WashU celebrates after a 43-7 victory over the University of Chicago in the 2019 Founders Cup Game in Chicago. WashU has won 25 of the 34 Founders Cup Games.

To the victor go the spoils. And in the case of a yearly match between Washington University in St. Louis and the University of Chicago, the spoils include braggin’ rights and the Founders Cup.

The Founders Cup, which commemorates the first football game played between two University Athletic Association (UAA) schools, was introduced in 1987 when the Bears and Maroons played the first football game in the Association’s initial year of existence

The rivalry between the two schools is a natural. Led by the St. Louis Cardinals-Chicago Cubs baseball rivalry and the St. Louis Blues-Chicago Blackhawk hockey rivalry, St. Louis and Chicago continually boast about braggin’ rights. And there’s no difference with Washington University and the University of Chicago.

Since the rivalry was re-established in 1983, the Bears lead the series 26-11. 12 of those games have been decided by seven points or less, including the 2000 and 2001 games that were decided in the closing moments.

Since the inception of the Founders Cup in 1987, the Bears have won 25 of the 33 meetings.

The final game of the Founders Cup took place in 2021.

# YEAR-BY-YEAR RESULTS

The 2021 team played in the program's first-ever bowl game, the inaugural Culver's Isthmus Bowl.

The 2022 Bears earned the second-straight bid to the Culver's Isthmus Bowl, where they faced UW-River Falls.
