Heb. 11:6 "he that cometh to God . . ."

FAITH

Three popular assumptions about religion
closely explore, but false more than less.

I. That religion moves in an unreal world

- fictional
- mythical
- make believe

(a) Tyre Lowyche

This God business - "I don't see it"
Neither does the beast of the field, the bird of the ground.
- or dog in the kennel, utterly un-aware of imminent obloquy
- or cow grazing in the meadow, oblivious to malignant hand-scythes
to the blind, and every other kind
- sheep : : : open
- deer : : : live

The stars to move - but to be foolish if
a tree to move - : : : 300 Kilms
a flower to move - : : : an acre for tiger

The sun to the road see this anywhere
(b) "A Beggar for Design"

by George G. O. 1946.

II. That in matter of religion we have to do with faith
but in all other areas, life we have to do with facts.

No. In every area, live by faith every hour of every day.

(a) Swift Pharmaceutical Co. "The priceless ingredient." Cost more per
capsule, however.

(b) Standard Traction Co. Sign Rock, Gibraltar.

(c) The bank. A "trust department." Name, security & trust co.

The language they use is largely faith & no facts.

(d) Woman called about some bank account. "What do you think
are your funds and are your interests in insurance or real estate."

Secrecy

Faith in money & deposit, savings & etc., paying as interest
undergoing an operation, saving seed... eating & marriage

(e) Prof. A. S. Edelweiss.

III. That the need of religious people requires faith
while the need of non-religious people makes no such demand.

No. An need faith to be a saint, atheist, up to be a Christian,

(or even, for me, this crudity divided into two intermediate stages)

(f) S. S. teacher to gain boys. His methods.

(g) S. S. teacher to gain students. Long exp. from teach - small - odd
count in my class. "I am the Devil."

(h) French atheist, committed cannot believe. ^{? D. Y. 2 (part)}
It is not for to compare the answers to life questions, with the
