Matt Leach Head Coach

Kate Moore Assistant Coach

MATT LEACH - HEAD COACH

Matt Leach begins his third season leading the Washington State University Women's Swimming program after being hired July 19, 2018.

In his second season leading the Cougars, Leach continued the impressive trend of posting record-setting times, earning trips to the postseason and success in the classroom. The 2019-20 team set three school-records, recorded 21 Top-10 times, post their second-highest point total at the Pac-12 Conference Championships in the last 13 seasons and saw 10 swimmers earn a trip to the postseason CSCAA National Invitational Championships. Leach also saw four Cougars post 2020 (2021) Olympic Qualifying Times in Lauren Burckel (USA), Mackenzie Duarte (USA), Taylor McCoy (USA) and Mia Zahab (Canada). In the classroom, eight student-athletes were named to the Pac-12 Conference Academic Winter Honor Roll while as a team, WSU earned CSCAA Scholar All-America Team Honors in the fall and capped the school year with a 3.54 Spring Team GPA, the highest semester GPA in the previous 10 years.

Leach guided his young Cougar team to a number of accomplishments in his first season at WSU highlighted by producing the program's first NCAA National Championship participant in sophomore Mackenzie Duarte since 2010. Leach also led the Cougars to the postseason, finishing eighth at the CSCAA National Invitational Championships including an individual title by Linnea Lindberg in the 50 breaststroke.

The Cougars reached many milestones under Leach in 2018-19, posted ten WSU Top-10 times at the Pac-12 Conference Championships, set two school records in the 100 free and 200 breast through the year, three different swimmers recorded double-digit wins and as a team were ranked second in the Pac-12 based on improvement from the year prior, according to SwimSwam.com. Academically, WSU earned CSCAA Scholar All-America Team honors (Team GPA of 3.00+) in the fall and spring, three swimmers earned CSCAA Scholar All-American honorable mention accolades and eight earned Pac-12 All-Academic honors including a pair of first-team selections.

Leach joined WSU after spending the previous three years at Indiana State where he started the swimming and diving programs in 2015 and began competing in the 2016-17 season. In the program's second season, Leach was named the 2017-18 Missouri Valley Coach of the Year after guiding the Sycamores to a 13-win campaign that featured a 10-dual match win streak and a record-setting team performance at the Missouri Valley Conference Championships where ISU set school records in every event, highlighted by the program's first individual conference champion. Nine Sycamores earned All-MVC honors including a trio of first-team selections.

Out of the pool, Leach saw his team earn CSCAA Scholar All-American honors for the third straight semester, including the highest team GPA in the Missouri Valley Conference. Six student-athletes earned MVC All-Academic honors this past season after five earned the same honor in 2016-17.

Prior to Indiana State, Leach spent six seasons at the University of Wyoming (2009-15), including the final four seasons as associate head coach and worked extensively with sprint swimmers. Leach helped rewrite the Cowgirl record books, as every sprint event school record was broke during his time on staff. He has also coached sprint swimmers to NCAA and Olympic trials competitions including two-time All-America selection Kelsey Conci who earned trips to the NCAA Championships in the 100 backstroke and the 50 and 100 freestyle, placing 10th in the 100 backstroke at the 2011 NCAA Championships and ninth at the 2012 championships.

Leach arrived at Wyoming from Louisiana State University where he began as a graduate assistant in 2004, and then as a volunteer assistant coach for two seasons (2007-09). At LSU, Leach helped guide several athletes to the NCAA Championships, and a top-25 ranking for both the men's and women's teams. Leach also served as the head age group coach at Tiger Aquatics from 2006-09 where he was named the 2007 Louisiana State Age Group Coach of the Year for his efforts in his first season.

A native of Portland, Ore., Leach swam collegiately at Indiana University (2000-04), where he was a four-time All-American, helped the Hoosiers to a Big Ten Conference Championship in the 200 medley relay as a senior and still holds school records as a member of the 200 freestyle relay and 400 medley relay. Leach also performed on the national stage, as he took part in the 2000 and 2004 U.S. Olympic Trials.

Leach graduated from Indiana in December 2004 with a bachelor's degree in environmental management. He received his master's degree, also in environmental planning and management, from LSU in May 2007. Leach and his wife, Katie welcomed their daughter Eloise in 2020.

KATE MOORE - ASSISTANT COACH

Washington State Swimming Head Coach Matt Leach announced Aug. 21 the hiring of Kate Moore as the Cougars' assistant coach.

Moore joins WSU as spending the previous 10 seasons as a member of the East Carolina University Men's and Women's Swimming and Diving coach staff following a decorated four-year career as a student-athlete at ECU. Moore worked the past three seasons as ECU's associate head coach, the previous two seasons as the head assistant coach and prior five seasons as an assistant coach.

During Moore's time on the staff, the Pirates won four American Athletic Conference titles, sent nine athletes to the NCAA Championships and helped ECU claim 41 individual conference titles and 21 relay championships.

