In 2018, the NCAA listed John A. Farrell Stadium as one of the 13 most scenic stadiums in DII in which to watch a football game. Fall in the northeast is something to behold. Sitting in the stands at John A. Farrell Stadium, the Golden Rams faithful get a view of the rolling hills of Pennsylvania, and with it, the changing colors of the leaves in autumn.

Farrell Stadium Through The Years

1970 - Original structure completed on South Campus. The new home of the West Chester University Golden Rams is named after John A. Farrell, who was a physician, trustee, and civil leader.

2006 - A new state-of-the-art FieldTurf is installed, along with a brand new Mondo Track surface for the university's track & field squad. West Chester plays its first football game at home on an artificial surface on Sept. 2, 2006 - a 28-14 loss to Edinboro. The FieldTurf used in the renovation project was the same surface installed at Ford Field in Detroit where Super Bowl XL was held.

2016 - FieldTurf replaced, along with resurfacing of the Beinin Pord track. Purple end zones, and purple sideline boxes, adorn the new field while track color switched to purple & gold.

2020 - Beinin Pord track replaced. Purple end zones, and purple sideline boxes, adorn the new field while track color switched to purple & gold.

2024-Field renamed Tomlinson-Fillippo Field in honor of former players & supporters Tommy Tomlinson and Tom Fillippo. Formal announcement made on 10-26 vs Millersville.

2025-New 18-foot, by 32-foot Watch Fire electronic videoboard was installed in the south end of the stadium. The scoreboard was made possible in part by a major donation from Roger and Agnes Ware.
