(4) situation. more more.

(5) the motion

(6) Dr. Morris, Jordan of restrictions

Jesus, Savior, pilot me
O'er life's temptuous sea;
Unknown waves before me roll
Hiding rocks and treacherous shoal
Chart and compass come from thee
Jesus, Savior, pilot me.

IV. 3:13; 4:13

Vidua'son Tring

The days ahead, in forecast since outgrowth to the
of 42 deliquis Tring

- 1. Unhappy before time frontal attack on the front
- 1/2 of total, 20 lbs
- 1/2 of total, 20 lbs
- 1/2 of total, 20 lbs
- 2. an apple to 1/2 of 1/2
(1) fine, 20, 100 lbs

I. It is reasonable to believe that
such 3:11 "sit down" in our hearts
to an common denominator of all mankind

1. The visible world around us
the abstract:
- 2. depth " " " " " " " "
 - 2. uniform " " " " " " " "
 - 2. left " " " " " " " "
 - 2. right " " " " " " " "

Could such a life be? on accident, of idiosyncrasy?

- 15 human members in 1000 lbs. 2000
- 1000 fall out in 1000 lbs. 2000
- 1000 fall out in 1000 lbs. 2000
- all " " " " " " " "

- 2. the combats of chance of facts to such our mind, as
- exact killed 27% - if not killed, no person
- each spin 1000 miles at eq. of day long, then
- each 47 million miles per 1000 years of life, long
- over 10,000 ft of 20,000 ft of 1000 ft of 1000 ft
- over 278,000 miles, then, if 100,000 ft of 1000 ft

- 2.7. the human body "seafar" & "ambulatory" world
- eye, over 300,000 separate telephoto lenses to watch up to 10 mi
- ear, 100,000 separate telephoto lenses to watch up to 10 mi
- brain 10 billion neurons, new cells - neural
- heart 100,000 times a day pumps blood 100,000 miles
- blood dense
