How far above us is heaven, the city that light 4-square?
With telescope, astronomical instruments, say you can tell...

1. Our universe. NEPTUNE, PLUTO, farthest planets. ^{No} city

2. With speed of light, 186,000 miles a second, after many, many years, to ALPHA CENTAURI with its 2 suns, 26 times the light in our own solar system. But no city there.

3. With speed of light, 186,000 miles a second, after many lifetimes, to the POLAR STAR, brightest in VEGA CONSTITUTION, used for navigation. Yet no city 4-square.

4. To VEGA, shines with 440 times the light in our solar system. Yet no city 4-square.

5. To CAPRELLA with its many suns yet no city 4-square.

6. Through many lifetimes, at 186,000 miles a second, to the great ARCTURUS, blazing with 550 times as much light as we receive from our sun. Yet no city 4-square.

7. To the glorious ALCYONE, brightest star in the PLEIADES, blazing with 12,000 times as much light as we experience in our solar system. Yet no city 4-square.

Yet I read, because so close, Jacob's ladder
could reach up into it.
Gen. 28:12 "And Jacob dreamed, and behold
a ladder set up on the earth, and the top of it
reached to heaven, and behold, the angels of God
ascending and descending on it."

Yet I read, II Kings 6:13-17 BEN-HABAO
GENAZI
ELIZNA
DITHAN

YRT I READ
So close, angels led Lot and his family
from the doomed city of SODOM

" " "
So close, Jesus (son of man) walked with the
three Hebrew children in the fiery furnace, and an
angel shut the mouths of the lions in the den with Daniel.

" " "
So close when Jesus laid in the tomb, 2 angels
opened the sepulchre, gave the world the news of
all creation, "He is not here; he is risen from the dead"

" " "
So close, when Jesus went away angels came
down to comfort the disciples and sent them to
Jerusalem to await Pentecost.

" " "
So close, angels took John the Baptist or Patmore
captured to heaven in Rev. 4:1

" " "
So close when this earth is purified of sin
by fire, the holy and just new heaven and
new earth and new Jerusalem come down HERE

- " " - Stephen, martyr; Jesus standing & rising"
- " " - Saul on way to Damascus, Jesus....
- " " - messengers, bride 7 on day
- " " - Rev. 2.2. John's Taylor
- " " - LOTTIE MOON, KORE HARBO

I copied this from an eminent theologian,
a polemicizing for the Bible:

"Of course there are
scientific and historical errors
in the Bible. However, we

can excuse such mistakes
on the ground that the Bible
is not a text-book of
science or history, and

therefore we do not expect
it to be scientifically or
historically accurate."
