MESSAGE FROM THE PRESIDENT

As I get ready for my very first season as an Argonaut, I couldn't be more excited to kick off the ninth season of UWF football.

I've been around a lot of great sports atmospheres, but there's something special about the blue and green wave of fans filling Pen Air Field with energy and Argo pride. That passion fuels our players and makes every game day unforgettable.

I'm grateful to Head Coach Kaleb Nobles for leading this program with skill, heart and a true Argo spirit. Alongside our outstanding coaching staff and dedicated athletics team, he's building champions for life — on the field, in the classroom and in the community.

From the strength and determination of our student-athletes to the spirit of our cheerleaders, the pulse of the Argo Athletic Band and the pride of our Army ROTC Argonaut Battalion — this is the heartbeat of UWF. And none of it happens without the incredible support of our fans and the many students, faculty and staff who make game days unforgettable.

We've already seen some incredible victories in Argo history, and I can't wait to celebrate new ones with you this year. I'm proud to wear the blue and green and honored to welcome you to another season of unforgettable UWF football.

ABOUT THE TEAMS

#8/11 WEST FLORIDA ARGONAUTS

This is the highest-ranked season-opening matchup in program history for West Florida. The No. 8-ranked Argos enter the 2025 season with high expectations.

The team had a league leading 15 players on the Gulf South Conference Preseason Team, including last year's Co-Offensive Freshman of the Year, Corey Scott who led the Argos at wide receiver. Not on the list, but also returning to lead the offense is redshirt sophomore quarterback Marcus Stokes. Stokes started in eight games last year and averaged 192.5 passing yards per game. Defensively UWF returns a handful of key players from last season. Defensive end Collin Shaw is back after totaling the third most tackles for the Argos last season (45). Shaw also led the team in forced fumbles with four last year.

As a team the defense will look to build off last year's success where the Argos had the No. 4 best overall defense in the country.

UWF was voted to win the GSC in the Preseason Poll with three first place votes.

#14/17 LENOIR-RHYNE BEARS

Lenoir-Rhyne is coming off a 10-3 season in 2024 where the team advanced to the second round of the NCAA Division II playoffs. The Bears defeated West Alabama 37-34 in the opening round before falling to Virginia Union, 44-12.

This season the Bears were voted to finish first in the South Atlantic Conference according to the preseason coaches poll.

SERIES HISTORY

UWF and Lenoir-Rhyne have only played once in program history when the teams matched up in the NCAA Division II Quarterfinals during the 2019 National Championship season. The Argos, who were ranked No. 20 at the time upset No. 6 Lenoir-Rhyne, 43-38 in Hickory, N.C.

Friday night's game is the only NCAA Division II football game on the schedule for the night across the country.

HEAD COACH KALEB NOBLES

Head coach Kaleb Nobles enters his third season at the helm with UWF in 2025.

Last season, Nobles led the Argos to a 7-3 record with the only losses coming to Top 25 ranked teams, including No. 2 Grand Valley State and No. 1 Valdosta. UWF took down No. 19 Delta State at home 40-28.

Nobles coached two Gulf South Players of the Year – Corey Scott, Co-Offensive Freshman of the Year and Traevon Mitchell, Co-Defensive Player of the Year. Defensive back and return specialist Virgil Lemons was named an All-American as a returner.

In 2023, the former UWF quarterback and offensive coordinator led the Argonauts to an 8-4 record and spent the entire season ranked in the top 25. UWF ranked in the top 40 nationally in every offensive category while averaging 32.1 points per game with seven contests of at least 35 points.

Wide receiver John Jiles and defensive end John McMullen each were named First Team All-Americans, with McMullen and freshman Ralph Ortiz grabbing Gulf South Conference Defensive Player of the Year and Defensive Freshman of the Year, respectively.

Nobles was named the second coach in program history by University on December 13, 2022.

