Support WashU Scholar-Champions' Experience & Development

"WashU gives all student-athletes the opportunity to succeed both in the classroom and in their respective sports. What I appreciate most about WashU is being surrounded by students who are equally motivated and genuinely want one another to succeed. There is something special about being part of a community with other student-athletes, coaches, professors, and members of the athletic department who are consistently invested in supporting students throughout all four years. There is really no other place like WashU."
