

Luke 1: 26 - 37

The angel said to her, "Do not be afraid, Mary; you have found favor with God. Your conception is due to the Holy Spirit. You will bear a son, and he will be called Jesus. He will be great, and will be called the Son of the Most High. Your relative Elizabeth also has conceived a son in her old age, and she who was once barren is now in her sixth month. For nothing is impossible with God."

## The two biological miracles of God.

1. Adam.<sup>the earth</sup> A special creation out of dust of ground. The succeeding great mystery of mitosis. Somatic cells (body, individual) cells contain (a certain fixed number of being or read like particles call "chromosomes" (genes attached to these threads). Number is fixed in each species, never varies except in reproducing cells. Ova of female, spermatozoa of male, somatic is haploid - so when two unite, each bringing half of chromosomal count, somatic number is kept consistent. Count never varies. (Dormant, recessive).
2. The second Adam. <sup>now known</sup> of Paul is I Cor. Jesus out, the word of origin: By a creature act God broke through the chain of humanity, brought into the world a supernatural being.

Matthew Arnold: "I do not believe in the Virgin Birth for that would simply mislead, and miracles do not happen."

Reginald T. Campbell, "The New Theology"  
"The doctrine of the Virgin Birth tends to put a barrier between Jesus and the race. It operates as a hindrance to spiritual religion. The simple and natural conclusion is that Jesus was the child of Joseph and Mary and had an uneventful childhood."

SOLTAN, in his book "The Birth of Jesus Christ" says: "Whoever makes further demands that a  $\times$  shall believe in the words 'Conceive by the Holy Ghost, son of the Virgin Mary' unwittingly constitutes himself a sharer in the sin against the Holy Spirit of the true gospel as transmitted to us by the apostles." [makes belief in the Virgin Birth a sin against the H.S.]