A native of Pottstown, Pa., Moore was a four-time all-conference performer, championship finalist and U.S. Open qualifier. As a junior in 2006, Moore achieved personal best times in the 200 and 400 IM, which were both ranked among the Top-10 times in school history. The following year Moore posted the second-fastest time at ECU in the 100-yard butterfly and the

200-yard butterfly.

Moore's passion for the sport was on display even as a freshman and her diligence in the pool was rewarded as she voted the team's Most Improved Swimmer during the 2003-04 season. The following season she was the recipient of the ECU Coaches Award. At the conclusion of the 2006-07 season, she received the team's Most Outstanding Swimmer award.

Moore received her bachelor's degree in physical education in 2007 and earned her master's degree in health education in 2009.

RUSSELL WHITAKER - DIRECTOR OF OPERATIONS

Russell Whitaker begins his fourth season as the Cougars' Director of Swimming Operations. Whitaker also coaches the Cougar Aquatics Swim Club team where he has produced LSC Age Group record-holders, sectional, future, TYR Pro Series, Junior National and national qualifiers in the pool and helped produce scholastic All-Americans in the classroom.

Whitaker has also coached the Gold Medal Swim Club in Moscow, Idaho, at Fossil Ridge High School in Fort Collins, Colo., Rock Springs High School and Laramie High School in Wyoming and worked as a camp counselor at the University of Wyoming swimming camps.

Whitaker graduated from Wyoming in 2017 with a bachelor's degree in Kinesiology and was a two-time All-State swimmer at Evanston High School in Wyoming.

RUGILE MILEISYTE

At the 2008 Summer Olympics in Beijing, China, Washington State University's Rugile Mileisyte became the first Cougar Swimmer to compete in the Olympic Games.

A native of Alytus, Lithuania, Mileisyte won her 50m freestyle heat in 26.19, quicker than her Olympic qualifying time of 26.32 she earned in a time trial at the Seven Hill Trophy meet in Rome, Italy, June 7.

Competing for her native vountry, Mileisyte captured the sixth of 12 heats in the event, but did not advance to the semifinal races after finishing 39th among 92 swimmers. Her time was 1.99 seconds behind Australia's Cate Campbell, who posted the best time in the heats at 24.20. Mileisyte missed the cut for the semifinal races (Top-16) by 1.12 seconds.

KIRK H. SCHULZ - PRESIDENT

A nationally respected university leader, Kirk H. Schulz became the 11th president of Washington State University and a tenured professor in the Gene and Linda Voiland School of Chemical Engineering and Bioengineering on June 13, 2016.

President Schulz is guiding WSU's transformation into one of the nation's top 25 public research universities, one that offers exceptional research and innovation. He has also pledged a university-wide focus on providing a transformative educational experience to undergraduate and graduate students to ensure their success in the classroom and after graduating from WSU.

Prior to arriving at Washington State, Shultz served as president of Kansas State University for seven years, guiding the university to a number of significant achievements, including:

- Enrollment reached a record 24,766 students in fall 2014.
- Private giving increased from \$84.9 million to \$211 million in a four-year period.
- With more than 40,00 members, Kansas State has ranked No. 1 in the Big 12 for 18 consecutive years for the percentage of graduates who are members of the alumni association.
- Campus facilities were expanded significantly, including construction of a welcome center, theater, academic facilities and a football complex.
- The University won three Big 12 Athletic Conference championships in two years: football (2012), men's basketball (2013), and baseball (2013).
- KSU was selected as home for the \$1.2 billion Department of Homeland Security National BioAgro Defense Facility (NBAF).

In addition, he is the chair of the NCAA board of governors, the association's highest-ranking committees. As chair, he helps oversee issues across the association. His term runs to January 2017.

Under Schulz's leadership, Kansas State University was selected a Friend of the Flint Hills by the Flint Hills Discovery Center Foundation in spring 2014. The award recognizes the university's contributions to the Konza Prairie, one of the last remaining tallgrass prairies in North America.

Before his appointment at KSU, Schulz served as vice president for research and economic development at Mississippi State University. He has also served on the faculty at Michigan Technological University and the University of North Dakota.

The president is one of the most active college presidents nationally to use Twitter to connect with the WSU family and share his pride in the university. You're invited follow him: @WSU_Cougar_Pres

Schulz is active in several professional societies including the American Institute for Chemical Engineers and the American Society for Engineering Education. In recognition of achievements in the field of Chemical Engineering, he was selected as a fellow in both the American Society of Engineering Education and the American Association for the Advancement of Science.

He is active in the Boy Scouts of America and served as president of the Coronado Council. In 2013, he was recognized with the Distinguished Eagle Scout Award from the National Eagle Scout Association. Schulz also served various roles on the boards of Cereal Food Processors, the Greater Manhattan Community Foundation, the Kansas Bioscience Authority, and the Accreditation Board for Engineering and Technology.

He is married to Dr. Noel Nunnally Schulz, who serves as a professor in the Voiland College of Engineering and Architecture, Washington State University. Prior to her arrival at WSU, Dr. Schulz served as the associate dean for research and graduate programs in the College of Engineering and the Paslay Professor of Electrical Engineering at Kansas State University.

