of culture and family at Madison is unbeatable; it's every Wisconsin kid's dream. I know that by choosing Wisconsin, I will have a top-tier education while playing high-caliber softball, all while preparing myself for life after college.
