Alfred Fad Tenneyson:

More things are wrought by prayer
Than this world dreams of. Wherefore

Rise like a fountain for me day
and night.
let thy voice

For what ^{are} men better than
sheep or goats

That nourish a blind life within
the brain

Of, knowing God, they lift not
hands of prayer

Not for themselves as for those
who call them friend.

For so the whole round earth
is every way

Bound by chains of gold to the
feet of God.

Dr. Alexis Carrel: "Today, as never before, prayer is a necessity in the lives of men and nations. Our deepest source of power and perfection has been left underdeveloped."

A psychologist: "God may be likened to an electric dynamo. We can receive the power of this dynamo by attaching ourselves to it by prayer; or, we can spare it but no influence in our lives by refusing to attach ourselves to it by prayer. The choice is ours."
