Zippos – The name in flame.

For more than 70 years, Zippo lighters have been setting standards worldwide. Zippo made a name for itself with a product philosophy based on exceptional quality, greatest durability and highest possible guarantee. All over the world Zippo is a synonym for unique, unmistakable lighters and has come to embody the American Way of Life. To date, more than 350 million Zippo lighters have been sold.

This extraordinary success is both expectation and motivation for us. With the quality know-how and experience of 70 years we have taken the first step to expand the Zippo product range decisively and developed the new Zippo Multi-Purpose Lighter – the Zippo MPL. Zippo MPL – the gas lighter for many different uses – at home and on the go.

This and many more uncompromising product developments back up Zippo's target to be the international byword for attractive and dependable lighters today and in future.

Zippo – The name in flame.

Zippo MPL [Multi-Purpose Lighter]

Its multi-purpose applications make the Zippo MPL a necessity. Whether at home, at a barbecue, for candles or the fireplace or on the road camping, the Zippo MPL quickly becomes an indispensable companion.

For this reason, its variable applications make it the perfect gift for everyone. And the best thing is – the Zippo MPL brings along its own quality gift box.

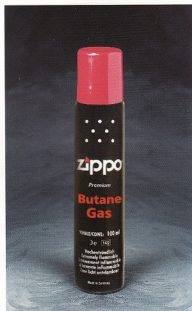

As always, it's the little details that set Zippo above the rest. The unique two-button ignition of the Zippo MPL ensures a high level of safety and easy operation.

In the tradition of Zippo pocket lighters, the case of the Zippo MPL is brass plated. This makes the Zippo MPL exceptionally durable. The combination of high-quality materials and the ergonomic, yet stylish design makes the Zippo MPL fit comfortably into your hand.

The flame height is adjustable for different applications.

One fill of Zippo Premium Butane Gas is enough for approximately 400 lights. The big fuel level window shows the gas supply at all times.

The retractable hanger keeps the Zippo MPL at hand wherever you use it ... in the kitchen, at the fireplace, or ...

The Saga of the Nibelungs, a story of love and hate, pride and death

After slaying a terrible dragon and capturing the legendary treasure of the Nibelungs, young Siegfried of Xanten, son of a king, came to the royal court at Worms and helped King Gunther win the strong Brunhild, queen of Iceland. Siegfried married Gunther's sister, Kriemhild. A violent quarrel between the two women many years later gave Hagen of Tronje the opportunity to worm the secret of Siegfried's vulnerable spot out of Kriemhild and deal Siegfried a death blow with a spear between his shoulder blades during a hunt.

... like an old friend

Your favorite pipe is like an old friend. You can make sure the relationship will last with another old friend - the Zippo pipe lighter. Zippo's special chimney design directs the reliable flame to your tobacco without burning your pipe. And because the pipe insert fits in any standard Zippo case, you can choose the design as carefully as you choose your tobacco.

Replica 1941

The Zippo 1941 Replica is a faithful copy, entirely imbued with the spirit of the original model of that period. The round shape, the stamp on the bottom, the 4-barrel hinge – the original served as the pattern for every detail.

Solid Titanium

The case of this lighter is made of Grade One commercially pure titanium. Shot blasting the case with a fine aluminium oxide media produces the rugged finish. Natural oils from using and handling the lighter will create color variations in the finish, giving each lighter a distinctive look.

An exclusive bottom stamp authenticates this lighter as solid titanium.

... 70.000 lighters a day

The Zippo factory in Bradford, PA, produces nearly 70.000 lighters a day. This is about 15 million lighters a year. Since 1932 Zippo has produced over 325 million windproof lighters.

Dieses Code-Beispiel zeigt ein Zippo mit dem Herstellungsdatum Juli 1997

The Zippo Bottom Stamp

ZIPPO LIGHTER IDENTIFICATION CODES

YEAR	LEFT	RIGHT
------	------	-------

As with most collectibles, the date of manufacture of a Zippo lighter often affects its value. Valuable information on the bottom of every Zippo lighter can help you determine its date of manufacture. Most lighters fabricated between 1933 and 1957 can be identified by style and model and the patent or patent-pending marks.

Starting in the mid 50's date codes were stamped on the bottom. The original purpose was for quality control. The date codes have since become an invaluable tool for Zippo collectors.

The appearance of the word "Zippo" in the bottom stamp provides another clue to dating. There have been three major changes, as shown below.

From 1933 to the mid 50's the word Zippo was stamped in block letters.

ZIPPO

1933	Patent Pending
1937 - c. 1950	Patent 2032655
1942 - 1946	Black Crackle, Patent 2036955. (This number was stamped in error, should have been Patent 2032695)
c. 1950 - c. 1957	Patent 2517191
c. 1950 - c. 1957	Patent 2517191 with patent pending

Zippo records indicate an overlap of bottom stamp configurations from 1949-1957. Also some lighters produced between 1955-57 were date coded, however, specifics remain unclear.

The Zippo script logo was developed in the late 40's and was phased-in on the lighter bottom stamp around 1955.

