A Message From the President, Dr. John Counts

At Western New Mexico University, the students are our top priority, and the athletic department is a key element of campus life.

We are very proud of our student athletes as they balance athletics with academics and community involvement. The growth and learning that takes place among them is inspiring. Their participation in our athletic program goes a long way in preparing them for future success.

We look forward to continued success of all our Mustang athletic programs. Go Mustangs!

Dr. John Counts

A Message From the Athletic Director, Scott Woodard

Welcome to Western New Mexico University, and thank you for your support of Mustang Athletics.

Athletics is an important part of the educational process at Western New Mexico University. It has a unique role to play in an effort to create a well-rounded individual upon graduation.

The goal of the Department of Athletics is consistent with the core mission of the institution, which is to provide excellent educational opportunities for a diverse student population. Our student-athletes will be viewed as students first and only then as athletes.

Our student-athletes gain a great deal from competition and spend countless hours learning about themselves and their teammates. Whether we win or lose, they will represent the institution with class and dignity. They will also learn about discipline and commitment.

We are looking forward to another great year filled with success on and off the field. Go Mustangs!

Scott Woodard

Scott Woodard, Athletic Director

Western New Mexico (WNMU) Director of Athletics Scott Woodard has spent more than half his life at the University as a student, athlete, coach, and administrator. He also has held nearly every job in the department, including sports information, game management, compliance, eligibility, and bus driver, prior to his appointment as the leader in 1996. Top that off with stints as a head baseball coach, assistant football coach, and head softball coach makes Woodard the most qualified individual to lead the Mustang Department of Athletics.

Woodard received his Bachelor of Science in Biology from WNMU while playing baseball for the Mustangs. He was part of the first baseball team to win a Rocky Mountain Athletic Conference Championship and was twice named First Team All-Conference as a shortstop. While working on his Master of Arts in School Administration, also from WNMU, he was an assistant coach for the program. Woodard helped lead the team to national recognition, a No. 3 ranking, and was one game shy of going to the NAIA World Series.

Woodard took a short five-year hiatus from WNMU to teach and coach at Tularosa and Deming High Schools in New Mexico. He then came back to Silver City in 1992 to take over as the head coach for the baseball program, but his tenure was cut short as the program was dropped after the 1993 season. Woodard stayed on as an Assistant Athletic Director to WNMU coaching legend Dick Drangmeister, who eventually retired and turned the department over to Woodard.

During his 15 years as Director of Athletics, Woodard has been involved in numerous athletic facility improvements, including building the softball field and renovations to the basketball facility. He also was instrumental in overseeing the building of Altamirano Football Stadium and the Fox Complex, which houses locker rooms, a weight room, and a fitness center. Woodard also supervised the addition of three tennis courts, which allows the women's and men's tennis teams to host home contests. Scott Park Golf Course also received a practice facility that included a new driving range, chipping and putting area, coach's facility, and restrooms to the course.

Although Woodard's philosophy of athletic success does not rely solely on wins and losses, he has seen many successes on the field, court, and course since he took over. NCAA Division II National Championship appearances by the softball, women's and men's golf, and the men's tennis teams have highlighted his most successful seasons in the Department of Athletics. Volleyball has also been to regional postseason play a number of times since joining NCAA Division II in 1996.

Victoria Stimac, Assistant Athletic Director of Media Relations/ Senior Woman Administrator

Victoria Stimac headed south to take the reins of the newly created Assistant Athletic Director of Media Relations in the spring of 2007. Stimac handles the duties of sports information director as well as senior woman administrator.

Prior to Western New Mexico, Stimac served as assistant athletic director, senior woman administrator (SWA), sports information director, and head women's volleyball coach at Finlandia University in Hancock, Michigan. Over her four years at Finlandia University, she monitored and recorded all budget activity of 13 NCAA Division III intercollegiate athletic programs. She also supervised, maintained, and educated all aspects of institutional and NCAA regulations to coaches, staff, administration, student-athletes, and the Finlandia University community.

Stimac was the third head volleyball coach in Finlandia volleyball history. She helped lead the Lions to the University's first post season opportunity in 2005. The team qualified for the NCAA Division III Independent Tournament held in Troy, New York and advanced to the championship match before falling to Russell Sage College in four games.

As the SWA at Finlandia University and now at Western New Mexico University, Stimac has demonstrated the ability to direct the daily operations of a department while managing staff, coaches, and programs. She also has worked to bridge the gap between the Department of Athletics and the community at both universities. At WNMU, she has worked alongside a public relations firm and the university's Public Information Office to present the overall message of Western New Mexico University and have been involved with the university's strategic planning and institutional advancement committees.

