Called 12 min - one, then Matthew.

Went to the house of Zackens, Treble Ringers & brother,  
fellow-citizen, a son, Adams. His philanthropy not  
an abstraction but a personal attachment.

Taxes forced out to highest bidder - he is truly general not collector.  
All above that bid, he kept himself. Extravagant, dishonesty that  
leads. Riches & magnificence does they become degraded. Hard for any  
man to live above the standard acknowledged by his own friends.  
a holy standard as honest gentlemen & modest & modest at.

Directly opposed to Israel. Very sight of a toy-collector reminiscing  
as Israelite of the charms of congenial society as such. no gloom  
Israelite would be seen holding intercourse with a gentile.

met into the house of one of the most rich Son & many sisters.

Scandalous  
outrage upon decency  
defiance of every rule of respectability, decorum.

Jesus loved them all - rich poor, wise, foolish,  
refused to teach to self-righteous

stood like a stone wall - one may scratch it but pierce  
hands may beat upon it but it stands  
- God's, tell my work, but it stands

y. oh easier - easy to get to Jesus, tell our misery, tell I found  
him? He was help even! And gather with words of comfort, an

Tray.

## II. In His Dealing with Sin.

### 1. Some severe.

no allowance for gravity; no mitigating circumstances, temptation  
a law - a Protagoras. No more to be said.  
Blessed is the well. They judgment, is judgment of M.  
~~With room under is severity.~~

### 2. Some lax, false liberations.

lets that program to have liberal judgments  
human weakness  
error, mistake in decisions  
insufficient constitutions

(a) Eli and his sons, Hophni and Phineas. Boys will be boys!

### 3. Jesus. Standard high - highly they are very very prone it

- not human & fallen but heavenly perfect  
- "Weep over righteous people --"  
- Severity is not. Kindly as snow resting on an  
Alpine pine rock, rests in blue silence, heavy  
of grace, number

met he, all pure, was all tenderness for what was not pure.  
Stand in divine repugnance, more fallen, but composed for

the raised, upright gentleness for human failures.

Burden, disappointed, in dismay, bewilderment, never looks so  
near to him. Attracted to him.

### 3. Jesus. Standard high - highly they are very very place it

not human & fallen but heavenly perfect  
- "X west your righteous speech . . ."  
- Severity is not. Kindly as snow resting on an  
Alpine pine rock, rests in blue silence, heavy  
of grace, number

met he, all pure, was all tenderness for what was not pure.  
Stand in divine repugnance, more fallen, but composed for

the raised, upright gentleness for human failures.

Burden, disappointed, in dismay, benighted, never looks so  
near to him. Attracted to him.

Generally, however, goodness repels from it evil men. Evil must  
leave the society of the good or overfly from the left.  
But here's goodness attracting evil. Harlots, whoring stupes in  
wifely fastness around her. No wonder Thomas thought something  
of his Ophelia, because of some congeniality with her.  
They did crowd her steps. Saw a large opening in a hopeless wall,  
the Son, over persons standing among the lost.  
His own predominant feeling, sadness for the evil & human nature,  
but far above the Devil's good is it, restoration, the Devil's undoing.  
So you know. To that crowd that stood out his voice, a little man,  
a despiser by culture, a miser. But Jack, spiritually purified,  
emerged, & interceded for a voice of the master.

### III. The Object of His Solicitation.

The outcast, the random, the sinners. Not those who <sup>think they</sup> had the blood.

Not the null, but the sick. Not those who <sup>had</sup> the blood.  
His word "lost"? What a agony contained in the expression.  
Agony in proportion to the richness of the original power. A strange  
marvellous truth that the qualities which calculate to this are really  
those which minister to the world needs. God's highest gifts - talents,  
beauty, failing, misgivings, power - they carry with them the probability  
the highest degree of the lowest life. By the highest in you, you may be lost.  
Outwardly, deformities, misgivings, crust of black will, repulsive  
But inwardly that outward crust can a hot lava stream &  
angriest. The misery of having grieved the true life  
the remorse, knowing they were not except very right here.  
(A) The story of the way asking was made. "The man you might  
have been."

Christ is every? redemption, restoration, personal  
Coming to the lost sinner's house.

[Sins are injuries to God an individual. Theologians, philosophers,  
sometimes write about a thing they call "Sins" as if it were an  
abstraction, as if it is palpable, philosophic abstract. no such  
palpable abstraction as the Fall. Set a concrete reality, object.  
Sins into mere consideration of them. Tell me again now,  
what a one spilling of a sin man.]

Comes to the gate, and a street in the town, to the gatehouse, tree where  
you stand. Calls him by name. As if acquainted with him all his life.  
Went to his house. For first time, felt no degrees, no notice  
Jesus and God knew. not "What indecency"  
but "What love, change, th?" "the half? give -"

Rev. 3:20

A personal call to a personal Saviour.

(as "Him, her" - "answering to my name is key." — T. T. Martin.

More words, but you will note a slight difference in the first and second parts of this page, indicating that the many points of view  
of personal salvation are not always consistent with each other.  
I am writing to you from the point of view of the personal salvation of others, and I am not  
concerned with the personal salvation of myself or  
any other individual, but I do not know how to express it  
in words, so I will leave it to you to interpret it.
