

Warrior Goddess Facilitator Training FAQs

Here are some of our most asked questions about our training!

How does the online course work?

Attend the 8 weekly online course sessions or watch the recordings. Also, post in the Facebook group about your experiences that week!

What if I can't attend the in-person live intensive?

If you aren't able to get to one of the in-person destinations, we offer one on-line intensive which is 6 hours long. You also have to complete an evaluation form to test your knowledge and send in a short recording of you teaching for 10 minutes.

What is the cost?

WGFT Tuition is \$1,200 USD (or 3 payments of \$420 USD)

This includes the online course sessions taught by HeatherAsh Amara, the in-person or online live intensive, the certification (which never expires), ongoing support through our Facebook group, monthly continuing education calls after you graduate, a membership portal, WGFT manual, and unlimited email support from Team Pixie.

Do I need to pay Amara Productions each year I facilitate?

WGFT is not a licensing program. You do not need to continue renewing each year, however we do invite you to attend the continuing education calls offered each month and stay active in the Facebook group.

How do I pick my Live Intensive?

There are a variety of options to choose from! Some of the destinations we've had are Miami, Sedona, Seattle, Austin, and Denver. Many of which happen every year! You simply choose a live intensive upon registration and then book your flight, hotel, and register for the workshop portion (we'll send you a discounted link for the workshops)

Do I have to attend the workshop before/after the in-person live intensive?

Yes! The workshop is a learning experience too. We will assign exercises for you to discuss during the live intensive or online in the Facebook group. It will support you in learning how to facilitate your own workshops and classes. Finally, it's a way to see the beautiful transformation power of this work first-hand.

Is the in-person workshop included?

The in-person live intensive is included, but not the workshop. For those, you will receive a discounted rate, which varies per location.

Here are the latest ones:

Seattle: \$229 (plus food, lodging and transportation on your own)

Sedona: \$694 - shared room
\$874 - private room
(meals and lodging included; transportation on your own)

Austin: TBD (plus food, lodging, and transportation on your own)