They have two sons, Tim and Andrew.

PAT CHUN - DIRECTOR OF ATHLETICS

Since arriving in Pullman in January 2018, Washington State Director of Athletics Patrick Chun has overseen a transformation of Cougar Athletics, on and off of the field. From record student-athlete academic achievement to record-setting fundraising, from transformative facility projects to innovative student-welfare programming, Chun has had an immediate impact on WSU.

Upon his hiring, Chun became the 14th individual to lead Cougar Athletics in school history and the first Asian-American athletic director to lead a Power 5 school. He also had another first in 2019, being named Under Armor Athletic Director of the Year, the first Cougar athletic director to receive the honor.

Under his leadership, Cougar programs have reached NCAA Championships in six sports, while student-athletes have collected 28 All-America certificates, 79 All-Conference, 461 Academic All-Conference selections and four conference champions.

Chun has instituted programs to benefit student-athlete welfare, including improvements to mental health awareness, as well as a commitment to diversity and inclusion initiatives, while working closely with WSU's Student-Athlete Advisory Committee and the Black Student-Athlete Association. WSU's commitment to mental health awareness, under initiatives led by Chun, resulted in WSU Athletics being awarded the Washington State Psychological Association's Public Citizen Award in 2018. Additional accomplishments for Chun include the development of UNLEASH, a strategic plan for the advancement of WSU Athletics, while in July of 2020, he began a four-year term on the prestigious NCAA Division I Council, a high-level group responsible for the day-to-day decision-making for Division I. For 2020-21, he will also co-chair the newly formed Pac-12

Social Justice & Anti-Racism Advisory Group.

Most importantly, the academic performance of WSU student-athletes has set or tied program highs for cumulative GPA in each of the last five semesters entering the Fall of 2020, including a department record 3.35 semester GPA in the Spring of 2020. WSU also posted its highest Graduation Success Rate ever in 2018-19.

On the field of play, the Cougars have seen program-best performances from multiple sports. Football enters the 2020 season having gone to five-consecutive bowl games for the first time in school history, while women's soccer reached the College Cup in 2019 for the first time. Women's volleyball enters 2020 with four-straight NCAA appearances while men's basketball in 2019-20 had its most wins since 2011-12 and won its Pac-12 Tournament opening round for the first time since 2009.

Additionally, his leadership has led to as revitalization of Cougar fundraising, setting all-time highs in annual giving and total donations since his arrival. WSU Athletics raised a record \$7.6 million in annual fund donations and a record \$15 million in overall contributions in his first year. WSU improved on both totals in 2018-19 and in 2019-20, WSU Athletics raised a program-record \$27 million in overall giving. Prior to the 2019-20 academic year, WSU completed fundraising for Project Back to Omaha, a \$10 million renovation of our baseball stadium, the first athletics facility at WSU funded completely by private donations and set for completion in November 2020.

Prior to WSU, Chun spent the prior five and a half years leading Florida Atlantic University Athletics and the previous 15 years at Ohio State University in a multitude of roles from 1997 through 2012, culminating as the executive associate athletics director.

During his time at Florida Atlantic University athletics, Chun guided the Owls to unprecedented successes across academics, athletics, student-athlete development and fundraising. His top priority upon arriving at FAU was academics, which saw tremendous growth. Entering the 2017-18 academic year, FAU student-athletes posted a combined GPA above 3.0 for each of the previous four semesters, a first in school history. School records were also posted for Graduate Success Rate (GSR) and Academic Progress Rate (APR) in 2016-17.

Chun's focus on the complete student-athlete is highlighted by the 2016 National Association of Academic Advisors (NAA) Model Practices Award, awarded to FAU for displaying best practices in their programming for student-athletes. FAU was honored for its work with the football program. Along with the academic improvement, the FAU athletics department developed a comprehensive life skills program, featuring career services and a speaker's program, as well as a concerted effort to provide community service to the South Florida area.

Under Chun's leadership, FAU athletics rose to some of its greatest heights, winning multiple championships, individual and team, and numerous national and conference awards. Owls' football won its final 10 games of 2017 to finish 11-3 with a bowl victory over Akron while receiving votes in the final national poll.

Chun has earned a reputation as an outstanding fundraiser with record successes at two institutions. In December 2015, the university announced the largest single gift in its history, \$16 million from the Schmidt Family Foundation. In addition to the naming rights gift, two separate \$5 million naming gifts were included in the project for a sports medicine center and academic center.

Additional facility improvements at FAU during Chun's time included the opening of the \$800,000 FAU Tennis Complex, the addition of sand volleyball courts for the beach volleyball program while the FAU Varsity Soccer Field opened following renovations and enhancements.

Revenue generation has been at the forefront of initiatives for Chun. In 2013, FAU agreed to a 10-year agreement with Learfield Sports as its exclusive corporate sponsorship sales unit. The partnership was expected to generate \$25 million in revenues over the life of the agreement. In 2015, FAU extended its agreement with Adidas for \$1.2 million.
