The Book of Kings - Chapter 6 - Verse 1:29

The Story of Four Lepers

The Lord sent his angel, in the form of fire, to destroy the Israelites who were at ease in their wealth. The fire fell upon the land and burned it, killing all who were in it. The king then arose and gathered his people together, saying: "The Lord has sent his angel to destroy our country."

The famine was so severe that it lasted for three months. The people were starving and the king ordered the warehouses to be opened. But even then, many died of hunger. The king then appealed to the queen, who agreed to give away some of her wealth to help the poor.

The king then called the farmers and ordered them to plant crops. The farmers agreed and the king promised them double the harvest in return. The crops grew and the famine was lifted. The king then distributed the excess harvest among the poor, and the nation was saved from famine.