Nobles spent the two previous seasons at Clemson University where he had the role of Offensive Player Development under head coach Dabo Swinney. He assisted with the quarterbacks and wide receivers, all game preparation and planning, along with various game day duties. In 2021, Clemson went 10-3 with a Cheez-It Bowl victory and compiled an 11-2 record in 2022, winning the ACC Championship while earning a berth in the Orange Bowl against Tennessee.

Nobles spent three seasons on Pete Shinnick's staff from 2017-20 as the quarterbacks coach for the Argonauts and was named the Co-Offensive Coordinator in May of 2020. He also served as the Director of Football Operations for two-plus years.

Nobles mentored some of the best signal callers in UWF history. In 2019, Austin Reed was named the National Freshman of the Year after he threw for 4,089 yards and 272.6 yards per game to rank 13th nationally. He also completed 57 percent of his passes and tossed 40 touchdowns while rushing for six more.

The 2019 quarterback group established program records with a 56.8 completion percentage, a 148.6 pass efficiency rating, 14.6 yards per completion and 411.9 yards of total offense per game.

In 2018, the Argonauts completed 55.2 percent of their pass attempts, tying the school record at the time. The group averaged 229 yards passing and had 23 touchdowns.

Nobles worked daily with a quartet of QBs during the historic 2017 season that culminated with a run to the national championship game. Mike Beaudry finished with 3,215 yards through the air and 29 touchdowns while being named the Gulf South Conference Offensive Freshman of the Year.

As a student-athlete, Nobles spent four seasons at Valdosta State from 2012-15, appearing in 23 games with six starts as a freshman and sophomore. He threw for 2,009 yards and 19 touchdowns as a Blazer.

In 2016, he transferred to UWF and helped provide immediate leadership and focus to the upstart program. He led the Argonauts to a 5-6 overall record and threw for 3,058 yards with 28 touchdowns. He also established a school record that still stands with 277.3 passing yards per game.

He had six games with at least 300 yards passing, including a 503-yard, 6-TD performance in the win over Missouri S&T in the inaugural home game on Sept. 10, 2016. That passing mark ranks tenth all-time in GSC single-game history. He was also a GSC All-Academic selection that season.

Nobles has coaching in his blood, following in the footsteps of his late father, Buddy. The elder Nobles spent more than 30 years as a high school coach in Florida and Georgia. His Irwin County (Ga.) High School team won the Georgia Class A title in 2019, nine days before the Argos won the national championship.

Nobles, who was born in Jacksonville, Florida and attended high school in Fitzgerald, Georgia, earned his bachelor's degree in Healthcare Administration from Valdosta State in December, 2015 and added a master's in Health Leisure and Sport Science from UWF in December, 2017.

He and his wife, Katy – a former UWF women's volleyball student-athlete and Argo alumnus – were married in June, 2021. Their welcomed their first child in August 2023.

GULF SOUTH CONFERENCE

Academic excellence and a leadership role in NCAA's Division II make the Gulf South Conference (GSC) something special. Entering its 54th year, the GSC is a charter Division II member that prides itself as one of the first conferences to be created and administered by its CEOs.

We take pride in our 50-plus National Team Championships in 13 sports, one individual men's cross country champion, five men's golf individual champions, and one track and field champion, as well as more than 160 regional titles, especially because there is no sacrifice on the academic side, where GSC student-athletes graduate at a much higher rate than the general student body.

The GSC sponsors 19 sports, including 18 championship events. Official sponsored sports include baseball, men's and women's basketball, men's and women's cross country, football, men's and women's golf, men's and women's soccer, softball, men's and women's tennis, men's and women's track and field, and volleyball. Prior to the 2020-21 academic year, the conference officially added women's lacrosse after three seasons as an emerging sport.

