

CENTRAL CATHOLIC  
HIGH SCHOOL

## Job Posting – Science Teacher

### High School Physics, AP Physics, Algebra Concepts, & Robotics Teacher

Central Catholic High School in Toledo, Ohio, with over 100 years of graduates, forms young men and women into disciples of Jesus Christ. We are seeking a dynamic educator to teach **Physics, AP Physics, Algebra Concepts, and Robotics for the 2026–2027 school year.**

Responsibilities include, but are not limited to:

- Teaching Physics, AP Physics, Algebra Concepts, and Robotics using engaging, student-centered instruction.
- Planning and delivering rigorous lessons, labs, and hands-on STEM learning experiences.
- Differentiating instruction to meet the needs of diverse learners.
- Integrating technology and innovative instructional strategies.
- Collaborating with colleagues to support curriculum and student success.
- Maintaining positive communication with students, parents, and administration.

Successful candidates should have a bachelor's degree in Physics, Mathematics, Engineering, Science Education, Technology Education, or a related field, preferably with appropriate Ohio licensure. Experience teaching advanced STEM courses is also preferred. All candidates must demonstrate the willingness to support the mission and vision of Central Catholic High School.

Interested candidates should send a resume, licensure (if applicable), transcripts, cover letter, and references to **Mrs. Andrea Biederman, Assistant Principal, Dean of Academics** at [jobs@centralcatholic.org](mailto:jobs@centralcatholic.org).
