

Job Title: Part- Time High School Science Teacher

Bishop Hoffman Catholic School: St. Joseph's Central Catholic High (BHCS:SJCC) is seeking a High School Science Teacher for the 2024-2025 school year.

Qualifications:

- Bachelor's degree from an accredited college or university or valid Ohio teaching certificate. Master's preferred.
- A passion for science and a commitment to continuing education.
- Compassionate and understanding with excellent communication and interpersonal skills.

Responsibilities:

- Teach a variety of science classes such as: Chemistry, Physics, and advanced classes.
- Design and implement comprehensive lessons that incorporate a thinking environment that promotes student autonomy for learning.
- Develop assessments that meet standards and expectations.
- Provide interactive labs and experiments safely that incorporate content and hands-on learning.
- Monitor students' academic progress and any discipline issues while communicating with administration, parents, and other staff, as needed.
- Support and foster the religious mission of the school including infusing the Catholic faith into the curriculum.
- Establish classroom rules and procedures and be consistent with implementation.
- Participate in school events and participate as a chaperone when required.
- Attend meetings, staff training, conferences, and other ongoing learning programs.
- Perform supervisory or other duties as assigned.

All candidates for this position must electronically submit a letter of interest, resume and list of reference contacts to: Loretta Coil, Principal at lcoil@bishop-hoffman.net.