Stimac, originally from Cedar Grove, Wisconsin, played volleyball at Cardinal Stritch University in Milwaukee, Wisconsin, where she was a three-year volleyball starter as a middle hitter and co-captain her final season. She majored in business in marketing. Stimac's previous work experience includes coaching volleyball to youth ages 13 to 17 at South Shore Volleyball Club, marketing at Ottawa University, teaching English as a second language in Japan, and admissions at her alma mater.

Stimac is actively involved in the National Association of Collegiate Women Athletics Administrators (NACWAA) and the Collegiate Sports Information Directors Association (CoSida).

Kent Beatty, Assistant Athletic Director

In 2008, head golf coach Kent Beatty was promoted to assistant athletic director. Beatty oversees all game day planning and management. He will also work directly with the maintenance department and athletic training staff. Success has followed Kent Beatty during his coaching career. Named head coach in 1997, Beatty has learned many of the tricks it takes to lead a successful program, and it shows. Both his men's and women's teams are regular participants in the post season, an accomplishment which has been instrumental in giving WNMU's other athletic programs the confidence to succeed.

The fact that Beatty's position at WNMU is full-time is an indicator that WNMU is committed to its golf program. The majority of small-school college golf coaches are employed elsewhere or are instructors at their respective universities, and WNMU's commitment to golf and its athletes has paid great dividends over the past few years.

In addition to 21 NCAA post season tournament appearances and six conference championships in his 11 years at the school, Coach Beatty has mentored five all-Americans, seven academic all-Americans and five PGA golf professionals. He, himself, was also named RMAC Women's Golf Coach of the Century in May 2009.

Beatty's teams at WNMU have continued to improve with each passing season. The quality recruits who commit to WNMU and Beatty's no-nonsense approach to athletics and academics seems to be a popular one for newcomers — stressing that great golf, solid classroom performance, and learning people skills will increase his players chances of success — is the cornerstone of the Beatty philosophy.

A Class A member of the PGA of America, Coach Beatty started one of New Mexico's golf dynasties at Ruidoso High School, a team that has captured five state championship trophies in recent years and continues to churn out top players that are also excellent students. Beatty also serves on the NGCA All-American Committee and was the NMAA High School Golf Committee's chairman for seven years.

Dr. Claudia Leonard, Faculty Athletic Representative

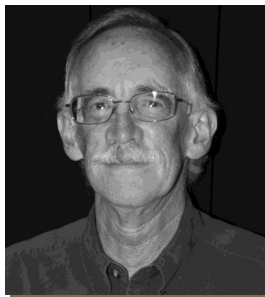

Dr. Leonard joined Mustang Athletics in 2007. An associate professor in the Department of Allied Health, Leonard first came to WNMU in 1997 and then took a break for two and a half years from WNMU before returning again in the fall of 2005. She currently serves as program director for the Master of Occupational Therapy program.

Dr. Leonard received her Bachelor of Science in Occupational Therapy from Eastern Michigan University in 1983. She then went on to earn her master's degree in business from WNMU in 2001. In 2007, she completed her Doctorate in Occupational Therapy at the University of St. Augustine.

Dr. Roland Shook, Compliance Coordinator

Dr. Roland Shook held the Faculty Athletic Representative post starting in 1993 and was an integral part of the Athletic Department as well as the university's academic department. Now in his retirement, Dr. Shook took on the responsibility of being the Mustangs' compliance coordinator in 2007. His responsibilities as the compliance coordinator include scrutinizing each athlete's transcript, signing off on their eligibility status, and acting as arbitrator and investigator when student-athlete, coaching, or other athletic-related issues arise.

Alma Arellano, Athletic Administrative Assistant

Alma Arellano has become the glue that holds the athletic department together since her arrival in 2002 as athletic secretary. She coordinates the teams' fundraising and travel accounts while managing the student work studies. Her transfer from the business office has been a real asset to athletics as she is a real team player!

A graduate of Silver High in 1993, Arellano received her degree from WNMU in office administration.

Meredith Reischl, Office Assistant

Joining the department in 2007, Meredith Reischl made the transition from a four-year WNMU softball student-athlete to office assistant and assistant softball coach. Reischl started in the department working with the financials and game management. She has expanded her role to include fundraising, and in 2008, Reischl returned to the softball field as an assistant coach.

Reischl spent 2003 to 2007 on the Mustangs' softball team, playing in 216 games. She currently holds three homerun records: most in one game (3), most in one season (16), and most in one career (37).

Reischl received her Bachelor of Arts in English with a minor in History in 2007. In December 2009, she completed her master's in interdisciplinary studies in business and English from WNMU. She attended Desert Vista High School in Phoenix, Arizona, competing in both basketball and softball.

