

Our early childhood teaching team is looking for a new teammate to inspire our kindergarten students to explore and learn about the wonders of the world God has given. Children grow and gather knowledge most effectively through concrete and actual experiences, therefore the individual joining our team should feel comfortable teaching through play, hands-on activities and inquiry based learning.

Qualifications:

- Bachelor's degree and appropriate licensure required
- Ability to reflect on one's own practice to improve as an educator
- Ability to collaborate with one's team and supervisors for improved student outcomes

Interested candidates should send a cover letter and resume to the principal, Tina Abel at [tina.abel@toledostpats.org](mailto:tina.abel@toledostpats.org)
