ONE WORLD, ONE FUTURE

Poised on the brink of a new millennium, billions of people throughout the world are drawn together by a cosmic network of innovative technology, mutual regard for fellow humans and genuine concern for the world in which we live. Yesterday's vision becomes today's reality.

On the cusp of the 21st century, Zippo introduces its inaugural titanium coated finish, exclusive to the Millennium Edition collectible. TVD, the same technology used by NASA to protect the Space Shuttle, represents Zippo's launch into the next millennium. Identified by a special bottom stamp, the "One World, One Future" collectible is limited to 100,000 sets worldwide.