Tana Holtorf, Media Relations Assistant

Joining the Mustang's media program in 2009, Tana Holtorf is the newest member of the media relations staff. A former Grand Canyon Antelope, Holtorf brings a strong academic background and athletic experience to the Mustang staff. Holtorf graduated from Grand Canyon University in Phoenix, Arizona in May 2009. She earned a degree in secondary education as well as physical education. She graduated Summa Cum Laude and awarded a Ray Maben award (highest honor given at GCU). Holtorf was an Academic All-American for all four years while playing NCAA competitive Division II softball. She maintained a 3.9 GPA throughout her career.

Holtorf was a four-year starter in the outfield for the Antelopes. She was Second Team All-PacWest in 2008 and 2009.

Holtorf prides herself in hard work and strives for perfection in all aspects of her life.

Michael Stimac, Men's Athletic Trainer

Michael Stimac, originally from Trimountain, Michigan, began at WNMU in 2007 as a part-time employee of the WNMU athletic training staff. At that time, he was also a full-time employee of Gila Regional Medical Center in Silver City. In 2008, Stimac entered the training room full time.

Involved in athletics since the age of three and former collegiate athlete, Stimac played hockey at Finlandia University where he received his Associate of Applied Science in Physical Therapist Assistant in 2004. He then went on to Northern Michigan University to get his Bachelor of Science in Athletic Training.

Stimac brings in previous athletic training experience from Michigan Technological University and Northern Michigan University, both NCAA Division II institutions and members of the Great Lakes Intercollegiate Athletic Conference (GLIAC). At Tech, he worked with nearly every sport over his six years as a student athletic trainer. While at Northern, he worked primarily with women's soccer and football.

Stimac also has a great amount of rehabilitation experience. While at Gila Regional Medical Center, he rehabilitated a variety of ages within the in-patient setting. He also fitted and adjusted adaptive equipment for patients, provided wound care, and assisted in the instruction of back safety. Prior to moving to Silver City, Stimac worked in physical therapy at Portage Health in Hancock, Michigan.

Terra Strain, Women's Athletic Trainer

Terra Strain returned to Silver City and WNMU in 2007 after seven years away. She assists the successful volleyball program and is full-time in the athletic training room where she works with the Western New Mexico women's programs.

Strain, a graduate of the movement science program at WNMU, wore a Mustang volleyball jersey from 1996-2000. During her four years, she was on the Gold Honor board each semester. She also was named to the Pac-West All-Conference Academic Team in 1999.

After WNMU, Strain attended Montana State University - Billings where she received her Master of Science in Athletic Training degree in 2006. She also was an assistant volleyball coach for the Yellowjackets for one year.

Most recently, Strain worked as an athletic trainer and head girl's volleyball coach at Bradshaw Mountain High School. The Virden, New Mexico native also coached for the Arizona Mile High Volleyball Club for one year and three years at Holbrook High School in Arizona. At Holbrook, she was the 3A North Co-Coach of the Year in 2002 and the 1A-3A All-Star Coach in 2004.

Scott Woodard, Head Softball Coach

Scott Woodard reentered the coaching ranks in 2007 with high hopes. He took over the softball program for the second time at WNMU.

Woodard, a 1985 graduate of WNMU was an all-star shortstop at Western New Mexico and was twice named to the all-conference team in the tough Rocky Mountain Athletic Conference. The Carlsbad, New Mexico product received his Bachelor of Science in Biology and his Master of Arts in Administration.

While Woodard was a star on the baseball field as a player, his true talent may be in the dugout. Woodard brought softball to Western New Mexico University in 1998 and was the head coach for the first four. From 1998-2001, Woodard posted a 133-61-1 record (68.2 winning percentage). He also went 47-8 at Mustang Field over his four years.

Woodard has held almost every position in the athletic department, including athletic director, head baseball coach, assistant athletic director, sports information director, assistant football coach, and compliance coordinator since his start at WNMU in 1992.

Before returning to WNMU, he taught and coached at high schools in Tularosa and Deming, New Mexico. His Tularosa and Deming teams both won State Baseball Championships.

"This is a great opportunity to get out there and coach young people again," says Woodard.

Angela Slaugh, Assistant Softball Coach

Angela Slaugh returned to her alma mater in 2007 after two years as an assistant softball coach at California State University - Monterey Bay.

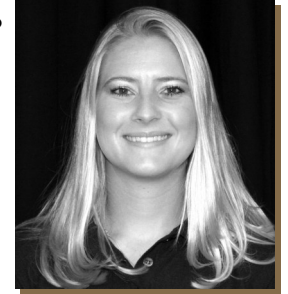

Slaugh, a 2005 WNMU graduate, had a stellar career on the mound as a Mustang. As a freshman, she dominated opposing hitters, earning a 1.1 earned run average (ERA) with 197 strikeouts in just 172 innings pitched.

