## ANTIOCH'S GLORIOUS YEAR

Their evangelism - preaching to Greeks, anybody who would listen.

Their teaching - that they be converted not enough. They must know, understand

Their missions - two leaders sent out by the Spirit

Withal, their doing the will of God.

### I. A YEAR OF EVANGELISM.

This year, 1939, S.C.C. set apart, worldwide evangelistic effort.  
g. Texas, 25,000 Baptized. g. Oklahoma, one quarter increase in baptisms, last year, over thousand increase.

In our church -

1. A Daily evangelistic effort. "Why does the preacher expect every Sunday?"

(1) Because it is scriptural. g. church - "those who were being saved daily"  
Epheus - school of Tyrannus. 3 years, daily.  
<sup>Acts 2:47</sup>  
<sub>Col 1:5</sub>

(2) Because it is necessary biologically.

New babies born in May - new souls into A.

300,000 more born in Scotland than any S. S. are growing. And  
the same or more ratio around the world.

2. The Tabernacle, Revival, Summer work.

(a) Mr. Wilfred Shrynkell "We should be slaves of missions if we were not masters of them."

### II A YEAR OF TEACHING, TRAINING.

Not to be minimized.

Example of Jesus. After the collapse of the Galilean campaign, withdrew,  
teaching, training the twelve. "Greater works than these... bane's go..."

Example of the church. Jer. "continued doing the apostle's teaching".  
Paul's letters. The gospel. g. Luke 1:16.

Power of teaching - most potent weapon.

g. Muhammedan. Christi Pool and the boys learning the Koran.

What shall be our limit?

In the South, 25,000,000 not enrolled in any S. S. 40% Baptist  
families. g. Our school census: the Baptist census.

### III. A YEAR OF MISSIONS.

The church at Antioch began in missions, climaxed in missions.  
Any night church: the first and last word, missions.

Our mission program. To the Co-operation Program. } Labor and power?  
The foreign missionary } Sunday by Sunday, a  
The country missionary. } tenth.  
Besides the other work.

### IV. A YEAR OF DOING GOD'S WILL.

(A) Dad and I visiting Oklahoma's Capital. In three great paintings on the Smith.  
The central picture, father, mother, wife, children, say goodbye to the man in uniform.  
Close by, the marching hosts. On left, on right, great pictures of memoriam. The  
widowed women before the marble wall, weeping. On the ground, the sword, hat, cap,  
gun, cartridges. On the wall the painted names of thousands, below "The Mothers  
Our Soldiers Dead." Father to me: "Find a man with your first name:  
it could have been you." Why? him? you? Your friends, zone. You  
remain.

Here is a striking sentence from "Labrador Days," in the current Atlantic Monthly, written by Sir Wilfred Grenfell, the missionary hero of Labrador: "We should be slaves of seasons if we were not masters of them." This sentiment, expressed by the man who, year after year, has experienced the rigid Labrador winters, with the sea closed seven months, should give us courage, whatever the difficulties we face.
