Did you ever realize that people are very much like stained glass windows? When the sun is shining through them brightly, they glow and sparkle, but when the sun goes down and it is dark and gloomy outside, their true beauty is revealed only if there is a light within.

Tapes of the worship services are available through the Cassette Ministry. For more information or tape catalogue write or call the church at 742-3111.

a typical Truett appeal to our church;

"O my fellow Christians of this church, a church dearer to me than my heart's blood...

I summon you anew today to give you but to Christ; to be done with all playings at your religion. I summon

you to come with the rich, red blood of German sympathy

for all mankind -- and give your best to win this city and state and world to Jesus, so that you hear

that flattery which it  
were worth worlds at  
last to see, <sup>7</sup> will do,  
those good and faithful  
servants."

"we would ~~for~~ you" p. 75

The Russian Zinoviev:

"We will grapple with the God  
of the Jews. We shall vanquish  
him in His highest heaven and  
wherever he seeks refuge we shall  
subdue him there. The very concept  
of God will be expelled as a survival  
of the Middle Ages which has  
served as an instrument to oppress  
the working man."

---

from the streets of America singing:

"Arise, ye toilers of all nations,  
Condemned to misery and woe,  
To hell with humbleness and patience,  
Give deadly battle to your foe!

Wipe out the ruling, wealthy class,  
Arise and slash your thralldom chains,  
Let power be wielded by the masses,  
Let those who labor hold the reins!

Pliny, the ancient historian, wrote in his pre-42 time:

"There has never been a state of atheism. If you wander over the earth you will find cities without walls, without kings, without mints, without theatres, or gymnasiums, but you will never find a city without a God, without prayer, without oaks, without sacrifices."