As a sophomore, she posted a 23-5 record with a .95 ERA and an amazing 264 strikeouts in 209 innings. For this, she earned PacWest Pitcher of the Year honors.

Her junior year yielded her best numbers yet as she was named the PacWest Pitcher of the Year for the second consecutive time, striking out 318 batters in 226 innings while having an ERA of .84.

Amazingly her numbers went down again her senior year. A .50 ERA in 302 innings pitched and a .142 opponent batting average, Slaugh earned received PacWest Pitcher of the Year for the third time and MVP of the West Regional Tournament held in Arcadia, California.

Originally from Bloomfield, New Mexico, Slaugh earned her degree in zoology.

Meredith Reischl, Assistant Softball Coach

Joining the department in 2007, Meredith Reischl made the transition from a four-year WNMU softball student-athlete to office assistant and assistant softball coach.

Reischl started in the department working with the financials and game management. She has expanded her role to include fundraising, and in 2008, Reischl returned to the softball field as an assistant coach.

Reischl spent 2003 to 2007 on the Mustangs' softball team, playing in 216 games. She currently holds three homerun records: most in one game (3), most in one season (16,) and most in one career (37).

Reischl received her Bachelor of Arts in English with a minor in History in 2007. In December 2009, she completed her master's in interdisciplinary studies in business and English from WNMU.

She attended Desert Vista High School in Phoenix, Arizona, competing in both basketball and softball.

Season Preview/Review

With top new recruits and experience from last season, the WNMU softball team has high hopes for 2010. With 24 out of their 40 conference games being at home and playing 11 different teams to start the season, head coach Scott Woodard expects to end up with a successful season. The outlook on the season is to finish every game with high intensity, compete, win at home, play hard, concentrate on the big picture, be aggressive, be confident, and be "hard-nosed." With the combination of these tactics, the Mustangs look to be a solid program this season.

The 2009 season was a heart breaker for the ladies in purple and gold. They felt they underachieved tremendously, but look to revive their unsuccessful season this spring. Senior Kristina Barr, who tied the single season home run record last year, earned many honors last year during her debut at WNMU. Barr's accomplishments included All-RMAC First Team, Louisville Slugger/NFCA Division II All-Central First Team, Daktronics All-Central Region First Team, and Daktronics All-American Second Team.

Barr played and started in every game last season at shortstop. She finished the season towards the top of nearly every RMAC hitting category. She was fourth in batting

average with .480, second in slugging percentage at .908, number two in on base percentage with .534, ninth in hits with 73, fourth in homeruns with 16, and number five in total bases with 138. Defensively, Barr posted 114 assists. In addition, Barr led the Mustangs in nearly every category including 50 RBIs.

Another key returner is sophomore Kaitlynn Barnes. Barnes received a spot on the All-RMAC Third Team in 2009. Barnes finished just behind Barr in nearly all of the same categories: batting average (.397), slugging percentage (.702), on base percentage (.445), hits (56), homeruns (8), and total bases (99). In the catcher position, Barnes ranked number three in the RMAC in the caught stealing by category. She picked off nine base runners.

Senior first baseman Rebecca Reynolds will be another factor in the success equation this season. The year of 2009 marked the first time Reynolds has been healthy since she has been with Woodard and WNMU. In 2007, Reynolds earned herself the award of most valuable player at the conference tournament. The very next year the sophomore earned an All-RMAC honor, as well. Last season, Reynolds had a .304 batting average with 48 hits, 13 doubles, and 6 homeruns. Her 13 doubles tied with Barnes for the second highest on the team.

Season Preview/Review Continued...

Having only graduated two seniors in 2009, Woodard looks to his underclassmen to step up. "Courtney Graf, Jessica Jayo, Brittney Batten, and Sarah Almanza will utilize the valuable experiences they received last year to continue to improve for this season," Woodard comments.

The new recruits for this season will give the Mustangs a fresh look at a presence on the field. The three new pitchers should help the Mustangs strive to reach their goals.

"My recruits for this year are older and more experienced. They know how to win, expect to win, and believe they are good," states Woodard.

Amy Aicher, a junior transfer from College of Southern Nevada, is a dynamite five-tool player. In 2008, she was named Third Team All-American, Academic All-American, and All-Region Shortstop. Her sophomore year at CSN, she was named Third Team All-American and All-Region Shortstop.

Pitcher Hannah Dodson received All-District Pitcher during her high school existence at Alpine High School her sophomore, junior, and senior years. Transferring from Odessa College, she brings more honors, such as All-Conference Pitcher in 2008 and 2009. Also in 2009, she was a Division I Junior college All-Star Game Participant and her team was Regional Champions. Dodson also went to the Junior College World Series with her team in 2009.

The keys to success for 2010: stay healthy, good pitching, and solid defense. Woodard states, "We will hit...we always have!"
