

# What happens when you give \$1 to World Vision?

Most of it (**about 60 cents**) is sent to local community programs around the globe.

The rest (**about 40 cents**) is invested in global networks and capabilities that stretch the power of your dollar:

That 40-cent investment generates around **70 cents** worth of grants and donated goods ...

... which means 70 cents *more* to programs that care for children and communities.

The bottom line?

**Every \$1 you donate = \$1.30 in impact.**

That's a smart investment.