In the summer of 1970, six college presidents met to discuss athletics and when the meeting ended, a new league emerged—the Mid-South Conference. Delta State, Florence State (now North Alabama), Jacksonville State, Livingston (now West Alabama), Tennessee-Martin (UTM) and Troy State (TSU) were the charter members, but scheduling problems for the 1970-71 academic year limited the conference to only football. Southeast Louisiana (SELA) and Nicholls State (NSU) joined in 1971 and the league opened an office in Hammond, La., changed its name to the Gulf South Conference, and began championships in nine men's sports. Mississippi College (MC) and Northwestern Louisiana (NWLA, now Northwestern State) joined in 1972 and two years later, NWLA left for Division I, followed by SELA and NSU in 1979.

The conference continued with seven teams until 1981, when the CEOs admitted Valdosta State and West Georgia (1983). In 1991, UTM and TSU went Division I, briefly dropping the GSC back to seven members, but an aggressive expansion resulted in 10 new members: Lincoln Memorial (1992-93); Alabama Huntsville, Henderson State, Central Arkansas and Mississippi University for Women (MUW, 1993-94); West Florida (1994-95); and Arkansas-Monticello, Arkansas Tech, Montevallo and Southern Arkansas (1995-96). Jacksonville State

moved to Division I at the end of 1992-93. MC dropped to Division III at the end of 1995-96, and was replaced by Christian Brothers to keep the conference at 16 schools. In July 2000, the GSC welcomed Harding University and Ouachita Baptist University, making it the largest NCAA-playing conference at any level with 18 schools. MUW dropped its athletics program at the end of the 2002-03 season, decreasing the membership to 17. Central Arkansas reclassified to Division I and Lincoln Memorial moved to the South Atlantic Conference following the 2006-07 year. Montevallo's departure for the Peach Belt Conference dropped the number to 14 in 2009-10. North Alabama completed its final year with the GSC in 2017-18, as the Lions accepted an invitation to go Division I and join the Atlantic Sun Conference.

The GSC moved away from divisional play after the 2010-11 season after its six Arkansas members broke away, dropping the membership to eight. The league implemented a five-year expansion plan in 2012 resulting in the addition of new members Shorter University (2014-15), Union University (2014-15), Lee University (2015-16) and Auburn University at Montgomery (2019-20) along with the return of Mississippi College (2016-17) and Montevallo (2017-18).

The conference also adopted affiliate memberships to boost its ranks, resulting in sport-specific members, Flagler (women's lacrosse), North Greenville (football), Spring Hill College (men's and women's soccer and women's golf), and Young Harris (women's lacrosse). Eventually, Young Harris ended its women's lacrosse affiliation at the end 2023 season as it became a full member of Conference Carolina. North Greenville announced its intention to end football affiliate status with the GSC following the 2024 season. In January 2023, the GSC unveiled limited-term football affiliate partnerships with Chowan (2023-24) and Erskine (2024).

The 2023-24 season was the final year of GSC competition for Shorter and West Georgia, ending a five-year period of consistent full-time membership. Shorter accepted a full member invitation to join Conference Carolina, while West Georgia departed for Division I and the Atlantic Sun Conference (ASUN). Meanwhile, the GSC added Trevecca Nazarene as a full member with its first season of competition being in 2024-25. The conference also celebrated its 57th national title as West Florida won the Division II Men's Golf National Championship.

NCAA COMPLIANCE

This brief NCAA rules education is aimed at outlining basic rules to help potential student-athletes, parents and boosters better understand the regulations of the NCAA. The University of West Florida is committed to recruiting and conducting our athletic department with the highest level of integrity.

ARE YOU A BOOSTER

A booster is an individual who is known (or who should have been known) by a member of the institution's executive or athletics administration to:

- Have participated in or to be a member of an agency or organization, including corporate entities (e.g., apparel and equipment companies), promoting the institution's intercollegiate athletics program
- Have made financial contributions to the athletics department or to an athletics booster organization of that institution;
- Be assisting or to have been requested (by the athletics department staff) to assist in the recruitment of prospective student-athletes;
- Be assisting or to have assisted in providing benefits to enrolled student-athletes or their families; or
- Have been involved otherwise in promoting the institution's athletics program.

