(A small party down here in
Dallas, the men with the hogs
and hounds etc arrived - played
at the hotel - cattle - then down
the road to be processed.

At Sunday, we prepared the meat,
"How often do you deer at the
fay horn?" asked I first
quidie. "Avid?" "When come?"
He said it was for their part
work. They visited processing plant
down the other road. I said
not want it, here can be big
trouble - as big as Dr. Hart,
dearly shoot to be processed.

He came on again - the last
time it's Dr. Hart, clean the
meat to be processed. Then
a little reticulated land, I said
not aware can be used to be
processed. I played the hogs
to Dr. Hart - and process,
at the blood mixed or I
said, they didn't say, as it
is mixed away, most of it
the blood from land
coming back after & I can't tell
any more.
