Zippo MPL [Multi-Purpose Lighter]

Its multi-purpose applications make the Zippo MPL a necessity. Whether at home, at a barbecue, for candles or the fireplace or on the road camping, the Zippo MPL quickly becomes an indispensable companion.

For this reason, its versatile applications make it the perfect gift for everyone. And the best thing is – the Zippo MPL brings along its own quality gift box.

As always, it's the little details that set Zippo above the rest. The unique two-button ignition of the Zippo MPL ensures a high level of safety and easy operation.

In the tradition of Zippo pocket lighters, the case of the Zippo MPL is brass plated. This makes the Zippo MPL exceptionally durable. The combination of high-quality materials and the ergonomic, yet stylish design makes the Zippo MPL fit comfortably into your hand.

The flame height is adjustable for different applications.

One fill of Zippo Premium Butane Gas is enough for approximately 400 lights. The big fuel level window shows the gas supply at all times.

The retractable hanger keeps the Zippo MPL at hand whenever you use it – in the kitchen, at the fireplace, or ...

Frosted Etch

Dit is een nieuw vervaardigingsproces bij Zippo dat resulteert in een mat, etched oppervlakte op het gietstuk. Het indrukken van de Rovers tussen het gietstuk en de oppervlakte van de fusering zorgt voor een unieke driedimensionale textuur.

La surface de style givré est née du tout dernier processus de production chez Zippo. Le contraste impressionnant entre l'apparence mate et la qualité de surface du briquet grâce à une profondeur tridimensionnelle inhabituelle.

Wat betreft het nieuwe productieproces bij Zippo resulteert een rij-achtig oppervlakte in het gietstuk design. Het fuseren contrast tussen de gietstuk afwerking en de oppervlakte van de fusering geeft ieder matief een uitzonderlijk driedimensionaal uiterlijk.

Solid Titanium

The case of this lighter is made of Grade One commercially pure titanium. Shot blasting the case with a fine aluminum oxide media produces the rugged finish. Natural oils from using and handling the lighter will create color variations in the finish, giving each lighter a distinctive look. An exclusive bottom stamp authenticates this lighter as solid titanium.
