March 27, 2018

Preset: Judy Rosen, Nick Forte, Steve Richter (sub for Mary Hall), Valerie Mansi, Jason Dole

The PC meeting began at 6:15pm

Agenda was reviewed. February minutes were not available to be reviewed. (PC Chair mistakenly left them in another file). Drat minutes will be emailed for review and approved at the April meeting.

Nick made a suggestion that PC Chairperson send a reminder mid-month about any homework assignments.

Feedback was not up to date but there was a complaint about the The Attitude, saying it was excessively Trump bashing.

Program Director presented his agenda.

Jason Dole shared the trials and tribulations WJFF experienced during the blizzards. There were major transmission problems. Sullivan County spoke with NYSEG and stressed the fact that WJFF is a priority during emergencies as WJFF is part of the emergency response: reports emergency response, provides local updates, and shares where help and support is available. General Manager of WJFF will meet with county about future role for WJFF during emergencies.

Jason felt Womens' History Month was not up to par, unfortunately. Next year will be better.

WJFF devoted seven hours to coverage of March for Our Lives on the day of the event.