Note: Once an individual is identified as a booster the person retains that identity forever.

INSTITUTIONAL CONTROL

Institutional Control of athletics is a fundamental requirement of NCAA Legislation. Specifically, the NCAA Constitution provides that each institution shall be responsible for:

- Controlling its intercollegiate athletics program in compliance with the rules and regulations of the NCAA.
- Monitoring its program to insure compliance, identifying and reporting to the NCAA any instances in which compliance has not been achieved and taking appropriate corrective actions.
- Insuring that members of the institution's staff, student-athletes and other individuals or groups representing the institution's athletics interests comply with NCAA rules.

RECRUITING PROSPECTIVE STUDENT-ATHLETES

- A prospective student-athlete is defined by the NCAA as any person who has begun classes in the ninth grade.
- A prospective student-athlete remains a prospect even after he or she has signed a National Letter of Intent or accepts an offer of financial aid to attend UWF.
- Only coaches and athletic department staff members can be involved in the recruiting process off campus. A contact is defined as any face-to-face encounter between a prospect or the prospect's parent or legal guardians during which time any dialogue in excess of an exchange of a greeting occurs.

** In general, all boosters who are not employed by UWF are prohibited from contacting off campus a prospect or prospect's family to encourage the prospect to participate in intercollegiate athletics at UWF.*

You are prohibited from: (NCAA Bylaw 13)

- Having any off-campus contact with a prospective student-athlete
- Communicating with a prospective student-athlete or their relatives or legal guardians

before June 15 immediately preceding their junior year.

- Making arrangements for a prospect or the prospect's relatives or friends, to receive money or financial aid of any kind.
- Providing transportation for a prospect or the prospect's relatives or friends to visit our campus.
- Providing free tickets or tickets at a reduced cost for prospects or the prospects relatives or friends to attend an athletic event.
- Entertaining high school, prep school or community college coaches.

As a booster, you are permitted to: (NCAA Bylaw 13)

- Notify our coaches about prospects in your area that may be strong additions to our teams.
- Attend high school or two-year college athletic contests or other events where prospects may compete; however, you may not contact the prospect or the prospect's relatives.
- Continue existing friendships with families of prospects, but you may not attempt to recruit the prospect.
- Have in-person contact with a prospective student-athlete while they are on an official or unofficial visit. This contact is limited to only on-campus.

EXTRA BENEFITS

In addition to regulating contact of our boosters with prospects, the NCAA also regulates contact with current UWF student-athletes, as well as their relatives and friends. An extra benefit is any special arrangement by an institutional employee or a booster to provide a student-athlete, prospect, or their relatives or friends a benefit not expressly authorized by NCAA legislation. In general, you may not provide a benefit that is not authorized by NCAA legislation or make special arrangements for student-athletes and prospective student-athletes that are not available to the general student population.

Examples of prohibited extra benefits not allowed by NCAA rules, but are not limited to, are as follows: (NCAA Bylaw 16)

- Providing cash or loans in any amount, or signing or co-signing for a loan.
- Providing gifts or any kind, including birthday cards and holiday gifts.
- Providing special discounts for goods and services (e.g. car repairs, legal services, meals).
- Providing free rent or reduced rent, housing.
- Purchasing complimentary admissions from a student-athlete.
- Providing an honorarium to a student-athlete for a speaking engagement.

As a booster, you are permitted to: (NCAA Bylaw 16)

- Invite a student-athlete into your home for an occasional meal, but please coordinate such activity with the respective Head Coach.

Consequences to Boosters for NCAA Violations:

Institutions required by the NCAA to notify boosters of consequences regarding rules violations. Boosters found in violation of NCAA rules are subject to losing benefits and privileges, including season tickets. The NCAA Committee

on Infractions has processed cases in which penalties have included both the dissociation of boosters with the institution and the loss of season ticket privileges.

