

## **Part-Time High School Math Tutor**

St. John's Jesuit High School & Academy is seeking a Part-Time High School Math Tutor to join our team of dedicated educators supporting the academic growth and success of students in grades 9-12. This role is ideal for someone passionate about helping students become confident, independent learners and is looking for a flexible schedule.

Math tutors provide individualized and small group support, assist with assignment completion and test preparation, reinforce key classroom concepts, and teach study and organizational strategies. This position plays a vital role in supplementing classroom instruction and helping students thrive in a supportive and faith-based environment.

Key responsibilities for this position include but are not limited to:

- Provide academic tutoring tailored to individual student mathematical needs
- Conduct check-ins focused on assignments, assessments, and skill-building
- Collaborate with faculty, counselors, and intervention specialists to monitor progress
- Administer tests for students with accommodations
- Foster a positive learning environment that supports diverse learning styles
- Model values consistent with the Catholic and Jesuit mission of St. John's Jesuit

Successful candidates will have:

- Experience with high school math content
- Strong communication, interpersonal, and organizational skills
- Bachelor's degree preferred
- Completion of Diocesan Virtus training and successful BCI/FBI background check required

The compensation for this position is \$20 an hour. This position works approximately 15-20 hours per week during the school year and offers a flexible schedule. Interested candidates please send resume and cover letter to [HumanResources@sjtitans.org](mailto:HumanResources@sjtitans.org).