1974		
1975		
1976		
1977		
1978		
1979		

An error was made in the date code. One of the slash marks was removed from the left of the Zippo trademark instead of being removed from the right; thus the code read: / // . This date code error was corrected within the same year to read: // /

In the late 70's the logo was redesigned. It was incorporated into the bottom stamp in 1986.

1996	A to L	XII
1997	A to L	XIII
1998	A to L	XIV
1999	A to L	XV
2000	A to L	XVI

Beginning in 2001, the Roman numerals indicating the year were replaced with numbers corresponding to the last digits of the year of manufacture as follows:

2001	A to L	01
2002	A to L	02
2003	A to L	03
2004	A to L	04
2005	A to L	05
2006	A to L	06
2007	A to L	07
2008	A to L	08
2009	A to L	09
2010	A to L	10

For more collecting information, consult one of several books about Zippo lighters or visit zippo.com.

SLIM LIGHTERS

Slim lighters were first introduced in 1956, with a flat bottom and no date code. The first markings were added in 1957 and overlapped into 1958. From 1957-1965 the code configuration on the slim lighters differed from the regular lighters. From 1966 on, the configuration has been the same.

Zippo Signet Lighter

NEW

As a special feature of the Signet Lighter, the inside unit, including the cam and flint wheel, has been plated with 18-karat gold. An exclusive bottom stamp authenticates this lighter as the GGB 1941 model. image of the signet design on the lid.

85z.200

The Zippo Signet Lighter
18k Solid Gold

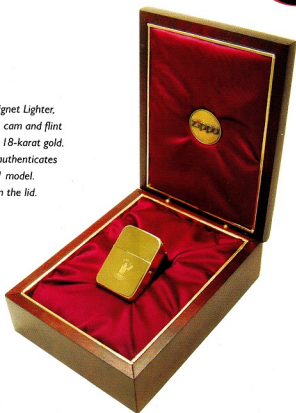

Limited Edition - 300 pcs worldwide

As part of our 70th Anniversary commemoration, Zippo owners Sarah Dorn and George Duke have commissioned 300 exceptional solid gold lighters as a tribute to founder George G. Blaisdell.

The image on the lighter replicates the design engraved on the Zippo signet ring, commissioned by Blaisdell in the 1940s. The concept of the ring harkens back to the 1700s, when individuals wore such rings to imprint a wax seal to secure a document or envelope. The reversed likeness on the signet ring displays the image correctly when depressed into the hot wax seal.

The Zippo Signet Lighter is produced from 18 karat gold. Each lighter is individually numbered on the reverse bottom surface, easily recognized by several distinguishing characteristics. The 1941 case has flat planes with sharp, less rounded edges where the front and back surfaces meet the sides, and the lid and bottom are joined with a four-barrel hinge. Each lighter is individually numbered and engraved by Zippo's vintage Pantograph process.

Engraving above and below the fourbarrel hinge reads: GGB 1941 (for the lighter model) and 2002 (for the year of issue). Engraving opposite the hinge certifies the lighter as 18-karat gold. The inside unit closely replicates the design of the original 1941 model inside unit. Like the outside, the inside unit has flatter sides, with squared edges where they meet the front and back surfaces. The inside unit has fewer holes in the chimney, and is also fitted with a hollow rivet that holds the striking wheel in place, similar to the 1941 design.

The Zippo Signet Lighter is packaged in a deluxe cherry presentation box handcrafted in Bradford from Pennsylvania hardwoods. A solid granite plaque framed in rich cherry displays a deep laser engraved. An exceptional component of the Zippo Signet Lighter is the certificate of authenticity inset in the bottom panel of every box. Each certificate is hand numbered to match the lighter inside, and personally signed by Sarah Dorn and George Duke. A pillowed insert cradles the solid gold lighter in plush burgundy satin, and a satin-covered support unfolds to display the lighter in an upright position. The inside lid is enhanced with an antiqued brass Zippo logo medallion.

Collectibles Selects

Friends for a lifetime

For 70 years, Zippo has been forging friendships worldwide. Carried to work, to important milestone events, even into battle, Zippo lighters are a part of our lives and our history. Every Zippo lighter has a story – funny, poignant, even heroic – whenever or wherever a Zippo lighter clicks open, a conversation starts.

To commemorate our 70th Anniversary, Zippo proudly introduces Friends For A Lifetime. Limited to only 70,000 worldwide, this eleventh and final Collectible of the Year is a distinctive brushed brass 1941 replica, with full-faced brass emblem and exclusive bottom stamp. Colorful tin pictures Zippo collectors and fans from National Zippo Day and Zippo/Case Swap Meet. Special volume of personal stories from Zippo owners is included with this commemorative set only.

BILL JORDAN'S
REALTREE
America's Most Versatile Camo Pattern:

Realtree Hardwoods

Realtree Hardwoods blends natural colors, lifelike shadows, and photo-realistic limbs and leaves into an incredibly three dimensional camouflage. The miniature pattern reveals wide contrast from light to dark, yet is so neutral that it disappears into virtually any outdoor setting. Because Realtree Hardwoods is a dipped coating applied through an immersion process, every lighter displays different views of the all-over layer pattern.