BOOSTER INVOLVEMENT- NAME, IMAGE, LIKENESS (NIL)

A UWF booster may engage with a current student-athlete in connection with the booster's private business provided UWF is not involved in identifying or selecting the booster and the engagement is in accordance with Florida law and UWF policy, is not an impermissible inducement, and does not constitute pay-for-play. Existing extra benefit NCAA legislation requiring the student-athlete to pay the going rate available to the general public for professional services shall apply.

FREQUENTLY ASKED QUESTIONS

Q: Can a booster be involved in any way when a prospect is on an official or unofficial visit?

A: Yes. However, the booster may have contact only on campus during the student-athletes official or unofficial visit. Off campus contact is prohibited.

Q: May a student-athlete's name or picture be used to directly or indirectly advertise, recommend, or promote the sale or use of a commercial product or service?

A: Yes, provided the student-athlete has entered an NIL contract with the company.

Q: Is it permissible for a booster to pay in whole or in part registration fees associated with sport camps?

A: No.

Q: Is UWF responsible for the acts of boosters and booster support groups?

A: Yes. Boosters are governed by the same NCAA and institutional rules and regulations as those placed upon all institutional athletics staff members.

Q: Is it permissible for a booster to provide gifts or awards to a student-athlete for his or her athletics performance?

A: No. All awards must conform to NCAA awards legislation and must be approved by UWF.

Q: Is it permissible for a booster to provide an enrolled student-athlete with professional services (for which a fee would normally be charged) for personal reasons?

A: No. Professional services provided at a fee less than the normal rate or at no expense to a student-athlete are considered extra benefits.

Q: May a student-athlete make a public appearance at a business establishment for any purpose such as signing autographs etc.?

A: Yes. Such appearances can be construed as a direct or indirect endorsement of the commercial establishment, provided they are receiving compensation through an NIL contract.

PENAIR FIELD

The UWF athletics department unveiled PenAir Field in February of 2016. The facility is part of the multi-phase project in the University Park section of campus.

The 120-yard state-of-the-art surface serves as the primary practice facility for the UWF football program. It is also used as a training facility by the UWF Strength and Conditioning staff with all 15 intercollegiate sports.

In September of 2016, the University announced a \$1 million gift from PenAir Federal Credit Union to support UWF football and officially name the field, PenAir Field.

This is the most recent development in a long-standing relationship between the University and PenAir. Previously, PenAir has shown its support by partnering with the alumni association, the College of Business and UWF Athletics. The credit union is currently the presenting sponsor of the annual Alumni Scholarship Classic golf tournament, and it provides the official UWF credit card for alumni and friends of the University. Each time the UWF card is swiped, the UWF alumni association receives a benefit that funds a grant program.

Since Fall 2014, PenAir has also hosted the Financial Literacy Boot Camp in partnership with the University. Held each fall and spring semester, the boot camp hosts financial professionals as guest lecturers who present topics such as personal financial planning, planning for retirement, the advantages of tax-deferred savings and 401(k) plans and more, to prepare students with the essential financial literacy they require prior

to accepting their first professional position after graduation. While the \$1 million gift will directly support UWF football, this isn't the first time PenAir has helped UWF foster school spirit through athletics. The credit union also serves as the presenting sponsor of the annual Athletic Hall of Fame banquet as well as a title sponsor for the Argo Armada Student Rewards program, which rewards students for the number of sports events they attend.

Innovating Education. Empowering Teachers.

The UWF School of Education equips our students with the tools they need to transform their classrooms and schools through innovative practices, cutting-edge research and a passion for inspiring students. Our TeacherReady Alternative Teacher Certification Program continues to help those with bachelor's degrees to acquire K-12 teaching certification. The Para to Teacher Support Program can help paraprofessionals pursue their dream of becoming teachers in special education. The state-funded grant program has provided financial support to more than 250 paraprofessionals since 2009. More than 87% of those who became certified teachers through program funding remain certified in Florida today.
