WORLDWIDE OPERATIONS

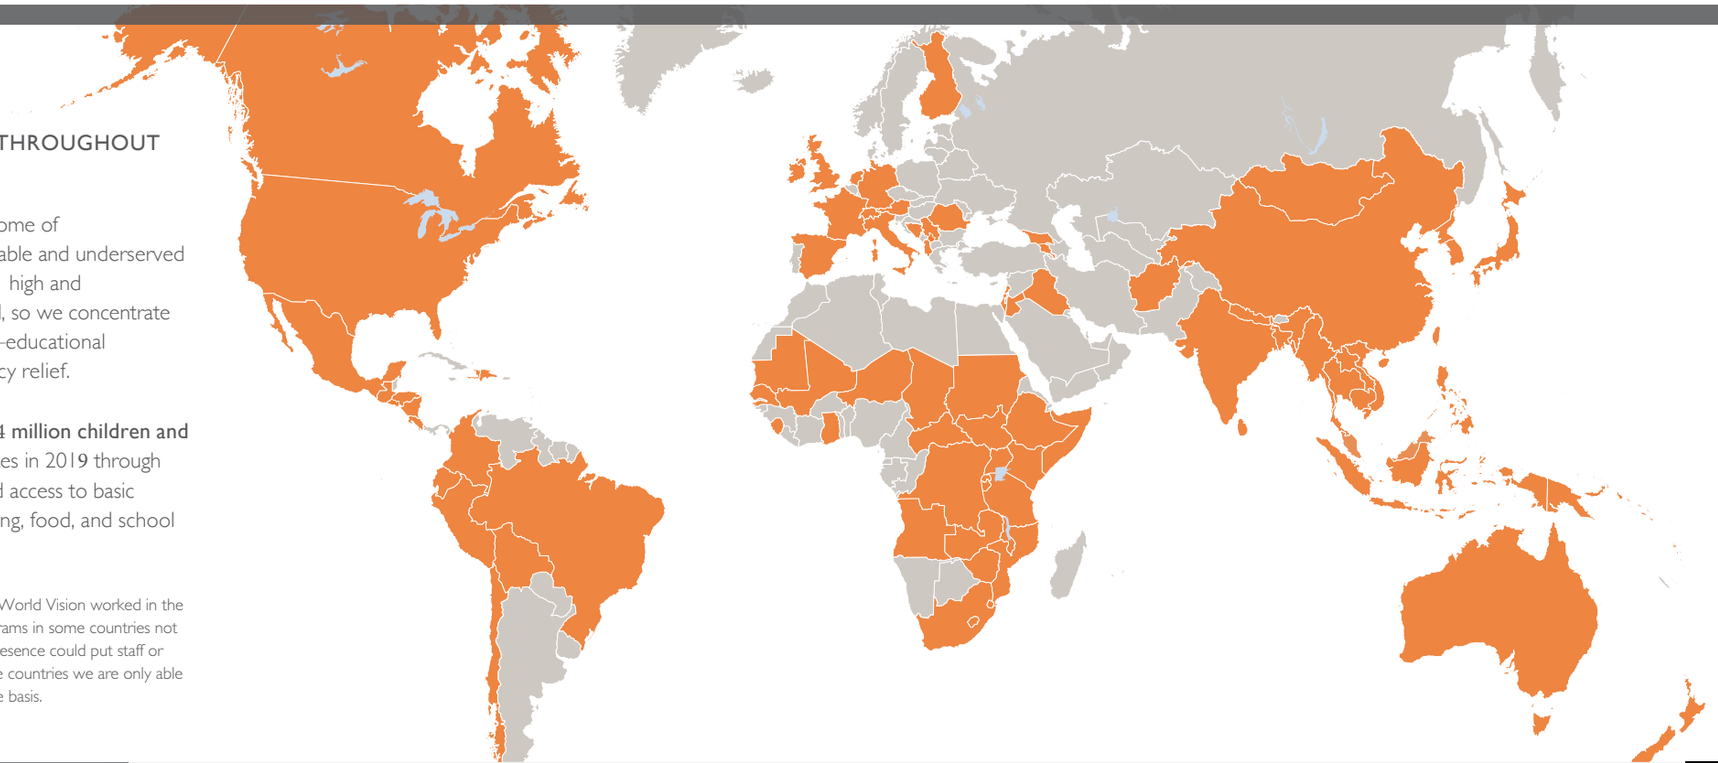
World Vision

WORKING IN 6 LOCATIONS THROUGHOUT THE U.S.

World Vision works in some of our nation's most vulnerable and underserved communities. Poverty is high and opportunities are limited, so we concentrate efforts in critical areas—educational resources and emergency relief.

We assisted more than 4 **million children and adults** in the United States in 2019 through emergency response and access to basic necessities such as clothing, food, and school supplies.

Note: This map reflects where World Vision worked in the 2019 fiscal year. We have programs in some countries not shown where publicizing our presence could put staff or beneficiaries at risk, and in some countries we are only able to import GIK on a case by case basis.



1,400+ COMMUNITIES AND NEARLY 100 COUNTRIES

World Vision's comprehensive development model and dedicated staff ensure that your investment will make a significant, quantifiable, long-term impact.

We collaborate with local leaders to create effective, sustainable solutions for their specific needs. And **we stay in communities an average of 15 years**, or until families have what they need to prosper on their own.

About **95 percent** of our staff are based in their home countries or regions, so they have critical knowledge of and sensitivity to the local culture. All this makes World Vision your ideal partner in implementing lasting change.

LEGEND

- Countries where World Vision has a presence (as of 2019)
- Product distribution (gifts-in-kind)

U.S. OPERATIONS

- Appalachia
